

RIVERSIDE COMMUNITY COLLEGE DISTRICT
Board of Trustees – Regular Meeting -
Board of Trustees Governance Committee, Teaching and Learning Committee, Planning and
Operations Committee, Facilities Committee and Resources Committee
June 7, 2011 – 6:00 p.m. – Student Services, Room 101
Moreno Valley College, 16130 Lasselle St., Moreno Valley, California 92506

AGENDA

CALL TO ORDER

Pledge of Allegiance

Anyone who wishes to make a presentation to the Board on an agenda item is requested to please fill out a “REQUEST TO ADDRESS THE BOARD OF TRUSTEES” card, available from the Public Affairs Officer. However, the Board Chairperson will invite comments on specific agenda items during the meeting before final votes are taken. Please make sure that the Secretary of the Board has the correct spelling of your name and address to maintain proper records. Comments should be limited to five (5) minutes or less.

Anyone who requires a disability-related modification or accommodation in order to participate in any meeting should contact the Chancellor’s Office at (951) 222-8801 as far in advance of the meeting as possible.

Any public record relating to an open session agenda item that is distributed within 72 hours prior to the meeting is available for public inspection at the Riverside Community College District Chancellor’s Office, Suite 210, 1533 Spruce Street, Riverside, California, 92507.

I. Comments from the Public

II. Chancellor’s Reports

A. Communications

- Chancellor will share general information to the Board of Trustees, including federal, state, and local interests and District information.

Information Only

B. Moreno Valley College Dental Education Center – Budget Augmentation

- Recommend the Board approve a budget augmentation for the Moreno Valley College Dental Education Center project using Program Contingency Measure C funds.

Recommended Action: Request for Approval

III. Board Committee Reports

A. Governance Committee

1. Legislation Affecting AB 540 Students During 2011 Legislative Year.

- Committee to discuss proposed legislation.

Information Only

B. Teaching and Learning Committee

1. Academic Programs Abroad, Florence, Italy, Fall 2011
- Committee to consider an agreement between the District and the Centers for Academic Programs Abroad.
Recommended Action: To Be Determined
2. Proposed Curricular Changes
- Committee to consider curricular changes for the catalog and schedule of class offerings.
Recommended Action: To Be Determined
3. Substantive Change Proposal – Change in Location of Dental Programs
- Committee to consider changing location of three programs presently at March Dental Education Center.
Recommended Action: To Be Determined
4. Substantive Change Proposal – Distance Education (50% or more of a Program Offered through a Mode of Distance or Electronic Delivery.)
- Committee to consider advising the Accrediting Commission for Community and Junior Colleges of the addition of courses.
Recommended Action: To Be Determined

C. Planning and Operations Committee

1. 2013-2017 Five-Year Capital Construction Plan, Initial Project Proposals and Final Project Proposals
- Committee to consider the Capital Construction Plans within the District and three Initial Project Proposals and four Final Project Proposals.
Recommended Action: To Be Determined
2. Moreno Valley College Student Academic Services (Phase III)
- Committee to review and comment on design presentation by staff and the architect.
Information Only
3. Planning for 2016 and Beyond; Our Next Century of Service
- Committee to review a proposed new strategic planning activity for next year.
Information Only

D. Facilities Committee

1. Moreno Valley College Dental Education Center – Award Bids for Construction Categories
- Committee to consider award of bids for 10 construction project categories; authorize the issuance of notices to proceed, and permit project bid ratification at a subsequent meeting.
Recommended Action: To Be Determined

2. Learning Gateway Building at Moreno Valley College – Award Bids for Construction Categories
 - Committee to consider award of bids for 21 construction project categories; authorize the issuance of notices to proceed, and permit project bid ratification at a subsequent meeting.
 - Recommended Action: To Be Determined**

3. Consultant Services – Amendment No. 3 with Facilities Planning and Consulting Services
 - Committee to consider an amendment for additional services for the next fiscal year with Facilities Planning and Consulting Services.
 - Recommended Action: To Be Determined**

- E. Resources Committee
 1. Tentative Budget for 2011-2012 and Notice of Public Hearing on the 2011-2012 Budget
 - The Committee to consider the District’s 2011-2012 Tentative Budget
 - Recommended Action: To Be Determined**

 2. Network Operations Center at Moreno Valley College and Norco Operations Center at Norco College – Budget Augmentation
 - The Committee to consider a budget augmentation for Network Operations Center projects at Moreno Valley and Norco Colleges utilizing the IT Upgrade project budget, Controlled Measure C funds.
 - Recommended Action: To Be Determined**

 3. Document Imaging Services and Software
 - The Committee to consider the purchase of services and additional software utilizing the IT Upgrade project budget, Centrally-Controlled Measure C funds.
 - Recommended Action: To Be Determined**

 4. Purchase District Web Server Upgrade Equipment from Dell Using Western States Contracting Alliance (WSCA) Agreement #B27160
 - The Committee to consider the purchase of replacement servers utilizing WSCA Agreement #B27160 and using the IT Upgrade project budget, Centrally-Controlled Measure C funds.
 - Recommended Action: To Be Determined**

 5. Learning Gateway Building at Moreno Valley College – CM Amendment No. 1 with C.W. Driver
 - The Committee to consider Amendment No. 1 to a construction management services agreement.
 - Recommended Action: To Be Determined**

6. Groundwater Monitoring Wells – Disposition at Norco College – Tentative Project Budget
- The Committee to consider a tentative project budget.
Recommended Action: To Be Determined

7. Riverside Nursing/Science Building Project – Design Amendment No. 7
- The Committee to consider Amendment No. 7 to an architectural services agreement.
Recommended Action: To Be Determined

8. Wheelock Gymnasium, Seismic Retrofit at Riverside City College – Budget Augmentation and Amendments to Agreements
- The Committee to consider a project budget augmentation using Riverside City College Measure C Allocated Funds and amendments to construction management, inspection services and facility lease agreements.
Recommended Action: To Be Determined

IV. Closed Session

- Pursuant to Government Code Section 54957, public employee discipline/dismissal/release.

Recommended Action: To Be Determined

V. Adjournment

RIVERSIDE COMMUNITY COLLEGE DISTRICT
CHANCELLOR'S REPORT

Report No.: II-B

Date: June 21, 2011

Subject: Moreno Valley College Dental Education Center – Budget Augmentation

Background: On January 25, 2011, the Board of Trustees approved a tentative project budget in the amount of \$9,500,181 for the Moreno Valley College Dental Education Center (MDEC) project using Moreno Valley College Allocated Measure C funds. On February 8, 2011, the Board of Trustees approved a third design agreement with HMC Architects and a construction management agreement with Rudolph and Sletten, Inc. for the Moreno Valley College Dental Education Center project.

Recently, Rudolph and Sletten, Inc. submitted a budget report to the District explaining the recent bid results and their impact on the MDEC project. The cost model and budget submitted to the District in January was used to create the current project budget of \$9,500,181, however as the scope and bids have evolved, the construction manager has updated the project cost projections for the work.

Staff therefore requests the Board's review and consideration of augmenting the project budget by \$1.2 million, increasing the total tentative project budget to \$10,700,181. The primary factor for the increased cost is due to the project scope; however market conditions, bidder interest, and the urgency of the project schedule are also significant factors. Exhibit A is attached for the Board's review detailing budget costs for the MDEC project. The major scope items affecting the cost include:

1. Limited bidders on the plumbing (1 bidder) and electrical category (2 bidders).
2. New Southern California Edison (SCE) requirements for a higher capacity primary meter in lieu of a local connection adjacent to the site, which increased electrical bid costs.
3. Eastern Municipal Water District (EMWD) would not allow the College to utilize a new secondary water meter, leading to longer runs for fire and domestic water connections.
4. Increased line sizes for the connections due to pressure constraints with the existing service (4" to 8" domestic water, and 8" to 12" fire water), due to location change away from the core of the college.
5. Compressed air and vacuum equipment from the existing facility are not adequate for reuse in the new project; therefore new equipment was specified.

The additional \$1.2 million will be funded by the allocated Utility Infrastructure Project and Program Contingency – Measure C funds.

Recommended Action: It is recommended that the Board of Trustees approve the budget augmentation in the amount of \$1.2 million for the Moreno Valley College Dental Education Center project using Program Contingency Measure C funds, increasing the tentative project budget to a total amount of \$10,700,181.

Gregory W. Gray
Chancellor

Subject: Budget Detail for MDEC Project

Dear Mr. Doering:

As discussed last Friday, the current budget projections would result in significant overage if the budget source, scope, bid results, and project schedule remain as they are today. Under separate cover, please review the summarized options and possible solutions as discussed. We have listed further budget detail below for your information and use.

Budget Detail

The budget was developed off a cost model based on the Schematic Documents that were available at the time with a few assumptions of what the finished design would include. Below is a truncated summary of the revised budget (March 17, 2011) for the project. It was revised to include updated agreement totals of PLA (Padilla and Assocs.), All American Inspection, and HMC Architecture.

Project Budget:

Cost Item	Cost/Unit	Revised Total
Design Services		\$ 624,549
Preconstruction Services		\$ 53,782
Environmental Services		\$ 37,000
Permits/Inspections		\$ 220,674

Utility Companies - Connection Fees, may also include design and engineering fees, and installation fees		\$ 170,000
Off Site Improvements		\$ -
Property Acquisition		\$ -
Insurance		\$ 68,481
Construction Project Management		\$ 546,842
Construction Costs		\$ 5,828,296
Furniture, Fixtures & Equipment (Group 2)	4.00%	\$ 208,652
Other Costs (PLA, Moving and Storage)		\$ 166,050
Contingency & Escalation		\$ 1,577,253
Design Contingency	12%	\$ 625,956
Change Order Contingency	10%	\$ 571,630
Project Contingency	2%	\$ 379,668
Total Estimated Project Budget		\$ 9,500,181

The items that have been bid are Silver Creek Modular Buildings, Demo/Grading, Electrical, Plumbing/Site Utilities, and Laboratory Casework. The matrix below includes in the totals the revised bid amounts received and a forecast for the balance of the upcoming bids and revises allocation of contingencies. Further contingency reduction is also discussed as a possible solution to a portion of the overage in our separate letter regarding Report on Bidding and Budget for the Project dated May 23, 2011.

Current Project Cost Projection:

Cost Item	Cost/Unit	Revised Total
Design Services		\$ 624,549
Preconstruction Services		\$ 53,782
Environmental Services		\$ 37,000
Permits/Inspections		\$ 217,095
Utility Companies - Connection Fees, may also include design and engineering fees, and installation fees		\$ 170,000
Off Site Improvements		\$ -
Property Acquisition		\$ -
Insurance		\$ 68,481
Construction Project Management		\$ 660,064
Construction Costs		\$ 7,879,558
Silver Creek		\$ 3,831,712
Demo/Grading		\$ 122,100
Electrical		\$ 1,218,000

Plumbing		\$	1,057,750
Lab Casework		\$	624,996
Balance of scopes to Bid		\$	1,025,000
Furniture, Fixtures & Equipment (Group 2)	4.00%	\$	208,652
Other Costs (PLA, Moving and Storage)		\$	166,050
Contingency & Escalation		\$	592,459
Design Contingency	0%	\$	-
Change Order Contingency	5%	\$	393,978
Project Contingency	2%	\$	198,481
Total Estimated Project Budget		\$	10,677,690

Please contact me with any questions regarding the above. We look forward to continued discussion and will work with the District to achieve resolution to the current budget challenge.

Sincerely,

Rudolph and Sletten, Inc.

Matthew Bennett

RIVERSIDE COMMUNITY COLLEGE DISTRICT
GOVERNANCE COMMITTEE

Report No.: III-A-1

Date: June 21, 2011

Subject: Legislation Affecting AB 540 Students during 2011 Legislative Year

Background: At the April Governance Committee meeting a presentation was made about proposed legislation, Assembly Bill 63; which amends provisions within Title V relative to residency status for college tuition and fees for veterans and persons without lawful immigration status. RCCD took a position of opposition to the bill. In 2001, AB 540 was passed by the California State Legislature and signed by the Governor, which defined a person without lawful immigration status from the exemption from paying nonresident tuition. RCCD abides by current law and does not ask for residency requirements of any person attending RCCD colleges that has successfully completed three years of high school in the state of California. AB 63 would propose that community colleges not charge in state fees to any person that cannot provide lawful immigration status.

Recently at the May Board meeting, it was requested that information on bills affecting AB 540 students be presented to the governance committee. The attachment to this report provides that information. This item is provided for information and discussion.

Information Only

Gregory W. Gray
Chancellor

Prepared by: Chris Carlson
Chief of Staff

AB 130 (Cedillo) Student Financial Aid: Eligibility: California Dream Act of 2011

Analysis/Summary: This bill would provide persons who are exempt from paying nonresident tuition eligibility for student financial aid.

Comments: The bill was amended to delete the language that specified the process and procedures for applying for aid; the procedures were shifted to AB 131 (Cedillo). The bill was also amended to remove the provision from AB 130 that allowed persons attending and graduating from California technical schools and adult schools, as well as high schools, to be included in the exemption for nonresident tuition; this provision was also shifted to AB 131 (Cedillo). These amendments were taken to reduce the fiscal impact of the bill. **Location:** Passed the Assembly Floor (51-22) and sent to the Senate Education committee. **Position:** Support

AB 131 (Cedillo) Student Financial Aid

Analysis/Summary: As amended, this bill changes existing law to require the Trustees of California State University and the Board of Governors of the California Community Colleges, and to request the Regents of the University of California, to establish procedures and forms that enable persons who are exempt from paying nonresident tuition to apply for, and participate in, all student financial aid programs administered by these segments. This bill also would require the Student Aid Commission to establish procedures and forms that enable persons who are exempt from paying nonresident tuition to apply for all student financial aid programs administered by the State of California to the full extent permitted by federal law, except for Competitive Cal Grant A and B Awards unless funding remains available after all eligible California students who are not exempt receive Competitive Cal Grant A and B Awards. The bill would also require community college districts to waive the fees of persons who are exempt from nonresident tuition. Lastly, the bill would allow persons attending and graduating from California technical schools and adult schools, as well as high schools, to be included in the exemption for nonresident tuition.

Comments: This bill is similar to last year's AB 1413 (Fuentes-Coto), which was vetoed by Governor Schwarzenegger. This bill was amended to include the establishment of procedures for applying for aid and to allow persons attending and graduating from California technical schools and adult schools, as well as high schools, to be included in the exemption for nonresident tuition; wording was directly shifted from AB 130 (Cedillo). **Location:** The bill was heard in Assembly Appropriations Committee, passed by assembly and sent for second reading.

Position: Support

AB 844 (Lara) Student Government: Students Qualifying for Exemption from Nonresident Tuition

Analysis/Summary: This bill would add a provision to the Donahue Higher Education Act that would provide that a student who is exempt from paying nonresident tuition is eligible to serve in any capacity in student government at the California State University or the California Community Colleges and to receive any compensation, as defined, that is connected with that service to the full extent consistent with federal law.

Comments: Late last year the CSU Fresno Student Body President was identified as serving in student government as an AB 540 student. He had waived his compensation for the roughly \$800/month Presidents receive. **Location:** Passed the Assembly Committee on Higher Education and sent to the Assembly Appropriations Committee. No set hearing date.

March 4, 2011

The Honorable Assemblyman Marty Block
Chair, Assembly Higher Education Committee
State Capitol
P.O. Box 942849
Sacramento, CA 94249-0078

**RE: AB 63 – Donnelly. Public Postsecondary Education: Tuition and Fees.
OPPOSE**

Dear Assemblyman Block:

Riverside Community College District (RCCD) wishes to express our opposition to AB 63, as authored by Assemblymember Donnelly and referred to the Assembly Committees on Higher Education and Veterans Affairs.

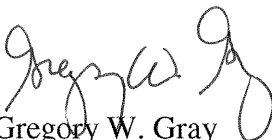

AB 63 proposes to remove provisions of the Education Code that were enacted in 2001 by AB 540. AB 540 is a bill that provided undocumented students to pay the same amount of college tuition that legal residents pay. This provision within Title 5 is what AB 63 proposes to be stricken. Passage of AB 63, as currently referred, would no longer permit the colleges to recognize students, who through no fault of their own were brought to this country illegally and have success in grades K-12. AB 63 would take away their ability to attend college and deprive undocumented, but educationally successful students, the benefits currently within Title 5 enacted by AB 540 in 2001.

Riverside Community College District is a three-college higher education system serving 1.4 million people living in Riverside County. In the fall 2010, student enrollment exceeded 38,000. RCCD colleges are located in the cities of Riverside, Moreno Valley and Norco—three of the fastest growing areas in the county, as well as a highly diverse region.

With our region’s low college going rate, coupled with the highest level of unemployment in the state, access to higher education can only benefit our region and state. Our region has a number of students from this unrepresented group of Californians. Advancing education among all groups can only benefit our great state. Please oppose AB 63 as currently referred to the Assembly Committees on Higher Education.

I thank you in advance to your thoughtful consideration.

Sincerely,

Gregory W. Gray
Chancellor

RIVERSIDE COMMUNITY COLLEGE DISTRICT
TEACHING AND LEARNING COMMITTEE

Report No.: III-B-1

Date: June 21, 2011

Subject: Academic Programs Abroad, Florence, Italy, Fall 2011

Background: Attached for the Board's review and consideration is an agreement between Riverside Community College District and Centers for Academic Programs Abroad (CAPA) International Education Foundation, LP to provide classroom facilities, faculty and student housing accommodations, transfer transportation, academic guide, group airfare, and insurance for the study abroad program in Florence, Italy from August 31, 2011, through November 23, 2011. CAPA has served as the District's educational services contractor for study programs in the past. CAPA will receive \$1,000.00 to cover unforeseen costs for students/participants. Funding source: General Fund.

Recommended Action: It is recommended that the Board of Trustees approve the agreement with Centers for Academic Programs Abroad International Education Foundation, LP to provide educational services for the study abroad program from August 31, 2011, through November 23, 2011, for an amount not to exceed \$1,000.00, and authorize the Vice Chancellor, Administration and Finance, to sign the agreement.

Learning Abroad Program Proposal Riverside Community College District Florence Fall 2011 hosted at Dante Alighieri

1. Program dates

Depart the US:	Wednesday, August 31, 2011
Arrival in Florence:	Thursday, September 1, 2011
Departure from Florence:	Wednesday, November 23, 2011

2. Student services

Flights

Roundtrip airfare from Los Angeles International Airport to Florence, Pisa, or Rome airport. Flight options will be available about four to six months before the program departs.

Accommodations

Student housing in apartment accommodations with double-room occupancy provided by Dante Alighieri.

Group Events and Services

- Services of CAPA Pre-Departure staff in Boston, MA and International Program Services Staff in Florence: The staff will coordinate all aspects outlined in the program agreement and answer any questions as students and faculty prepare to travel overseas and while abroad. Staff in both the US and Italy will provide 24-hour emergency on-call support.
- World Student Travel and Medical Insurance: All students will receive CAPA's insurance which will cover up to \$100,000 in medical expenses, up to \$500 for lost baggage, up to \$2,000 for trip interruption, and coverage for accidental death or dismemberment and emergency evacuation.
- Arrival services: All students will be led on a walking tour of the area around the CAPA Florence Study Center by a CAPA staff member to help them identify the nearest grocery store, pharmacy, bank, post office, and bus stop. Students will also participate in a mandatory arrival orientation that will discuss health and safety, CAPA services, public transportation, mobile phones, and culture shock.
- Welcome basket: Students will receive a welcome basket in their apartment upon arrival. The welcome basket includes food for one night, a phone card, and a bus pass valid for four rides.
- Welcome dinner: To conclude the orientation period, students will be invited to a welcome dinner with program staff.
- My-Education Program: The My Education program is a rich and varied calendar of activities, events, lectures, walking tours and film showings organized by a monthly theme. The events give students the opportunity to engage with the host culture during their time abroad.
- British Institute's Library and Cultural Center: Students will have library privileges at the Institute, which includes a 50,000+ English volume library.
- Departure ceremony: To conclude the study abroad program, students, faculty, and staff will come together for a final ceremony at a local restaurant to mark the students' achievements. Light hors d'ouvers will be available, and staff and / or faculty will offer final remarks before the students return home.

3. Faculty Services

Flights

Roundtrip airfare from Los Angeles International Airport to Florence, Pisa, or Rome airport. Flight options will be available about four to six months before the program departs.

Accommodations

Accommodations for the program dates for each instructor in a furnished one-bedroom apartment in Florence. The apartment will have a bathroom, a kitchen and living room (kitchen and living room may be in the same area) with television. A washing machine is provided. Bed linens are included but not personal towels. Utilities are not included. Wireless Internet and cleaning service is not included but can be arranged for an additional fee.

Other Services

The following services as listed for the students will be provided for the faculty: orientation, group events, excursions and activities, insurance, and the transfers.

Faculty will be provided the option to rent a mobile phone prior to departure where the application fee and daily rental fee are waived. Faculty will still be charged for phone usage but at a discounted rate. Faculty will not be given a mobile phone once they arrive in country and a land line in the apartment is not guaranteed.

4. Academic Program and Facilities

The Institution will supply faculty members as necessary to carry out the core academic program for its students. Full control of the academic program, including, but not limited to enrollment requirements, procedures, administration and granting of credit will be vested in the Institution and its designated representatives.

Local Instruction

A lecture on historic Florence will be offered to the students.

Classroom Facilities

Classroom space will be provided by Dante Alighieri.

Note: CAPA will provide Riverside Community College District with a classroom schedule one month before the start of the program based on the course requirements of the program and enrollment numbers. Final enrollment must be provided to CAPA no later than 60 days prior to the start of the program.

