Meeting	12/6/2011 - Committee/Regular Board
Agenda Item	Committee - Teaching and Learning (IV-B-2)
Subject	Presentation - Annual Service Learning Program
College/District	District
Information Only	

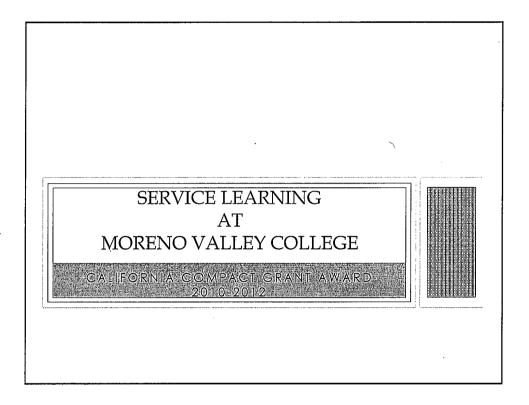

#### **Background Narrative:**

Riverside Community College District (RCCD) previously received a grant to develop a service learning program. The conditions of the grant limited the scope of the service learning efforts to RCCD's Teacher Preparation program. As a result of the grant, the District's Teacher preparation courses were revised to embed within them a service learning component. Last year, Chancellor Gray encouraged the three colleges to expand and broaden the scope of their service learning programs and provided additional resources to each college for this effort. This report summarizes the accomplishments of each of the colleges during the last academic year in the area of service learning.

# What is Community Engaged Learning?

Community Engaged Learning (CEL) is an integration of teaching and learning that enriches academic life and life-long learning by engaging students in meaningful hands-on service to the community while gaining valuable knowledge and skills that integrate with course objectives.

CEL focuses on critical reflective thinking and experiential learning that addresses local needs and fosters civic responsibility.

Challenges students to apply academics to real-life situations

### Promotes:

- cooperation
- collaboration
- problem-solving
- teamwork
- communication skills
- leadership

# Encourages life long learning

# Key Components of CEL

- Connecting service with learning
- Reflection
- Reciprocity
- Critical thinking
- Social responsibility
- Experiential learning

# Community Engaged Learning offers students the opportunity to...

- Identify personal values and priorities.
- Identify and research a need within their community and evaluate ways to fulfill that need.
- Participate in socially responsible activities that will have a positive impact on the community
- Gain experience about the world in dynamic and interactive ways
- Gain knowledge and insights that will prepare them for active social engagement.
- Reflect on how to maximize their personal and academic development to help them achieve your goals in life.
- Acquire skills that are transferable to their future work environments.

# **Two Avenues for CEL**

- 1. Faculty –Directed: The instructor either assigns a CEL project or provides a list of CEL projects to choose from. The instructor oversees the student and monitor's the project's progress to make sure it meets the academic requirements for the class.
- 2. Student-Directed: The student identifies and researches a specific need in the community and develops a CEL project that addresses the need. The instructor oversees the student and monitors the project's progress to make sure it meets the academic requirements for the class.

### Agenda Item (IV-D-1)

Meeting	12/6/2011 - Committee/Regular Board
Agenda Item	Committee - Facilities (IV-D-1)
Subject	Design Amendment No. 4 with Hill Partnership, Inc. for the Operations Center Project at Norco College
College/District	Norco
Funding	Norco College Allocated Measure C Funds
Recommended Action	It is recommended that the Board of Trustees approve Amendment No. 4 with Hill Partnership, Inc. in an amount not to exceed \$39,505 for additional design revisions for the Operations Center project at Norco College.

#### **Background Narrative:**

On May 19, 2009, the Board of Trustees approved the planning and design of the Operations Center project located at the Norco College and allocated funding in the amount of \$1,600,000 using Norco College allocated Measure C funds. An agreement with Hill Partnership, Inc. (HPI) in the amount of \$809,600 was also approved in order to provide design and engineering services for the project. On January 26, 2010, the Board of Trustees approved Amendment No. 1 with HPI, for additional design and engineering services in the amount of \$11,385. On May 18, 2010, the Board of Trustees approved Amendment No. 2 with HPI to extend site improvements for the Operations Center in the amount of \$22,451.50. On September 22, 2010, the Board of Trustees approved Amendment No. 3 with HPI for site and building modifications for the project in the amount of \$112,040, totaling HPI's agreement to \$955,476.50.

Staff now requests approval of Amendment No. 4 with HPI in an amount not to exceed \$39,505 for architectural, Information Technology (IT), civil, Mechanical/Electrical/Plumbing (MEP) and structural engineering services for redesign of the IT scope of work in accordance with the recent IT audit report recommendations for the Operations Center project at Norco College. Amendment No. 4 is attached for the Board's review and consideration. The HPI agreement, including the amendments and reimbursable expenses, totals \$994,981.50.

#### FOURTH (4) AMENDMENT TO AGREEMENT BETWEEN RIVERSIDE COMMUNITY COLLEGE DISTRICT AND HILL PARTNERSHIP, INC. (Operations Center Project – Norco College)

This document amends the original agreement and amendments between the Riverside Community College District and Hill Partnership, Inc., which was originally approved by the Board of Trustees on May 19, 2009.

The agreement is hereby amended as follows:

- I. Additional compensation of this amended agreement shall not exceed \$39,505, including reimbursable expenses. Hill Partnership, Inc.'s agreement, including amendments and reimbursable expenses, now totals \$994,981.50. The term of this agreement shall be from the original agreement date of May 20, 2009, to the extended estimated completion date of December 31, 2012. Payments and final payment shall coincide with the original agreement.
- II. The additional scope of work is described in Exhibit I, attached.

All other terms and conditions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed Amendment as of the date written below.

(a) Verify size of chilled water line serving building.

- (2) Building Design:
  - (a) The selection and layout of ductwork and all diffusers, grilles, and registers will be provided.
  - (b) Normal details by SMACNA for penetration, support and bracing will be referenced as appropriate. Any special details beyond the SMACNA publications is not included.
  - (c) HVAC System will consist of two chilled water rooftop air handling units (AHUs) one is 100% back up. Either a third AHU, or space for same, will be included to allow for future NOC Room loads.
  - (d) The current NOC Room equipment load is 52,516 sensible Btuh as provided to us on March 01, 2010. Ultimate future load will be double that.
  - (e) No back up for chilled water is included.
- (3) Controls: The building will be designed with a Direct Digital Control (DDC) system to allow tie into the campus system.
- 2. Plumbing
  - a. Site Utility Design: None.
  - b. Building Design: Condensate drains for HVAC equipment only.
- 3. Fire protection excluded.
- D. Electrical
  - 1. Site Utility Design
    - The site design will include power, emergency and normal, to a location within 25 feet of the building for future chiller and associated pump(s).
  - 2. Building Design
    - a. Power
      - Design will include the layout of all 120 V receptacle outlets. The Architect will locate all outlets on interior elevations.
      - (2) Power distribution to all required equipment is included.
      - (3) We will provide power to all NOC Room equipment based on a layout and load requirements provided to us by the Owner.
      - (4) All distribution boards and panels will be designed and sized.
    - b. Lighting
      - (1) Light fixture selections will be by Architect and S&K Engineers.
      - (2) Site lighting within the perimeter building fencing and building mounted exterior lighting is excluded.
      - (3) S&K Engineers will provide the power wiring for all the lighting fixtures.
      - (4) Emergency/night lighting will be provided from battery power source.
    - c. Other systems
      - (1) We will provide design services for the following communications systems:
        - (a) Computer Data/Telephone: We will provide a structured cabling system only.
          - All active devices within racks are not included in our scope of work.
        - (b) Public Address Not included in our scope of work.
        - (c) Fire Alarm Complete system design is included in our scope of work. Our work assumes that there is an existing connection at the building to connect to any campus-wide system (if required). Our work to connect to a main system will extend to 5 feet outside the building only.
        - (d) Security. This will be conduit only based on the requirements of the school's security vendor.
        - (e) Audio/Visual: We will provide a conduit only system based on the requirements of the school's Technology Department.
        - (f) All other low-voltage/communications systems are excluded from our scope of work.
- E. Other Services

### Agenda Item (IV-D-2)

Meeting	12/6/2011 - Committee/Regular Board
Agenda Item	Committee - Facilities (IV-D-2)
Subject	Amendments for Wheelock Gymnasium, Seismic Retrofit Project at Riverside City College
College/District	Riverside
Funding	Riverside City College Allocated Measure C Funds
Recommended Action	It is recommended that the Board of Trustees approve the following amendments for the Wheelock Gymnasium, Seismic Retrofit Project: River City Testing in an amount not to exceed \$8,500 for Amendment No. 1; and VBS Leasing in an amount to exceed \$54,251.31 for Amendment No. 2.

#### **Background Narrative:**

On June 16, 2009, the Board of Trustees approved the design and tentative project budget for the Wheelock Gymnasium, Seismic Retrofit project at Riverside City College in an amount of \$18,411,120. On February 16, 2010, the Board approved a budget augmentation in the amount of \$600,000 for the interim housing facilities for the project. On June 21, 2011, the Board approved a budget augmentation in the amount of \$2,125,000 for miscellaneous equipment needed to appropriately support the instruction, intercollegiate programs and additional funds due to the extended construction schedule related to delays in the project caused from unforeseen/deteriorated structural conditions in the building's foundation and structure, weather delays (flooding) and the default from Tidwell Concrete Construction. On October 18, 2011, the Board approved a budget augmentation in the amount of \$395,000 for removal of the existing exterior plaster and installation of the new exterior plaster due to the deterioration of the current exterior plaster and moisture barrier on the Wheelock Gymnasium. The project budget for the Wheelock Gymnasium, Seismic Retrofit project now totals \$21,531,120.

Staff now requests approval of the amendments associated with the removal of the existing exterior plaster and installation of the new exterior plaster and budget augmentation approved by the Board on October 18, 2011. The amendments which are within the current approved project budget are as follows:

River City Testing – Testing Services - Amendment No. 1 not to exceed \$8,500, Agreement total now \$203,976

VBS Leasing – Lease for Interim Facility - Amendment No. 2 not to exceed \$54,251.31, Agreement total now \$471,950.63

All amendments are attached for review and consideration.

#### FIRST (1) AMENDMENT TO AGREEMENT BETWEEN RIVERSIDE COMMUNITY COLLEGE DISTRICT AND RIVER CITY TESTING (Wheelock Gymnasium, Seismic Retrofit – Riverside City College)

This document amends the original agreement between the Riverside Community College District and River City Testing, which was approved by the Board of Trustees on August 17, 2010.

The agreement is hereby amended as follows:

- I. Additional compensation of this amended agreement shall not exceed \$8,500, including reimbursable expenses, totaling agreement to \$203,976. The term of this agreement shall be from the original agreement date of August 17, 2010, to the estimated completion date of the project. Payments and final payment shall coincide with original agreement.
- II. The additional scope of work is described in Exhibit I, attached.

All other terms and conditions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment No. 1 as of the date written below.

2010-2011 Proposition 39 Financial and Performance Audits Background Information

# 2010-2011 Proposition 39 Financial and Performance Audits December 13, 2011

In accordance with the provisions of Proposition 39, independent financial and performance audits of the Measure C general obligation bonds were performed by Vicenti, Lloyd and Stutzman LLP. The audit report was presented to the Citizens Bond Oversight Committee at its regularly scheduled meeting on October 13, 2011. A representative of the audit firm will be available to present and discuss the reports. Results of the audits are summarized below.

#### Auditor's Opinion

The auditors have issued unqualified opinions for both the Financial and Performance Audits; excerpts of which are as follows:

*Financial Audit* - "In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations for the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District as of June 30, 2011, in conformity with accounting principles generally accepted in the United States of America."

*Performance Audit* - "The results of our tests indicated that, in all significant respects, Riverside Community College District expended Measure C General Obligation Bond funds for the year ended June 30, 2011 only for the specific projects developed by the District's Board of Trustees, and approved by the voters in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution."

#### Audit Findings

There were no findings or questioned costs related to the audits of the Measure C general obligation bonds for the year ended June 30, 2011.

