Subject	Resolution Number 04-17/18 In Support of Codifying Deferred Action for Childhood Arrivals into Federal Law
College/District	District
Funding	
Recommended Action	It is recommended that the Board of Trustees Adopt Resolution No. 04-17/18 urging Congress to act to provide immediate and permanent legal protections for DACA students.

Background Narrative:

The Deferred Action for Childhood Arrivals (DACA) Program was established in June of 2012 by the Obama Administration to provide administrative relief from deportation to specific individuals who applied for and received DACA status from the federal government. The purpose of DACA was to provide eligible immigrant youth who came to the United States as children: (1) protection from deportation; and (2) a work permit. Eligible applicants were able to obtain DACA status for two years, subject to renewal. DACA was established by the Department of Homeland Security at the President's direction as an exercise of prosecutorial discretion.

On September 5, 2017, U.S. Attorney General Jeff Sessions announced that the federal government intends to "wind-down" the DACA Program. The Department of Homeland Security subsequently issued a memorandum on the rescission of DACA detailing the timeline and impact of the decision on existing DACA recipients. DACA was not immediately terminated – a six month window was created by the Trump Administration, ostensibly for Congress legislate a permanent fix for DACA recipients before DACA benefits begin to expire in March of 2018.

As a diverse and large community college district in growing inland southern California, Resolution Number 04-17/18 is presented for Board consideration to support DACA students within the California Community College system and urging Congress to act to provide immediate and permanent legal protections for DACA students.

RIVERSIDE COMMUNITY COLLEGE DISTRICT

**RESOLUTION OF THE BOARD OF TRUSTEES OF
THE RIVERSIDE COMMUNITY COLLEGE DISTRICT
IN SUPPORT OF CODIFYING DEFERRED ACTION
FOR CHILDHOOD ARRIVALS INTO FEDERAL LAW**

RESOLUTION NO. 04-17/18

WHEREAS, on September 5, 2017, the Trump Administration ordered an end to the program known as Deferred Action for Childhood Arrivals, or DACA, and the Administration has urged Congress to identify a replacement within six months before the Administration phases out DACA's protections; and

WHEREAS, the outcome of such will determine both the legal status and the ultimate fate of approximately 800,000 immigrants known as "Dreamers" who were brought to the United States as children and who are eligible under the existing DACA program to apply for temporary residency in the United States; and

WHEREAS, in an act of faith and trust in America's promise of opportunity and the historical legal principle of not punishing children for the actions of their parents and/or guardians, "Dreamers" gave their names, addresses, and telephone numbers to the United States Government to participate in the DACA program; and

WHEREAS, the disheartening decision by the Trump Administration to end the Deferred Action on Childhood Arrivals (DACA) program is antithetical to American values, breaks faith with all who dutifully registered with our government, and abandons the promise made to over 800,000 individuals pursuing the American Dream; and

WHEREAS, the average DACA recipients immigrated to the United States when they were six years old and have spent the majority of their lives in the U.S.; and

WHEREAS, the DACA Program has offered the opportunity for hundreds of thousands of Americans to reach their educational goals regardless of their immigration status; and

WHEREAS, ending DACA derails the dreams of 222,795 Californians including the 72,000 estimated to be students in California community college; and

WHEREAS, our vision for California's community colleges is to provide accessible, affordable, high-quality public higher education for all Californians, and as the largest public system of higher education in the U.S., we take great pride in being the pathway to opportunity for Californians of all backgrounds; and

WHEREAS, a recent analysis by the CATO Institute found that the U.S. economy could be reduced by \$215 billion, and the federal government would lose \$60 billion in tax revenues with the elimination of DACA; and

WHEREAS, DACA recipients are not eligible for federally-funded financial aid programs such as subsidized loans, grants, scholarships or work study, subsidies provided by the Affordable Care Act, Medicaid, food stamps or cash assistance, despite paying income, sales, and other taxes; and

WHEREAS, seventy percent of DACA recipients are in school and ninety-two percent of them identify DACA as permitting them to pursue educational opportunities previously unavailable; and

WHEREAS, to qualify for DACA eligible applicants must not have committed a felony or significant misdemeanor, must have been brought into the country under the age of 16, must have lived continuously in the United States since 2007, and must be either currently in school, have graduated from high school, or have been honorably discharged from the U.S. Armed Forces; and

WHEREAS, President Trump has placed the educational goals and career aspirations of hundreds of thousands of Californians in limbo and their future and America's economy at risk; and

WHEREAS, we remain steadfast in our commitment to educational opportunity and will stand with "Dreamers" to protect quality public community colleges for all Californians;

NOW THEREFORE, BE IT RESOLVED, that we, the Riverside Community College District Board of Trustees, hereby urge the Congress of the United States, and our State and local leaders, in keeping with the highest and best traditions of our pluralistic constitutional democracy, to acknowledge and accept the moral imperative of relieving these victims of circumstance from the fear of deportation, and to provide our nation's "Dreamers" with continued relief from deportation, and a path to permanent citizenship; and

BE IT FURTHER RESOLVED, that the Riverside Community College District Board of Trustees urges California's Congressional members to uphold California values, fill the void created by President Trump's decision, and to codify protections contained within the Deferred Action for Childhood Arrivals Program that will permit thousands of California "Dreamers" to achieve their highest potential.

PASSED AND ADOPTED this 3rd day of October 2017, at the regular meeting of the Riverside Community College District Board of Trustees.