5. Local Transportation

Transfers

All participants on the group flight will be met at the airport by a CAPA representative. If the group flight arrives Florence, taxis will be arranged from the airport to the students' apartments. If the flight arrives Pisa or Rome, a coach will transfer the group to Florence. The staff member will offer a brief welcome orientation on the coach and be available to answer any questions. Upon arriving in Florence

taxis will be arranged to take students to their apartments. Students arriving at other times or places must make their own transfer arrangements to the CAPA Florence Study Center. On departure, a CAPA staff member will meet the students and travel with them on the coach to the airport. The staff member will remain at the airport while students complete check-in procedures and lead them to the security check point.

6. Excursions

A walking tour of Florence following the orientation. No entrances are included.

7. Program Fees

NOTE: Program fees are per student and include all services, facilities, and activities described in this proposal.

Fall 2011 Program Fees

25+ Students and 2 Faculty: \$7,149

CAPA will also invoice Riverside Community College District \$1,000 for additional program expenses (clerical, copying, printing, and guide expenses for special exhibits).

NOTE: Taxes and Fuel Surcharge are not included in the Air inclusive program fee.

Refundable Housing Deposit

A \$150-per-student refundable damage deposit will be added to the program fees above. CAPA will refund the students directly following the completion of the program (any damages will be itemized and deducted from the refund).

A \$500-per-faculty refundable deposit is also required at the time of faculty application. CAPA will refund the Faculty directly following the completion of the program (any damages, utilities, etc, will be itemized and deducted from the refund).

END OF PROPOSAL

Letter Agreement
Riverside Community College District - Fall 2011
Program dates -- Arrive: Sept 1, 2011 Depart: Nov 23, 2011
Reference: 110901CARCCFLO02 v1

Please mail the letter agreement to: CAPA, 210 Union Wharf, Boston, MA 02109

1. This letter will record an Agreement between CAPA International Education, LP ("CAPA") and Riverside Community College District ("Institution").
2. This is a single year proposal.
3. Individual Student Payment Plan: CAPA will invoice individual Student Participants directly for all fees as described in this "Letter Agreement" and Individual Student Application / Release forms. The Application / Release forms and full payment must be received at CAPA 70 days prior to departure. Forms received after this date will be subject to availability and applicable late fees.
4. Individual cancellations will be processed according to the below listed Cancellation and Refund Policy.
5. Institution agrees to follow the guidelines and timelines described by CAPA recruitment staff and to make every effort to recruit students to participate in the program.
6. Cancellation and Refund Policy:

Withdrawal Date

More than 60 days prior to departure
46 to 60 days prior to departure
22 to 45 days prior to departure
21 days or fewer prior to departure

Cancellation Fees

\$250
25% of the program fee plus \$250
50% of the program fee plus \$250
100% of the program fee

7. Please indicate acceptance of this Agreement by signing and returning two copies of this Agreement and the Program Proposal to CAPA.
8. No change to this Agreement will have any validity unless it is recorded in a revised Program Proposal and a new Agreement executed by both parties.
9. All reservations and services are subject to availability. CAPA will confirm all services upon receipt this signed Agreement and will inform the institution of any availability issues within two weeks of receipt. CAPA will return one fully executed copy for your records.
10. The Institution agrees not to contract with directly or indirectly, or in any way use any contacts, personnel, facilities, or suppliers utilized during a CAPA program, for a period of three years from the return date of any given program.

RIVERSIDE COMMUNITY COLLEGE DISTRICT

Fall 2011 Semester in Florence
September 1st – November 23rd, 2011

RELEASE AND HOLD HARMLESS AGREEMENT

Addendum to the Contract between CAPA International Education and Riverside Community College District (RCCD)

Riverside Community College District (RCCD) will provide academic instruction for the Semester Abroad program, Florence, Italy Fall Semester 2011. Centers for Academic Programs Abroad (CAPA) will provide housing accommodations, travel arrangements, and classroom facilities in Italy.

1. This Addendum is attached to and modifies the contract between CAPA and RCCD for the Fall 2011 semester program to Florence for the period September 1st – November 23rd, 2011.
2. CAPA shall indemnify and hold RCCD, its Trustees, officers, agents, employees and independent contractors, free and harmless from any liability whatsoever, based or asserted upon any acts or omission of CAPA, its agents, employees, subcontractors and independent contractors, for property damage, bodily injury, or death or any other element of damage of any kind or nature, including violations of the Americans with Disability Act, the California Fair Housing and Employment Act, Section 504 of the Rehabilitation Act of 1973, and Title VII of the Civil Rights Act of 1964, relating to or in anywise connected with or arising from the performance of the services contemplated hereunder, and CAPA shall defend, at its expense, including without limitation, attorney fees, RCCD, its officers, agents, employees and independent contractors, in any legal actions based upon such alleged acts or omissions. The obligations to indemnify and hold RCCD free and harmless herein shall survive until any and all claims, actions and causes of action with respect to any and all such alleged acts or omissions are fully and finally barred by the applicable statute of limitations.
3. The Institution agrees to hold harmless and indemnify CAPA from any suits, claims, or damages caused by the gross negligence of the College and its employees. CAPA and the Institution agree to notify each other in writing within five (5) days of receipt of any suit or claim which could affect the liability of either party.
4. CAPA shall procure and maintain comprehensive general liability insurance coverage covering such international operations contemplated by this contract that shall protect RCCD from any claims for damages for personal injury, including, but not limited to, accidental or wrongful death, as well as from claims for property damage, which may arise from CAPA's activities as well as RCCD's activities under this contract. Such insurance shall name RCCD as additionally insured with respect to this agreement and the obligations of RCCD hereunder. Such insurance shall provide for limits of not less than \$3,000,000. CAPA will provide evidence of such insurance to RCCD.

Subject: Proposed Curricular Changes

Background: Presented for the Board's review and consideration are proposed curricular changes. The District Curriculum Committee and the administration have reviewed the attached proposed curricular changes and recommend their adoption by the Board of Trustees.

Recommended Action: It is recommended that the Board of Trustees approve the curricular changes for inclusion in the catalog and in the schedule of class offerings.

Gregory W. Gray
Chancellor

Prepared by: Ray Maghroori
Provost/Vice Chancellor of Educational Services

Sylvia Thomas
Associate Vice Chancellor of Educational Services

I. New Stand-Alone Course Proposals:

The following course addresses new state requirements and will replace NRN-1 Introduction to Nursing Concepts and Practice in the Riverside City College Nursing program:

- | | | |
|-----------|---------------------------------|---|
| 1. NRN-11 | Foundations of Nursing Practice | R |
|-----------|---------------------------------|---|

The following courses are part of a National Foundation grant and will meet an educational need identified by the Logistics Industry Council:

- | | | |
|----------|---|---|
| 2. SCT-2 | Supply Chain Management and Models | N |
| 3. SCT-4 | Transportation Technology and Vehicle Routing | N |

II. New Course Proposals:

The following course will fulfill a lower division requirement for many UC's and CSU's new Visual Culture programs:

- | | | |
|----------|--------------------------------|---|
| 1. ART-4 | Introduction to Visual Culture | R |
|----------|--------------------------------|---|

The following course is cross-listed with CIS-18D (previously approved at the April Board meeting) and will be part of the pathways for transfer to CalPoly computer science department:

- | | | |
|------------|--------------------------------|----|
| 2. CSC-18D | Data structures and Algorithms | NR |
|------------|--------------------------------|----|

III. Course Inclusions:

These existing courses will be added to the course inventory of one or more colleges:

- | | | |
|----------|---------------------------------------|---|
| 1. GEG-2 | Human Geography | M |
| 2. GEG-3 | World Regional Geography | M |
| 3. REA-4 | Critical Reading as Critical Thinking | M |

IV. Major Course Modification Proposals:

The following courses are being updated to reduce repeatability from "may be taken four times" to "may be taken two times":

- | | | |
|-----------|---------------------------------|-----|
| 1. ART-23 | Studio Painting | MNR |
| 2. ART-34 | Studio Three Dimensional Design | NR |
| 3. ART-45 | Studio Watercolor Painting | MR |
| 4. ART-46 | Studio Sculpture | R |
| 5. ART-48 | Studio Drawing | MNR |
| 6. ART-49 | Studio Printmaking | NR |

The following course is being modified to update course content and description, and align General Education Student Learning Outcomes with the course Student Learning Outcomes:

- | | | |
|-----------|-------------------------|----|
| 7. BUS-80 | Principles of Logistics | NR |
|-----------|-------------------------|----|

The following courses are being modified to update course content and align General Education Student Learning Outcomes with the course Student Learning Outcomes:

- | | | |
|------------|----------------------|---|
| 8. BUS-82 | Freight Claims | N |
| 9. BUS-83 | Contract | N |
| 10. BUS-85 | Warehouse Management | N |

The following course is being modified to update course content and description, and align General Education Student Learning Outcomes with the course Student Learning Outcomes:

- | | | |
|------------|---------------------------------------|---|
| 11. BUS-86 | Transportation and Traffic Management | N |
|------------|---------------------------------------|---|

The following courses are being modified to update course content and align General Education Student Learning Outcomes with the course Student Learning Outcomes:

- | | | |
|------------|----------------------------|---|
| 12. BUS-87 | Introduction to Purchasing | N |
| 13. BUS-90 | International Logistics | N |

The following courses are being cross-listed with the new Simulation and Game Development (GAM) courses:

- | | | |
|-----------|---|---|
| 1. CIS-43 | Survey of Media Art for Game Design/Animation | N |
| 2. CIS-44 | Portfolio Production | N |

The following courses are being modified to include sample assignments and align General Education Student Learning Outcomes with the course Student Learning Outcomes:

- | | | |
|----------|---------------------------------------|-----|
| 3. REA-2 | Rapid Reading | MNR |
| 4. REA-3 | Reading for Academic Success | MNR |
| 5. REA-4 | Critical Reading as Critical Thinking | MNR |

V. Course Deletion Proposals:

The following courses are being deleted because they are no longer required due to technology changes. They have not been offered since fall 2007:

- | | | |
|------------|--|----|
| 1. CIS-15A | Visual Basic Programming: Objects | MR |
| 2. CIS-15B | Visual Basic Programming: Advanced Objects | MR |
| 3. CIS-15C | Visual Basic Programming: Databases | MR |
| 4. CSC-15A | Visual Basic Programming: Objects | R |

The following courses were originally created as a result of discussions with the Advisory Committee, but the student demand for the specialized curriculum has not materialized:

- | | | |
|------------|---------------------------------------|---|
| 5. CIS-21A | Linux Operating System Administration | R |
| 6. CSC-21A | Linux Operating System Administration | R |

The following courses were created based on a request from the Jet Propulsion Lab to assist in the programming of robots for the mission to Mars. This is specialized curriculum which is not in high demand and is being discontinued:

- | | | |
|------------|------------------------------------|---|
| 7. CIS-22A | Robotics: Introductory Programming | R |
| 8. CIS-22B | Robotics: Intermediate Programming | R |

The following course is being deleted because the course content is covered in CAT/CIS-80-Wordprocessing: Microsoft Word for Windows. The cross-listed course CAT-34B was deleted at the April Board meeting:

- | | | |
|------------|---|---|
| 9. CIS-34B | Intermediate Microsoft Word for Windows | R |
|------------|---|---|

VI. Course Exclusion Proposals:

The following courses are part of the Simulation and Gaming program which is not currently being offered at Riverside City College and thus these course are being removed from their course inventory:

- | | | |
|------------|---|---|
| 1. CIS-16A | Programming Games with DirectX and Open GL | R |
| 2. CIS-35 | Introduction to Simulation and Game Development | R |
| 3. CIS-37 | Introduction to Computer Game Design | R |

4. CIS-39 Current Techniques in Game Art R
5. CSC-16A Programming Games with DirectX and Open GL R

The following course has never been offered at Moreno Valley College and is being removed from their course inventory to ensure the college's course inventory accurately reflects course offerings.

6. GEG-5 Weather and Climate M

VII. Modification of State/Locally Approved Degree/Certificate Proposals:

The following are being modified to address course deletions, course designation changes, or title changes:

1. Computer Applications (MNR)- see attachment A
2. Computer Programming (MNR)-see attachment B
3. Educational Paraprofessional (MR)-see attachment C
4. Legal Administrative Professional (R)-see attachment D
5. Registered Nursing Program (R)-see attachment E

VIII. Locally-approved Certificate Deletion:

The following certificate is being deleted due to changes in technology which makes the certificate outdated:

1. Visual Basic Programming (R)

#

COMPUTER APPLICATIONS (MNR)

MAS726/MCE726
 NAS726/NCE726
 AS726/CE726

This program prepares individuals to perform basic data and text entry using standard and customized software products. This includes instruction in keyboarding skills, personal computer and work station operation, reading draft texts and raw data forms, and various interactive software programs used for tasks such as word processing, spreadsheets, databases, and others.

Certificate Program

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

- Describe and use operating system software
- Describe and use Word processing software.
- Write structured programs using C++ or Java.
- Describe and use graphics software to manipulate digital images.
- Describe and use database software to construct 3NF databases.
- Construct a visually appealing web site including database structures within the design.
- Design and use spreadsheets that have embedded equations/formulas utilizing different data types.

<u>Required Courses (31.5 units)</u>		<u>Units</u>
CIS-1A	Introduction to Computer Information Systems	3
CIS-1B	Advanced Concepts in Computer Information Systems	3

COMPUTER PROGRAMMING (MNR)

MAS728/MCE728
 NAS728/NCE728
 AS728/CE728

This program focuses on the general writing and implementation of generic and customized programs to drive operating systems that generally prepare individuals to apply the methods and procedures of software design and programming to software installation and maintenance. This includes instruction in software design; low and high level languages and program writing; program customization and linking; prototype testing; troubleshooting; and related aspects of operating systems and networks.

Certificate Program

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

- Design structured programs using C++, Javascript, or Java.
- Design and use object oriented programs in one of these languages C++, Java or PHP.
- Design and use advanced programming techniques in C++ or Java.

Required Courses (25.5 units)		Units
CIS-1A	Introduction to Computer Information Systems	3
CIS/CSC-2	Fundamentals of Systems Analysis	3
CIS/CSC-5	Fundamentals of Programming Logic Using C++	3
CIS/CSC-21	Introduction to Operating Systems	3
CIS-72A	Introduction to Web Page Creation	1.5

The Associate in Science Degree in Education Paraprofessional will be awarded upon completion of the degree requirements, including general education and other graduation requirements as described in the college catalog.

ATTACHMENT D

LEGAL ADMINISTRATIVE PROFESSIONAL (R)

CE611

Completion of this certificate provides students with the ability to prepare legal papers and correspondence, such as summonses, complaints, motions, and subpoenas. Students should be able to apply legal terminology and procedure to documents and legal research.

Certificate Program

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

- Compose, key, and properly format various types of business and legal correspondence and reports using computer software.
- Prepares and processes legal documents and papers, such as summonses, subpoenas, complaints, appeals, motions, and pretrial agreements. Mails, faxes, or arranges for delivery of legal correspondence to clients, witnesses, and court officials.
- Reviews legal publications and performs database searches to identify laws and court decisions relevant to pending cases.
- Submits articles and information from searches to attorneys for review and approval for use.
- Completes various forms, such as accident reports, trial and courtroom requests, and applications for clients.
- Drafts and types office memos.
- Receives and places telephone calls.
- Schedules and makes appointments.
- Makes photocopies of correspondence, document, and other printed matter.

Required Courses (12 units)		Units
CAT-36A	Legal Office Procedures I	3
CAT-36B	Legal Office Procedures II	3
CAT-37	Legal Terminology	3
CAT-38	Legal Word Processing and Forms Productions	3

ATTACHMENT E

REGISTERED NURSING PROGRAM (R)

AS586

This program generally prepares individuals in the knowledge, techniques and procedures for promoting health, providing care for sick, disabled, infirm, or other individuals or groups. This includes instruction in the administration of medication and treatments, assisting a physician during treatments and examinations, referring patients to physicians and other health care specialists, and planning education for health maintenance.

Associate in Science Degree in Registered Nursing

Program Learning Outcomes

- Demonstrate critical thinking competencies using the nursing process as a basis for clinical decision-making by incorporating established nursing interventions which assist clients with common recurring health-illness problems at the primary, secondary, and tertiary levels of care.
- Apply leadership principles and management skills using collaboration in planning, delegating, supervising, and evaluating nursing care as it relates to complex situations.
- Demonstrate flexibility and innovation in adapting delivery of care according to the healthcare setting and healthcare policy system.
- Manage and coordinate care for a group of clients by assessing the skills of licensed and unlicensed assistive personnel, and delegating tasks appropriately based on complexity of client problems and skills of team members.
- Assume accountability for the delegation of client care to best meet client outcomes by supervising, teaching, and evaluating licensed and unlicensed assistive personnel.
- Use appropriate channels of communication when collaborating with multidisciplinary healthcare members to achieve client outcomes.
- Advocate for client rights while ensuring client and organizational confidentiality at all times.
- Manage care for groups of clients in diverse settings by supporting the client when making healthcare and end-of-life decisions.
- Demonstrate effective problem-solving and fair conflict resolution to achieve positive client outcomes.
- Manage resources, balancing quality care with cost containment.
- Demonstrate competence with current technologies to support and communicate the planning and provision of client care.
- Practice within the ethical and legal framework of nursing, including the California Nurse Practice Act, and report unsafe or illegal practices using appropriate channels of communication.
- Uses the ANA" Standards of Practice and the Code of Ethics (ANA) for nurses to guide and evaluate nursing practice.
- Demonstrate professional behaviors, accountability for own nursing practice/competency and those duties delegated or assigned to others, including peer review.
- Demonstrate a foundation for cultural competence.
- Practice self-regulation assuming responsibility for updating knowledge base and clinical practice.
- Evaluate, reassess and adapt practice consistently and in response to constructive criticism or suggestions for improvement.
- Implement a plan for life-long learning, self-development, and self-care.
- Facilitate and apply evidence-based nursing practice.
- Contribute to the profession of nursing through mentoring, role modeling, participating in quality improvement activities, professional and organizational committees, and political action affecting healthcare.
- Demonstrate caring behaviors toward clients, peers, self, and other members of the healthcare

team that builds positive team relationships, promotes organizational goals, and contributes to a healthy work environment.

- Delineate and maintain appropriate professional boundaries in the nurse-client relationship.
- Demonstrate successful performance on NCLEX-RN.
- Obtain employment as a competent professional ADN entry-level registered nurse.

The Associate in Science Degree in Registered Nursing will be awarded upon successful completion of the following courses:

Required Courses (72 units)		Units
AMY-2A	Anatomy and Physiology I	4
AMY-2B	Anatomy and Physiology II	4
MIC-1	Microbiology	4
Nursing 17 is required within one year prior to enrollment for all advanced placement/transfer students.		
PSY-9	Developmental Psychology (PSY-9 required prior to NRN-2)	3
SOC-1	Introduction to Sociology	3
or		
ANT-2	Cultural Anthropology	3
ENG-1A	English Composition	4
American Institutions		3
Communication and Analytical Thinking		6
COM-1 or COM-9 and Elective Humanities		3
NRN-1	Introduction to Nursing Concepts and Practice	8
NRN-2	Beginning Nursing Concepts of Health and Illness	8.5
NRN-3	Intermediate Nursing Concepts of Health and Illness	9
NRN-4	Advanced Nursing Concepts of Health and Illness	9
NRN-15	Introduction to Nursing Roles and Relationships	2
NRN-16	Dimensions of AD-Registered Nursing	1.5

RIVERSIDE COMMUNITY COLLEGE DISTRICT
TEACHING AND LEARNING COMMITTEE

Report No.: III-B-3

Date: June 21, 2011

Subject: Substantive Change Proposal – Change in Location of Dental Programs

Background: This Substantive Change Proposal is submitted to the Accrediting Commission for Community and Junior Colleges (ACCJC) to change the location of the three programs that are currently being offered at an off-site location, March Dental Education Center (MDEC) to the Moreno Valley College campus.

Recommended Action: It is recommended that the Board of Trustees approve the substantive change proposal and authorize the Moreno Valley College administration to forward the approved document to the ACCJC.

Participant List

Ms. Donna Lesser, Director, Dental Hygiene Program

Dr. Lisa Conyers, Vice President, Academic Affairs

Dr. Wolde-Ab Isaac, Dean of Health Science Programs

Mr. Doug Beckstrom, Director, Dental Technology Program

Dr. Delores Middleton, Chair, Department of Health, Human, and Public Services

Ms. Cid Tenpas, Dean, Technology & Instructional Support Services

Mr. David Bobbitt, Interim Vice President of Business Services

Mr. Greg Sandoval, Vice President of Student Services

Ms. Susan Lauda, Administrative Assistant, Academic Affairs

Ms. Jackie Grippin, Administrative Assistant, Business Services

Mr. Bart Doering, RCCD Director of Construction

Ms. Sylvia Thomas, RCCD Associate Vice Chancellor, Educational Services

A. Description of Proposed Change and Justification

A1. Description

This Substantive Change Proposal is submitted to the Accrediting Commission for Community and Junior Colleges (ACCJC) for approval to change the location of the three programs that are currently being offered at an off-site location, the March Dental Education Center (MDEC), to the Moreno Valley College campus (**Appendix: Moreno Valley College campus map showing new dental education center**).

The programs included in this proposal include:

- Associate in Science for Dental Hygiene
- State Approved Certificates of Achievement
 - Dental Assistant
 - Dental Laboratory Technology

Justification

Moving the three dental programs from March Dental Education Center (MDEC) onto the college campus will allow the college to own the facilities in which the programs are housed in, reduce the financial commitment of the monthly lease for MDEC, and bring the students from the dental programs onto the campus to expand their access to all the student support services that are offered on campus. The

proposal allows Moreno Valley College to maintain direct control of the program facilities, thereby ensuring continual compliance with accreditation standards.