#### INDEPENDENT AUDITOR'S REPORT ON PROPOSITION 39 GENERAL OBLIGATION BOND FUNDED CAPITAL OUTLAY PROJECTS

The Board of Trustees The Measure C Citizens' Bond Oversight Committee Riverside Community College District Riverside, California

We have audited the accompanying Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance and Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual for the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District (the District) as of and for the fiscal year ended June 30, 2011. These statements are the responsibility of the District's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit of the General Obligation Bond Funded Capital Outlay Projects in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements for the General Obligation Bond Funded Capital Outlay Projects are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the General Obligation Bond Funded Capital Outlay Projects financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations for the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District as of June 30, 2011, in conformity with accounting principles generally accepted in the United States of America.

# NOTES TO THE FINANCIAL STATEMENTS June 30, 2011

# **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

### **ACCOUNTING POLICIES**

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.

#### FUND STRUCTURE

The Statement of Revenues, Expenditures, and Change in Fund Balance is a statement of financial activities of the General Obligation Bond Funded Capital Outlay Projects related to the current reporting period. Fund expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, these statements do not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

#### **BASIS OF ACCOUNTING**

The General Obligation Bond Funded Capital Outlay Projects is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

During the year, Cash in the County Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

#### BUDGET

The Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual includes a column entitled "Budget". The amounts in this column represent the budget adopted by the Board of Trustees and all amendments throughout the year.

# NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

### FUND BALANCE CLASSIFICATION

The governmental fund financial statements present fund balance classifications that comprise a hierarchy based on the extent to which the District is bound to honor constraints on the specific purposes for which amounts can be spent. The classifications used in the governmental fund financial statements are as follows:

<u>Nonspendable</u>: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Riverside Community College District General Obligation Bond Funded Capital Outlay Projects does not currently have any nonspendable fund balance.

<u>Restricted</u>: Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u>: Amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District Board of Trustees. These amounts cannot be used for any other purpose unless the District Board of Trustees removes or changes the specified use by taking the same formal action (vote or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. Riverside Community College District General Obligation Bond Funded Capital Outlay Projects does not currently have any committed fund balance.

<u>Assigned</u>: Amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. Riverside Community College District General Obligation Bond Funded Capital Outlay Projects does not currently have any assigned fund balance.

<u>Unassigned</u>: The residual fund balance and all other spendable amounts. Riverside Community College District General Obligation Bond Funded Capital Outlay Projects does not currently have any unassigned fund balance.

# <u>NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (continued)

# CAPITAL ASSETS AND LONG-TERM DEBT

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the General Obligation Bond Funded Capital Outlay Projects is determined by its measurement focus. The General Obligation Bond Funded Capital Outlay Projects are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the Balance Sheet. The reported fund balance is considered a measure of "available spendable resources". Thus, the capital assets and long-term liabilities associated with the General Obligation Bond Funded Capital Outlay Projects are accounted for in the basic financial statements of the Riverside Community College District.

# NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS:

There were no excesses of expenditures over appropriations by major object accounts.

#### NOTE 3 – BONDED DEBT:

On March 2, 2004, the voters of Riverside Community College District approved Measure C, a \$350 million bond measure designed to provide funds to improve facilities and safety at the Moreno Valley, Norco, and Riverside campuses.

The outstanding related bonded debt for the Riverside Community College District at June 30, 2011 is:

#### Series D & D-1

In October 2010, the District issued General Obligation Bonds, Series D and D-1 in the amount of \$109,999,278. These bonds consisted of \$7,699,278 tax-exempt Series D bonds and \$102,300,000 in federally taxable Build America Bonds Series D-1. The Build America Bonds program was created by the American Recovery and Reinvestment Act to assist state and local governments in financing capital projects at lower borrowing costs and to stimulate the economy and create jobs.

The District elected to treat the Series D-1 bonds as "Build America Bonds" under Section 54AA of the Tax Code, and the Series D-1 Bonds be "qualified bonds" under Section 54AA(g)(2) of the Tax Code which make the District eligible for a cash subsidy payment from the United States Treasury equal to 35% of the interest payable on the Series D-1 Bonds. The District will deposit the cash subsidy payments with the County to be credited to the Debt Service Fund for the Series D-1 Bonds. Cash subsidy payments are expected to be received contemporaneously with each interest payment date.

#### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees The Measure C Citizens' Bond Oversight Committee Riverside Community College District Riverside, California

We have audited the Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance and Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual for the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District as of and for the fiscal year ended June 30, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Riverside Community College District's internal control over the General Obligation Bond Funded Capital Outlay Projects financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the fund financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over General Obligation Bond Fund Capital Outlay Projects financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Riverside Community College District's General Obligation Bond Funded Capital Outlay Projects financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests of the General Obligation Bond Funded Capital Outlay Projects disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the District's Board of Trustees, the Citizens' Bond Oversight Committee and District management. It is not intended to be and should not be used by anyone other than these specified parties.

# PERFORMANCE AUDIT OF THE GENERAL OBLIGATION BOND FUNDED CAPITAL OUTLAY PROJECTS

.

#### **INDEPENDENT AUDITOR'S REPORT**

The Board of Trustees The Measure C Citizens' Bond Oversight Committee Riverside Community College District Riverside, California

We have conducted a performance audit of the Riverside Community College District (the "District"), Measure C General Obligation Bond funds for the year ended June 30, 2011.

We conducted our performance audit in accordance with *Governmental Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives.

Our audit was limited to the objectives listed on page 19 of this report which includes determining the Riverside Community College District's compliance with the performance requirements for the Proposition 39 Measure C General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIIIA of the California Constitution and Proposition 39 as they apply to the Bonds and the net proceeds thereof. Management is responsible for the Riverside Community College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal control of Riverside Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution. Accordingly, we do not express any assurance on the internal control.

The results of our tests indicated that, in all significant respects, Riverside Community College District expended Measure C General Obligation Bond funds for the year ended June 30, 2011 only for the specific projects developed by the District's Board of Trustees, and approved by the voters in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution.

### PROPOSITION 39 PERFORMANCE AUDIT June 30, 2011

#### **BACKGROUND INFORMATION**

In November, 2000, the voters of the State of California approved Proposition 39 authorizing the issuance of general obligation bonds by California public school districts and community colleges under certain circumstances and subject to certain conditions. On March 2, 2004, the voters of Riverside Community College District approved Measure C, a \$350 million bond measure designed to provide funds to improve facilities and safety at the Moreno Valley, Norco, and Riverside campuses.

Pursuant to the requirements of Proposition 39, and related state legislation, the Board of Trustees of the District established a Citizens' Bond Oversight Committee and appointed its members. The principal purpose of the Citizens' Bond Oversight Committee, as set out in state law, is to inform the public as to the expenditures of the proceeds of the bonds issued pursuant to the Measure C Bond authorization. The Citizens' Bond Oversight Committee is required to issue at least one report annually as to its activities and findings.

Section 1(b)(3)(C) of Article XIIIA of the California Constitution requires the District to conduct, an annual independent performance audit to ensure that the proceeds of the bonds deposited into the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program have been expended only for the authorized bond projects.

### PROPOSITION 39 PERFORMANCE AUDIT June 30, 2011

#### **OBJECTIVES**

The objectives of our performance audit were to:

- Document the expenditures charged to the Riverside Community College District Measure C General Obligation Bond Funded Capital Outlay Projects.
- Determine whether expenditures charged to the Measure C General Obligation Bond Funded Capital Outlay Projects have been made in accordance with the bond project list approved by the voters through the approval of Measure C in March 2004.
- Determine compliance with specific Education Code Sections related to oversight of bond expenditures.
- Note any incongruities or system weaknesses and provide recommendations for improvement.
- Provide the District Board of Trustees and the Measure C Citizens' Bond Oversight Committee with a performance audit as required under the provisions of the California Constitution and Proposition 39.

#### **SCOPE OF THE AUDIT**

The scope of our performance audit covered the period of July 1, 2010 to June 30, 2011. The expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other state or local funding sources, other than the proceeds of the bonds, were not included within the scope of our audit. Expenditures incurred subsequent to June 30, 2011 were not reviewed or included within the scope of our audit or in this report.

### PROPOSITION 39 PERFORMANCE AUDIT June 30, 2011

#### **PROCEDURES PERFORMED**

We obtained the general ledger and the project expenditure summary reports and detail prepared by the District for the period of July 1, 2010 to June 30, 2011 for the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Proposition 39 and Measure C as to the approved bond projects list. We performed the following procedures:

- We reviewed the projects listed to be funded with general obligation bond proceeds as set forth in the Measure C election documents.
- We selected a sample of expenditures for the fiscal year ended June 30, 2011 and reviewed supporting documentation to ensure that such funds were properly expended on the authorized bond projects.
- We verified that funds from the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program were generally expended for the construction, reconstruction, acquisition, furnishing and equipping of District facilities constituting the authorized bond projects. In addition, we verified that funds held in the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

#### PROPOSITION 39 PERFORMANCE AUDIT June 30, 2011

#### CONCLUSION

The results of our tests indicated that, in all significant respects, the Riverside Community College District has properly accounted for the expenditures of the funds held in the Bond Funded Capital Outlay Projects — Measure C Bond Program and that such expenditures were made for authorized bond projects. Further, it was noted that the funds held in the Bond Funded Capital Outlay Projects — Measure C Bond Program and expended by the District, were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

The Board of Trustees The Measure C Citizens' Bond Oversight Committee Riverside Community College District Riverside, California

This letter is intended to ensure that the Board of Trustees and the Measure C Citizens' Bond Oversight Committee of Riverside Community College District (the "District") receives additional information regarding the scope and results of the audit of the General Obligation Bond Funded Capital Outlay Projects that may assist in overseeing the financial reporting and disclosure process for which management is responsible. These communications relate to the financial statement audit of the General Obligation Bond Funded Capital Outlay Projects that has been performed by Vicenti, Lloyd & Stutzman LLP ("VLS") for the year ended June 30, 2011, and other relevant information relating to VLS' relationship with the District. Our objective is to communicate certain information that is required to be communicated to those charged with governance by professional auditing standards.

The following summarizes various matters which must be communicated to you under auditing standards generally accepted in the United States of America.

### The Auditor's Responsibility under Applicable Auditing Standards

Our audit of the financial statements of the General Obligation Bond Funded Capital Outlay Projects for the year ended June 30, 2011 was conducted in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether caused by error, fraudulent financial reporting or misappropriation of assets. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. Accordingly, the audit was designed to obtain reasonable, rather than absolute, assurance about the financial statements. We believe our audit accomplished that objective. Riverside Community College District October 13, 2011 Page 2

#### **Management Judgments and Accounting Estimates**

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses its knowledge and experience about past and current events, and certain assumptions about future events. Management has informed us it used all the relevant facts available at the time to make the best judgments about accounting estimates, and we considered this information in the scope of our audit. Estimates significant to the financial statements include such items as establishing the accruals of receivables and liabilities. We believe management's estimates are reasonable, based on our audit. However, estimates are subject to change because of future events, and the ultimate amounts realized may differ from those provided.

#### Financial Statement Disclosures

The financial statement disclosures are neutral, consistent, and clear.

#### Difficulties Encountered in Performing the Audit

There were no difficulties encountered in dealing with management relating to the performance of the audit.

#### Audit Adjustments

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no audit adjustments made to the original trial balance presented to us.

#### **Uncorrected Misstatements**

We accumulated no uncorrected misstatements for the fiscal year ended June 30, 2011.

#### Disagreement with Management

We are pleased to report that we encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments or any significant matters, the scope of the audit or significant disclosures to be included in the financial statements.

#### Management Representations

We have requested certain representations from management including but not limited to the fair presentation of the financial statements, application of generally accepted accounting principles and management's responsibility for establishing and maintaining effective internal controls. These as well as other representations are included in the management representation letter dated September 20, 2011.

Riverside Community College District October 13, 2011 Page 3

#### **Consultations with Other Accountants**

We are not aware of any consultations management had with other accountants about auditing and accounting matters related to the General Obligation Bond Funded Capital Outlay Projects.