A2. Relationship to Institutional Mission

The Mission of Moreno Valley College is as follows: "Responsive to the educational needs of its region, Moreno Valley College offers academic programs and student support services which include baccalaureate transfer, professional, pre-professional, and pre-collegiate curricula for all who can benefit from them. Life-long learning opportunities are provided, especially in health and public service preparation." In the fall 2003, the Moreno Valley Campus of the Riverside Community College District initiated instruction at March Dental Education Center (MDEC) with 18 students in the first year of the two-year Dental Hygiene Program. The educational offerings at MDEC were expanded when the Dental Laboratory Technology Program was moved to MDEC in 2004, and when the Dental Assistant Program was initiated in 2006. The programs have always been within the scope of and support the mission of Moreno Valley College.

A3. Rational for Change

The leasing, in 2003, of the March Dental Education Center (MDEC) occurred as part of the March Air Force Base Redevelopment Project Area reutilization plan, in which buildings on the former base became available to public and private entities with tax- incentivized relocation assistance. In 2010, the March Joint Powers Redevelopment Agency signed an agreement with March Healthcare Development, LLC, for the development of 160 acres that included the land where the MDEC is located. At this time, the Moreno Valley College/Riverside Community College District, the March Joint Powers Redevelopment Agency, and March Healthcare Development, LLC, mutually agreed that March Dental Education Center would be evacuated by July 1, 2011.

B. Description of Change in Location

All the courses that have been offered at the March Dental Education Center will be offered at new and improved facilities located on the Moreno Valley College campus. There are no significant differences in the basic components of the new facilities. The original March Education Dental Education Center (MDEC) is a singular 16,430-square-foot building that includes:

- 3 classrooms
- 21 dental operatory clinics, six with radiology capabilities
- Panoramic radiology room
- 16 workstation dental laboratory
- 20 patient capacity waiting room
- Administrative work area
- 8 faculty offices
- Restrooms
- Student lockers

The new location—comprised of three buildings--houses all the components of the one-building March Dental Education Center (**Appendix: Floor Plans of New Facilities**). The three new buildings on the college campus will be referred to as the Moreno Valley College Dental Education Center (MVCDEC), and provide 13, 715 square feet.

Building A will be home to the dental hygiene clinic and will include:

- Administrative assistant area
- 30 dental operator clinics, 6 with radiology capabilities
- Panoramic radiography room
- Restrooms

Building B will include:

- 2 classrooms with a capacity of 30 students
- 30-workstation dental laboratory
- 1 full-time faculty office

Building C will include:

- One classroom with capacity for 30 students
- 7 full-time faculty offices
- 4 part-time faculty work areas
- Faculty conference room
- Student study room
- Restrooms

The Moreno Valley College Dental Education Center provides more usable space and will allow for an expansion of students in the Dental Hygiene and Dental Assistant Programs. The three classrooms will accommodate up to 30 students each, whereas none of the classrooms at the present March Dental Education Center will accommodate more than 24 students. Additionally, the Dental Hygiene Clinic on College campus has been expanded to allow for 30 students to be working, whereas only 21 can work in

the Dental Hygiene Clinic at March Reserve Base. The new Dental Laboratory will have 30 work spaces (a 48% increase).

C. Planning Process

The relocation of dental programs from March Dental Education Center (MDEC) onto the Moreno Valley College campus is part of the College's strategic plan. Moreover, plans for a permanent Health Sciences Building have been submitted to the State Chancellor's Office for approval, which will later incorporate the Dental Hygiene and Dental Assistant Programs. The move to the three new modular buildings is an initial step towards moving all health science programs onto the College campus.

Planning for the Moreno Valley College Dental Education Center (MVCDEC) was facilitated by Dr. Wolde-Ab Isaac, Dean of Health Science Programs and Ms. Donna Lesser, Director of the Dental Hygiene Program. Mr. Bart Doering, RCCD Director of Construction, coordinated the professional input of Mr. Todd Huckins, HMC Architects; Mr. Ken Salyer, HMC Architects; and Mr. Matt Bennett, Rudolph and Sletten, Inc. The three portable units are under construction by Silver Creek Industries. The delivery date for the portables is July 1, 2011, with an estimated occupation date of August 1, 2011. This timeline allows for the dental equipment to be installed and operational prior to the start of Fall Semester 2011.

D. Evidence of Institutional Support

D1. Evidence that the New Location Will Be Ready to Begin Operations

Timeline

Moreno Valley College, in cooperation with the Riverside Community College District's Facilities, Planning, and Development Office, is overseeing the site preparation, construction, and delivery of the portables from Silver Creek Industries to the College campus, as well as coordinating the relocation and set-up of equipment from March Dental Education Center.

D2. Evidence of Sufficient Fiscal and Physical Resources

The Dental Hygiene Program is supported by a budget of \$784,176, the Dental Assistant Program by a budget of \$155,548, and the Dental Laboratory Technician Program by a budget of \$218,092. The project budget for the new Moreno Valley College Dental Education Center was approved by the RCCD Board of Trustees for \$9,500,181 using Measure C funds. **(See Appendices.)**

D3. Description of Support Services and Learning Resources Available

All student support services that are available on the College campus will be directly available to the students in the Dental Hygiene, Dental Assistant, and Dental Laboratory Technician Programs after the move takes place. The following is a list of student services available on the campus:

- Library
- Student Financial Services
- Bookstore
- Counseling Department
- Career and Transfer Center
- Computer Center
- Math Lab
- Writing and Reading Center
- Disabled Student Programs and Services (DSPS)
- Extended Opportunity Programs and Services (EOPS)
- Food Services
- Health Services
- Job Placement
- Student Activities

Substantive Change Proposal 10

- Tutorial Services
- Puente Program
- Renaissance Scholars Program

These services dramatically improve the hours of service that have been offered at the March Dental Education Center at the off-site base.

D4. Evidence of Sufficient and Qualified Staff at the New Location

The faculty and staff members employed at the March Education Center will move to the new location. Additional faculty will be hired to support the sequential increase in students in the Dental Hygiene and Dental Assistant Programs. The support to the students will be continuous and uninterrupted.

E. Evidence that Accreditation Standards Will Be Sustained

Evidence the Institution Has Received All Necessary Internal and External Approvals

All courses, certificates, and degrees offered by Moreno Valley College have been approved by the Moreno Valley College Curriculum Committee, the Riverside Community College Board of Trustees, and the California Chancellor's Office. The courses, degree, and certificates discussed in this Change-in-Location Proposal have all been reviewed by the Curriculum Committee, a standing committee of the Academic Senate.

Evidence that Each Eligibility Requirement Will Stand Fulfilled

Moreno Valley College affirms it is in compliance, and that it will remain in compliance, with the eligibility requirements for accreditation. The College was accredited in 2010 based upon its Institutional Self-Evaluation of 2009 and ACCJC-approved Follow-Up Report of 2010:

#1 – Authority

Moreno Valley College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges and is approved under regulations of the California

Department of Education and the California Community Colleges Chancellor's Office. The Dental Hygiene and Assisting Programs are accredited by the American Dental Association's Committee on Dental Accreditation.

#2 – Mission

On June 20, 2006, the RCCD Board of Trustees approved the Moreno Valley College mission statement:

“Responsive to the educational needs of its region, Moreno Valley College offers academic programs and student support services which include baccalaureate transfer, professional, pre-professional, and precollegiate curricula for all who can benefit from them. Life-long learning opportunities are provided, especially in health and public service preparation.”

The Moreno Valley College mission statement appears in the Educational and Facilities Master Plan and is published in the Moreno Valley College Catalog. In 2008, the Moreno Valley Strategic Planning Committee reaffirmed the mission statement, which was subsequently approved by the Board of Trustees.

Moreno Valley College delivers high quality instruction to all students who can benefit, with health science and public service programmatic emphases. Faculty members, through the Curriculum Committee, a standing committee of the Academic Senate, make recommendations with respect to curriculum and degree and certificate requirements, including distance education modalities. Assessment to evaluate the effectiveness of all courses and programs, to guide responsibly the expansion of offerings, is carried out on a continuous basis.

#3 – Governing Board

Moreno Valley College is one of three educational institutions in the Riverside Community College District. The district is governed by a publicly elected five-member Board of Trustees, joined by a nonvoting student trustee. Members are elected for four-year terms which are staggered. Board members have no employment or personal financial interest in the institution. The Board of Trustees approves all courses, degrees, and certificates offered by Moreno Valley College and its two sister colleges. All courses in the Dental Programs, and the degree/certificates themselves (Dental Hygiene/Dental Assisting and Dental Laboratory Technician, respectively), and the relocation of the Programs from an off-site location to the College campus, have been approved by the Board of Trustees. The Board meets monthly and its agendas are posted in advance.

#4 – Chief Executive Officer

Substantive Change Proposal 12

The president of Moreno Valley College was recommended by the chancellor and approved by the Board of Trustees. The president reports directly to the chancellor. The chancellor is appointed by and reports to the Board of Trustees.

#5 – Administrative Capacity

Moreno Valley College has 13 non-categorically funded academic and support services administrative staff members with appropriate preparation and experience to provide the administrative services necessary to support the college's mission and purpose. In addition to the president, administrative appointments include vice presidents of academic affairs, student services, and business services; deans of instruction, health sciences, public safety education and training, technology and instructional support services, and student services; directors of the law enforcement training program, fire technology/fire academy program, the Middle College High School, and student financial services; a director of plant operations and maintenance; and an assistant custodial manager. The Dean of Health Sciences has direct oversight of the three dental programs.

#6 – Operational Status

Moreno Valley College has been operational since it opened its doors in March 1991. In fall 2010, there were approximately 10,000 students enrolled in classes which are held five days per week. Many are actively pursuing occupational certificates, associate degrees, and/or transfer to four-year institutions. A smaller proportion of students have other goals, including personal development, career enrichment, or development of academic skills. Health science offerings are increasing through a planned expansion. The didactic and clinical environments are enhanced by facilities upgrades, such as the construction of the Moreno Valley College Dental Education Center, to ensure the highest pedagogical and technological standards.

#7 – Degrees

To meet its stated mission, Moreno Valley College offers the Associate of Arts and Associate of Science degrees and a variety of certificates, primarily in health, human, and public services. The institution has over 24 degree and/or certificate programs. The requirements for these programs can be taken completely at Moreno Valley College and its off-campus educational sites. The Associate of Science degree in Dental Hygiene and the state-approved Certificates in Dental Assisting and Dental Laboratory Technician are approved degree and certificates, and representative of the College's local responsiveness to the community served.

#8 – Educational Programs

The degree programs offered at Moreno Valley College are congruent with its mission, based on recognized higher education fields of study, are of sufficient content and length, and are conducted at appropriate levels of quality and rigor. The degree programs meet California Code of Regulations, Title V curriculum requirements, and when combined with the general education component, represent two years of full-time academic work. All course outlines of record in both degree credit and nondegree credit courses

meet predetermined student learning outcomes achieved through class content, assignments, and activities; and all course outlines are subjected to periodic, rigorous program review. As with all Moreno Valley College courses and programs, student learning objectives in the Dental Programs are identified and used to assess effectiveness and to develop and implement plans to improve student achievement and student learning.

#9 – Academic Credit

Moreno Valley College awards academic credit based on accepted practices of California community colleges under California Code of Regulations, Title V. Detailed information about academic credit is available in the college catalog. Credit is awarded for coursework using the Carnegie Standard, awarding one unit of academic credit based on one hour of lecture/discussion per week or a minimum of three hours of laboratory per week per term. This is generally accepted practice in degree-granting institutions of higher learner and follows the California Community Colleges Chancellor's Office requirement for awarding academic credit. All courses comprising the Dental Hygiene, Dental Assisting, and Dental Laboratory Technician Programs were designed in line with this practice.

#10 – Student Learning and Achievement

The 2010-11 edition of the Moreno Valley College Catalog contains the board-approved comprehensive statement of General Education student learning outcomes (SLOs) for students enrolled in each of the academic programs offered. Additionally, student learning outcomes have been developed for most programs. Courses taught at Moreno Valley College list student learning outcomes on the course outlines of record, and the SLOs are achieved and assessed by a variety of methods. Coordinated by department and discipline faculty and by administrators, every course, regardless of its location and delivery system, follows the course outline of record. 100% of all Moreno Valley College courses have defined student learning outcomes (SLOs); 29% of all MVC courses have on-going assessment. 81% of all MVC programs have defined SLOs; 16% of all MVC programs have on-going assessment. 77% of MVC student and learning support activities have defined SLOs; 36% of MVC student and learning support activities have on-going assessment. The College has defined institutional SLOs and 100% of the institutional SLOs have on-going assessment.

#11 – General Education

All degree programs require a minimum of 23 units of general education to ensure breadth of knowledge and to promote intellectual inquiry. Students must demonstrate competency in writing, reading, and mathematical skills to receive an associate degree. The institution's general education program is scrutinized for rigor and quality by the college and district Academic Senates, the Matriculation Committee, and appropriate constituencies; furthermore, the district adheres to the requirements for mathematics and writing effective at the state level as of 2009. Among its programs, Moreno Valley College offers Associate of Science Degrees and Certificate Programs with a health science emphasis—such as the Degree/Certificates under discussion in this Change-in-Location Proposal. Degrees and certificates provide instruction in the skills and knowledge needed to enter a skilled or professional occupation.

Substantive Change Proposal 14

Associate of Science Degree programs require completion of 60 units of credit. State-approved Certificate programs consist of coursework totaling 18 units or more in a specific occupational college certificate pattern. State-approved Certificates may lead to employment competency and may also lead to an associate degree. The 2009-10 state licensure exam pass rate for the Dental Hygiene Program was 100%; the 2009-10 job placement rate was 92% for Dental Hygiene and 93% for Dental Assisting.

#12 – Academic Freedom

Moreno Valley College supports academic freedom. Faculty and students are free to examine and test all knowledge appropriate to their discipline or area of major study as ensured by Board Resolution, passed June 2005, endorsing the American Association of University Professors Statement on Academic Freedom. In spring 2007, the Board of Trustees approved a policy on academic freedom. The institution prides itself on offering an open, inquiring, yet respectful and transparent educational experience, evidencing a commitment to intellectual freedom and independence of thought.

#13 – Faculty

Moreno Valley College has 74 full-time faculty and approximately 300 part-time faculty. All faculty must meet the minimum requirements for their disciplines based on regulations for the minimum qualifications for California community college faculty established in California Code of Regulations, Title V. Many hold terminal degrees. Clear statements of faculty roles and responsibilities exist in the faculty handbooks (Faculty Survival Guide and Online Faculty Handbook) and the Agreement between the Riverside Community College District and Riverside Community College Chapter CCA/CTA/NEA. Faculty carry out program review, develop student learning outcomes, and assess student learning. Faculty who teach in a distance education modality are required to have completed Online Blackboard Academy training before beginning their assignment, and trained to ensure that all courses and services offered in a distance education format are Section 508 and Americans with Disabilities (ADA) compliant. Districtwide career technical education retreats and meetings, dental program faculty meetings, academic department meetings, and faculty development activities contribute to the professional development and continuing education of Dental Program faculty.

#14 – Student Services

Moreno Valley College prides itself on the delivery of strong student service programs, providing a comprehensive array of services for all its students, as well as basic skills courses for those students requiring preparation for college-level work. Each department works to support the mission of the college and the academic success of the students. Unless exempted, each new student is required to participate in the matriculation process, which involves assessment for admissions, appropriate course placement, college orientation, academic career and personal counseling, and follow-up activities. There are over 15 support services programs at Moreno Valley College, each promoting the objective of serving the whole student and supporting student success. Online academic advising is available to students who are unable to utilize face-to-face counseling services.

#15 – Admissions

Moreno Valley College has adopted and adheres to admissions policies consistent with its mission as a public California community college and compliant with California Code of Regulations, Title V. Student admission policies support the Moreno Valley College mission statement and ensure that all students are appropriately qualified for program and course offerings. Information about admissions requirements is available in the catalog, in the schedule of classes, and on the district and college websites. Students are required to apply online. Online orientation is provided. Specific information on the Dental Programs is available on the College website, and in the Moreno Valley College Catalog and the Schedule of Classes, and includes announcement of orientations for prospective students offered to the general public.

#16 – Information and Learning Resources

Moreno Valley College provides long-term and short-term access to sufficient print and electronic information and learning resources through its library and programs to meet the educational needs of students. The library is staffed to assist students in the use of college resources. Internet access and online computer search capabilities are available without charge to students in the library, student support programs, and computer laboratories. The institution is committed to enhancing its learning resources, regardless of location or delivery method. Moreno Valley College offers a full-service, comprehensive digital Library. The Moreno Valley College Division of Library/Learning Resources presents regularly scheduled Library workshops, and provides remote online access to materials and services via the Library and Instructional Media Center websites to serve all students—online and traditional--24 hours a day, seven days a week, from the Library website, LAMP.

#17 – Financial Resources

Moreno Valley College, through the Riverside Community College District, has a publicly documented funding base that is reviewed and revised on an annual basis. The Moreno Valley College Strategic Planning Committee includes a Resources Subcommittee which ensures the college has the financial resources and plans for financial development adequate to support the mission through educational programs and services, to improve institutional effectiveness, and to assure financial stability. Our Dental Programs, as part of the Moreno Valley College Division of Health Sciences, are integrated in an annual budget that is passed by the RCCD Board of Trustees. The Dental Programs were incorporated in the 2010-11 final budget approved in November 2010 and have been integrated in the preliminary budget prepared for 2011-12. The budget allocation for Moreno Valley College was \$28,519,522.

#18 – Financial Accountability

The Riverside Community College District regularly undergoes, and makes publicly available, an annual external financial audit for the district and its educational centers by a contracted certified public accountant. The audit is conducted in accordance with the standards contained in Government Auditing Standards issued by the Comptroller General of the United States. The Board of Trustees reviews these

audit reports on a regular basis. The vice president of business services supports appropriate and effective utilization of the Moreno Valley College budget.

#19– Institutional Planning and Evaluation

Moreno Valley College has an established institutional planning process to provide planning for the development of the College, including integrating plans for academic personnel, learning resources, facilities, and financial development, as well as procedures for program review, assessment, and institutional improvement. Through the Moreno Valley College Academic Planning Council, the Strategic Planning Committee and its four subcommittees, and the Moreno Valley College Academic Plan and Long Range Educational and Facilities Master Plan, the College is in a constant state of review and improvement. The college and district systematically evaluate how well and in what ways the college is accomplishing its purpose, including assessment of student learning and documentation of institutional effectiveness. As part of this evaluation, the College implemented a comprehensive assessment of student needs and satisfaction in 2009-10 using six student surveys. Data collection and assessment will continue as part of the planning process to determine future needs. Moreno Valley College supports integrated strategic planning, and, through assessment and improvement, resolutely endeavors to ensure quality and excellence to all students served.

#20 – Public Information

Moreno Valley College displays its own catalog online, but the District is continuing its practice of displaying a schedule of classes that contains separate listings of courses offered at each college. These website documents, along with other appropriate publications, publicize accurate and current information about the institution that announces its mission and goals; admission requirements and procedures; academic calendar and program length; rules and regulations affecting students, programs, and courses; distance education; degrees and certificates offered and graduation requirements; costs and refund policies; available learning resources; grievance procedures; names and academic credentials of faculty and administrators; names of members of the Board of Trustees; and all other items relative to attending the institution.

#21 – Relations with the Accrediting Commission

The Riverside Community College District Board of Trustees provides assurance that Moreno Valley College adheres to the eligibility requirements and accreditation standards and policies of the Accrediting Commission for Community and Junior Colleges, describes the College in identical terms to all its accrediting agencies (including the Accreditation Review Committee on Physician Assistant Education, the Commission on Accreditation of Allied Health Education, and the American Dental Association's Committee on Dental Accreditation), communicates any changes in its accredited status, and agrees to disclose information required by the commission to carry out its accrediting responsibilities. All disclosures by the institution are complete, accurate, and honest. The College maintains contact with the Commission through its Accreditation Liaison Officer (the Vice President of Academic Affairs). In late April 2011, Moreno Valley College was host to a seven-college training session sponsored by the ACCJC. In

attendance at the all-day meeting, which reviewed requirements and expectations for Comprehensive Institutional Self-Evaluations, were faculty, administrators, and staff.

Evidence that Each Accreditation Standard Will Be Fulfilled

Moreno Valley College meets all accreditation standards of AAAJC/WASC. The College's comprehensive Self-Evaluation Report for Initial Institutional Accreditation was forwarded to the Commission in order to coordinate a Fall 2009 team visit. Moreno Valley College was awarded college status in January 2010. The Commission subsequently approved the College's Follow-Up Report in January 2011.

Standard I: Institutional Mission and Effectiveness

"Responsive to the educational needs of its region, Moreno Valley College offers academic programs and student support services which include baccalaureate transfer, professional, pre-professional, and precollegiate curricula for all who can benefit from them. Life-long learning opportunities are provided, especially in health and public service preparation."

On June 20, 2006, the RCCD Board of Trustees approved the Moreno Valley College mission statement. In 2008, the Moreno Valley Strategic Planning Committee reaffirmed the mission statement, which was subsequently approved by the Board of Trustees. The mission states that the College is "responsive" to the educational needs of students, stating also that it provides professional programs (e.g., Dental Hygiene, Dental Assisting, and Dental Laboratory Technician) and extended learning in the health sciences.

Outcomes-based assessment is carried out at Moreno Valley College. The entire college is involved in the strategic planning process and in self-reflective dialogue about student learning and institutional processes. The Dental Hygiene, Dental Assisting, and Dental Laboratory Technician Programs all have detailed assessment and outcomes evaluations procedures.

Standard II: Student Learning Programs and Services

Moreno Valley College has risen to the challenge of providing for the whole range of educational and course-delivery needs of its service area. In particular, per its mission, Moreno Valley College has a distinctive commitment within the district in health and public services. In all disciplines, faculty are

Substantive Change Proposal 18

committed to student learning and outcomes-based assessment. All disciplines and programs participate in the program review process, which revolves around the development and assessment of student learning outcomes (SLOs). The comprehensive program review process directs disciplines and programs to "develop a student learning outcomes assessment plan" for individual courses. New course proposals are initiated by faculty and require review by their disciplines and departments. The Curriculum Committee must approve all new and revised courses, and all courses to be offered via distance education. New and revised courses are approved, and obsolete courses removed, by approval of the Board of Trustees. As required, the career technical education programs at Moreno Valley College rely on advisory committees of area professionals for input in developing effective student outcomes and assessment guidelines.