#### Other Information in Documents Containing Audited Financial Statements

We are not aware of other documents that contain the audit report of the General Obligation Bond Funded Capital Outlay Projects. When such documents are to be published, such as the Annual Report, we have a responsibility to determine that such financial information was not materially inconsistent with the audited statements of the General Obligation Bond Funded Capital Outlay Projects.

#### Significant Issues Discussed with Management

No management letter was issued related to the audit of the General Obligation Bond Funded Capital Outlay Projects for the year ended June 30, 2011.

#### Major Issues Discussed with Management Prior to Retention

No major issues were discussed with management prior to our recurring retention to perform the aforementioned audit.

#### Independence

Vicenti Lloyd & Stutzman LLP is independent with respect to the District. Our quality control processes are established to ensure our continuing independence.

#### **Other Matters**

In the prior year we communicated that there was not always representation on the committee from the seven constituencies required by Education Code Section 15282. We expressed support of the Board of Trustees and managements' efforts to maintain the committee as mandated. As of February 2011, all seven constituencies were represented.

It was also brought to our attention by a member of the Citizens' Bond Oversight Committee (CBOC) that some members are interested in becoming liaisons for the three colleges so that they can monitor facility construction activities more closely on the different colleges. This idea appears to have merit and may be worth further research and implementation.

#### INDEPENDENT AUDITORS' REPORT

The Board of Directors Riverside Community College District Foundation Riverside, California

We have audited the accompanying statements of financial position of Riverside Community College District Foundation (a California nonprofit corporation) as of June 30, 2011 and 2010, and the related statements of activities, cash flows, and functional expenses for the years then ended. These financial statements are the responsibility of Riverside Community College District Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Riverside Community College District Foundation as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2011, on our consideration of Riverside Community College District Foundation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of net assets on pages 20 through 32 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Organization and Nature of Activities**

The Riverside Community College District Foundation (the Foundation) was formed as a nonprofit corporation on October 21, 1975, to solicit funds, provide support for the programs and projects of the Riverside Community College District (the District), and to account for the issuance of scholarships to the students of the District. The Foundation also serves as a link between the District and the community.

#### **Basis of Accounting**

The financial statements of the Foundation have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP) on the accrual basis of accounting. The statement of activities is a statement of financial activities related to the current reporting period. Using this method, revenues are recognized when earned, and expenses are recognized when incurred.

#### **Financial Statement Presentation**

The Foundation prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The financial statements include the accounts maintained by and directly under the control of the Foundation.

The Foundation reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Foundation is required to present a statement of cash flows. The Foundation does not use fund accounting. Revenues and expenses are recorded when incurred in accordance with the accrual basis of accounting.

The Foundation and the District are financial interrelated organizations as defined by the Financial Accounting Standards Board (FASB), Accounting Standards Codifaction 958-20, and *Transfers of Assets to a Nonprofit or Charitable Trust that Holds Contributions for Others* (formerly FAS 136). The Foundation reflects contributions received for the benefit of the District as revenue in its financial statements. The expenses related to these contributions are accounted for under program and supporting services.

#### **Fair Value Measurements**

The fair value of equity and debt securities with readily determinable fair values approximates their respective quoted market prices. The fair value of investments in partnerships and real estate held as investments is estimated using private valuations of the securities or properties held. Because of the inherent uncertainty of valuation methods, those estimated values might differ significantly from those used had a market existed. All other financial instruments' fair values approximate their carrying amounts due to the short maturities of these instruments.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **Public Support and Revenue**

The Foundation receives substantially all of its revenue from direct donations and pledges. Revenues are reported as increases in unrestricted net assets unless use of the related asset is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Realized gains/losses and unrealized gains/losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expiration of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) is reported as assets are released from restriction between the applicable classes of net assets.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets, other than cash, are recorded at their estimated fair value at the time of the gift.

#### **Comparative Financial Information**

Comparative financial information for the prior year has been presented for additional analysis; certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

#### **Donated Assets, Service, and Facilities**

The Foundation records the value of donated assets, services, and facilities when there is an objective basis available to measure their value. Donated facilities are reflected as support in the accompanying statements at their estimated values at date of donation and fair market value of facilities for the year. Donated assets, if received for the benefit of the foundation, are capitalized at the stated donated value and depreciated in accordance with Foundation policies, unless they are passed through to the District. During 2011 and 2010, all donated assets have been passed through to the District. Donated services are reflected in the accompanying statements when the criteria for recognition have been met and are recorded at fair value.

#### **Use of Estimates**

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **Income Taxes**

The Foundation is a charitable, not-for-profit, tax-exempt organization qualified under provisions of Section 50l(c)(3) of the Internal Revenue Code and corresponding California provisions. Accordingly, no provision for income taxes has been provided in the financial statements. The Foundation has also been classified as an entity that is not a private foundation within the meaning of Section 509(a). The Foundation annually files information returns, Forms 990, 199, and RRF-1, with the appropriate agencies. There were no unrelated business activities during the years ended June 30, 2011 and 2010.

#### **Cash Equivalents for Statements of Cash Flows**

For purposes of the statements of cash flows, the Foundation considers all highly liquid unrestricted investments available for current use purchased with an initial maturity of three months or less to be cash equivalents.

#### **Pledges Receivable**

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

The Foundation uses the allowance method to determine uncollectible unconditional promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made. Management has determined the amount of allowance for uncollectible promises to give at June 30, 2011 and 2010, to be \$12,929 and \$19,398, respectively.

#### **Functional Allocation of Expenses**

The costs of providing various programs and activities have been summarized on a functional basis. Accordingly, based upon management's estimates, certain costs have been allocated among the programs, support services, and fundraising activities.

#### NOTE 2 - CONCENTRATION OF RISK

Cash accounts maintained by the Foundation are insured up to \$250,000 by the Federal Deposit Insurance Corporation. Additionally, the Foundation deposits are covered under the collateralization of governmental funds agreement which provides for collateralization of deposits with eligible securities at a rate of 110 percent of the deposit on hand. As of June 30, 2011, the balances held in financial institutions of \$1,371,209 were not fully insured, but were collateralized with securities held by the financial institution, but not in the Foundation's name. Management reviews the balances and the financial condition of these financial institutions on a periodic basis.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### NOTE 3 - RESTRICTIONS ON NET ASSETS

Permanently restricted net assets are gifts of cash and securities restricted by donors in ways that permit only the earnings to be used for specific programs, scholarships, and general operations of the Foundation. As restrictions on the net assets expire, due to time passing and earnings becoming available for expenditure, the funds are released to either temporarily restricted net assets or unrestricted net assets as applicable. Permanently restricted net assets consist of endowments to be held in perpetuity, the income is expendable for the donor's stated purpose.

Temporarily restricted net assets have donor-imposed restrictions that permit the Foundation to use up or expend the donated assets as specified and are satisfied either by the passage of time or by actions of the Foundation. As the restrictions expire and become available for expenditure, the funds are released to unrestricted net assets.

A description of the permanently and temporarily restricted net asset activity is included in the supplementary information to this report.

#### Market Value of Financial Assets and Liabilities

The Foundation determines the fair market values of certain financial instruments based on the fair value hierarchy established in Statement of Financial Accounting Standards, *Fair Value Measurements*, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value.

The following provides a summary of the hierarchical levels used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 1 asset and liabilities may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities may include debt securities with quoted prices that are traded less frequently than exchange-traded instruments and other instruments whose value is determined using a pricing model with inputs that are observable in the market or can be derived principally from or corroborated by observable market data. This category generally includes U.S. Government and agency mortgage-backed debt securities, corporate debt securities, derivative contracts, residential mortgage, and loans held-for-sale.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. This category generally includes certain private equity investments, where independent pricing information was not able to be obtained for a significant portion of the underlying assets.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

The Foundation has no future obligation related to this debt. Forgiveness of debt income is included within the Statement of Activities as unrestricted revenue of \$889,800.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### NOTE 8 - RELATED PARTY TRANSACTIONS

The Foundation provides various levels of monetary support and service to the District. The transactions are recorded within the financial statements as instructional and student programs and scholarship expense. The Foundation has contributed \$95,065 and \$282,356 to the District for student programs for the years ended June 30, 2011 and 2010, respectively. The Foundation has contributed \$603,256 and \$635,383 to the District for student scholarships for the years ended June 30, 2011 and 2010, respectively. Additionally, the Foundation provided a total of \$5,993,071 from donations received to the District for construction of the Aquatics Complex during the 2011 and 2010 years.

The District provides office space and other support to the Foundation. The Foundation office is currently housed in a building, which is owned by the District, and is jointly used by both the District and the Foundation. The Foundation leases the property at a cost of \$1.00 per year. This agreement expires November 30, 2018.

The Foundation received contributed employee services, other professional services, and materials valued at \$532,158 and \$504,617 from the District for the years ended June 30, 2011 and 2010, respectively.

#### NOTE 9 - COMMITMENTS

The Foundation is the fiscal agent for a scholarship component of a District Gear-Up Grant through the Department of Education. As of June 30, 2011, the Foundation has received a total of \$1,293,212 for years one through five of the five-year grant. At June 30, 2011, the funds, including interest income less a small amount expended for investment management fees, are included in the Foundation's temporarily restricted scholarship funds and total \$420,123. The Foundation began distributing the funds in the summer of 2007. During the year ended June 30, 2011, the Foundation has expended \$274,888 in scholarships and expenses related to the program.

#### NOTE 10 - TRANSFERS BETWEEN FUNDS

During the year ended June 30, 2011, management reviewed donor instructions and determined donations in the amount of \$69,572 have been classified as permanently restricted when the donor's intent was to have the funds be temporarily restricted.

#### NOTE 11 - DEFICIT NET ASSETS

The unrestricted fund of the Foundation has incurred operating deficits in past years that created a net deficit ending balance. Management has increased unrestricted fundraising efforts and has reduced operating costs to correct this deficit. During the years ended June 30, 2011 and 2010, the unrestricted fund noted deficit ending balances of (\$68,968) and (\$886,990), respectively. The Board is in the process of seeking unrestricted resources to bring the operating fund to a positive position.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### NOTE 12 - BEQUESTS

The Foundation received notification of a bequest which is considered to be a special kind of pledge. The bequest received generally requires compliance with terms and conditions specified in the agreement and is not collectible until the death of the donor. During the year ended June 30, 2009, the Foundation received a bequest which the donor bequeathed a life insurance policy to the Foundation which has a value of \$560,000. Under this agreement, the Foundation will pay premiums for the policy and is entitled to reimbursement by the donor. As this donation is conditional based on the terms of the bequest, it has not been recognized in the financial statements.

#### NOTE 13 - SUBSEQUENT EVENTS

The Foundation's management has evaluated events or transactions that may occur for potential recognition or disclosure in the financial statements from the balance sheet date through October 18, 2011, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

#### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Directors Riverside Community College District Foundation Riverside, California

We have audited the financial statements of Riverside Community College District Foundation for the years ended June 30, 2011 and 2010, and have issued our report thereon dated October 18, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### **Internal Control Over Financial Reporting**

The management of Riverside Community College District Foundation is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Riverside Community College District Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Riverside Community College District Foundation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Riverside Community College District Foundation's internal control over financial reporting.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Riverside Community College District Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain matters that we reported to management of Riverside Community College District Foundation in a separate letter dated October 18, 2011.

This report is intended solely for the information and use of the Board of Directors, Audit Committee, Management, others within Riverside Community College District Foundation, and Federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

VALUE THE DIFFERENCE

To the Board of Directors Riverside Community College District Foundation Riverside, California

We have audited the financial statements of the Riverside Community College District Foundation (the Foundation) for the years ended June 30, 2011 and 2010, and have issued our report thereon dated October 18, 2011. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter for the June 30, 2011, year-end audit. Professional standards also require that we communicate to you the following information related to our audit.

#### Significant Audit Findings

#### Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Foundation are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the 2011 fiscal year. We noted no transactions entered into by the Foundation during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

The calculation of the allowance for uncollectible promises to give is described in Note 4 to the financial statements. This estimate is provided by management to determine the collectability and valuation of long-term promises to give. We have reviewed management's calculations and analysis in determining the fair presentation of these balances in the financial statements.