Moreno Valley College offers a broad array of services to assist students in establishing appropriate educational goals and to help them achieve these goals. The College provides comprehensive services to all students regardless of location or means of delivery. The Student Services Office, in fact, is committed to providing equitable access to all students in its service area. Because so many students are first-generation college students from traditionally underserved populations and economic groups, the College has a special responsibility to make the students' experiences as welcoming and accessible as possible. The College recognizes the need for a comprehensive learning experience for students, and provides a fully integrated delivery of admissions, orientation (including online orientation), assessment, academic advisement (including online advisement), placement, and registration services to students in facilitating their achievement of educational and career goals. In addition, Moreno Valley College provides a wide range of student support services such as financial assistance, health services, child care, mental health services, and services for students with disabilities. To complement the support services effort, a comprehensive program of student activities, athletics, fine arts, student government, and clubs are available to all students to enrich their college experience.

Students, faculty, and staff at Moreno Valley College benefit from an on-campus library of 9,800 assignable square feet, as well as access to the libraries of the two sister colleges at Riverside and Norco. Librarians work with faculty and staff to ensure the library is adequately supporting college needs. Since the library catalog is available online, it is not necessary for faculty to be physically in the library to evaluate the resources which support their subject specialty and the assignments they give their students. The Instructional Media Center (IMC) provides media support to all classrooms in all buildings and at all sites. Other online library resources include: general information about library resources and services; 28,825 e-books; 40 subscription databases, including citations, abstracts, full-text articles from newspapers, periodicals, and scholarly reference sources; tutorials and guides to finding and using information; Library website including online forms to submit reference questions (to be answered via email within one working day) and with real-time chat on a limited basis. The Dental Program academic personnel, in fulfillment of the new-program approval requirements (and ongoing programmatic accreditation processes for Dental Hygiene and Assisting), have maintained professional interface with Library personnel related to developing and sustaining adequate library resources.

Standard III: Resources

Moreno Valley College relies on its mission and goals as the foundation for planning, and ensures that human resources planning, physical resources planning, technology planning, and financial planning are integrated with institutional planning. The College Strategic Plan ties resource allocation to data-driven planning and program review. Moreno Valley College interweaves planning, budget, and outcomes assessment (evaluation and ongoing quality improvement of student learning outcomes and service learning outcomes) by means of a strategic planning process which involves program review and robust dialogue at all levels of the institution. Trained personnel contribute to the success of the College's programs, adequate facilities support education and student services, technology is continually reviewed for upgrading, and financial resources are carefully allocated through program review and integrated strategic planning.

In its 2010 Follow-Up Report to the ACCJC, Moreno Valley College developed strategies, assessments and measurements, and outcome expectations for *human resources, facilities, technology, and financial resources*. The strategies are as follow:

Goal: Professional Development - Provide the latest successful training in teaching methodology, technology, and student success to faculty and staff; provide an institutional commitment to professional renovation by strengthening Moreno Valley College's Professional Development Center with more resources and support; utilize the results of research, surveys, and student learning outcomes to sponsor training that meets the needs of faculty and staff serving students and the community.

Goal: Facilities - Improve awareness and utilization of established safety and security policies and practices; enhance student learning through a physical environment that focuses on student centered learning, including the formation of a one-stop student success center; encourage theater, music, athletics, museum, and other academic and community offerings through the design of new buildings and planning for such offerings; ensure the standardization of all current and new facilities with regard to signage, infrastructure, ADA compliance, technology, and security.

Goal: Technology - Further develop the College's infrastructure and technology innovations, modernizing technological services, and meeting workplace standards for effective technological classrooms; increase the accessibility of student support services using technology; provide technology training to students, faculty, and staff to utilize academic and support services provided by the College through technology.

Goal: Financial Resources - Strengthen financial controls and planning to leverage state, federal, and private funding to support academic, student, and administrative services on campus; build strong entrepreneurial partnerships with businesses, private foundations, federal and state organizations, and

Substantive Change Proposal 20

private donors to ensure sustainability of college plans; seek and establish new revenue streams to increase funding for the College to implement its strategic planning goals.

By means of these goals, Moreno Valley College endeavors to ensure that an integrated strategic planning process, including the assessment, measurement, and evaluation of these goals, is achieved. Among the corresponding strategic themes aligned to this process are:

Theme: Organizational and Professional Development - Provide resources and opportunities to faculty and staff in order to enhance professional skills; provide support to achieve the full implementation (identification, assessment, and improvement) of student learning outcomes for courses and programs

Theme: Green Initiatives - Renovate and expand existing facilities and construct new facilities to accommodate Moreno Valley College needs [e.g., new Moreno Valley College Dental Education Center].

Theme: System Effectiveness - Improve the utilization of technological resources and develop the infrastructure necessary to advance technological innovations that will support academic, student services, and business services.

Theme: Financial Resource Development - Ensure sufficient revenue stream that will support and sustain Moreno Valley College's Academic, Student Services, and Business Services programs

An integrated planning, budgeting, and resource allocation process results in a well-maintained learning environment in and around the Moreno Valley College Dental Education Center. College-employed custodial and grounds services; contracts for maintenance and repair of equipment and facilities to meet safety and health standards; college-employed police officers who provide 24-hour, 7-days-a-week services; and accessible parking for disabled students, faculty members, staff, and Dental Clinic patients are provided.

Standard IV: Leadership and Governance

The decision-making, planning, and implementation processes at Moreno Valley College involve faculty, staff, administrators and students. Units self-assess through the annual program review process, and academic disciplines through a comprehensive review carried out every four years as well. The College excels in creating an environment for empowerment, programmatic innovation, and continued work toward

Substantive Change Proposal 21

institutional excellence. Faculty, staff, administrators, and students regularly participate in discussions on improving practices, programs, and services.

Among the principles followed for enrollment management decision-making include the mission of the College, quality of instruction, academic and programmatic priorities, a balanced curriculum, and meaningful participatory governance in the planning, adoption, and execution of enrollment policies. Among practices is the offering of a mix of courses by time of day (morning, afternoon, weekend, distance education) that corresponds to student demand and student demographics. A College Enrollment Management Committee, headed by two faculty members (one appointed by the Academic Senate) and the Vice President of Academic Affairs, ensures that a cooperative and collaborative plan to shape enrollment is in place, including the responsible offering of career technical courses, and, specifically, health sciences courses. The Chair of the Department of Health, Human, and Public Services is part of this Committee and represents the interests of faculty and students to ensure, in cooperation with the Dean, the appropriate scheduling of Dental Hygiene, Dental Assisting, and Dental Laboratory Technician sections.

The Riverside Community College District is geographically broad and ethnically diverse, home to three accredited colleges, and overseen by one governing board. The Board of Trustees is responsible for considering for approval all curriculum forwarded by the District Curriculum Committee (after local College approval). The Moreno Valley College Curriculum Committee is a standing committee of the Moreno Valley College Academic Senate. The Board has approved all courses, and the teaching and clinical facilities utilized, for the Dental Hygiene, Dental Assisting, and Dental Laboratory Technician Programs.

RESOURCES COMMITTEE

Report No.: VI-E-2

Date: January 25, 2011

Subject: Moreno Valley College Dental Education Center – Project Name Change and Tentative Project Budget Approval

Background: On March 17, 2009, the Board of Trustees approved the initial planning and design process for the March Dental Education Center (MDEC) for development of a facility to house the dental programs of the Moreno Valley College. The Board approved \$500,000 using Measure C funds and also approved a design agreement with HMC Architects to provide site development plans and design for a modular facility. On June 16, 2009, the Board of Trustees approved additional funding in the amount of \$700,000 for the planning and design of a permanent MDEC facility since the leased MDEC facility located at March Air Force Base was scheduled to be demolished to make way for a major medical center campus.

At this time, the Moreno Valley College requests to change the project name from “March Dental Education Center” to the “Moreno Valley College Dental Education Center”. Since the facility will no longer be located on March Air Force Base, the name change would be more appropriate. Once the project is completed, a permanent name will be addressed.

Staff is now requesting Board approval of a tentative project budget for the Moreno Valley College Dental Education Center in the amount of \$9,500,181. The tentative project budget includes the planning and working drawings, construction, test and inspection services, construction management, and other related plan check fees. If approved, the staff and design team will complete the contract documents and present a design presentation to the Board of Trustees for review.

To be funded by the Moreno Valley College Allocated Measure C Funds.

Recommended Action: It is recommended that the Board of Trustees approve the project name change of the “March Dental Education Center” to the “Moreno Valley College Dental Education Center”; and approve a tentative project budget in the amount of \$9,500,181 for the project using Moreno Valley College Allocated Measure C Funds.

Report No.: III-B-4

Date: June 21, 2011

Subject: Substantive Change Proposal – Distance Education (50% or more of a Program Offered through a Mode of Distance or Electronic Delivery)

Background: This Substantive Change Proposal is submitted to the Accrediting Commission for Community and Junior Colleges (ACCJC) to advise of the addition of courses that constitute 50% or more of a program offered through a mode of distance or electronic delivery (Programs: Business Administration Certificate and Educational Paraprofessional Certificate).

Recommended Action: It is recommended that the Board of Trustees approve the substantive change proposal and authorize the Moreno Valley College administration to forward the approved document to the ACCJC.

Gregory W. Gray
Chancellor

Prepared by: Tom Harris
Acting President, Moreno Valley College

Lisa Conyers
Vice President, Academic Affairs

SUBSTANTIVE CHANGE PROPOSAL: DISTANCE EDUCATION

Identified Changed: Addition of Courses that Constitute 50% or More of a Program Offered Through a Mode of Distance or Electronic Delivery:

Business Administration Certificate: 12 of 18 units may be taken online

Educational Paraprofessional Certificate: 18 of 34 units may be taken online

MORENO VALLEY COLLEGE

List of Proposal Participants

Dr. Lisa Conyers, Vice President of Academic Affairs

Dr. Carlos Tovaes, Interim Dean of Instruction

Ms. Cid Tenpas, Dean of Technology & Instructional Support Services

Ms. Donna Lesser, Associate Professor, Dental Hygiene

Mr. Greg Sandoval, Vice President of Student Services

Mr. David Bobbitt, Interim Vice President of Business Services

Mr. Matthew Barboza, Associate Professor of Computer Information Systems, and Department Chair of Business and Information Technologies

Dr. Kim Metcalfe, Associate Professor of Early Childhood Studies

Ms. Jackie Grippin, Administrative Assistant, Business Services

Ms. Susan Lauda, Administrative Assistant, Academic Affairs

Mr. Glen Brady, RCCD Director of Distance Education/Open Campus

Ms. Sylvia Thomas, RCCD Associate Vice Chancellor of Educational Services

Description of Proposed Change and Justification

- **Brief Description of the Change**

Moreno Valley College has two career technical education certificate programs in which at least 50% of the courses are available via distance education. Traditional face-to-face delivery will continue as well.

Certificate Program: Percentage of Courses Available Via Distance Education:

Business Administration 66.6% (4 of 6 courses -- 12 of 18 units)

BUS 10 offered online and via hybrid delivery
BUS 20 offered online and via hybrid delivery
CIS 1A offered online and via hybrid delivery
CIS 3 offered via hybrid delivery

Education Paraprofessional 71.4% (5 of 7 courses -- 18 of 34 units)

ENG 1A offered online and via hybrid delivery
ENG 50 offered via hybrid delivery
HIS 6 offered online and via hybrid delivery
HIS 7 offered online and via hybrid delivery
MAT 52 offered online and via hybrid delivery

- **Relationship to the College Mission**

The mission of Moreno Valley College is as follows:

“Responsive to the educational needs of its regions, Moreno Valley College offers academic programs and student support services which include baccalaureate transfer, professional, pre-professional, and pre-collegiate curricula for all who can benefit from them. Life-long learning opportunities are provided, especially in health and public service preparation.”

This change is in accord with the College’s mission to deliver high quality instruction to all students who can benefit. Many of our students commute long distances or are unable for lack of convenient transportation to drive to the campus at scheduled course times. Moreover, online delivery provides efficient facilities utilization when highly impacted scheduling makes face-to-face delivery impractical. This change uses available technologies to endeavor to provide learning opportunities for all.

- **Rationale for the Change**

The growth and demand for online learning at Moreno Valley College has been responsibly and steadily increasing. This change is made in response to the students' desire for Internet-based distance learning (as evidenced in the Riverside Community College District, statewide, and nationally) and the College's commitment to serve students who are unable to attend traditional (face-to-face) section offerings. For more than a decade, the College has been evaluating the need to enhance student access to education through distance education scheduling.

Description of Educational Programs to be Offered

The certificate programs listed within this proposal already offer the affected courses through the traditional face-to-face mode of instruction. There are no differences in the basic requirements for distance education delivery and on-campus delivery. The Moreno Valley College Curriculum Committee, moreover, has procedures in place to ensure that the rigor, breadth, objectives, learning outcomes, and academic quality of courses and programs offered in the distance education mode meet the same standards as those offered in the traditional mode. The Curriculum Committee separately approves each course proposed for delivery via distance education to ensure that the following criteria are met:

Regular effective contact is maintained between the instructor and students through group or individual meetings, orientation and review sessions, study sessions, field trips, library workshops, threaded conferencing, chat rooms, telephone contact, email, or other activities.

Effective pedagogical techniques appropriate to the distance education mode are utilized to ensure that the quality and rigor of instruction mirrors that of the on-campus version of the course.

Appropriate technology is used to achieve the objectives of the course.

Multiple measures are used to achieve and assess student learning, including reading, writing, critical thinking assignments, and multiple evaluations.

All delivery methods used are accessible to individuals with disabilities in accordance with federal and state laws.

Planning Process

The online course offerings that comprise 50% or more of the requirements for certificates were each approved by the Moreno Valley Curriculum Committee and by the Riverside Community College District Board of Trustees. The online courses were designed, submitted for approval, and implemented by discipline-representative faculty members.

Evidence of Institutional Support to Demonstrate the Continuance of Quality Standards

- Evidence of Sufficient and Qualified Faculty, Management and Support Staff

Moreno Valley College uses the same process for determining faculty qualifications for distance delivery as for face-to-face. Relying on the published state minimum qualifications for each faculty position, the hiring committee works to identify preferred experiences and characteristics when making an appointment. Prior to teaching online, the faculty member must have completed Online Blackboard Academy training. Training and technical support are provided by the Riverside Community College District Open Campus. Open Campus distributes the College's online and hybrid section offerings through the WebCT/Blackboard platform, and provides the upload of sections each academic term. One day per week, an Open Campus educational training specialist is at the College to assist faculty with the technical aspects associated with teaching in an online or hybrid environment. Training for faculty on online topics is also offered fairly regularly through the Faculty Development Committee. The MVC Center for Faculty and Professional Development also offers an array of online topics throughout the year. An Information Technology (IT) Help Desk also assists faculty and students with hardware questions, and, if necessary, refers them to the 24-hour technical support service "Presidium." The RCCD Help Desk has two dedicated phone lines and provides services Monday through Friday, eight hours per day. Open Campus staff, along with the Office of Disabled Students Programs and Services advise faculty on disabled student compliance issues, which is included in the curriculum approval process for all new distance education courses.

- Evidence of Appropriate Equipment and Facilities, including Adequate Control over an Off-Campus Site

A District-wide Information Technology (IT) Audit was carried out in 2010-11 through an outside consulting firm, involving input from Moreno Valley faculty, staff, and students in the creation of the document and in the implementation of the recommendations. Following are the recommendations made within each of the technology disciplines analyzed for the IT audit. Cost estimates for the recommendations are reflected in the roadmap.

1.4.1 IT Physical Infrastructure

- a. Upgrade conduit and building feeds to mesh/loop for major distribution, star topology for all others*
- b. Include single-mode and multi-mode fiber optic cabling upgrades per existing program; reduce copper feeds in light of increased fiber connectivity for voice nodes*
- c. Upgrade several telecom rooms (approx 20) posing risk to safety and equipment, many of these identified in 2007 survey*
- d. Adopt a formal standards document (draft available) to guide future installations and inform the facilities planning process*
- e. Pursue option for dark fiber connectivity between campuses*

1.4.2 Server Rooms and Future NOCs

- a. Consolidate data center operations into a primary District-operated facility at Riverside City College*
- b. Option A: Build new annex at MLK*
- c. Option B: Expand Digital Library server room*
- d. Address immediate expansion needs in Digital Library*

- e. Existing NOC plans for Norco and Moreno Valley should be used to support edge computing environment (file and print servers, VDI and/or imaging servers)*
- f. NOC designs should be updated for technical issues identified in peer review*
- g. Moreno Valley NOC should serve as secondary site to support primary site failover for disaster recovery*

1.4.3 Data Network Infrastructure

- a. Replace majority of local area network due to end of support, lack of security and features*
- b. Eliminate single points of failure by dual-homing all switches to redundant core or distribution switches*
- c. Implement a dual-core design at Norco and MVC*
- d. Procure more sophisticated application performance management tools*
- e. Upgrade wireless network to newer 802.11n standard*
- f. Incorporate authentication and captive portal technology, allowing guests immediate but limited access*
- g. Increase backbone to 10 gigabit; access layer to gigabit port speeds except where implementing VDI in lab environments*
- h. Continue use of central CENIC connection*
- i. Increase size of wide area network backup circuits; implement QoS and packet shaping to manage bandwidth*
- j. Replace VPN concentrator with client-less SSL appliance for remote access*

1.4.4 Voice Infrastructure

- a. The District should upgrade its aging phone system, which is no longer manufacturer supported in its current configuration*
- b. A determination whether to replace the platform should be made following a detailed requirements discovery/specification*
- c. Investigate the cost benefit of fixed mobile convergence and other mobility features*
- d. Centralize the procurement of desk and mobile phones*
- e. Add phones in classrooms*

1.4.5 Systems Infrastructure

- a. Virtualize 50% of physical servers over next 24 months; target 10:1 virtualization ratio*
- b. Upgrade to enterprise-class storage arrays that provide for tiering based on class of data (transactional vs persistent); single management platforms but avoid expensive online hierarchical systems*
- c. Create college-specific domains within an Active Directory forest to allow for more granular security controls and distinct DNS namespaces*
- d. Architect for warm-site failover at MVC NOC*
- e. Establish HA clusters for Exchange and SQL with additional nodes at MVC NOC*
- f. Establish backup Datatel system at MVC NOC*
- g. Implement VDI for computer labs*

1.4.6 Enterprise Applications

- a. Continue using Datatel as primary Student Information System through the next set of expected platform consolidations; revisit in 18-24 months*

- b. Use third-party resource to evaluate level of Datatel customizations and impact to transaction processing; inspect middleware configuration and tune system accordingly*
- c. Continue best-value approach to enterprise apps such as SIS, Financials, and HR/Payroll; supplement with additional programming support for interfaces to Galaxy and Datatel*
- d. At next practical evaluation cycle, include open source Moodle for consideration as LMS platform using hosted and managed services similar to Blackboard*
- e. Implement single-sign-on (SSO) technology to streamline multiple account access; this is primary incentive for web portal, which should not be introduced until long-term Datatel platform decision*
- f. Clarify account activation policies with Microsoft for student email account on Windows Live; switch to Gmail if 9-month login requirement is firm*
- g. Replace Adobe Contribute as Web CMS platform; use SharePoint and extend services to external users; SharePoint intranet should be enhanced for collaboration and department data repositories*
- h. Aggressively pursue Hershey document imaging rollout to Finance and HR to eliminate required document storage; use third-party scanning services as timeline dictates*
- i. Resource25 is not effectively integrated to Datatel and needs to be implemented from scratch at next major release in 18 months; meanwhile research alternatives, in particular using scheduling/calendar services in SharePoint*

1.4.7 Audiovisual and Instructional Media

- a. Replace end-of-life equipment (projectors) and budget for standardized refresh of technology*
- b. Unify the District's approach to media content creation and distribution; select and promote one platform instead of several*
- c. Implement a network-based AV management platform for remote troubleshooting and preventative maintenance*
- d. Continue to prioritize and leverage existing video conferencing technology; some upgrades to enhance user experience may be warranted since adoption rates seem low*

1.4.8 IT Organizational Structure and Shared Governance Restructuring and Realignment

- a. Restructure college IMC units under District Information Services*
- b. Continue centralized microcomputer support but establish dotted line from dedicated technical lead to college business services administrator*
- c. Centralize microcomputer and systems support for RCC Digital Library under District IS with dotted line from tech lead to dean*
- d. Add application support/analyst function at each college A&R office to support local requirements for reporting and data integration*
- e. Reinstitute academic dean of online education to drive innovation in content development, promote mentorship, oversee effective training, and expand the reach of RCC programs*

Riverside Community College District – IT Audit January 28, 2011 – Version 1.0

Page 13

Shared Governance

- f. Create four District-wide governing bodies focused on functional areas, not locality*
 - *Executive Technology Strategy Council*
 - *Academic Technology Committee*

▫ *Infrastructure Technology Committee*

▫ *Enterprise Technology Committee*

g. Information Services role is to staff the process of getting projects through committee

1.4.9 IT Operations

a. Establish operating principles for IT that move from asset protection to customer satisfaction

b. Create an IT service catalog and define service level agreements

c. Implement mechanism for measuring and publishing outcomes against specific metrics

d. Leverage full functionality of Footprints Help Desk platform to enhance asset lifecycle management and incident/problem response

e. Unify help desk to encompass all IT services, including microcomputer, networking, IMC and application support

f. Pursue a cost-recovery model that monetizes services in order to moderate demand and focus on core competencies (District IS on its competitive offerings and colleges on their capacity to scale)

g. Create a perpetual funding mechanism for computer refresh (either centrally budgeted or encumbered at department level)

h. Deliver a regular portfolio of technology training to be determined by the Enterprise Technology Committee and sourced by Information Services (though trainers and funding sources may be external to IS)

i. Facilitate a business continuity initiative with executive sponsorship that will ultimately define an appropriate disaster recovery strategy and plan

1.4.10 Physical Security

a. Create Security Master Plan that describes:

▫ *Governance*

▫ *Risk Assessment*

▫ *Program Development*

▫ *Technology Standards*

▫ *Infrastructure*

▫ *Management*

b. Create a Security governance committee

c. Implement —layered// security with video at perimeter to access control and intrusion detection at interior

d. Repair —blue// phones at MVC; use IP voice and fiber optics for external emergency phone monuments

e. Upgrade District Command Center; add links to campus satellite stations to locally monitor and interact with central operations

f. Implement backup and failover systems for all video and access control databases

g. Isolate security IDFs and restrict access

Riverside Community College District – IT Audit January 28, 2011 – Version 1.0

Page 14

1.5 Roadmap

PlanNet has arranged the various recommendations into a priority sequence based on urgency and importance, and also with regard to certain project dependencies and the overall pacing of the

quantity of projects. The recommendations are shown with a ROM cost estimate that reflects the midpoint of the ROM cost ranges.