The unrealized gains as described in Note 5 to the financial statements are based upon market analysis as of June 30, 2011. We have obtained information from the investment managers in determining the fair presentation of these amounts and have verified individual investment values through third party analysis such as quoted market prices within The Wall Street Journal.

#### Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has reviewed all proposed audit adjustments noted during the audit and has corrected the entries in the financial records of the Foundation.

#### Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 18, 2011. Management has reviewed this letter, signed it, and returned it to our office.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Foundation's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Foundation's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors and management of the Riverside Community College District Foundation and is not intended to be and should not be used by anyone other than these specified parties.

VALUE THE DIFFERENCE

To the Board of Directors and Management of Riverside Community College District Foundation Riverside, CA

In planning and performing our audit of the financial statements of Riverside Community College District Foundation as of and for the year ended June 30, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered Riverside Community College District Foundation's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Riverside Community College District Foundation's internal control to be significant deficiencies:

#### **Deficit** Net Assets

As noted in our prior year communications with the Board and Management, the Unrestricted Net Asset Balance has ended the year in a deficit position. During the 2010-11 fiscal year the Riverside Community College District provided a donation to the Foundation which essentially forgave a significant debt related to the Major Gift Campaign undertaken by the Foundation. As a result of this donation and other donations and fundraising efforts, the ending balance was increased by over \$800,000. However, there remains an unrestricted deficit at June 30, 2011 of \$68,968.

#### Recommendation

The Foundation must continue to work to address the unrestricted operating requirements of the Foundation, and provide for a plan to raise unrestricted resources which will allow the Foundation to continue operations without utilizing temporarily or restricted resources.

#### Board of Directors and Management of **Riverside Community College District Foundation**

#### Management Response

The Riverside Community College District Foundation Board of Directors has established policies that allow for a five percent stewardship fee on all new gifts to the Foundation, as well as one to two percent annual fees on its endowed Funds. These fees provide unrestricted revenue for the Riverside Community College District Foundation.

In September, 2011, the Riverside Community College District Foundation initiated Invest in Excellence, a comprehensive fundraising initiative that will culminate at the 100<sup>th</sup> anniversary of Riverside Community College District in 2016. We project significant fundraising will occur as part of this Campaign. In addition, as part of the Campaign, in January, 2012, the Riverside Community College District Foundation will announce the establishment of the Century Club, which will recognize donors who make annual unrestricted gifts of \$1,000 or more. This is expected to generate significant ongoing unrestricted income.

In addition, we have received notification of a bequest that will be a minimum of \$1 million that is completing probate and that we should receive no later than January, 2012. The allocation to our unrestricted fund for this gift will be a minimum of \$50,000.

The following comment represents an opportunity for strengthening the operational efficiencies and enhancing the internal controls of the Foundation.

#### **Temporarily Restricted Account Balances**

The Foundation manages a significant number of individual scholarship and departmental program accounts. A number of these accounts have been inactive for several years, or the balances have fallen below \$100. The maintenance of these accounts is a time consuming process, and the small balances do not create a sufficient amount to use for the stated purposes.

#### Recommendation

The Foundation management and Board should analyze these small account balances. By setting a floor for an individual account to be maintained, or a period of time with no activity, the Foundation can better utilize the resources to fund scholarships to students or provide resources to college departments and programs which are in need of funding. We recommend a policy be set to allow management to make decisions as to the floor for account balances, or a length of time for inactivity to provide better allocations of the Foundation's time and funding.

#### Management Response

Management has already taken action to adopt new policies that require a larger minimum balance to open a new account, and has begun a comprehensive review of inactive accounts, and those with small account balances, to streamline our account listings.

We will review the status of these comments during our next audit engagement. We have already discussed comments and recommendations with Foundation personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, the Board of Directors and Audit Committee, and others within the organization, and is not intended to be, and should not be used by anyone other than these specified parties.

2010-2011 Independent Audit Report for the Riverside Community College District Background Information

# 2010-2011 Independent Audit Report For the Riverside Community College District December 13, 2011

In accordance with Education Code Section 84040(b), an independent audit of the District's 2010-2011 financial statements was performed by Vavrinek, Trine, Day & Co., LLP Certified Public Accountants (VTD). A representative of the firm will be available to present the report. Results of the audit are summarized below.

#### Auditor's Opinion

The auditor has issued an unqualified opinion for the financial audit; an excerpt of which follows:

*Financial Audit* - "In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of Riverside Community College District and its discretely presented component unit as of June 30, 2011 and 2010, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America."

#### Current Year Audit Findings

Current year audit finding are shown on pages 82 through 94 of the accompanying audit report.

#### Prior Year Audit Findings

The recommendations for the prior year audit findings have been implemented as discussed on pages 95 through 97.

#### Adjustments to the Financial Statements

One audit adjustment to the District's financial statement has been recommended as follows:

• A reduction in accounts payable regarding apportionment funding (\$125,235).

#### Auditor's Required Communication - Audit Completion

In accordance with Statement on Auditing Standards No. 114, at the conclusion of the audit engagement VTD is required to communicate information to the Board of Trustees regarding their responsibility under United States Generally Accepted Auditing Standards and OMB Circular A-133, significant accounting policies, accounting estimates, significant audit adjustments and uncorrected misstatements, disagreements with management, consultation with other independent accountants, issues discussed prior to retention of independent auditors and difficulties encountered in performing the audit. Attached for your information is the required communication issued by VTD.

#### Management Recommendations

Management recommendations for fiscal year 2010-2011 are shown in the attached letter.

#### **INDEPENDENT AUDITORS' REPORT**

Board of Trustees Riverside Community College District Riverside, California

We have audited the accompanying basic financial statements of Riverside Community College District (the District) as of and for the years ended June 30, 2011 and 2010, and its discretely presented component unit, Riverside Community College District Foundation (the Foundation), as listed in the Table of Contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of Riverside Community College District and its discretely presented component unit as of June 30, 2011 and 2010, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 16 to the financial statements, the State of California continues to suffer the effects of a recessionary economy, which directly impacts the funding allocations and cash flows of Riverside Community College District.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2011, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and is important for assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 11 and the Schedule of Other Postemployment Benefits (OPEB) Funding Progress on page 60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### USING THIS ANNUAL REPORT

The purpose of this annual report is to provide readers with information about the activities, programs, and financial condition of the Riverside Community College District (the District) as of June 30, 2011. The report consists of three basic financial statements: the Statement of Net Assets; Statement of Revenues, Expenses, and Changes in Net Assets; and Statement of Cash Flows and provides information about the District as a whole. This section of the annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2011. Please read it in conjunction with the District's financial statements, which immediately follow this section. Responsibility for the completeness and accuracy of this information rests with District management.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The Riverside Community College District's financial statements are presented in accordance with Governmental Accounting Standards Board Statements (GASB) No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and No. 35, *Basic Financial Statements - and Management Discussion and Analysis - for Public College and Universities*. These statements allow for the presentation of financial activity and results of operations which focuses on the District as a whole. The entity-wide financial statements present the overall results of operations whereby all of the District's activities are consolidated into one total versus the traditional presentation by fund type. The focus of the Statement of Net Assets is designed to be similar to the bottom line results of the District. This statement combines and consolidates current financial resources with capital assets and long-term obligations. The Statement of Revenues, Expenses, and Changes in Net Assets focuses on the costs of the District's operational activities with revenues and expenses categorized as operating and nonoperating, and expenses are reported by natural classification. The Statement of Cash Flows provides an analysis of the sources and uses of cash within the operations of the District.

The California Community Colleges Chancellor's Office has recommended that all State community colleges follow the Business-Type Activity (BTA) model for financial statement reporting purposes.

#### FINANCIAL HIGHLIGHTS

- The District's primary funding source is from apportionment received from the State of California. The primary basis of this apportionment is the calculation of Full-Time Equivalent Students (FTES). During the 2010-2011 fiscal year, total reported resident FTES were 29,149 as compared to 31,185 in the 2009-2010 fiscal year. Total unfunded credit FTES was 2,258 for fiscal year 2010-2011 and 4,940 for fiscal year 2009-2010.
- Several construction and modernization projects at the District's three colleges resulted in completed buildings, building improvements, and improvements to sites totaling \$29,086,441 in the 2010-2011 fiscal year. The projects, listed below, are funded both through State construction revenues and through the District's voter approved General Obligation Bond, Measure C.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (REQUIRED SUPPLEMENTARY INFORMATION) JUNE 30, 2011 AND 2010

- Employee salaries decreased by 1.47 percent or \$1.7 million from the 2009-2010 fiscal year and employee benefits increased by 16.34 percent or \$4.5 million. The decrease in salaries is primarily due to a District-wide hiring freeze for full-time employees and a supplementary retirement plan (SRP) offer enacted in fiscal year 2010-2011. In addition, the use of part-time faculty decreased because of an apportionment reduction which resulted in fewer class section offerings during the academic year. The increase in benefit costs is primarily due to the aforementioned supplementary retirement plan (SRP) offer and an increase in health and welfare benefits.
- During the 2010-2011 fiscal year, the District provided over \$63.0 million in financial aid to students attending classes at the three colleges. This aid was provided in the form of grants, scholarships, loans, and tuition reductions funded through the Federal government, State Chancellor's Office, and local funding as shown below.

Net Increase in Net Assets	\$ 21,432	\$ 9,007	\$ 12,425	\$ 5,991	\$ 15,441

The District's primary revenue sources are local property taxes, student enrollment fees, and State apportionment. Property taxes levied and received from property within the District's boundaries decreased during the year. State apportionments increased due to allocated growth funding.

Grant and contract revenues relate primarily to student financial aid and to specific Federal and State grants received for programs serving the students and programs of the District. These grant and program revenues are restricted to allowable expenses related to the programs.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (REQUIRED SUPPLEMENTARY INFORMATION) JUNE 30, 2011 AND 2010

During 2010-2011, the District's interest income was \$1.6 million and interest expense was \$12.3 million. Interest income is primarily derived from cash held in the Riverside County Treasury. Interest income has decreased approximately \$0.5 million from the 2009-2010 fiscal year due to significantly lower interest rates and the State's apportionment deferral strategy passed along to community colleges. An increase in the General Obligation Bond principal resulting from the Series 2011 D-1 issuance in November 2010 has resulted in increased interest expense for the year.

In accordance with requirements set forth by the California Community Colleges Chancellor's Office, the District reports operating expenses by object code. Operating expenses by functional classification are as follows:

The Statement of Cash Flows on pages 15 and 16 provides information about our cash receipts and payments during the year. This statement also assists users in assessing the District's ability to meet its obligations as they come due and its need for external financing. The District's primary operating receipts are student tuition and fees and Federal, State, and local grants and contracts. The primary operating expense of the District is the payment of salaries and benefits to faculty, administrators, and classified staff.

While State apportionment revenues and property taxes are the primary source of noncapital related revenue, the GASB accounting standards require that this source of revenue is shown as nonoperating revenue as it comes from the general resources of the State and not from the primary users of the college's programs and services, the students. The District depends upon this funding to continue the current level of operations.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (REQUIRED SUPPLEMENTARY INFORMATION) JUNE 30, 2011 AND 2010

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

At June 30, 2011, the District had \$377.5 million in a broad range of capital assets, including land, buildings, and furniture and equipment. At June 30, 2011, the District's net capital assets were \$301.6 million. Major capital improvement projects are ongoing throughout the college campuses. These projects are primarily funded through State Construction Revenues and District General Obligation Bonds. Projects are accounted for within our Construction in Progress account until the project is completed at which time the cost of the buildings and/or improvements will be recorded to the depreciable Buildings and Improvement category.

#### **Obligations**

At the end of the 2010-2011 fiscal year, the District had \$244.4 million in General Obligation Bonds outstanding. These bonds are repaid in annual installments, in accordance with the obligation requirements, by way of property tax assessments on property within the Riverside Community College District's boundaries.

The District issued approximately \$110.1 million of General Obligation Bonds, Series 2011 D/D-1 in November 2010. The proceeds will be used for capital facility projects.