It is expected that Priority 1 items would initiate within the next 9 months, beginning in February 2011, with Priority 2 items kicking off over the following 9 months, from November 2011 to Summer 2012. Priority 3 items are a year out, commencing at the beginning of 2012 and carrying through to the end of that year. Priority 4 items do not carry a distinct start date and have indefinite durations.

Feb 2011 Dec 2012 Oct 2011 Jan 2012 Jun 2011 Priority 1 (1 to 9 months) Priority 2 (9 to 18 months) Priority 3 (12 to 24 months) Priority 4 (indefinite) PI: 3 items Net: 6 items Apps: 4 items Org: 5 items Sec: 2 items PI: 1 item Apps: 1 item Ops: 2 items PI: 3 items Net: 3 items Sys: 3 items AV: 2 items Apps: 3 items Ops: 6 items Sec: 3 items PI: 2 items Net: 1 items Sys: 4 items AV: 2 items Apps: 1 item Ops: 1 item Sec: 2 items PI = Physical Infrastructure Net = Data/Voice Network Sys = Systems Infrastructure AV = Audiovisual Apps = Enterprise Applications Org = IT Org Structure and Governance Ops = IT Operations Sec = Physical Security

Many of the following recommendations PlanNet considers mandatory in order to accomplish the fundamental concepts described in this report and to address end-of-life systems. Those mandatory items are indicated with a ► in place of the list bullet.

Priority 1

ACTION ROM COST

- Engage third-party resource to evaluate Datatel tuning \$20,000
- ▢ Clarify student email account policies with Microsoft\$0
- Repair emergency phones at MVC funded
- ▢ Update NOC plans based on technical issues in peer review \$75,000
- Implement backup and failover for physical security systems \$80,000
- ▢ Rollout Hershey document imaging to Finance and HR (third party scanning) \$35,000
- Local Area Network (LAN) upgrades \$4,000,000
- Wide Area Network(WAN) circuit upgrades \$65,000 (\$120,000 recurring)
- ▢ Wireless 802.11n network upgrades \$520,000
- ▢ Application performance management tools \$200,000
- Voice system (unified comms) requirements study/specification \$50,000
- ▢ Upgrade NEC PBXs (Option A from requirements study) \$380,000 (option)
- Adopt formal IT infrastructure standards document \$20,000
- ▢ Expand into RCC Digital Library server room as needed \$0
- ▢ Establish backup Datatel system at MVC \$7,500
- Restructure college IMC units under District \$0
- Centralize microcomputer and systems support for Digital Library under District IS \$0
- Add application support/analysts at each college A&R office
 (2 FTE w/ben \$150,000 recurring)
- Add academic dean of online education (1 FTE w/ben \$85,000 recurring)
- Charter four new shared governance committees \$0

Priority 2

ACTION ROM COST

- Upgrade approx 20 telecom rooms..... \$420,000

▣ Pursue option for dark fiber connectivity between campuses.....	\$7,200(recurring monthly)
▶ Complete existing NOC plans at Norco and Moreno Valley colleges	funded
▶ Establish MVC NOC as DR site for District operations, architect for warm-site failover	\$60,000
▣ Create college-specific domains in Active Directory structure	\$0
▣ Establish HA clusters for Exchange and SQL with additional nodes at MVC NOC	\$40,000
▶ Replace end-of-life AV equipment (projectors)	\$500,000
▣ Implement network-based AV management platform	\$180,000
▶ Replace VPN concentrator	\$110,000
▣ Replace NEC PBXs (Option B from requirements study)	\$3,300,000
<i>(option)</i>	
▣ Add phones in classrooms	incl.
▣ Evaluate Moodle as new hosted and managed LMS platform	\$0
▣ Replace Adobe Contribute with SharePoint as web CMS	\$0
▣ Reimplement R25 at major release; conduct feature study prior.....	\$17,000
▶ Create an IT service catalog and define service level agreements.....	\$0
▣ Implement mechanism for measuring and reporting IT Operations outcomes	\$0
▣ Leverage Footprints Help Desk to enhance inventory reporting and incident analytics	\$0
▶ Create and fund computer refresh model	\$1,000,000 recurring
▣ Establish centralized training program governed by new Enterprise Tech Committee	\$0
▣ Facilitate a business continuity initiative and develop a DR strategy/plan	\$150,000
▶ Create physical security Master Plan	\$80,000
▶ Create Security Governance Committee	\$0
▣ Implement "layered" security measures throughout District	
• RCC	\$800,000
• MVC	\$750,000
• Norco	\$750,000
• District Offices	\$250,000

Priority 3

ACTION ROM COST

▣ Upgrade conduit and building feeds to mesh/loop topology	funded
▶ Consolidate data center operations at RCC	
• Option A: Build new annex at MLK	\$1,720,000
• Option B: Expand Digital Library Server Room	\$1,460,000
• Option C: Build into planned IS space in renovated Physical Science Bldg	funded
▣ Virtualize 50% of physical server environment with 10:1 ratio	\$210,000
▶ Upgrade enterprise-class storage arrays, single management platform.....	\$180,000
▣ Implement VDI for computer labs	\$1,500,000
▶ Implement single sign-on technology	\$0
▣ Consolidate to single platform for AV media content creation and distribution	\$200,000
▶ Upgrade District security command center and satellite locations	\$200,000
▶ Isolate security equipment rooms and restrict access.....	incl.
▣ Perform minor upgrades and promote video conferencing for intra-District meetings	\$50,000
▣ Unify help desk and extend service hours during registration periods	\$0
▣ Centralize procurement of desk and mobile phones	\$0
▣ Revisit Datatel SIS platform decision	TBD

Priority 4

ACTION ROM COST

▣ Pursue cost-recovery model to charge back services.....	\$0
▣ Reduce copper feed pairs during infrastructure upgrades and renovations	\$0
▣ Continue best-value approach to enterprise apps	\$0
▶ Establish operating principles for IT focused on customer satisfaction	\$0

Labs are available at the College campus and at the Ben Clark Training Center for students wishing to access the Blackboard system. These labs ensure that all students have access to well-provisioned computers to support their online learning. Moreno Valley College provides learning support service via four labs, including an open computer lab, a Writing and Reading Center, a math lab, Library portals, and a portable lab at the Ben Clark Training Center. Student computer use is tracked using a positive attendance system.

The Moreno Valley College Library is designed to support traditional and remote access to holdings and resources. Electronic access to the Library's subscription database is available at all times.

The purchase of textbooks and other course materials is available online through the Barnes and Noble Bookstore located on the Moreno Valley College campus.

Software support is available to assist faculty in creating content for use in the Blackboard teaching environment, and, to protect against plagiarism ("Turnitin," "Respondus"). The College relies on password-related authentication for student log-in onto the Blackboard Learning Management System. Like other institutions, Moreno Valley has initiated discussions on exploring other authentication-related processes as technology evolves.

All course materials are compliant with Section 508 of the Americans with Disabilities Act (ADA). Assistive technology has been placed in computer labs to ensure accessibility, and there is a specially designated Disabled Students Programs and Services (DSPS) section of the open lab. Software programs to assist individuals with disabilities such as low-vision, blindness, speech-dictation needs, and to ensure their access to distance-education equipment, are served by trained DSPS personnel and a DSPS-dedicated academic counselor.

All students are provided with a college email address. The Office of Student Services oversees an online enrollment process which makes forms accessible for downloading, permits (and encourages) online registration, and has initiated online academic advising ("e-Appointment"). Also online are the Moreno Valley College Catalog, Schedule of Classes, and Student Handbook, and information on financial aid resources.

- Evidence of Fiscal Resources, including the Initial and Long-Term Amount and Sources of Funding for the Proposed Change

Moreno Valley College allocated \$50,000 from the 2010-11 general fund to augment the acquisition and maintenance of instructional equipment and online Library databases. Infusions of grant funding over the last four years to support distance education, computer equipment, and

databases total \$30,000. Inventories of all equipment and software are carried out by the office of the Dean of Technology & Instructional Support Services, with the objective of maintaining appropriate computing resources in classrooms, labs, and offices to support the College's mission, ensuring that each faculty and staff member has sufficient computer capacity to fulfill his/her responsibilities, and encouraging planned installation of new equipment and transfer or disposal of old.

- Plan for Monitoring Achievement of the Desired Outcomes of the Proposed Change

Student achievement data for instructional programs are reported by the District Office of Research and Planning—including comparisons between distance education and face-to-face modalities—and made available to faculty for program review. Program reviews, compiled yearly (and comprehensively every three years), incorporate student learning outcomes. Course retention rates for Moreno Valley College students have remained high and steady over the last five years. Average retention for Fall 2009 was 86.5%, higher for face-to-face sections than for online at 80.82%.

Faculty (in online and traditional environments) are evaluated by students, peers, and administrators. Moreno Valley College employed the following surveys over the last 18 months to comprehensively assess student needs and satisfaction, including the online learning environment: Survey of Student Engagement (CCCSE), Survey of Student Satisfaction, Survey of General Education Student Learning Outcomes (SLOs), Community College Student Experiences Questionnaire, and the Library Services Survey.

Evidence the Institution Has Received All Necessary Internal and External Approvals

All courses, certificates, and degrees offered by Moreno Valley College have been approved by the Moreno Valley College Curriculum Committee, the Riverside Community College Board of Trustees, and the California Chancellor's Office. Courses proposed for distance education delivery (online or hybrid) must be reviewed and approved by the Curriculum Committee using a separate review process as required by California administration code and regulation.

Evidence that Each Eligibility Requirement Will Stand Fulfilled

Moreno Valley College affirms it is in compliance, and that it will remain in compliance, with the eligibility requirements for accreditation. The College was accredited in 2010 based upon its Institutional Self-Evaluation of 2009 and ACCJC-approved Follow-Up Report of 2010:

#1 – Authority

Moreno Valley College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges and is approved under regulations of the California Department of Education and the California Community Colleges Chancellor's Office.

#2 – Mission

On June 20, 2006, the RCCD Board of Trustees approved the Moreno Valley College mission statement:

“Responsive to the educational needs of its region, Moreno Valley College offers academic programs and student support services which include baccalaureate transfer, professional, pre-professional, and precollegiate curricula for all who can benefit from them. Life-long learning opportunities are provided, especially in health and public service preparation.”

The Moreno Valley College mission statement appears in the Educational and Facilities Master Plan and is published in the Moreno Valley College Catalog. In 2008, the Moreno Valley Strategic Planning Committee reaffirmed the mission statement, which was subsequently approved by the Board of Trustees.

Moreno Valley College delivers high quality instruction to all students who can benefit. Many students commute long distances or are unable for lack of convenient transportation to drive to the campus at scheduled course times. Online delivery options use available technologies to provide learning opportunities for all when face-to-face delivery is impractical. Faculty members, through the Curriculum Committee, a standing committee of the Academic Senate, make recommendations with respect to curriculum and degree and certificate requirements, including distance education modalities. Assessment to evaluate the effectiveness of online courses, and to guide responsibly the expansion of offerings, is carried out on a continuous basis.

#3 – Governing Board

Moreno Valley College is one of three educational institutions in the Riverside Community College District. The district is governed by a publicly elected five-member Board of Trustees, joined by a nonvoting student trustee. Members are elected for four-year terms which are staggered. Board members have no employment or personal financial interest in the institution. The Board of Trustees approves all courses, degrees, and certificates offered by Moreno Valley College and its two sister colleges. All distance education courses listed in the Substantive Change Proposals, and the certificates themselves (Business Administration Certificate and Educational Paraprofessional Certificate) have been approved by the Board of Trustees. The Board meets monthly and its agendas are posted in advance.

#4 – Chief Executive Officer

The president of Moreno Valley College was recommended by the chancellor and approved by the Board of Trustees. The president reports directly to the chancellor. The chancellor is appointed by and reports to the Board of Trustees.

#5 – Administrative Capacity

Moreno Valley College has 13 non-categorically funded academic and support services administrative staff members with appropriate preparation and experience to provide the administrative services necessary to support the college's mission and purpose. In addition to the president, administrative appointments include vice presidents of academic affairs, student services, and business services; deans of instruction, health sciences, public safety education and training, technology and instructional support services, and student services; directors of the law enforcement training program, fire technology/fire academy program, the Middle College High School, and student financial services; a director of plant operations and maintenance; and an assistant custodial manager. The Riverside Community College District Director of Distance Education/Open Campus facilitates (1) the online, hybrid, and web-enhanced course set-up and maintenance; upgrades and training, and backup and implementation in conjunction with the host

provider; (2) online support training, including use of web page publishing software, streaming media software, and peripherals via one-on-one training; FLEX workshops; and the Online Blackboard Academy; and (3) maintenance of servers and software licenses for online-related instruction. An organizational chart is included in this report. Open Campus provides online training for instructors through the Online Blackboard Academy which is convened monthly, as well as software support for instructors in and out of the classroom.

#6 – Operational Status

Moreno Valley College has been operational since it opened its doors in March 1991. In fall 2010, there were approximately 10,000 students enrolled in classes which are held five days per week. Many are actively pursuing occupational certificates, associate degrees, and/or transfer to four-year institutions. A smaller proportion of students have other goals, including personal development, career enrichment, or development of academic skills. Online section offerings are increasing through a planned and responsible expansion. The online teaching and learning environment is enhanced by college and district services to ensure the highest pedagogical and technological standards.

#7 – Degrees

To meet its stated mission, Moreno Valley College offers the Associate of Arts and Associate of Science degrees and a variety of certificates, primarily in health, human, and public services. The institution has over 24 degree and/or certificate programs. The requirements for these programs can be taken completely at Moreno Valley College and its off-campus educational sites. The new certificates, presented in this Proposal, afford students the opportunity of taking 50% or more of the program requirements online. The Business Administration Certificate affords 12 of 18 units to be taken online, and the Educational Paraprofessional Certificate affords 18 of 34 units to be taken online.

#8 – Educational Programs

The degree programs offered at Moreno Valley College are congruent with its mission, based on recognized higher education fields of study, are of sufficient content and length, and are conducted at appropriate levels of quality and rigor. The degree programs meet California Code of Regulations, Title V curriculum requirements, and when combined with the general education component, represent two years of full-time academic work. All course outlines of record in both degree credit and nondegree credit courses meet predetermined student learning outcomes achieved through class content, assignments, and activities; and all course outlines are subjected to periodic, rigorous program review. All curriculum is approved by the Board of Trustees, including courses proposed for delivery via distance education. Training for faculty is designed to ensure that pedagogical techniques appropriate to distance education mirror in quality and rigor the face-to-face version of the course. In both modalities, course and program student learning objectives are identified and used to assess effectiveness and to develop and implement plans to improve student achievement and student learning.

#9 – Academic Credit

Moreno Valley College awards academic credit based on accepted practices of California community colleges under California Code of Regulations, Title V. Detailed information about academic credit is available in the college catalog. Credit is awarded for coursework using the Carnegie Standard, awarding one unit of academic credit based on one hour of lecture/discussion

per week or a minimum of three hours of laboratory per week per term. This is generally accepted practice in degree-granting institutions of higher learner and follows the California Community Colleges Chancellor's Office requirement for awarding academic credit. The courses comprising the Business Administration Certificate and the Educational Paraprofessional Certificate, including the online courses, were designed in line with this practice.

#10 – Student Learning and Achievement

The 2010-11 edition of the Moreno Valley College Catalog contains the board-approved comprehensive statement of General Education student learning outcomes (SLOs) for students enrolled in each of the academic programs offered. Additionally, student learning outcomes have been developed for most programs. Courses taught at Moreno Valley College list student learning outcomes on the course outlines of record, and the SLOs are achieved and assessed by a variety of methods. Coordinated by department and discipline faculty and by administrators, every course, regardless of its location and delivery system, follows the course outline of record. 100% of all Moreno Valley College courses have defined student learning outcomes (SLOs); 29% of all MVC courses have on-going assessment. 81% of all MVC programs have defined SLOs; 16% of all MVC programs have on-going assessment. 77% of MVC student and learning support activities have defined SLOs; 36% of MVC student and learning support activities have on-going assessment. The College has defined institutional SLOs and 100% of the institutional SLOs have on-going assessment.

#11 – General Education

All degree programs require a minimum of 23 units of general education to ensure breadth of knowledge and to promote intellectual inquiry. Students must demonstrate competency in writing, reading, and mathematical skills to receive an associate degree. The institution's general education program is scrutinized for rigor and quality by the college and district Academic Senates, the Matriculation Committee, and appropriate constituencies; furthermore, the district adheres to the requirements for mathematics and writing effective at the state level as of 2009. Moreno Valley College offers Associate of Science Degrees and Certificate Programs with occupational emphasis—such as the Business Administration Certificate and the Educational Paraprofessional Certificate under discussion in this Proposal. Both the degree and the certificate provide instruction in the skills and knowledge needed to enter a skilled or professional occupation. Associate of Science Degree programs require completion of 60 units of credit. State-approved Certificate programs consist of coursework totaling 18 units or more in a specific occupational college certificate pattern. The Business Administration Certificate and the Educational Paraprofessional Certificate are comprised of 18 and 34 units, respectively, with each program providing the opportunity for students to take 50% or more of the required coursework online. State-approved Certificates may lead to employment competency and may also lead to an associate degree.

#12 – Academic Freedom

Moreno Valley College supports academic freedom. Faculty and students are free to examine and test all knowledge appropriate to their discipline or area of major study as ensured by Board Resolution, passed June 2005, endorsing the American Association of University Professors Statement on Academic Freedom. In spring 2007, the Board of Trustees approved a policy on academic freedom. The institution prides itself on offering an open, inquiring, yet respectful and

transparent educational experience, evidencing a commitment to intellectual freedom and independence of thought.

#13 – Faculty

Moreno Valley College has 74 full-time faculty and approximately 300 part-time faculty. All faculty must meet the minimum requirements for their disciplines based on regulations for the minimum qualifications for California community college faculty established in California Code of Regulations, Title V. Many hold terminal degrees. Clear statements of faculty roles and responsibilities exist in the faculty handbooks (Faculty Survival Guide and Online Faculty Handbook) and the Agreement between the Riverside Community College District and Riverside Community College Chapter CCA/CTA/NEA. Faculty carry out program review, develop student learning outcomes, and assess student learning. Faculty who teach in a distance education modality are required to have completed Online Blackboard Academy training before beginning their assignment. One day per week, an educational training specialist from the Riverside Community College District Open Campus is at Moreno Valley College to assist faculty with the technical aspects associated with teaching in an online or hybrid environment. Faculty are also trained to ensure that all courses and services offered in a distance education format are Section 508 and Americans with Disabilities (ADA) compliant. Courses to be offered via distance education are reviewed by the Moreno Valley Curriculum Committee to ensure accessibility and Section 508/ADA compliance.

#14 – Student Services

Moreno Valley College prides itself on the delivery of strong student service programs, providing a comprehensive array of services for all its students, as well as basic skills courses for those students requiring preparation for college-level work. Each department works to support the mission of the college and the academic success of the students. Unless exempted, each new student is required to participate in the matriculation process, which involves assessment for admissions, appropriate course placement, college orientation, academic career and personal counseling, and follow-up activities. There are over 15 support services programs at Moreno Valley College, each promoting the objective of serving the whole student and supporting student success. Online academic advising is available to students who are unable to utilize face-to-face counseling services. Moreno Valley College's website and the Open Campus website are Section 508 and ADA compliant for both student support services and course delivery.

#15 – Admissions

Moreno Valley College has adopted and adheres to admissions policies consistent with its mission as a public California community college and compliant with California Code of Regulations, Title V. Student admission policies support the Moreno Valley College mission statement and ensure that all students are appropriately qualified for program and course offerings. Information about admissions requirements is available in the catalog, in the schedule of classes, and on district and college websites. Students are required to apply online. Online orientation is provided. Specific information on distance education offerings and the Open Campus is available on the College website, and in the Moreno Valley College Catalog and the Schedule of Classes. The goal of the Open Campus is to make learning available anytime, anywhere for students who find it difficult to meet on campus at scheduled class times.

#16 – Information and Learning Resources

Moreno Valley College provides long-term and short-term access to sufficient print and electronic information and learning resources through its library and programs to meet the educational needs of students. The library is staffed to assist students in the use of college resources. Internet access and online computer search capabilities are available without charge to students in the library, student support programs, and computer laboratories. The institution is committed to enhancing its learning resources, regardless of location or delivery method. Moreno Valley College offers a full-service, comprehensive digital Library. At the Ben Clark Training Center, library services are enhanced by electronically accessible journals through the use of laptops that are available for students. Library workshops are presented at the College campus and at the Ben Clark Center. The Moreno Valley College Division of Library/Learning Resources provides remote online access to materials and services via the Library and Instructional Media Center websites to serve all students—online and traditional--24 hours a day, seven days a week, from the Library website, LAMP.