The District is also obligated to employees of the District for vacation, load banking benefits, and retirement payments.

Lease purchase agreements for equipment have been entered into to finance certain capital assets.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the District revises its budget to provide for unanticipated changes in revenues and expenditures. The Board of Trustees adopted the final amendment to the budget for the 2010-2011 fiscal year on June 21, 2011.

The District's final revised budget for the unrestricted General Fund anticipated that expenditures would exceed revenue by \$2.4 million. The actual results for the year showed revenues exceeded expenditures by \$2.0 million.

# ECONOMIC FACTORS AFFECTING THE FUTURE OF THE RIVERSIDE COMMUNITY COLLEGE DISTRICT

The financial position of the District is closely tied to the economic position of the State of California since the District's largest source of general unrestricted revenue is State apportionment at 68.44 percent. The District reported a slight decrease in total reported FTES during fiscal year 2010-2011. Due to significant declines in State apportionment funding in fiscal years 2010-2011 and 2011-2012, the District offered fewer sections to reduce costs and the number of unfunded FTES. The District's fiscal year 2011-2012 adopted budget incorporated budget strategies to mitigate projected budget shortfall totaling \$18.4 million. The District continues to monitor enrollment and operating costs of the District to ensure ongoing financial stability and retain the reserve levels required by Board Policy and the State Chancellor's Office.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the Riverside Community College District at 4800 Magnolia Avenue, Riverside, California 92506.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **NOTE 1 - ORGANIZATION**

The Riverside Community College District (the District) was established in 1916 as a political subdivision of the State of California and provides educational services to residents of the surrounding area. The District operates under a locally elected five-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, capital project funds, and proprietary funds, but these budgets are managed at the department level. Currently, the District operates three colleges located within western Riverside County. While the District is a political subdivision of the State of California, it is legally separate and is independent of other State and local governments, and it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 39.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Financial Reporting Entity**

The District has adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units.* This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District. The three components used to determine the presentation are: providing a "direct benefit", the "environment and ability to access/influence reporting", and the "significance" criterion. As defined by accounting principles generally accepted in the United States of America and established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, the District, and the following component units:

#### Riverside Community College District Foundation

The Riverside Community College District Foundation (the Foundation) is a legally separate, tax-exempt organization. The Foundation acts primarily as a fundraising organization to provide grants and scholarships to students and support to employees, programs, and departments of the District. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the District, the Foundation is considered a component unit of the District with the inclusion of the statements as a discretely presented component unit. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a not-for-profit organization under Internal Revenue Code (IRC) Section 501(c)(3) that reports its financial results in accordance with Financial Accounting Standards Codifications. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the District's financial reporting entity for these differences.

Audited financial statements for the Foundation can be obtained from the Foundation's Business Office at 4800 Magnolia Avenue, Riverside, California 92506.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### • Riverside Community College District Development Corporation

The Riverside Community College District Development Corporation (the Corporation) is a legally separate organization and a component unit of the District. The Corporation was formed to provide financing and acquire assets for the District. A majority of the Corporation's Board of Directors either serves by reason of their position in the District or is appointed by the District's Board of Trustees. The financial activity has been "blended" or consolidated within the financial statements as the District as if the activity was the District's. Within the other supplementary information section of the report, the activity is included as the Riverside Community College District Development Corporation Fund as a Special Revenue Fund of the District. Individually prepared financial statements are not prepared for the Corporation.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37, No. 38, and No. 39. This presentation provides a comprehensive entity-wide perspective of the District's assets, liabilities, activities, and cash flows and replaces the fund group perspective previously required. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All material intra-agency and intra-fund transactions have been eliminated.

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are classified as operating revenues. These transactions are recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, operating revenues consist primarily of student fees and auxiliary activities through the bookstore and cafeteria.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain Federal and State grants, entitlements, and donations. Property tax revenue is recognized in the fiscal year received. State apportionment revenue is earned based upon criteria set forth from the Community Colleges Chancellor's Office and includes reporting of full-time equivalent student (FTES) attendance. The corresponding apportionment revenue is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements may include time and/or purpose requirements.

Operating expenses are incurred to provide instructional services including support costs, auxiliary services, and depreciation of capital assets. All other expenses not meeting this definition are reported as nonoperating. Expenses are recorded on the accrual basis as they are incurred; when goods are received or services are rendered.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

The accounting policies of the District conform to accounting principles generally accepted in the United States of America (US GAAP) as applicable to colleges and universities, as well as those prescribed by the California Community Colleges Chancellor's Office. The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, unless those pronouncements after that date. When applicable, certain prior year amounts have been reclassified to conform to current year presentation. The budgetary and financial accounts of the District are maintained in accordance with the State Chancellor's Office *Budget and Accounting Manual*.

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments,* and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities,* as amended by GASB Statements No. 37 and No. 38. The business-type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
  - o Statements of Net Assets Primary Government
  - o Statements of Revenues, Expenses, and Changes in Net Assets Primary Government
  - o Statements of Cash Flows Primary Government
  - Financial Statements for the Fiduciary Funds including:
    - o Statements of Fiduciary Net Assets
    - Statements of Changes in Fiduciary Net Assets
- Notes to the Financial Statements

### **Cash and Cash Equivalents**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with county treasury balances for purposes of the Statement of Cash Flows. Restricted cash and cash equivalents represent balances restricted by external sources such as grants and contracts or specifically restricted for the repayment of capital debt.

#### Investments

Investments held at June 30, 2011 and 2010, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in the County investment pool are determined by the program sponsor.

#### **Restricted Assets**

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets are classified on the Statement of Net Assets because their use is limited by enabling legislation, applicable bond covenants, and other laws of other governments. Also, resources have been set aside to satisfy certain requirements of the bonded debt issuance and to fund certain capital asset projects.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### **Accounts Receivable**

Accounts receivable include amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. The District provides for an allowance for uncollectible accounts as an estimation of amounts that may not be received. This allowance is based upon management's estimates and analysis. The allowance was estimated at \$91,342 and \$93,494 for the years ended June 30, 2011 and 2010, respectively.

### **Prepaid Expenses**

Prepaid expenses represent payments made to vendors and others for services that will benefit periods beyond June 30.

#### Inventories

Inventories consist primarily of cafeteria food and supplies held for resale to the students and faculty of the college. Inventories are stated at cost, utilizing the weighted average method. The cost is recorded as an expense as the inventory is consumed.

#### **Capital Assets and Depreciation**

Capital assets are long-lived assets of the District as a whole and include land, construction-in-progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements to buildings and land that significantly increase the value or extend the useful life of the asset are capitalized; the costs of routine maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged as an operating expense in the year in which the expense was incurred. Major outlays for capital improvements are capitalized as construction-in-progress as the projects are constructed.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 15 to 50 years; improvements, 10 years; equipment, 3 to 8 years; vehicles, 5 to 10 years.

#### Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

#### **Deferred Issuance Costs, Premiums, and Discounts**

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight line method.

Deferred amount on refunding is amortized using the straight line method over the remaining life of the new debt.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **Compensated Absences**

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The amounts have been recorded in the fund from which the employees, who have accumulated the leave, are paid. The District also participates in "load-banking" with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period.

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, retirement credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Retirement credit for unused sick leave is available to all full-time employees based on the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement Systems (CalPERS) criteria.

#### **Deferred Revenue**

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Deferred revenues include (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met are recorded as deferred revenue.

#### **Noncurrent Liabilities**

Noncurrent liabilities include bonds and notes payable, compensated absences, claims payable, capital lease obligations, and OPEB obligations with maturities greater than one year.

#### **Net Assets**

GASB Statements No. 34 and No. 35 report equity as "Net Assets" and represent the difference between assets and liabilities. Net assets are classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following net asset categories:

**Invested in Capital Assets, Net of Related Debt**: Capital Assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

**Restricted - Expendable**: Net assets whose use by the District is subject to externally imposed constraints that can be fulfilled by actions of the District pursuant to those constraints or by the passage of time. Net assets may be restricted for capital projects, debt repayment, and/or educational programs.

None of the District's restricted net assets have resulted from enabling legislation adopted by the District.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

**Unrestricted**: Net assets that are not subject to externally imposed constraints. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net assets are designated for special purposes.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed. The entity-wide financial statements report \$20,750,158 of restricted net assets.

#### **State Apportionments**

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year. When known and measurable, these recalculations and corrections are accrued in the year in which the FTES are generated.

### **Property Taxes**

Secured property taxes attach as an enforceable lien on property as of January 1. The County of Riverside Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Riverside bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when the County notifies the District of the availability of the revenues.

The voters of the District passed a General Obligation Bond in 2004 for the acquisition, construction, and remodeling of certain District property. As a result of the passage of the Bond, property taxes are assessed on the property within the District specifically for the repayment of the debt incurred. The taxes are billed and collected as noted above and remitted to the District when collected.

#### **Scholarship Discounts and Allowances**

Student tuition and fee revenue is reported net of scholarship discounts and allowances in the Statement of Revenues, Expenditures, and Changes in Net Assets. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payments on the students' behalf. To the extent that fee waivers and discounts have been used to satisfy tuition and fee charges, the District has recorded a scholarship discount and allowance.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **Federal Financial Assistance Programs**

The District participates in federally funded Pell Grants, FSEOG Grants, Federal Work-Study, Academic Competitiveness Grants, and Federal Direct Student Loan programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. These programs are audited in accordance with the Single Audit Act Amendments of 1996, and the U.S. Office of Management and Budget's revised Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and the related *Compliance Supplement*. During the years ended June 30, 2011 and 2010, the District distributed \$4,357,631 and \$4,425,366, respectively, in direct lending through the U.S. Department of Education. As of July 1, 2010, the Federal Family Education Loan program ended and was replaced by the Federal Direct Student Loan program. As of June 30, 2011, the \$4,357,631 of direct lending have been included as revenues and expenses within the accompanying financial statements as the amounts are passed directly to the District and then to qualifying students. These amounts are also included on the Schedule of Expenditures of Federal Awards.

#### **On Behalf Payments**

GASB Statement No. 24 requires direct on behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees for another legally separate entity be recognized as revenues and expenditures by the employer entity. The State of California makes direct on behalf payments to CalSTRS and CalPERS on behalf of all community colleges in California.

#### Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **Interfund Activity**

Interfund transfers and interfund receivables and payables are eliminated within the primary government funds during the consolidation process in the entity-wide financial statements.

#### **Foundation Presentation**

The Riverside Community College District Foundation presents its financial statements in accordance with Statement of Financial Accounting Codifications. Under these reporting requirements, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As permitted by the codification, the Foundation does not use fund accounting.

**Permanently Restricted Net Assets** - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specific purposes.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

**Temporarily Restricted Net Assets** - Net assets subject to donor-imposed stipulations that will be met by actions of the Foundation and/or the passage of time.

Unrestricted Net Assets - Net assets not subject to donor-imposed restrictions.

Revenues and expenses are recorded when incurred in accordance with the accrual basis of accounting. Revenues are reported as increases in the unrestricted net assets classification unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions for in-kind gifts from outside sources are recorded at their fair market value on the date of the donation.

Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

Investments are reported at fair value in accordance with FASB Topic ASC 820, *Fair Value Measurements and Disclosures*.

#### **New Accounting Pronouncements**

In November 2010, the GASB issued Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34.* The objective of this Statement is to improve financial reporting for a governmental financial reporting entity. The requirements of Statement No. 14, *The Financial Reporting Entity*, and the related financial reporting requirements of Statement No. 34, *Basic Financial Statement's Discussion and Analysis for State and Local Governments*, were amended to better meet user needs and to address reporting entity issues that have arisen since the issuance of those Statements.