#17 – Financial Resources

Moreno Valley College, through the Riverside Community College District, has a publicly documented funding base that is reviewed and revised on an annual basis. The Moreno Valley College Strategic Planning Committee includes a Resources Subcommittee which ensures the college has the financial resources and plans for financial development adequate to support the mission through educational programs and services, to improve institutional effectiveness, and to assure financial stability. Our online courses and programs, as part of Moreno Valley College instructional offerings, are integrated in an annual budget that is passed by the RCCD Board of Trustees. The online budget was incorporated in the 2010-11 final budget approved in November 2010 and has been integrated in the preliminary budget prepared for 2011-12. The budget allocation for Moreno Valley College was \$28,519,522, and the Open Campus budget \$962,334.

#18 – Financial Accountability

The Riverside Community College District regularly undergoes, and makes publicly available, an annual external financial audit for the district and its educational centers by a contracted certified public accountant. The audit is conducted in accordance with the standards contained in Government Auditing Standards issued by the Comptroller General of the United States. The Board of Trustees reviews these audit reports on a regular basis. The vice president of business services supports appropriate and effective utilization of the Moreno Valley College budget.

#19– Institutional Planning and Evaluation

Moreno Valley College has an established institutional planning process to provide planning for the development of the College, including integrating plans for academic personnel, learning resources, facilities, and financial development, as well as procedures for program review, assessment, and institutional improvement. Through the Moreno Valley College Academic Planning Council, the Strategic Planning Committee and its four subcommittees, and the Moreno Valley College Academic Plan and Long Range Educational and Facilities Master Plan, the College is in a constant state of review and improvement. The college and district systematically evaluate how well and in what ways the college is accomplishing its purpose, including assessment of student learning and documentation of institutional effectiveness. To evaluate the level of need for support for course delivery (online and face-to-face) and student services (online and face-to-face), the College implemented a comprehensive assessment of student needs and satisfaction in 2009-10 using six student surveys. Data collection will continue as part of the planning process to

determine future needs. Online services are available to all students through the College's website, and efforts to expand and improve those for all services are ongoing. Moreno Valley College supports integrated strategic planning, and, through assessment and improvement, resolutely endeavors to ensure quality and excellence to all students served.

#20 – Public Information

Moreno Valley College displays its own catalog online, but the District is continuing its practice of displaying a schedule of classes that contains separate listings of courses offered at each college. These website documents, along with other appropriate publications, publicize accurate and current information about the institution that announces its mission and goals; admission requirements and procedures; academic calendar and program length; rules and regulations affecting students, programs, and courses; distance education; degrees and certificates offered and graduation requirements; costs and refund policies; available learning resources; grievance procedures; names and academic credentials of faculty and administrators; names of members of the Board of Trustees; and all other items relative to attending the institution.

#21 – Relations with the Accrediting Commission

The Riverside Community College District Board of Trustees provides assurance that Moreno Valley College adheres to the eligibility requirements and accreditation standards and policies of the Accrediting Commission for Community and Junior Colleges, describes the College in identical terms to all its accrediting agencies (including the Accreditation Review Committee on Physician Assistant Education, the Commission on Accreditation of Allied Health Education, and the American Dental Association's Committee on Dental Accreditation), communicates any changes in its accredited status, and agrees to disclose information required by the commission to carry out its accrediting responsibilities. All disclosures by the institution are complete, accurate, and honest. The College maintains contact with the Commission through its Accreditation Liaison Officer (the Vice President of Academic Affairs). In late April 2011, Moreno Valley College was host to a seven-college training session sponsored by the ACCJC. In attendance at the all-day meeting, which reviewed requirements and expectations for Comprehensive Institutional Self-Evaluations, were faculty, administrators, and staff.

Evidence that Each Accreditation Standard Will Be Fulfilled

Moreno Valley College meets all accreditation standards of AAAJC/WASC. The College's comprehensive Self-Evaluation Report for Initial Institutional Accreditation was forwarded to the Commission in order to coordinate a Fall 2009 team visit. Moreno Valley College was awarded college status in January 2010. The Commission subsequently approved the College's Follow-Up Report in January 2011.

Standard I: Institutional Mission and Effectiveness

"Responsive to the educational needs of its region, Moreno Valley College offers academic programs and student support services which include baccalaureate transfer, professional, pre-professional, and precollegiate curricula for all who can benefit from them. Life-long learning opportunities are provided, especially in health and public service preparation."

On June 20, 2006, the RCCD Board of Trustees approved the Moreno Valley College mission statement. In 2008, the Moreno Valley Strategic Planning Committee reaffirmed the mission statement, which was subsequently approved by the Board of Trustees. The mission states that it is "responsive" to the educational needs of students and assumes that it is inclusive of teaching/learning modalities other than traditional face to face. All online and hybrid courses are held to the same academic rigor, review, and student learning outcomes assessment as face-to-face courses.

Outcomes-based assessment is carried out at Moreno Valley College. The entire college is involved in the strategic planning process and in self-reflective dialogue about student learning and institutional processes. The College Strategic Plan ties resource allocation to data-driven planning and program review. Moreno Valley College interweaves planning, budget, and outcomes assessment (evaluation and ongoing quality improvement of student learning outcomes and service learning outcomes) by means of a strategic planning process which involves program review and robust dialogue at all levels of the institution.

Standard II: Student Learning Programs and Services

Moreno Valley College has risen to the challenge of providing for the whole range of educational and course-delivery needs of its service area. Moreno Valley college faculty are committed to student learning and outcomes-based assessment. All disciplines and programs participate in the program review process, which revolves around the development and assessment of student learning outcomes (SLOs). The comprehensive program review process directs disciplines and programs to "develop a student learning outcomes assessment plan" for individual courses. New course proposals are initiated by faculty and require review by their disciplines and departments. The Curriculum Committee must approve all new and revised courses, and all courses to be offered via distance education. New and revised courses are approved, and obsolete courses removed, by approval of the Board of Trustees.

Moreno Valley College offers a broad array of services to assist students in establishing appropriate educational goals and to help them achieve these goals. The College provides comprehensive services to all students regardless of location or means of delivery. The Student Services Office, in fact, is committed to providing equitable access to all students in its service area. Because so many students are first-generation college students from traditionally underserved populations and economic groups, the College has a special responsibility to make the students' experiences as welcoming and accessible as possible. The College recognizes the need for a comprehensive learning experience for students, and provides a fully integrated delivery of admissions, orientation (including online orientation), assessment, academic advisement (including online advisement), placement, and registration services to students in facilitating their achievement of educational and career goals. In addition, Moreno Valley College provides a wide range of student support services such as financial assistance, health services, child care, mental health services, and services for students with disabilities. To complement the support services effort, a comprehensive program of student activities, athletics, fine arts, student government, and clubs are available to all students to enrich their college experience.

Students, faculty, and staff at Moreno Valley College benefit from an on-campus library of 9,800 assignable square feet, as well as access to the libraries of the two sister colleges at Riverside and Norco. Librarians work with faculty and staff to ensure the library is adequately supporting college needs. Since the library catalog is available online, it is not necessary for faculty to be physically in the library to evaluate the resources which support their subject specialty and the assignments they give their students. The Instructional Media Center (IMC) provides media support to all classrooms in all buildings and at all sites. Other online library resources include: general information about library resources and services; 28,825 e-books; 40 subscription databases, including citations, abstracts, full-text articles from newspapers, periodicals, and scholarly reference sources; tutorials and guides to finding and using information; Library website including online forms to submit reference questions (to be answered via email within one working day) and with real-time chat on a limited basis.

Standard III: Resources

Moreno Valley College relies on its mission and goals as the foundation for planning, and ensures that human resources planning, physical resources planning, technology planning, and financial planning are integrated with institutional planning. The College Strategic Plan ties resource allocation to data-driven planning and program review. Moreno Valley College interweaves planning, budget, and outcomes assessment (evaluation and ongoing quality improvement of student learning outcomes and service learning outcomes) by means of a strategic planning process which involves program review and robust dialogue at all levels of the institution. Trained personnel contribute to the success of the College's programs, adequate facilities support education and student services, technology is continually reviewed for upgrading, and financial resources are carefully allocated through program review and integrated strategic planning.

In its 2010 Follow-Up Report to the ACCJC, Moreno Valley College developed strategies, assessments and measurements, and outcome expectations for *human resources*, *facilities*, *technology*, and *financial resources*. The strategies are as follow:

Goal: Professional Development - Provide the latest successful training in teaching methodology, technology, and student success to faculty and staff; provide an institutional commitment to professional renovation by strengthening Moreno Valley College's Professional Development Center with more resources and support; utilize the results of research, surveys, and student learning outcomes to sponsor training that meets the needs of faculty and staff serving students and the community.

Goal: Facilities - Improve awareness and utilization of established safety and security policies and practices; enhance student learning through a physical environment that focuses on student centered learning, including the formation of a one-stop student success center; encourage theater, music, athletics, museum, and other academic and community offerings through the design of new buildings and planning for such offerings; ensure the standardization of all current and new facilities with regard to signage, infrastructure, ADA compliance, technology, and security.

Goal: Technology - Further develop the College's infrastructure and technology innovations, modernizing technological services, and meeting workplace standards for effective technological classrooms; increase the accessibility of student support services using technology; provide technology training to students, faculty, and staff to utilize academic and support services provided by the College through technology.

Goal: Financial Resources - Strengthen financial controls and planning to leverage state, federal, and private funding to support academic, student, and administrative services on campus; build strong entrepreneurial partnerships with businesses, private foundations, federal and state organizations, and private donors to ensure sustainability of college plans; seek and establish new revenue streams to increase funding for the College to implement its strategic planning goals.

By means of these goals, Moreno Valley College endeavors to ensure that an integrated strategic planning process, including the assessment, measurement, and evaluation of these goals, is achieved. Among the corresponding strategic themes aligned to this process are:

Theme: Organizational and Professional Development - Provide resources and opportunities to faculty and staff in order to enhance professional skills [e.g., distance education training and support]; provide support to achieve the full implementation (identification, assessment, and improvement) of student learning outcomes for courses and programs [regardless of the mode of delivery].

Theme: Green Initiatives - Renovate and expand existing facilities and construct new facilities to accommodate Moreno Valley College needs [e.g., new Library/Learning Resources building in planning stages will enhance online resource support and course delivery support].

Theme: System Effectiveness - Improve the utilization of technological resources and develop the infrastructure necessary to advance technological innovations that will support academic, student services, and business services divisions [to include support for an expanding repertoire of online and hybrid course/program offerings].

Theme: Financial Resource Development - Ensure sufficient revenue stream that will support and sustain Moreno Valley College's Academic, Student Services, and Business Services programs. [The College's mission spells out the delivery of high quality instruction to all students who can benefit. Distance education modalities support efficient enrollment management practices, provide efficient facilities utilization, and are responsive to the needs and interests of students served.]

Standard IV: Leadership and Governance

The decision-making, planning, and implementation processes at Moreno Valley College involve faculty, staff, administrators and students. Units self-assess through the annual program review process, and academic disciplines through a comprehensive review carried out every four years as well. The College excels in creating an environment for empowerment, programmatic innovation, and continued work toward institutional excellence. Faculty, staff, administrators, and students regularly participate in discussions on improving practices, programs, and services.

Among the principles followed for enrollment management decision-making include the mission of the College, quality of instruction, academic and programmatic priorities, a balanced curriculum, and meaningful participatory governance in the planning, adoption, and execution of enrollment policies. Among practices is the offering of a mix of courses by time of day (morning, afternoon, weekend, distance education) that corresponds to student demand and student demographics. A College Enrollment Management Committee, headed by two faculty members (one appointed by the Academic Senate) and the Vice President of Academic Affairs, ensures that a cooperative and collaborative plan to shape enrollment is in place, including the responsible offering of distance education courses.

The Riverside Community College District is geographically broad and ethnically diverse, home to three accredited colleges, and overseen by one governing board. The Board of Trustees is responsible for considering for approval all curriculum forwarded by the District Curriculum Committee (after local College approval). The Moreno Valley College Curriculum Committee is a standing committee of the Moreno Valley College Academic Senate. The Board has approved all courses available online and/or via hybrid delivery which are in place to comprise 50% or more of the Business Administration Certificate and the Educational Paraprofessional Certificate requirements. The following courses are available online (or in hybrid, as indicated), as well as through traditional delivery:

Business Administration Certificate

Business 10 (Introduction to Business) – online and hybrid

Business 20 (Business Mathematics) – online and hybrid

CIS 1-A (Introduction to Computer Information Systems) – online and hybrid

CIS 3 (Computer Applications for Working Professionals) - hybrid

Educational Paraprofessional Certificate

English 1A (English Composition) – online and hybrid

English 50 (Basic English Composition) - hybrid

History 6 (Political and Social History of the United States) – online and hybrid

History 7 (Political and Social History of the United States) – online and hybrid

Math 52 (Elementary Algebra) – online and hybrid.

Distance Education
Statistical Report
Executive Summary

Distance education course offerings increased during the 2009-2010 academic year with distance education students showing a continuing interest in online and hybrid offerings even during a time of decreased budgets and an associated reduction in online-based course offerings. Online course sections decreased with a total of 802 sections for the year, compared to 907 last year, but with a 6% enrollment increase while hybrid courses increased to 381 sections, up from 359 the previous year, with a 22% enrollment increase. Telewebcourses were discontinued after the last two sections in 09SUM due to low enrollments. Overall, distance education enrollment is up 11% to 40,993 – up from 36,967.

Enhancements in all course categories – such as increasing the use of video in all instruction modes and continuing to enhance an expanding number of face-to-face courses with web components - will continue as RCCD strives to provide students with more opportunities to complete degree or certificate requirements.

The following are key distance education totals for the 2009-2010 academic year:

Total students

Telewebcourses	58
Online	27,214
Hybrid	<u>13,721</u>
Total	40,993

2009-2010 distance education gross revenue.....\$14,412,822

2009-2010 distance education fees and expenses.....\$4,452,479

2009-2010 distance education net revenue.....\$9,960,343

RIVERSIDE COMMUNITY COLLEGE DISTRICT DISTANCE EDUCATION 2009-2010

Introduction

This is the tenth annual publication designed to review the various fiscal and statistical aspects of the Open Campus Distance Education Program at Riverside Community College District (RCCD). This report also presents a thorough review of the course offerings, enrollment data and related revenue generation.

The statistics and financial data contained herein demonstrate, most notably, the growth of online and hybrid course development and an increased reluctance for distance education students to come to campus even during a time of decreased budgets and an associated reduction in online-based course offerings. The number of online courses offered by RCCD decreased during 2009-2010, for a total of 802 course sections including six new online courses. Hybrid courses increased with 381 sections and 14 new courses during the academic year (AY). In addition, we offered two final telewebcourse sections in 09SUM due to low enrollments.

This report will further illustrate that the decision to decrease distance education offerings to 1185 sections this year - a 7% decrease - has proven to be economically sound. Even during a time of economic downturn, it has helped solidify our standing as one of the most innovative and prolific producers of distance education courses among California's community colleges. Increased course offerings now enable RCCD to offer 49 certificates (37 at Riverside; 12 at Norco) via distance education and we remain one course from being able offer a complete A.A. degree via distance education.

What's Up with Distance Education at RCCD?

The Open Campus Distance Education Program at RCCD has grown significantly for each of the past eight years.

Technological growth and widespread interest in the Internet has led RCCD to expand and develop a variety of new courses over the last year. We have also augmented and redesigned some existing courses to utilize new modes of learning and interaction – including the introduction of our own password-protected video server to stream video content to students. The convenience and flexibility of learning with these new technologies allows adult learners even more opportunities to work towards a college degree while juggling busy job and family responsibilities.

Types of Distance Education Courses

RCCD offers two types of distance education courses:

1) **Online** courses allow students to take courses completely online. Students access stimulating and informative course materials using a computer and the Internet at home or in the workplace. Internet-based tools allow the use of e-mail discussion boards, chats rooms, and other learning tools. Thirty seven online courses, totaling 46 sections, incorporated video into course material that was distributed via both cable access and video server (up from 16 courses of 43 sections the previous AY).

2) **Hybrid** or “blended” courses are taught half online; that is, they utilize both face-to-face instruction and Internet-based learning. Hybrid courses offer the “best of both worlds” in that half the class takes place on-campus, while the other half of the class contact hour time is completed via Internet-based assignments. Fifteen hybrid courses, totaling 18 sections, incorporated video into course material that was distributed via video server (up from five courses of 11 sections the previous AY).

3) In addition, RCCD has experienced rapid growth in **Web-enhanced** courses, which are regular face-to-face courses that have been augmented with course web sites. While these are not “distance” learning in the sense of reduced seat time, web-enhanced courses can share many of the features of online and hybrid courses: e.g., electronic communication, online document repositories, and web-based homework assignments. Four web-enhanced courses, totaling four sections, incorporated video into course material that was distributed via video server (compared with one course of ten sections the previous AY).

Growth

While online-based offerings decreased due to budget cuts – from 907 to 802 sections offered during 2009-2010 – enrollments increased 6%. All of the 20 new online and hybrid courses were developed by RCCD faculty in conjunction with Open Campus instructional design specialists. We also updated some of our online, hybrid and web-enhanced courses by licensing new video series. This brought our yearly distance education course total to 1185 sections – a 7% decrease due to budget cuts.

The Future of Distance Education – Where Do We Go From Here?

Online course development coupled with improved hybrid courses, remain our distance education priorities. Enrollment in our online courses remains high and most of our online sections are full after the first few days of registration. We currently have new online courses and hybrid courses, incorporating web-accessed homepages for syllabus information, homework assignments, lesson materials, instructor contact links, and additional materials, including E-packs and video.

The Open Campus Web Site

More students are accessing college information via RCCD's Open Campus web site and so Open Campus will continue to develop our series of helpful distance education web pages. They currently not only include listings of telecourses, online and hybrid courses, but also have been designed to offer important links to additional student service resources – technical tips for accessing their computer-based courses; complete course schedule, broadcast and video server access information; plus e-mail links to instructors.

Open Campus Help Desk

Improvements in the Open Campus web site have helped decrease the number of Help Desk inquiries significantly - a function that was transferred to Presidium, first as part of a Chancellor's Office pilot program, but now as a fully funded contract with Open Campus - so that we can focus our limited manpower resources on assisting instructors, enabling them to streamline their course content to increase clarity and ease of access.

Blackboard

RCCD, with financial support from the Foundation for California Community Colleges (FCCC), uses Blackboard Campus Edition (CE) 8 course management software. Blackboard provides the instructor, with support from Open Campus instructional design specialists, with a template they may use to organize their online, hybrid and web-enhanced lessons, incorporate instructional chat rooms, integrate online quiz and text capabilities, and facilitate instructor tracking in order to monitor student progress. This allows our Internet-based courses to have a consistent look and also make it easier for instructors to organize their classes and offer automatically graded online testing alternatives. During this AY, Open Campus, in cooperation with Information Services, continues a process to automate an increasing portion of Blackboard-Datatel processes that will provide Open Campus with 24/7 maintenance and course management updates by Blackboard for efficiently downloading student rosters from Datatel into Blackboard CE 8 course shells.

Student Survey Statistics

A student survey of online-based students was conducted during 10SPR. The results (Appendix B) indicate students are comfortable accessing their online-based course and are satisfied with the experience. It's interesting to note students would like to see more use of interactive games, video and audio in online-based courses.

Online Skills Assessment

Open Campus, in cooperation with Matriculation and Information Services departments at RCC, developed an online skills workshop to assist students lacking adequate computer skills to enhance overall online course success rates. The online skills workshop was used for the first time in the 05FAL registration and required new students or those that have not successfully completed an online course with a C grade or better to complete the online skills workshop prior to being allowed to enroll in an online course.

Blackboard Academy

Open Campus completed the process to move the monthly one-day Blackboard Academy – where an average of 14 instructors each month learned the basics of offering online-based courses – to an online format beginning in June 2009. The new online Blackboard Academy allowed 99 instructors this AY to spend more time becoming familiar with online-based course technologies for an entire month - 24/7 - rather than one day.

Revenue Generated from Distance Education

Revenue for RCCD's Distance Education Program is calculated by subtracting program costs from the amount of money received from the State for fulltime equivalent students (FTES – Appendix A) that the Distance Education Program generated this past year. According to this metric, the Distance Education Program displayed a very strong year during 2009-2010 with net revenues reaching \$9,960,343.

The major reason that the program displayed a strong year in net revenue was the fact that while RCCD offered less distance education courses, the enrollments continued to grow. It shows that these courses are a very cost-effective way for the college to provide educational opportunities for our students and reach out to populations that have been underserved in the past due to work and family commitments.

Summary of 2009-2010 Distance Education Statistics

	Courses	Sections	Enrl. (C-1)
09SUM	84	184	5,229
09FAL	193	458	16,172
10WIN	73	132	4,062
10SPR	190	411	15,530
09-10 Totals	540	1,185	40,993

2009-2010 Distance Education Courses Gross Revenue

2009-2010 revenue from 4504.01 FTES (unit/hrs. x enr./525 = FTES)..**\$14,412,822**

Distance Education Fees and Expenses for 2009-2010

Video licensing, procurement and per-student fees.....	\$13,483
Distance education-related estimated faculty salaries (indirect cost).....	\$3,368,685
Distance education-related Open Campus staff salaries/benefits.....	\$584,876
Blackboard license fee.....	\$124,400
Presidium license fee.....	\$49,869
Distance education-related equipment, marketing and misc. expenses...	\$311,196
Total expenses.....	\$4,452,479

2009-2010 Distance Education Courses Net Revenue.....\$9,960,343

APPENDIX A

The following is a detailed view of the course offerings, enrollment data, FTES and related revenue for the distance education courses offered at RCCD during the last AY (enrollments are based on first census - C-1):

APPENDIX B

The following is the results of a survey conducted with enrolled online-based course students during 10SPR. For the first time, the results are broken down by instruction mode – online, hybrid and web-enhanced. The response rate was 7% for online, 5% for hybrid and 1.8% for web-enhanced:

Riverside Community College District

Moreno Valley College

Riverside Community College District Chancellor

Riverside Community College District

Educational Services

RIVERSIDE COMMUNITY COLLEGE DISTRICT INDICATORS FOR DISTANCE EDUCATION 2009-2010

Distance education includes class offerings where the instruction methods are hybrid, web enhanced, exclusive online and teleweb.