This Statement modifies certain requirements for inclusion of component units in the financial reporting entity. For organizations that previously were required to be included as component units by meeting the fiscal dependency criterion, a financial benefit or burden relationship also would need to be present between the primary government and that organization for it to be included in the reporting entity as a component unit. Further, for organizations that do not meet the financial accountability criteria for inclusion as component units but that, nevertheless, should be included because the primary government's management determines that it would be misleading to exclude them, this Statement clarifies the manner in which that determination should be made and the types of relationships that generally should be considered in making the determination.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

This Statement also amends the criteria for reporting component units as if they were part of the primary government (that is, blending) in certain circumstances. For component units that currently are blended based on the "substantively the same governing body" criterion, it additionally requires that (1) the primary government and the component unit have a financial benefit or burden relationship or (2) management (below the level of the elected officials) of the primary government have operational responsibility (as defined in paragraph 8a) for the activities of the component unit. New criteria also are added to require blending of component units whose total debt outstanding is expected to be repaid entirely or almost entirely with resources of the primary government. The blending provisions are amended to clarify that funds of a blended component unit have the same financial reporting requirements as a fund of the primary government. Lastly, additional reporting guidance is provided for blending a component unit if the primary government is a business-type activity that uses a single column presentation for financial reporting.

This Statement also clarifies the reporting of equity interests in legally separate organizations. It requires a primary government to report its equity interest in a component unit as an asset. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2012. Early implementation is encouraged.

### **Comparative Financial Information**

Comparative financial information for the prior year has been presented for additional analysis; certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

### NOTE 3 - DEPOSITS AND INVESTMENTS

#### **Policies and Practices**

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

**Investment in County Treasury** - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis. The County Treasurer also holds investments in a separate investment agreement account other than the County Pooled Investment noted above on behalf of the District. Funds in this investment agreement are strictly related to the District's general obligation bonds.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

Total Deposits and Investments	\$	161,776,187
	Fie	luciary Funds
Cash on hand and in banks	\$	2,000,087

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Pool and County Pooled Investment Fund.

#### **Specific Identification**

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the District's investment by maturity:

	Fair Market	Maturity
Investment Type	Value	Date
County Pooled Investment	\$ 161,450,174	1.31*

\*Weighted average of maturity in years.

#### **Credit Risk**

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investments in the County pool are rated AAA by Fitch Ratings Ltd. as of June 30, 2011.

	Minimum		
	Legal	Rating	Fair Market
Investment Type	Rating	June 30, 2011	Value
County Pooled Investment	Not Required	AAA	\$161,450,174

#### **Custodial Credit Risk - Deposits**

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk. However, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2011, the District and fiduciary funds had bank balances of \$1,179,356 and \$2,036,133, respectively, totaling \$3,215,489 of which \$2,264,339 was exposed to custodial credit risk because it was uninsured and collateralized at 110 percent of balance over \$250,000 with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

Section 343 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (DFA) provides temporary unlimited deposit insurance coverage for noninterest-bearing transaction accounts at all FDIC-insured depository institutions (the Dodd-Frank Deposit Insurance Provision).

All funds in a "noninterest-bearing transaction account" are insured in full by the Federal Deposit Insurance Corporation from December 31, 2010 through December 31, 2012. This temporary unlimited coverage is in addition to, and separate from, the coverage of at least \$250,000 available to depositors under the FDIC's general deposit insurance rules. However, as of June 30, 2011, all deposits of the District are in interest-bearing transaction accounts which are limited to coverage up to \$250,000.

#### **Custodial Credit Risk - Investments**

This is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The cash held in the County Treasury is uncategorized and the fair value approximates carrying value are shown above in the credit risk schedule. Deposits with the County Treasury are not categories because they do not represent securities which exist in physical or book entry form. The deposits with the County Treasury are valued using the amortized cost method (which approximates fair value). The fair values are provided by the County Treasurer. As of June 30, 2011, \$161,276,836 is invested in the Riverside County Treasurer's Pooled Investment Fund. The Pooled Investment Fund is currently rated AAA by Fitch Ratings Ltd.

#### **Discretely Presented Component Unit**

The Foundation's deposits and investments consist primarily of cash in banks and investments within equity funds and corporate and government bonds. As of June 30, 2011, the balances held in financial institutions of \$1,371,209 were not fully insured, but were collateralized with securities held by the financial institution, but not in the Foundation's name.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### NOTE 4 - ACCOUNTS RECEIVABLE

Accounts receivable for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources.

The accounts receivable are as follows:

	Primary Government

Total Receivables, Net	\$ 52,590,176	\$ 45,094,928	

### **Discretely Presented Component Unit**

The Foundation's accounts receivables consist primarily of donations and unconditional promises to give. The Foundation routinely analyzes the collectability of the outstanding balance and has provided for the determined valuation.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### NOTE 5 - CAPITAL ASSETS

Capital asset activity for the District for the fiscal year ended June 30, 2011, was as follows:

	Balance Beginning			Balance End
	of Year	Additions	Deductions	of Year

The District was the beneficiary of an extensive bequest of Mine Okubo's estate, a Japanese-American artist, inclusive of paintings, works of art, reference materials, photographs, books, writings, letters, and printed material. The District took possession of the materials bequeathed from the estate of Ms. Okubo as of June 30, 2009. The District has included the collection and materials as priceless in the District's capital assets (non-depreciable assets). During the course of the next several years and as the District learns the collection's long-term historical value, the values will be added to the District's capital assets. As of June 30, 2011, the District has not recorded a value for the collection in the financial statements.

### NOTE 9 - INTERFUND TRANSACTIONS

#### Interfund Receivables and Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund activity within the governmental funds and fiduciary funds has been eliminated respectively in the consolidation process of the basic financial statements. Balances owing between the primary government and the fiduciary funds are not eliminated in the consolidation process. As of June 30, 2011, the amount owed between the government and the fiduciary funds were \$29,519 and \$48,154, respectively.

#### **Interfund Operating Transfers**

Operating transfers between funds of the District are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use restricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Operating transfers within the funds of the District have been eliminated in the consolidation process. Transfers between the primary government and the fiduciary funds are not eliminated in the consolidation process.

### **Description of Debt**

Payments on the general obligation bonds are made by the Bond Interest and Redemption Fund with local property tax collections. The capital lease payments are made by the General Fund. The compensated absences are paid by the fund for which the employees' salaries are paid from. The District's General Fund makes payments for the postemployment benefits, Supplemental Retirement Plan, and load banking obligations.

#### **Bonded Debt**

#### **2004 General Obligation Bonds**

During March 2004, voters of the District authorized the issuance and sale of general obligation bonds in the amount of \$350,000,000. As a result of the authorization, General Obligation Bonds Series 2004A "Series A Bonds" and Series 2004B (federally taxable) "Series B Bonds" were issued in August 2004. At June 30, 2011, the principal outstanding was \$3,475,000.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

Series A Bonds were issued in the aggregate principal amount of \$55,205,000 with interest rates ranging from 4.00 to 5.25 percent. Series A Bonds were used to finance the acquisition, construction, and modernization of property and school facilities, to refund outstanding certificates of participation (COPs), and to pay certain costs of the bond issue. The refunded COPs are considered defeased. This current refunding was undertaken to decrease total debt service payments by \$2,762,260. The Series A Bonds are subject to optional and mandatory sinking fund redemption prior to maturity.

Series B Bonds were issued to advance refund the District's outstanding certificates of participation. The refunded COPs are considered defeased. This advance refunding was undertaken to reduce total debt service payments by \$2,298,036 and to obtain an economic gain of \$237,565. The Series B Bonds have been paid in full.

The bonds are general obligations of the District. The Riverside County Board of Supervisors is obligated to levy ad valorem taxes upon all property within the District subject to taxation by the District for the payment of interest and principal on the bonds when due.

#### 2005 General Obligation Refunding Bonds

During May 2005, the District issued 2005 General Obligation Refunding Bonds in the amount of \$58,386,109 with interest rates ranging from 3.00 to 5.00 percent. The bonds issued included \$54,425,000 of current interest bonds and \$3,961,109 of capital appreciation bonds, with the value of the capital appreciation bonds maturing to a principal balance of \$10,555,000. The bonds mature through August 1, 2024. Principal and interest on the refunded debt will be paid until such time as they can be redeemed on August 1, 2014. At June 30, 2011, the principal outstanding was \$54,314,469, and net unamortized debt premium was \$4,217,262.

The bonds are being used to advance refund all or a portion of the outstanding principal amount of the District's General Obligation Bonds, Election of 2004, Series 2004A (the Refunding Bonds). The refunded bonds were the Series A general obligation bonds including the cost of issuance of the bonds except for \$3,745,000 of the debt. The refunded bonds are considered defeased. The bonds were issued as current interest bonds and capital appreciation bonds. Interest with respect to the current interest bonds accrues from the date of their delivery and is payable semiannually on February 1 and August 1 of each year.

Net debt premium consists of the following:

	June 30, 2011
Deferred loss on refunding	\$ (2,368,905)
Debt issue costs	(629,653)
Debt premium	7,215,820
Net unamortized debt premium	\$ 4,217,262

#### **2007 General Obligation Bonds**

During June 2007, the District issued the 2007 General Obligation Bonds in the amount of \$90,000,000. The bonds mature beginning on August 1, 2007 through August 1, 2032, with interest yields ranging from 3.62 to 4.47 percent. At June 30, 2011, the principal outstanding was \$68,510,000 and unamortized premium and issuance costs of \$2,112,726 and \$813,623, respectively. Premium and issuance costs are amortized over the life of the bonds as a component of interest expense on the bonds.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

Page 48 of 109

Backup

December 13 2011

The bonds are being used for the purposes of financing the repair, acquisition, construction, and equipping of certain District facilities, and to pay all legal, financial, and contingent costs in connection with the issuance of the bonds. The bonds are general obligations of the District payable solely from the proceeds of ad valorem property taxes. Interest with respect of the bonds accrues from the date of their delivery and is payable semiannually on February 1 and August 1 of each year, commencing August 1, 2007.

### **2010 General Obligation Bonds**

During December 2010, the District issued the 2010 General Obligation Bonds in the amount of \$109,999,278. The bonds mature beginning on August 1, 2015 through August 1, 2040, with interest yields ranging from 2.36 to 5.53 percent. The bonds issued included \$102,300,000 of current interest Build America Bonds (Series 2010D-1 Bonds) and \$7,699,278 of capital appreciation tax-exempt bonds (Series 2010D Bonds), with the value of the capital appreciation bonds maturing to a principal balance of \$15,920,000. At June 30, 2011, the principal balance outstanding was \$110,118,806 and unamortized premium and issuance cost of \$1,691,951 and \$926,415, respectively. Premium and issuance costs are amortized over the life of the bonds as a component of interest expense on the bonds.

The District has designated the Series 2010D-1 Bonds as "Build America Bonds" for purposes of the American Recovery and Reinvestment Act of 2009 (the Stimulus Act), the interest on which is not excluded from gross income for Federal income tax purposes, but is exempt from State of California personal income taxes. The District expects to receive a cash subsidy from the United States Treasury equal to 35 percent of the interest payable on such Series 2010D-1 Bonds. The District is obligated to make all payments of principal and interest on the Series 2010D-1 Bonds from the sources described in the official statement whether or not it receives cash subsidy payments pursuant to the Stimulus Act.

The bonds are being used for the purposes of financing the repair, acquisition, construction, and equipping of certain District facilities, and to pay all legal, financial, and contingent costs in connection with the issuance of the bonds. The bonds are general obligations of the District payable solely from the proceeds of ad valorem property taxes. Interest with respect of the bonds accrues from the date of their delivery and is payable semiannually on February 1 and August 1 of each year, commencing August 1, 2015.

2014	896,853
2015	896,854
2016	458,057
Total	\$ 4,497,847

#### **Compensated Absences**

Compensated absence obligations for the District at June 30, 2011, amounted to \$2,614,358 of which \$1,206,283 is considered current.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **Other Postemployment Benefits Obligation**

The District's annual required contribution for the year ended June 30, 2011, was \$2,282,222, and contributions made by the District during the year were \$577,224. Interest on the net OPEB obligation and adjustments to the annual required contribution were \$82,655 and \$(102,415), respectively, which resulted in an increase to the net OPEB obligation of \$1,685,238. As of June 30, 2011, the net OPEB obligation was \$3,338,328. See Note 11 for additional information regarding the OPEB obligation and the postemployment benefits plan.

### Load Banking

The load banking obligation for the District at June 30, 2011, amounted to \$827,220 of which \$14,286 is considered current.