The following information provides the break down by campus on distance education. Some of the key observations are as follows:

- District wide about 46 % of the total load on distance education was taught by full time faculty.
- The success rates are higher at Moreno Valley campus for distance education.
- The efficiency is the highest at Riverside campus for distance education. It may be noted that even though efficiencies are higher across the board for each campus for distance education, the efficiencies of exclusive online classes appear to be low.
- Fill ratio at Moreno Valley were the highest at about 96.38 % for distance education.

RIVERSIDE COMMUNITY COLLEGE DISTRICT
PLANNING AND OPERATIONS COMMITTEE

Report No.: III-C-1

Date: June 21, 2011

Subject: 2013-2017 Five-Year Capital Construction Plan, Initial Project Proposals and Final Project Proposals

Background: The California Community College Chancellor's Office requires each Community College District to submit annually a Five-Year Capital Construction Plan, proposed Initial Project Proposals (IPPs), and Final Project Proposals (FPPs) for review and consideration, once each District's Board of Trustees has considered and approved the plans and proposals.

Provided for the Board's review and approval are the RCCD 2013-2017 Five-Year Capital Construction Plan and the following project proposals (Exhibit I):

Initial Project Proposals:

1. Norco College – Center for Human Performance and Kinesiology (Phase II)
2. Norco College – Visual/Performing Arts Center
3. Riverside City College – Student Services and Workforce Development Building

Final Project Proposals:

1. Moreno Valley College – Center for Human Performance
2. Moreno Valley College – Library Learning Center
3. Riverside City College – Cosmetology Building
4. Riverside City College – Life Science/Physical Science Reconstruction

Recommended Action: It is recommended that the Board of Trustees approve: the 2013-2017 Five-Year Capital Construction Plan; the Initial Project Proposals: Center for Human Performance and Kinesiology – Phase II (Norco College), Visual/Performing Arts Center (Norco College), Student Services and Workforce Development Building (Riverside City College); and the Final Project Proposals: Center for Human Performance (Moreno Valley College), Library Learning Center (Moreno Valley College), Cosmetology Building (Riverside City College), and Life Science/Physical Science Reconstruction (Riverside City College); and authorize the Chancellor and Board of Trustees' President to sign the California Community College Chancellor's Office approval letter (Exhibit II).

Subject: Phase III Student Academic Services Facility at Moreno Valley College – Design Presentation

Background: On October 19, 2010, the Board of Trustees approved a tentative project budget in the amount of \$19,425,642, a construction management agreement with C. W. Driver in the amount of \$2,008,473 and a second agreement with WWCOT to provide design services in the amount of \$1,325,200 for the project. On April 15, 2011, the Board approved a budget augmentation for costs associated with the previous design of the project. The project budget for Phase III Student Academic Services Facility was formally increased to \$20,494,033 (State \$15,100,768/ Measure C \$5,392,830). Substantial development has occurred on the project plans and specifications.

Staff and LPA architects now provide a design presentation (Exhibit A) on the Phase III Student Academic Services Facility project for the Board's review and comment.

PLANNING AND OPERATIONS COMMITTEE

Report No.: III-C-3

Date: June 21, 2011

Subject: Planning for 2016 and Beyond; Our Next Century of Service

Background: Five years from now, in March 2016, our founding institution will celebrate its 100th birthday! This is a monumental milestone—one that coincides with the 25th anniversaries of our institutions in Norco and Moreno Valley.

Entering our second century of service requires us, as a District and community of three colleges, to embark upon new journeys, guided by a shared strategic vision and plan. Over the past decade, RCCD has undergone fundamental structural changes, with each campus transforming into a separately accredited college supported by selected centralized District services. This transition has brought us to the present and positioned us for the future. The job before us is to ensure that our future is equal to or better than our rich past.

The Chancellor has asked that the college and district strategic planning committees carefully and thoughtfully undertake an important new strategic planning activity this next year: **Planning for 2016 and Beyond: Our Next Century of Service**. The framework for this planning process was presented at the May 6th District Strategic Planning Committee meeting, and is presented herewith.

Why This Is So Hard?

A Historical Perspective

- Pre Prop 13 Era – As golden as it gets
- The late 70s and beyond
 - several up and down economic cycles
- What did we do to respond?
 - self insurance JPAs
 - health insurance PPOs, co-pays, deductibles
 - energy retrofits, utility purchase contracts
 - downsizing, rightsizing, one sizing, all kinds of sizing
 - created foundations, wrote more grants
- The point is there isn't much out there that hasn't been done

What can we do?

What is innovative today?

- Think back over the last 5 or 6 years and the decisions made by your district
- In today's environment would you have made the same decision?
- We added new programs or services, entered into contracts, extended the reach of the colleges, improved the compensation structure for our employees, etc.
- Once something is put in place we tend to relegate it to the fabric of the institution and don't really give it much thought
- Due to recent events, it has become clear that our institutions need to re-think how we make operational decisions

What is innovative today? (continued)

- Today's innovation is to look at what is, what has been and what is to be through a new set of lenses
- It may be time to take a fresh look at what we have done in a number of areas and to reconsider those things that we truly believe to be vital
- Surviving in this environment may require a significant change in the way we operate

- **Counseling**
- **Matriculation**
- **Financial Aid**
- **Research**
- **Marketing**
- **Partnerships**
- **High Cost Programs**
- **Unfunded FTES**
- **Child Dev Centers**
- **Galleries**
- **Planetariums**
- **Overcap FTES**
- **Student Life**
- **External agreements**

-Achieve funded FTES
-Sustain transfer, career tech, basic skills
-Maintain accreditation standards

The Process

- Given the suggestion about looking at things anew and the organizing tools identified, there is still the concern about how to integrate the decisions to be made with planning and long term goals of the organization
- We have to recognize that in the end we cannot be the exact same institutions we were going into this. If nothing else we are going to be smaller, maybe much smaller and will we be more efficient?
- If as part of the process you can establish a vision of what you want to look like after it is done then the fog of what to reduce is lifted somewhat

Another Reality

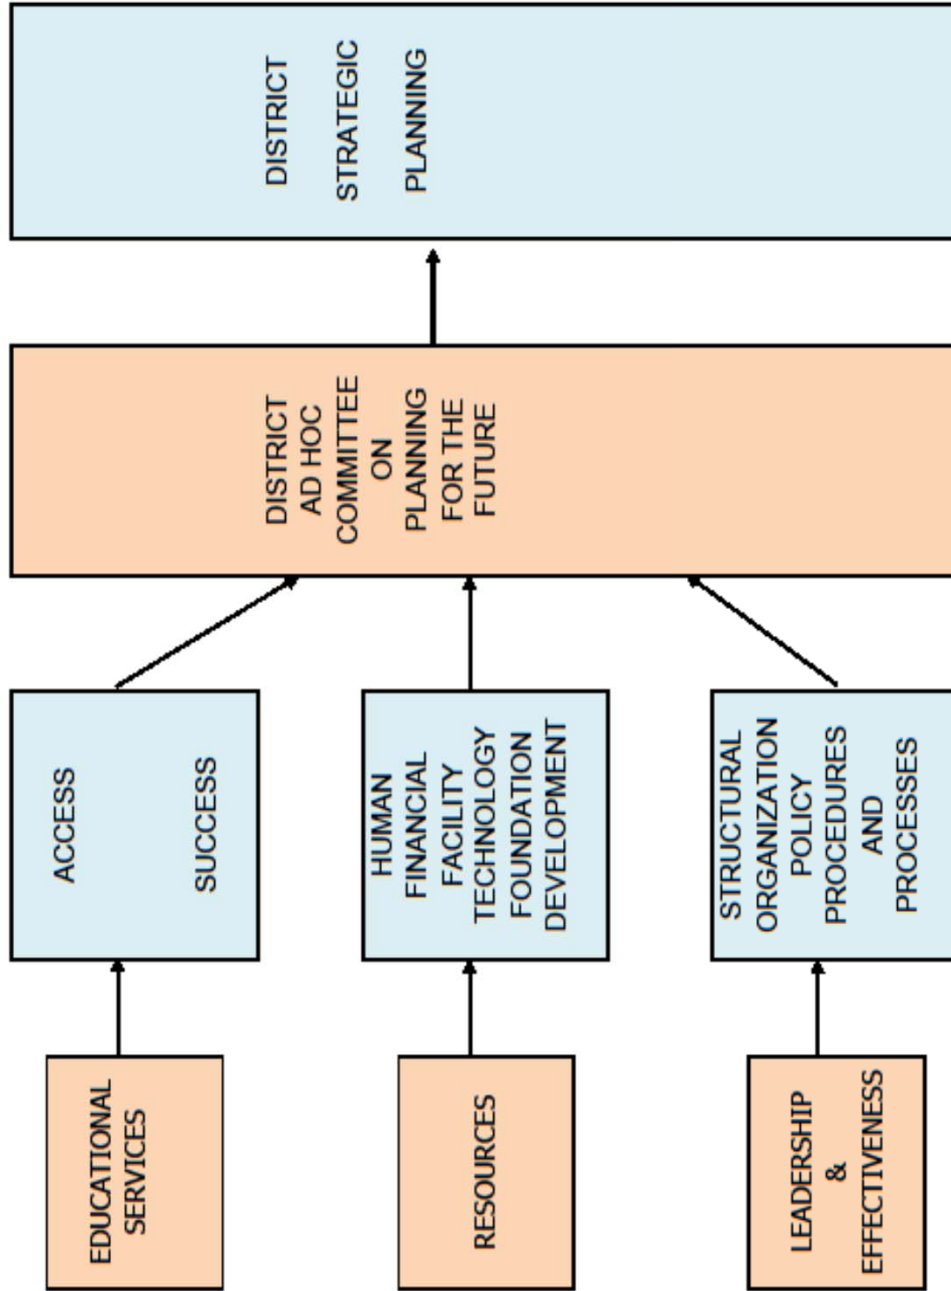

- This fiscal picture will not change for awhile
- You still are faced with increased costs even if you do nothing different
- We have to take that into account and the biggest component of the increase is staff compensation
- As we have seen around the nation public sector employees are being called upon to agree to some serious adjustments in their contracts
- While the circumstances suggest there are actions possible it would be a good idea to think carefully what is it you really need from the employee groups to be survive now but also to be successful coming out of this crisis

Another Reality (continued)

- Think about crafting a package that is clear, demonstrates what is gained for the health of the organization and the true impact on employee groups

RIVERSIDE COMMUNITY COLLEGE DISTRICT
FACILITIES REPORTS

Report No.: III-D-1

Date: June 21, 2011

Subject: Moreno Valley College Dental Education Center – Award Bids for Construction Categories

Background: On January 25, 2011, the Board of Trustees approved a tentative project budget in the amount of \$9,500,181 for the Moreno Valley College Dental Education Center (MDEC) project using Moreno Valley College Allocated Measure C funds. On March 15, 2011, the Board of Trustees pre-approved bid awards to the lowest responsive/responsible bidders for four categories to the project, Categories 1-4.

Due to the importance of meeting the unusually rapid student occupancy schedule for the Fall 2011 term, the construction activities for the Moreno Valley College Dental Education Center began early April 2011. Staff is seeking every opportunity to accelerate project construction. Although an exception to District standard operating procedures, staff requests Board pre-approval of bid awards to the lowest responsive/responsible bidder within the project budget, and pre-approve issuing notices to proceed for multiple construction categories. Currently, ten (10) construction categories requesting pre-approval are listed as follows:

Category 5 – Site Concrete

Category 6 – AC Paving

Category 7 – Miscellaneous Metal

Category 8 – Sheet Metal/Flashing

Category 9 – Masonry

Category 10 – Landscape and Irrigation

Category 11 – Specialties

Category 12 – Medical/Dental Equipment
Moving/Relocation

Category 13 – Doors, Frames and Hardware

Category 14 – Painting (C33)

Early award of these categories will allow the project to remain on schedule. The scope of work includes items to provide a complete and finished product. Final bid results for Board review and ratification will be presented at the next regular Board of Trustees Meeting after each bid award.

Funded from the Board-approved project budget, Moreno Valley College Allocated Measure C funds.

Recommended Action: It is recommended that the Board of Trustees consider approval of the Moreno Valley College Dental Education Center award of bids for ten construction project categories as listed above (Categories 5 -14); and award to the lowest responsive/responsible bidders as long as bids are within the project budget; authorize the issuance of notices to proceed for the ten construction categories; permit project bid ratification at a subsequent Board of Trustees meeting; and authorize the Vice Chancellor, Administration and Finance to sign the associated agreements.

Report No.: III-D-2

Date: June 21, 2011

Subject: Learning Gateway Building at Moreno Valley College –Award Bids for Construction Categories

Background: On December 15, 2009, the Board of Trustees approved the scope design and tentative budget in the amount of \$31,800,000 for the Learning Gateway Building project at the Moreno Valley College using Moreno Valley College Allocated Measure C funds.

Due to the importance of meeting the rapid student occupancy schedule for the Fall 2012, the construction activities for the Moreno Valley College Learning Gateway Building must begin by July 2011. Staff is seeking every opportunity to accelerate the project construction schedule. Although an exception to District standard operating procedures due to the lack of a July Board of Trustees meeting, staff request Board pre-approval of bid awards to the lowest responsive/responsible bidders within the project budget, and pre-approve issuing notices to proceed for multiple construction categories. The twenty-one (21) construction categories for which we are requesting pre-approval are listed as follows:

Category 13 – Survey	Category 25 – Glazing
Category 14 – Grading/Demo	Category 26 – Drywall, Plaster, & Insulation
Category 15 – AC Paving	Category 27 – Tile
Category 16 – Site Concrete & Site Pavers	Category 28 – Acoustical Ceilings
Category 19 – Landscaping & Site Furnishings	Category 29 – Flooring
Category 20 – Misc/Structural Metals	Category 30 – Painting
Category 21 – Casework	Category 31 – Misc Specialties
Category 22 – Flashing, Sheet Metal & Metal Panels	Category 32 – Plumbing
Category 23 – Waterproofing/Roofing	Category 33 – Mechanical
Category 24 – Doors, Frames, and Hardware	Category 34 – Electrical
	Category 35 – Parking Structure

Early award of these categories will allow the project to start as soon as possible to ensure the project remains on schedule. The scope of work includes all remaining items to provide a complete and finished product. Final bid results for Board review and ratification will be presented at the next regular Board of Trustees Meeting following bid award.

Funded from the Board-approved project budget, Moreno Valley College Allocated Measure C funds.

Report No. III-D-3

Date: June 21, 2011

Subject: Consultant Services – Amendment No. 3 with Facilities Planning and Consulting Services

Background: On October 20, 2009, the Board of Trustees approved consulting services agreements, using District Measure C funds, with two consultants; Facilities Planning and Consulting Services (FPCS) in the amount of \$24,000 and Facilities Planning and Program Services, Inc. in the amount of \$76,000. On April 20, 2010, the Board of Trustees approved Amendment No. 1 in the amount of \$30,000 with FPCS for additional supplemental services for the District's three Colleges. On October 19, 2010, the Board of Trustees approved Amendment No. 2 in the amount of \$75,000 for additional supplemental services for the remainder of the fiscal year 2010/2011, totaling agreement to \$129,000.

Staff now requests approval of Amendment No. 3 with Facilities Planning and Consulting Services in an amount not to exceed \$85,000. The FPCS consultant, who has provided exemplary service to the District, will assist the District through the next fiscal year 2011/2012 and will assist in processing of the District's Space Inventory, Five-Year Scheduled Maintenance Plan, Scheduled Maintenance Project Funding Proposals, Hazardous Substance PFP's, training of District personnel, attend planning meetings as requested by the District, and all other compliance requirements for the California Community Colleges Chancellor's Office. The Facilities Planning and Consulting Services agreement totals \$214,000 including amendments and reimbursable expenses. Amendment is attached for the Boards review and consideration.

To be funded by Feasibility/Planning/Management Measure C Funds.

Recommended Action: It is recommended that the Board of Trustees approve the proposed consulting services Amendment No. 3 with Facilities Planning and Consulting Services in an amount not to exceed \$85,000 using Measure C funds; and authorize the Vice Chancellor, Administration and Finance, to sign the amendment.

THIRD (3) AMENDMENT TO AGREEMENT
BETWEEN
RIVERSIDE COMMUNITY COLLEGE DISTRICT
AND
FACILITIES PLANNING AND CONSULTING SERVICES
*(Consulting Services for the
Office of Facilities Planning, Design and Construction)*

This document amends the original agreement and amendments between the Riverside Community College District and Facilities Planning and Consulting Services, which was originally approved by the Board of Trustees on October 20, 2009.

The agreement is hereby amended as follows:

- I. Additional compensation of this amended agreement shall not exceed \$85,000, including reimbursable expenses. Facilities Planning and Consulting Services' agreement, including amendments and reimbursable expenses, now totals \$214,000. The term of this agreement shall be from the original agreement date of October 21, 2009, to the estimated completion date of June 30, 2012. Payments and final payment shall coincide with original agreement.
- II. The scope of work is described in Exhibit I, attached.

All other terms and conditions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date written below.

Exhibit I

Scope of Services:

- On an as needed basis, Consultant will consult and assist District staff in the preparation of the Five Year Capital Outlay Plan and make recommendations for potential future projects as directed by District.
- Consultant will review and comment on proposed Initial Project Proposals (IPP's) and Final Project Proposals (FPP's) when requested by District.
- The Consultant will assist the District in the creation of the annual Space Inventory as requested by the District.
- Consultant will assist the District in the creation of the Five Year Scheduled Maintenance Plan, Scheduled Maintenance Project Funding Proposals (PFP's) and Hazardous Substance PFP's as requested and directed by District.
- Consultant will conduct training for District personnel and attend District planning meetings as requested by the District.
- Consultant will also assist District with any and all other construction compliance requirements of the California State Chancellors Office as directed and requested by the District.

Compensation:

The fees for consultant services shall be computed on the basis of the following:

\$145 per hour for planning and consulting services provided on or off District property. This agreement shall not exceed \$85,000 without prior written authorization from the District.

Allowable Reimbursable Expenses:

Reimbursable expenses will be billed at Consultant's cost and include, but are not limited to travel expenses, hotel expenses, printing costs, postage, mailing/shipping, presentation materials and postage.

RIVERSIDE COMMUNITY COLLEGE DISTRICT
RESOURCES COMMITTEE

Report No.: III-E-1

Date: June 21, 2011

Subject: Tentative Budget for 2011-2012 and Notice of Public Hearing on the 2011-2012 Budget

Background: On or before the first day of July, the District is required to develop a Tentative Budget for the ensuing fiscal year and to forward a copy to the Riverside County Superintendent of Schools. The Tentative Budget for FY 2011-2012 is attached for the Board's review and consideration. Changes to this budget will be reflected in the Final Budget which will be submitted in September for Board approval.

The essential purpose of the Tentative Budget is to establish spending authority for the District from July first until such time as the Final Budget is adopted by the Board of Trustees in September. This two-part budget process is necessary due to uncertainties associated with both the State budget for the coming fiscal year and the State's "Second Principal Apportionment (P2)" report for the then current fiscal year.

It should be observed that the Riverside Community College District has adopted an approach to the Tentative Budget which yields a modified, continuing resolution budget. Thus, the Tentative Budget for fiscal 2012 reflects a continuation of the adopted FY 2010-2011 Budget, albeit, with certain modifications as described in the attachment.

The FY 2011-2012 Tentative Budget takes into consideration the Governor's May Revise budget proposal. The primary impact is a workload reduction of 5.3% which will reduce our funded credit Full-Time Equivalent Students (FTES) by approximately 1,439 to 25,250, resulting in a decrease to State general apportionment revenue of approximately \$6.8 million. Accordingly, targeted credit FTES for the District has been established at 26,357, leaving 1,107 as projected unfunded credit FTES.

Additionally, in accordance with Title 5, Section 58300, the Tentative Budget must indicate the date, time and location at which the Board will hold a public hearing concerning the Final Budget proposal. The staff recommends that the Board set September 20, 2011 as the date for the public hearing. Also, and pursuant to Title 5, Section 58301, the Final Budget proposal must be made available for inspection three (3) days prior to the public hearing. We plan to use the Office of the Vice Chancellor, Administration and Finance, for this purpose. Finally, we will publish this information in The Press Enterprise.

Recommended Action: It is recommended that the Board of Trustees approve the 2011-2012 Tentative Budget, which consists of the funds and accounts noted therein, and authorize staff to forward a copy to the Riverside County Superintendent of Schools.

It is also recommended that the Board of Trustees announce that: 1) the proposed 2011-2012 Budget will be available for public inspection beginning September 15, 2011, at the Office of the

Report No.: III-E-2

Date: June 21, 2011

Subject: Network Operations Center at Moreno Valley College and Norco Operations Center at Norco College – Budget Augmentation

Background: On January 27, 2009, the Board of Trustees approved a project design and budget in the amount of \$2,994,082 for the Network Operations Center at the Moreno Valley College. The Network Operation Center project will house central telephone and network operations equipment, provide offices for information technology staff and support space for equipment repair, storage and staging new equipment. On December 15, 2009, the Board of Trustees approved the scope design and tentative project budget in the amount of \$16,834,625 for the Norco Operations Center at the Norco College. The Norco Operations Center project will include office, storage, and meeting space for maintenance and operation functions. It will also house the College's Network Operations Center which includes instructional media support services, storage and repair facilities, and space to house the College Emergency Command Center.