### *NOTE 11 - POSTEMPLOYMENT HEALTH CARE PLAN AND OTHER POSTEMPLOYMENT BENEFITS (OPEB) OBLIGATION*

The District provides postemployment health care benefits for retired employees in accordance with approved Board policy.

#### **Plan Description**

The Riverside Community College District Plan (the Plan) is a single-employer defined benefit healthcare plan administered by the District. The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Membership of the Plan consists of 69 retirees and beneficiaries currently receiving benefits and 1,015 active Plan members.

#### **Funding Policy**

The contribution requirements of Plan members and the District are established and may be amended by the District and the District's bargaining units. The required contribution is based on projected pay-as-you-go financing requirements with an additional amount to prefund benefits as determined annually through agreements between the District and the bargaining units. For fiscal year 2010-2011, the District contributed \$577,224 to the Plan, all of which was used for current premiums.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the payments of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (UAAL) (or funding costs) over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the District's net OPEB obligation to the Plan:

Annual required contribution	\$ 2,282,222
Interest on net OPEB obligation	82,655
Adjustment to annual required contribution	 (102,415)
Annual OPEB cost (expense)	2,262,462
Contributions made	 (577,224)
Increase in net OPEB obligation	 1,685,238
Net OPEB obligation, beginning of year	 1,653,090
Net OPEB obligation, end of year	\$ 3,338,328

#### **Trend Information**

Trend information for the annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation is as follows:

Year Ended	Annual OPEB	Actual	Percentage	Net OPEB
June 30,	Cost	Contribution	Contributed	Obligation
2009	\$ 1,474,187	\$ 517,462	35%	\$ 956,725
2010	1,462,715	766,350	52%	1,653,090
2011	2,262,462	577,224	26%	3,338,328

#### **Funding Status and Funding Progress**

The schedule of funding progress as of the most recent actuarial valuation is as follows:

Actuarial Accrued Liability (AAL)	\$ 15,799,353
Actuarial Value of Plan Assets	-
Unfunded Actuarial Accrued Liability (UAAL)	\$ 15,799,353
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.00%
Covered Payroll	<u>N/A</u>
UAAL as Percentage of Covered Payroll	N/A

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

The above noted actuarial accrued liability was based on the July 1, 2009, actuarial valuation. Actuarial valuation of an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information, follows the notes to the financial statements and presents multi-year trend information about whether the actuarial value of Plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

### **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial values of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2009, actuarial valuation, the unit credit cost method was used. Under this method, there are no liabilities dependent on salary, therefore, no salary increase rate is assumed. The actuarial assumptions include healthcare cost trend rates ranged from an initial eight percent to an ultimate rate of five percent. The UAAL is being amortized at a level dollar method. The remaining amortization period at July 1, 2011, was 27 years. The actuarial value of assets was not determined in this actuarial valuation. As of June 30, 2011, the District finances its OPEB contributions using a pay-as-you-go method. The District has not established a plan or equivalent arrangement that contains an irrevocable trust.

### NOTE 12 - RISK MANAGEMENT

#### **Insurance Coverages**

The District is exposed to various risks of loss related to torts and liability; theft of, damage to and destruction of assets; errors and omissions and injuries to employees. The District obtains coverage for these risks as a member of various joint powers authorities or through the purchase of coverage from a risk retention group. The District has coverage up to \$20,000,000 for liability and tort risks. This coverage is subject to a \$100,000 self-insured retention. The District carries replacement coverage on its buildings and furniture and equipment with limits of \$295,277,000 and a \$100,000 deductible. Employee health benefits are covered by the employees enrolling in either one of two health maintenance organizations or in the District's self-insured health plan. The District's self-insured limit for the self-insured plan is \$100,000, and it purchases insurance coverage for the excess claims. The District purchases coverage for the dental benefits from a joint powers authority.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### Joint Powers Authority Risk Pools

During fiscal year ending June 30, 2011, the District contracted with the Alliance of Schools for Cooperative Insurance Program Joint Powers Authority for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

#### Workers' Compensation

For fiscal year 2010-2011, the District participated in the Schools Excess Liability Fund Joint Powers Authority (JPA), an insurance purchasing pool. The District is self insured for the first \$350,000 of each workers' compensation claim. The intent of the JPA is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the JPA. The workers' compensation experience of the participant gaistricts is calculated as one experience, and a common premium rate is applied to all districts in the JPA. Each participant pays its workers' compensation premium based on its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall saving. A participant will then either receive money from or be required to contribute to the "equity-pooling fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the JPA. Participation in the JPA is limited to K-12 and community college districts that can meet the JPA's selection criteria.

Insurance Program / JPA Name	Type of Coverage	Limits
Schools Excess Liability Fund (SELF)	Workers' Compensation	\$ 2,000,000
Schools Excess Liability Fund (SELF)	Excess Liability	\$ 20,000,000
Alliance of Schools for Cooperative		
Insurance Program (ASCIP)	Property and Liability	\$ 1,000,000
Schools Excess Liability Fund (SELF) Alliance of Schools for Cooperative	Excess Liability	\$ 20,000,000

#### **Employee Medical Benefits**

The District has contracted with Kaiser Permanente, Health Net, and the RCCD Plan to provide employee medical benefits. The District provides health and welfare benefits to all full-time and permanent part-time employees (20 hours or more) and their dependents. Those employees working less than full-time will receive a pro-rata share of the benefit package. Employees in positions less than 20 hours per week do not receive any fringe benefits.

If the employee elects not to enroll for health insurance coverage from one of the carriers provided by the District, such employee must provide evidence of other health insurance coverage.

- Medical The employee has a choice of Kaiser Permanente, Health Net, or the RCCD Plan. The employee may elect to change carriers once per year during open enrollment. Normally, such election shall be effective October 1 of each year.
- Dental Delta insurance coverage for employees and dependents shall be provided by the District. All employees shall participate in the program.
- Life Insurance The District provides a \$50,000 life insurance policy by a carrier designated by the District. All employees shall participate in this life insurance program.

# NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

Rates are set through an annual calculation process. The District pays a monthly contribution which is placed in a common fund from which claim payments are made for all participating districts. Claims are paid for all participants regardless of the claim's flow. The Board of Directors has the right to return monies to a district subsequent to the settlement of all expenses and claims if a district withdraws from the pool.

The District records an estimated liability for indemnity torts and other claims against the District. Claims liabilities are based on estimates of the ultimate costs of reported claims (including future claim adjustment expenses) and an estimate for claims incurred, but not reported based on historical experience. The estimated liabilities are calculated using historical experience and internal actuarial analysis.

#### **Claims Liabilities**

The District establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represent the changes in approximate aggregate liabilities for the District from July 1, 2009 to June 30, 2011:

	Self-
	Insurance
Liability Balance, July 1, 2009	\$ 5,364,973
Claims and changes in estimates	6,020,427
Claims payments	(6,065,549)
Liability Balance, June 30, 2010	5,319,851
Claims and changes in estimates	273,257
Claims payments	(3,436,279)
Liability Balance, June 30, 2011	\$ 2,156,829
Assets available to pay claims at June 30, 2011	\$ 7,488,482

The District records an estimated liability for indemnity health care, workers' compensation, torts, and other claims against the District. Claims liabilities are based on estimates of the ultimate cost of the reported claims including future claim adjustment expenses and an estimate for claims incurred, but not reported based on historical experience. The estimated liabilities are calculated using an actuarial valuation of its self-insured medical benefits, workers' compensation, and general liability programs.

### NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### CalSTRS

### **Plan Description**

The District contributes to CalSTRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7919 Folsom Blvd., Sacramento, CA 95826.

### **Funding Policy**

Active members of the DB Plan are required to contribute 8.0 percent of their salary while the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2010-2011 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's total contributions to CalSTRS for the fiscal years ended June 30, 2011, 2010, and 2009, were \$5,263,423, \$5,301,072, and \$5,560,357, respectively, and equal 100 percent of the required contributions for each year.

### CalPERS

#### **Plan Description**

The District contributes to the School Employer Pool under CalPERS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and survivor benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95811.

#### **Funding Policy**

Active plan members are required to contribute 7.0 percent of their salary (7.0 percent of monthly salary over \$133.33 if the member participates in Social Security), and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The District's contribution rate to CalPERS for fiscal year 2010-2011 was 10.707 percent of covered payroll. The District's contributions to CalPERS for fiscal years ending June 30, 2011, 2010, and 2009, were \$3,960,411, \$3,606,582, and \$3,263,162, respectively, and equaled 100 percent of the required contributions for each year.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

#### **On Behalf Payments**

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS which amounted to \$2,721,709, \$2,741,776, and \$3,029,760, (4.267 percent) of salaries subject to CalSTRS for the years ending June 30, 2011, 2010, and 2009, respectively. These amounts have been reflected in the basic financial statements as a component of nonoperating revenue and employee benefit expense.

#### **Deferred Compensation**

The District offers its employees deferred compensation plans created in accordance with Internal Revenue Code Section 403(b) and Section 457. The plans, available to all District employees, permit them to defer a portion of their salary until future years. The deferred compensation is not available to the employees until termination, retirement, death, or an unforeseeable emergency.

All amounts of compensation deferred under the plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the Financial Agent, until paid or made available to the employee or other beneficiary.

The CalSTRS 403b Comply is the Financial Agent for the District.

#### Public Agency Retirement System (PARS) - Alternate Retirement System

The Omnibus Budget Reconciliation Act of 1990 [Internal Revenue Code Section 3121 (b) (7) (F)] requires State and local public agencies to provide a retirement plan for all employees not covered under existing employer pension plans and/or Social Security.

The District is a member of the Public Agency Retirement System (PARS), a multiple-employer retirement trust established in 1990 by a coalition of public employers. The plan covers the District's part-time, temporary, and other employees not covered under CalPERS or CalSTRS, but whose salaries would otherwise be subject to Social Security tax. Benefit provisions and other requirements are established by District management based on agreements with various bargaining units. PARS is a defined contribution qualified retirement plan under Section 401 (a) of the Internal Revenue Code.

The minimum total contribution is 7.5 percent of employees' salaries, of which the employee contributes the total 7.5 percent. District employees are covered under PARS Plan #763 as of June 30, 2011. Total contributions to the plan amounted to \$610,188.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### NOTE 14 - PUBLIC AGENCY RETIREMENT SYSTEM (PARS) SUPPLEMENTARY RETIREMENT PLAN (SRP)

The District has adopted the Public Agency Retirement System (PARS) 403(b) Supplementary Retirement Plan (SRP). This SRP is designed to meet the requirements of Section 403(b) of the Internal Revenue Code of 1986, as amended, and, to the extent applicable, the Employee Retirement Income Security Act of 1974, as amended. Employees eligible to receive retirement benefits under the SRP must be a Faculty, Academic, Classified Management, Classified Non-Management, or Confidential Employee, is at least age fifty-five (55) with eight (8) or more years of full-time equivalent District service from the date of the formal action taken by the District (retire during the window period in the formal action taken by the District's Governing Board of Trustees). In order for the District to reach fiscal goals, a minimum number of participants were required to enroll in the SRP during the fiscal years June 30, 2011, 2010, and 2009, which amounted to 32, 33, and 35, respectively. The benefits provided under the SRP are funded in five (5) annual contributions. (See Note 10.)

### NOTE 15 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is a member of the School Excess Liability Fund (SELF), the Riverside Community College - County Superintendent Self-Insurance Program for Employees (RCCCSSIPE), the Riverside Employees/Employees Plan (REEP), and the Alliance of Schools for Cooperative Insurance Programs (ASCIP) Joint Powers Authorities (JPAs). The District pays annual premiums for its property liability, health, and workers' compensation coverage. The relationship between the District and the JPAs is such that they are not component units of the District for financial reporting purposes.

The JPAs have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

The District's share of year-end assets, liabilities, or fund equity has not been calculated.

During the year ended June 30, 2011, the District made payments of \$37,392, \$9,865, \$1,505,668, and \$574,648 to SELF, RCCCSSIPE, REEP, and ASCIP, respectively.