Based on technical issues and peer review within the IT Implementation Committee, staff requests the Board's review and consideration of augmenting the project budget for both the Network Operations Center and Norco Operations Center by \$80,000 each so the architectural firms can move forward with necessary modifications to the Heating, Ventilation and Air-Conditioning (HVAC) systems for the data equipment as specified by the IT audit recommendations. The increase in funding will include specification and design changes to the HVAC system, architect/engineering fees and the purchase of the equipment. The tentative project budget for each project now totals: \$3,074,082 for the Network Operations Center at the Moreno Valley College and \$16,914,625 for the Norco Operations Center at the Norco College.

The total budget augmentation of \$160,000 will be funded by the IT Upgrade project budget, Centrally Controlled Measure C funds.

Recommended Action: It is recommended that the Board of Trustees approve the budget augmentation in the amount of \$80,000 for the Network Operations Center project at the Moreno Valley College; approve the budget augmentation in the amount of \$80,000 for the Norco Operations Center at Norco College; and approve using the IT Upgrade project budget, Centrally Controlled Measure C funds.

RIVERSIDE COMMUNITY COLLEGE DISTRICT
RESOURCES COMMITTEE

Report No.: III-E-3

Date: June 21, 2011

Subject: Document Imaging Services and Software

Background: The District currently utilizes the Singularity Document Management solution for document imaging and management. This system has been in place since the District purchased the system from Hershey Software of Santa Fe Springs, CA. after a competitive bid award (Board Item # V-A-6-E, awarded June 16th 2008). The initial scope of work included the development and implementation of the Financial Aid and the Admissions and Records Departments. Those initial efforts have been completed and both departments' current image processing as well as legacy records have been integrated into active administrative systems and workflows.

At this time the District has an urgent need to continue forward with this effort and integrate the Human Resources and Finance Departments into the Singularity system. The urgency of this project is predicated on the scheduled physical movement of both Human Resources and the Finance Department to the new Systems Office (to be constructed). At the completion of this construction there will be insufficient space in the new facilities for archived document storage. Thus, the effort of integration and archiving of paper documents must be completed by the end of the construction phase. This second phase of the project has been in the planning stage for over a year and is recommended by PlanNet in the "IT Audit."

Since the initial purchase of the Singularity software, Hershey Systems has been acquired by Hyland Software, which will continue to support and develop the Singularity system. Hyland Software has presented the District with project proposals focused on current document capture modules, archived document capture and conversion for both departments and licenses for two additional scanning stations for each department. The cost has been estimated by Hyland Software to be \$21,500.00 per department, for a total of \$43,000.

This proposal also has been reviewed and approved by the Information Technology Implementation Committee. Staff recommends that the upgrade be funded by Measure C funds.

Recommended Action: It is recommended that the Board of Trustees approve the purchase of services and additional software from Hyland Software in the amount of \$43,000 and approve using the IT Upgrade project budget, Centrally Controlled Measure C funds.

Report No.: III-E-4

Date: June 21, 2011

Subject: Purchase District Web Server Upgrade Equipment from Dell Using Western States Contracting Alliance (WSCA) Agreement #B27160

Background: Riverside Community College District currently operates web servers for the Office of Strategic Communications in two locations, the IT server rooms at Riverside City College and offsite at Acorn Technology Corporation. The servers located at Riverside City College have been in service for over eight years and are considered “end of life.” The servers need to be replaced and expanded.

The new servers would be located at Acorn Technologies because of limited space and resources at Riverside City College. This will enable the District to manage current and projected user traffic and the transition to a universal platform running Microsoft Office SharePoint Server 2010. The server upgrades are in line with the recommendations of the IT Audit consultants and were approved by the IT Implementation Committee for immediate purchase. Approval from the Board of Trustees is requested to use a total of \$93,168.62 of the IT Upgrade project budget, Centrally Controlled Measure C funding to purchase the required servers and hardware.

On November 17, 2009 the Board of Trustees approved using WSCA Agreement #B27160 to purchase Dell proprietary hardware, in accordance with Public Contract Code Section 20652. This contract is valid until August 31, 2014. The IT Implementation Committee recommends the procurement of Dell PowerEdge M610 blade servers and its associated networking components using approved WSCA Agreement #B27160. District staff has reviewed available cooperative purchasing agreements and other formal purchasing options for the purchase of information technology equipment, software and services, and found that this subject contract best meets the needs of the District.

Recommended Action: It is recommended that the Board of Trustees approve the expenditure of the IT Upgrade project budget, Centrally Controlled Measure C funds in the amount of \$93,168.62, to purchase replacement servers for the Office of Strategic Communications and Relations using approved WSCA Agreement #B27160.

Report No.: III-E-5

Date: June 21, 2011

Subject: Learning Gateway Building at Moreno Valley College – Construction Management Amendment No. 1

Background: On March 17, 2009, the Board of Trustees approved the use of Measure C funding in the amount of \$4,750,000 for planning and design of the Learning Gateway Building (formerly called Parking Structure and Surge Space) project at the Moreno Valley College. On November 17, 2009, the Board of Trustees approved the Learning Gateway Building project be delivered using Construction Management Multiple Prime contracting. The Board also approved an agreement with C.W. Driver in the amount of \$2,086,578 to provide construction management services for the project.

Staff now requests approval of an amendment with C.W. Driver in the amount of \$89,215 to extend the length for pre-construction services for the Learning Gateway Building project from August 1, 2011 to April 1, 2012. The extended length for pre-construction is required due to the bifurcation of the Lion's Lot from the main Learning Gateway Building project. The division from one to two projects is due to the Division of the State Architect's furlough delays. The Lion's Lot construction was originally planned to be concurrent with the construction of the Learning Gateway Building; however, the separation of these two "phases" was requested by the College to augment student parking as soon as possible.

The C.W. Driver agreement, including amendment and reimbursable expenses, totals \$2,175,793. To be funded by the Board approved project budget, Moreno Valley College Allocated Measure C funds.

Recommended Action: It is recommended that the Board of Trustees approve Amendment No. 1 with C.W. Driver for the Learning Gateway Building project at the Moreno Valley College in an amount not to exceed \$89,215; and authorize the Vice Chancellor, Administration and Finance, to sign the amendment.

FIRST (1) AMENDMENT TO AGREEMENT
BETWEEN
RIVERSIDE COMMUNITY COLLEGE DISTRICT
AND
C.W. DRIVER
(Learning Gateway Building at Moreno Valley College)

This document amends the original agreement between the Riverside Community College District and C.W. Driver, which was approved by the Board of Trustees on November 17, 2009.

The agreement is hereby amended as follows:

- I. Additional compensation of this amended agreement shall not exceed \$89,215, including reimbursable expenses, totaling agreement to \$2,175,793. The term of this agreement shall be from the original agreement date of November 18, 2009, to the estimated completion date of June 30, 2012. Payments and final payment shall coincide with original agreement.
- II. The additional scope of work is to extend the length for pre-construction services from August 1, 2011 to April 1, 2012.

All other terms and conditions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date written below.

Report No.: III-E-6

Date: June 21, 2011

Subject: Groundwater Monitoring Wells - Disposition at Norco College – Tentative Project Budget

Background: In 1990, subsequent to the transfer of the U.S. Navy Corona Naval Weapons Center property to the District, for use as the Norco College site, the State approved the cleanup of the property due to the landfill reportedly consisting of glass, medical supplies, incinerator ash, metal scrapes and construction debris. The State stipulated that as a safety precaution, three groundwater wells were to be installed and monitored on a semi-annual basis. On October 18, 1990, Department of Toxic Substances Control (DTSC) issued a letter documenting that cleanup action was complete, but required continued groundwater monitoring for five years. Recent investigation revealed that two of the wells that were originally installed were removed when Third Street was widened from two lanes to four lanes. The third well remains in the median of Third Street. An Environmental Records Review, administered by DUDEK, reveals that the DTSC has an open file, concerning contaminated soils on the site, prior to the District taking possession of the property. It was also discovered there was no documentation indicating that groundwater monitoring had taken place. Due to the lack of documentation DTSC will not de-list the property, or enter a ‘No Further Action’ decision on the property until the District installs two additional wells and completes an Operations and Maintenance Work plan, monitoring the wells for a five-year period.

Staff therefore recommends the Board of Trustees approve a tentative project budget in an amount not to exceed \$100,000 to install two additional wells, develop an Operations and Maintenance Work plan that will meet regulatory requirements with DTSC, and have DTSC review the property and de-list it from their records after the five-year monitoring period.

To be funded by Program Contingency Measure C funds.

Recommended Action: It is recommended that the Board of Trustees approve a tentative project budget in an amount not to exceed \$100,000 for the Groundwater Monitoring Wells – Disposition project at the Norco College.

Report No.: III-E-7

Date: June 21, 2011

Subject: Riverside Nursing/Science Building Project – Design Amendment No. 7

Background: On June 20, 2006, the Board of Trustees approved an agreement with GKK Works (GKK) to provide plans, specifications and working drawings for the Nursing/Science Building project at the Riverside City College for \$4,290,825.15. Since then, the Board of Trustees approved Amendments 1 through 6 with GKK for multiple changes to the project which include: development of design and specifications of a site plan layout and special signage, engineering and design services for audio-visual and information technology systems, and design services for development of safety and security systems; design services to assess changes required by the California Building Code (2007 CBC) related to structural/mechanical systems and fire/life safety issues; development of hazardous materials management services in response to Division of State Architect (DSA) Fire Marshal's Plan review of the project; a Leadership in Energy and Environmental Design (LEED) feasibility study with a summary analysis for LEED prerequisites and a summary estimating potential savings to the District for changes to green project design, development and operations; revisions to the Life Science Department for architectural services, mechanical, plumbing and electrical engineering, Information Technology and Audio Video consulting services; and LEED implementation, not originally designed within the project.

Staff now requests approval of a seventh request for additional services with GKK for the Riverside Nursing/Science Building project in the amount of \$30,670. The additional services are for District requested revisions to the project which include architectural, mechanical and electrical engineering services for: Nursing corridor security, Medical/Surgical Simulation Lab and Control area, and changes to the emergency generator fuel storage system. The GKK agreement, including all seven amendments and reimbursable expenses, totals \$5,851,058.15. To be funded from the Board approved project budget, State Construction Act and Riverside City College Allocated Measure C Funds.

Recommended Action: It is recommended that the Board of Trustees approve Amendment No. 7 with GKK Works for the Riverside Nursing/Science Building project in an amount not to exceed \$30,670, and authorize the Vice Chancellor, Administration and Finance, to sign the amendment.

SEVENTH (7) AMENDMENT TO AGREEMENT
BETWEEN
RIVERSIDE COMMUNITY COLLEGE DISTRICT
AND
GKK WORKS
(Riverside Nursing/Science Building Project)

This document amends the original agreement between the Riverside Community College District and GKK Works, which was approved by the Board of Trustees on June 20, 2006.

The agreement is hereby amended as follows:

- I. Additional compensation of this amended agreement shall not exceed \$30,670, including reimbursable expenses, totaling agreement to \$5,851,058.15. The term of this agreement shall be from the original agreement date of June 21, 2006, to the estimated completion date of December 31, 2012. Payments and final payment shall coincide with original agreement.
- II. The additional scope of work is described in Exhibit I, attached.

All other terms and conditions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date written below.

Subject: Wheelock Gymnasium, Seismic Retrofit at Riverside City College – Budget
Augmentation and Amendments to Agreements

Background: On June 16, 2009, the Board of Trustees approved the design and tentative project budget in an amount of \$18,411,120 for the Wheelock Gymnasium, Seismic Retrofit project located at the Riverside City College (RCC) using State Construction Act and Measure C funds. On February 16, 2010, the Board of Trustees approved a budget augmentation of \$600,000 for the interim housing facilities for the project, totaling the tentative project budget to \$19,011,120.

On April 19, 2011, the Board of Trustees approved Resolution No. 46-10/11 which delegated authority to the Vice Chancellor Administration and Finance to enter into a takeover contract to ensure the completion of the Riverside Aquatics Complex and Wheelock Gymnasium Seismic Retrofit projects due to the default of Tidwell Concrete Construction leaving incomplete concrete work and concrete wall reinforcement for the two projects.

Staff therefore requests approval of a budget augmentation to the Wheelock Gymnasium Seismic Retrofit project in an amount of \$2,125,000 using RCC's Measure C allocated funds, totaling the tentative project budget to \$21,136,120. The budget augmentation includes an augmentation of \$650,000 for adequate funds for office and lobby furniture, instructional and non-instructional equipment, audio visual equipment, data and voice equipment, building access/security equipment and systems needed to appropriately support the instructional and intercollegiate programs. Additionally, the budget augmentation includes \$1,475,000 due to the extended construction schedule related to delays in the project caused from unforeseen/deteriorated structural conditions in the building's foundation and structure, weather delays (flooding) and the default from Tidwell Concrete Construction. Reimbursement costs associated with delays due to default will be negotiated with surety when all costs are known.

Staff also requests approval of the following amendments due to the delays in the project described previously.

- Tilden Coil Constructors, Inc – Construction Management Services
 - Amendment No. 1 not to exceed \$330,000,
Agreement total now \$2,347,253.

- Inland Inspection and Consulting – Inspection Services
 - Amendment No. 1 not to exceed \$54,696,
Agreement total now \$239,736.

- VBS Leasing – Lease for Interim Facility
 - Amendment No. 1 not to exceed \$90,419,
Agreement total now \$417,699.32.

Subject: Wheelock Gymnasium, Seismic Retrofit at Riverside City College – Budget
Augmentation and Amendments to Agreements (Continued)

All amendments are attached for review and consideration. To be funded by Riverside City College Allocated Measure C Funds (\$2,125,000).

Recommended Action: It is recommended that the Board of Trustees approve the following for the Wheelock Gymnasium, Seismic Retrofit project:

- 1.) Approve project budget augmentation in the amount of \$2,125,000 using Riverside City College Measure C Allocated Funds, totaling the tentative project budget to \$21,136,120;
- 2.) Approve Amendment No. 1 with Tilden Coil Constructors, Inc. in amount not to exceed \$330,000 for construction management services;
- 3.) Approve Amendment No. 1 with Inland Inspection and Consulting in an amount not to exceed \$54,696 for inspection services;
- 4.) Approve Amendment No. 1 with VBS Leasing in an amount not to exceed \$90,419 for additional lease of interim facility;
- 5.) Authorize the Vice Chancellor, Administration and Finance to sign the amendments.

FIRST (1) AMENDMENT TO AGREEMENT
BETWEEN
RIVERSIDE COMMUNITY COLLEGE DISTRICT
AND
TILDEN-COIL CONSTRUCTORS, INC.
(Wheelock Gymnasium, Seismic Retrofit – Riverside City College)

This document amends the original agreement between the Riverside Community College District and Tilden-Coil Constructors, Inc., which was approved by the Board of Trustees on April 28, 2009.

The agreement is hereby amended as follows:

- I. Additional compensation of this amended agreement shall not exceed \$330,000, including reimbursable expenses, totaling agreement to \$2,347,253. The term of this agreement shall be from the original agreement date of April 29, 2009, to the estimated completion date of the project. Payments and final payment shall coincide with original agreement.
- II. The additional scope of work is described in Exhibit I, attached.

All other terms and conditions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date written below.

CONSTRUCTION MANAGEMENT GENERAL CONDITIONS AUGMENTATION BUDGET REQUEST #1

NARRATIVE:

Tilden-Coil Constructors, Inc. is requesting additional General Conditions (GC's) be made available for the Wheelock Gymnasium Seismic Retrofit project. Unforeseen conditions have currently extended the construction process by better than 7 months. These unforeseen conditions are broken down into three main categories:

- *Existing Structural Challenges – 11 weeks of delay (note: additional unresolved issues still exist and could cause additional delay)*
- *Prime Trade Contractor Default and Delay - 15 weeks of delay*
- *Project Site Flooding – 4 weeks of delay*

REFERENCES:

- Construction Schedule
- Construction Status Schedules
- Tidwell Default Documentation
- Project Daily Work Reports And Photos

RESOLUTION:

As a onetime request to the Board, TCC recommends that additional and excess GC's be secured in order to support Construction Management process that currently track a May 31, 2012 completion. This augmentation will allow for the added time and staffing necessary to advance the project and provide opportunity for a successful completion. Please note that Tilden coil is working closely with the District and their Council to recover any and all Tidwell related delay cost.

COST BUDGET DETAIL:

1. 11 Weeks - Existing Unforeseen Conditions.....	\$	121,000
2. 6 Weeks - Tidwell Production Issues.....	\$	66,000
3. 9 Weeks - Tidwell Default Issue.....	\$	99,000
4. 4 Weeks - Project Flooding.....	\$	44,000
Total:	\$	330,000

SCHEDULE IMPACT:

It is anticipated that current General Conditions will be exhausted by November 2011. Augmentation of GC's should be resolved in the June Board meeting.

Sincerely,
TILDEN-COIL CONSTRUCTORS, INC.

Tracy Ellis
Senior Project Manager

April 22, 2011

Michael Stephens
Riverside Community College District
48000 Magnolia Avenue
Riverside, California 92506

REF: Wheelock Gymnasium Seismic Retrofit

CONSTRUCTION MANAGEMENT GENERAL CONDITIONS AUGMENTATION REQUEST #1

NARRATIVE:

Tilden-Coil Constructors, Inc. is requesting additional General Conditions (GC's) be made available for the Wheelock Gymnasium Seismic Retrofit project. Unforeseen conditions relating to Prime Trade Contractor performance have currently extended the construction process by approximately 15 weeks. These unforeseen conditions are the result of one Prime Trade Contractor and have been resolved into two main categories:

- *Prime Trade Contractor (Tidwell Concrete Construction, Inc.) Default and Delay - 15 weeks*
 - i) *Critical path impact causing loss time due to production issues - 6 weeks*
 - ii) *Critical path impact causing loss time due to bankruptcy - 9 weeks*

REFERENCES:

- Baseline Construction Schedule
- Construction Status Schedules
- Project Daily Work Reports
- Tidwell Default Documentation
- Project Construction Management General Conditions

RESOLUTION:

Tilden-Coil Constructors, Inc. is requesting an additional 15 weeks of GC's in order to support required extended Construction Management services. The extension of General Conditions is derived from the original 65 week duration negotiated to perform the required work. Based upon the original GC contract amount of \$997,253 a weekly rate of \$15,342 has been resolved and applied to the 15 weeks of delay.

COST DETAIL:

1. 15 Weeks - Tidwell Performance and Bankruptcy issues.....	\$	230,130
Total:	\$	230,130

SCHEDULE IMPACT:

The project schedule has been impacted 15 weeks on the critical path due to Tidwell issues. We have only requested costs associated with impacts to the General Conditions for the delays. We have not included costs for acceleration to make up any of this lost time. Additionally, we have not included cost for lost profits as it relates to this delay. Augmentation of GC's should be resolved immediately in order to have funds available for the extended CM services.

Sincerely,
TILDEN-COIL CONSTRUCTORS, INC.

RE: Riverside City College Wheelock Gymnasium Renovation
DSA Application Number 04-110664, DSA File Number 33-C1
Request for Increase to Contract C-0003180 for DSA Project Inspector

Pursuant to your request during the April 4, 2011, owner's meeting, I am providing this information for your use only as a back-up to our request for an increase to the referenced contract. Information received at the owner's meeting indicates a six month extension to the project schedule. The completion date is now expected to be January 1, 2012, instead of August 1, 2011. Our estimated additional fees for the completion of this project in consideration of this schedule extension are shown below. We are estimating part-time inspection requirements from October 16, 2011, through completion. If the District or Construction Manager requires more inspection hours than what we have estimated, then additional fees will be required. Our estimated hours above take into consideration only regular working days and hours. Any overtime or double-time hours (see below) will be an additional cost to our estimates above. The following holiday dates are excluded from our estimated hours above: September 5, 2011; November 11, 24, and 25, 2011; and December 26, 2011. Please note that we will honor our current Project Inspector rate of \$86.00 per hour through December 31, 2011.

Normal hours: eight hours Monday-Friday, excluding any Holiday
Overtime hours: first 4 overtime hours Monday-Friday, excluding any Holiday
(1½ x hourly rate) and first 12 hours on Saturday, excluding any Holiday
Double-time hours: all hours over 12 on Monday-Saturday
(2 x hourly rate) and all hours on Sunday or Holiday

Project Inspector August and September, 2011: 352 hours	\$30,272.00
Project Inspector October 1-15, 2011: 80 hours	\$ 6,880.00
Project Inspector October 16-31, 2011: 44 hours	\$ 3,784.00
Project Inspector November and December, 2011: 160 hours	\$13,760.00
ESTIMATED TOTAL	\$54,696.00

Please contact me if you have any questions regarding our services or fees.

Sincerely,

Robert E. Schumacher

Director of Operations

FIRST (1) AMENDMENT TO AGREEMENT
BETWEEN
RIVERSIDE COMMUNITY COLLEGE DISTRICT
AND
VBS LEASING
(Wheelock Gymnasium, Seismic Retrofit – Riverside City College)

This document amends the original agreement between the Riverside Community College District and VBS Leasing, which was approved by the Board of Trustees on April 20, 2010.

The agreement is hereby amended as follows:

- I. Additional compensation of this amended agreement shall not exceed \$90,419, totaling agreement to \$417,699.32. The term of this agreement shall be from the original sixteen (16) month lease duration at \$20,455.02 per month, to the extended lease duration of five (5) additional months at an adjusted rate of \$18,083.77 per month. Payments and final payment shall coincide with original agreement.

All other terms and conditions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date written below.