#### NOTE 16 - COMMITMENTS AND CONTINGENCIES

#### Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2011.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### Litigation

The District is involved in various actions arising from the normal course of business. In these actions, the District is both the plaintiff and defendant. Legal claims are settled throughout the year, and management has reviewed all such settlements through the date of this report. While an action has been settled in the District's favor during this period of time, the disposition of the final settlement will take place over a four year period of time and, in the opinion of management, will not have a material impact on the overall financial statements of the District as of June 30, 2011. In the opinion of management, other action that is ongoing and has not reached a settlement as of the date of this report is not anticipated to have a material adverse effect on the overall financial statements of the District.

### **Operating Leases**

The District has entered into various operating leases for buildings and equipment with lease terms in excess of one year. None of these agreements contain purchase options. All agreements contain a termination clause providing for cancellation after a specified number of days written notice to lessors, but it is unlikely that the District will cancel any of the agreements prior to the expiration date. Future minimum lease payments under these agreements are as follows:

Year Ending June 30,	LeasePayment
2012	\$ 2,671,203
2013	37,116
2014	37,116
2015	32,757
Total	\$ 2,778,192

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### **Construction Commitments**

As of June 30, 2011, the District had the following budgetary commitments with respect to the unfinished capital projects:

	Estimated Cost to	Percent	Estimated
Project	Complete	Complete	Completion
District - Citrus Street Savings and Loan Gallery - Market Street	\$ 3,331,991	16.70%	FY 11/12
Moreno Valley - Allied Health Redistribution	3,417,996	25.92%	FY 12/13
Moreno Valley - Learning Gateway Building	26,826,231	15.64%	FY 13/14
Moreno Valley - March Dental Education Center	5,765,377	46.12%	FY 11/12
Norco - Secondary Effects Projects	12,746,238	20.38%	FY 12/13
Riverside - Nursing/Science Building	14,818,364	75.75%	FY 11/12
Riverside - Phase II Wheelock Gymnasium Seismic Retrofit	10,804,313	49.34%	FY 11/12
Riverside - Quad Basement Remodel	398,836 \$ 78,109,346	14.69% 47.94%	FY 11/12

The projects are funded through a combination of general obligation bonds and capital project apportionments from the State Chancellor's Office, as well as private donations and Redevelopment Agency funding.

### **Deferral of State Apportionments**

The State legislature has enacted a budget as of June 30, 2011. As a result, certain apportionments owed to the Community College District System and Riverside Community College District for funding of FTES, categorical programs, and construction reimbursements which are attributable to the 2010-2011 fiscal year have been deferred to the 2011-2012 fiscal year. The total amount of funding deferred into the 2011-2012 fiscal year was \$24,203,536. As of July 8, 2011, this amount has been received. These deferrals of apportionment are considered permanent with future funding also being subject to deferral into future years.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2011 AND 2010

### **Fiscal Issues Relating to State-Wide Funding Reductions**

The State of California economy is continuing through a four-year recessionary economy. The California Community College System is reliant on the State of California to appropriate the funding necessary to provide for the educational services and student support programs that are mandated for the Colleges. The State-wide budget for the 2011-2012 fiscal year was adopted as of June 30, 2011. As a result of the 2011-2012 enacted budget, the California Community College System and Riverside Community College District will face a \$313 million and \$7.6 million net reduction to general apportionment, respectively. In addition, the enacted budget adds \$129 million in deferrals for a total of \$961 million for California community colleges. For Riverside Community College District, this is approximately \$27.8 million of which January 2012 through June 30, 2012, apportionments will be deferred until July and October of 2012.

The District has continued to serve students in excess of the State funded level which has resulted in approximately \$11.5 million of lost revenue. Significant reductions in funding for other categorical programs and services have also impacted the ability of the District to provide programs and services to the students attending Riverside Community College District.

The District has implemented budgetary reductions to counter the reductions in apportionment and program funding and has issued short-term borrowings to cover the cash shortfalls. However, continued reductions and deferral of cash payments will ultimately impact the District's ability to meet the educational program goals.

### NOTE 17 - SUBSEQUENT EVENT

### **Tax and Revenue Anticipation Notes**

The District issued \$15,940,000 of Tax and Revenue Anticipation Notes dated July 1, 2011. The notes mature on March 1, 2012, with an interest rate of 2.0 percent, and yield of .65 percent interest. The notes were sold to supplement cash flow.

Repayment requirements are that a percentage of principal and interest be deposited with the fiscal agent each month beginning January 2012 until 100 percent of principal and interest due is on account on February 29, 2012.

Backup

December 13, 2011

The Riverside Community College District was founded in 1916 and is comprised of an area of approximately 440 square miles located in the western portion of Riverside County. There were no changes in the boundaries of the District during the current year. The District's colleges are accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges (ACCJC, WASC), which is one of six regional associations that accredit public and private schools, colleges, and universities in the United States.

The District is currently comprised of three Colleges: Riverside City, Norco, and Moreno Valley Colleges.

### NOTE 1 - PURPOSE OF SCHEDULES

### **District Organization**

This schedule provides information about the District's organization, governing board members, and administration members.

### Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The following schedule provides reconciliation between revenues reported on the Statement of Revenues, Expenses, and Changes in Net Assets - Primary Government and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amounts consist primarily of Build America Bond funds that have been recorded as revenues, but not reported on the Schedule of Expenditures of Federal Awards. Build America Bonds are not subject to OMB Circular A-133 audit, therefore, are not required to be reported on the Schedule of Expenditures of Federal Awards.

### Schedule of Expenditures of State Awards

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

### Schedule of Workload Measures for State General Apportionment

Full-Time Equivalent Students (FTES) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

### Reconciliation of Annual Financial and Budget Report (CCFS-311) With Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the District's internal fund financial statements.

### **Reconciliation of Governmental Funds to the Statement of Net Assets**

This schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements, prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35 business-type activities reporting model.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Riverside Community College District Riverside, California

We have audited the basic financial statements and the discretely presented component unit of Riverside Community College District (the District) for the years ended June 30, 2011 and 2010, and have issued our report thereon dated November 28, 2011. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

The management of Riverside Community College District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audits, we considered Riverside Community College District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Riverside Community College District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Riverside Community College District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Riverside Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws. regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain matters that we reported to management of Riverside Community College District in a separate letter dated November 28, 2011.

This report is intended solely for the information and use of the Board of Trustees, District Management, the California Community Colleges Chancellor's Office, and the District's Federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

VALUE THE DIFFERENCE

### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Trustees Riverside Community College District Riverside, California

### Compliance

We have audited Riverside Community College District's (the District) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Riverside Community College District's major Federal programs for the year ended June 30, 2011. Riverside Community College District's major Federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of Riverside Community College District's management. Our responsibility is to express an opinion on Riverside Community College District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Riverside Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Riverside Community College District's compliance with those requirements.

In our opinion, Riverside Community College District complied, in all material respects, with the compliance requirements referred to above could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2011. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2011-1 through 2011-3.

### **Internal Control Over Compliance**

The management of Riverside Community College District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing our audit, we considered Riverside Community College District's internal control over compliance with the requirements that could have a direct and material effect on a major Federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Riverside Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies. significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying Schedule of Findings and Questioned Costs as items 2011-1 through 2011-3. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Riverside Community College District's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Riverside Community College District's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the Board of Trustees, District Management, the California Community Colleges Chancellor's Office, and the District's Federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

### **REPORT ON STATE COMPLIANCE**

Board of Trustees Riverside Community College District Riverside, California

We have audited the basic financial statements of Riverside Community College District (the District), as of and for the year ended June 30, 2011, and have issued our report thereon dated November 28, 2011.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Compliance with the requirements of laws, regulations, contracts, and grants listed below is the responsibility of Riverside Community College District's management. In connection with the audit referred to above, we selected and tested transactions and records to determine the Riverside Community College District's compliance with the State laws and regulations applicable to the following items:

- Section 421 Salaries of Classroom Instructors: 50 Percent Law
- Section 423 Apportionment for Instructional Service Agreements/Contracts
- Section 424 State General Apportionment Required Data Elements
- Section 425 Residency Determination for Credit Courses
- Section 426 Students Actively Enrolled
- Section 427 Concurrent Enrollment of K-12 Students in Community College Credit Courses
- Section 431 Gann Limit Calculation
- Section 432 Enrollment Fee
- Section 433 CalWORKS Use of State and Federal TANF Funding
- Section 435 Open Enrollment
- Section 437 Student Fee Instructional Materials and Health Fees
- Section 473 Economic and Workforce Development (EWD)
- Section 474 Extended Opportunity Programs and Services (EOPS)
- Section 475 Disabled Student Programs and Services (DSPS)
- Section 477 Cooperative Agencies Resources for Education (CARE)
- Section 478 Preference for Veterans and Qualified Spouses for Federally Funded Qualified Training Programs
- Section 479 To Be Arranged (TBA) Hours

Based on our audit, we found that for the items tested, the Riverside Community College District complied with the State laws and regulations referred to above, except as described in the Schedule of State Awards Findings and Questioned Costs section of the accompanying Schedule of Findings and Questioned Costs as items 2011-4 through 2011-7. Our audit does not provide a legal determination on Riverside Community College District's compliance with the State laws and regulations referred to above.

Riverside Community College District's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Riverside Community College District's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information of the Board of Trustees, District Management, the California Community Colleges Chancellor's Office, the California Department of Finance, and the California Department of Education, and is not intended to be and should not be used by anyone other than these specified parties.

# FINANCIAL STATEMENT FINDINGS AND RECOMMENDATIONS FOR THE YEAR ENDED JUNE 30, 2011

None reported.

# FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

The following findings represent significant deficiencies and/or instances of noncompliance including questioned costs that are required to be reported by OMB Circular A-133.

### 2011-1 Finding - Reporting

Program Affected: WIA Cluster CFDA #: 17.258, 17.259, 17.260 Fiscal Year: 2010-2011 Compliance Requirement: Reporting Questioned Costs: None

### **Criteria or Specific Requirement**

Quarterly "Year-to-Date Expenditure and Progress Reports" are required to be filed with the Career Technical Education Program. The Riverside County, Economic Development Agency (EDA) provides additional WIA funding and requires invoicing and documentation to be submitted each month by the 10<sup>th</sup> calendar day.

### Condition

In our sample of quarterly Year-to-Date Expenditure and Progress Reports submitted to the California Community College Chancellor's Office, we noted that one quarterly report for the Allied Health Program, Contract #09-127-01 was not submitted within the specified time frame as noted in the Program-Specific Legal Terms and Conditions.

In our sample of monthly invoice reports submitted to Riverside County, we noted three invoices were not submitted within the specified time frame as noted in the contract agreements. The WIA programs affected were the Community College Class Size Training Program Contract #2009/2011-179-201-501 and the Summer Work Experience Program (ARRA) Contract #SWEP 2010-179-171-R-RCCD.

### **Isolated Instance or Systemic**

Isolated Instance - The District has monitoring procedures in place for reporting of grant activity; however, for the reports noted above, the review process was not properly implemented, and the reporting timelines were missed.

### Effect

The District is at risk of not complying with the grant reporting requirements established by the Federal and County granting agencies.

### Recommendation

We recommend that the District review the reporting requirements by the granting agencies to ensure all expenditure and progress reports can be submitted to the funding agency within the specified timelines.

### FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

### Management Response and Planned Corrective Action

### **Riverside City College**

The Community College Class Size Training Contract #2009/2011-179-201-501, ARRA - Summer Work Experience Program Contract #SWEP 2010-179-107-R-RCCD and ARRA - Summer Work Experience Program contracts require monthly invoices to be submitted by the tenth of the following month. Year-end reports will continue to be problematic during the duration of the grant period since the final invoice is not available until August. We entered into discussions with the granting agency to extend the due date for monthly and year-end invoices to accommodate the time to prepare, review, and submit reports. The granting agency was unable to accommodate our request. We continue to work with granting agencies to construct contract parameters that are realistic and achievable. We have created a grant reporting matrix that is reviewed weekly so grant reports and submission dates are identified. Workload is structured so that the reports are completed and submitted as specified in the respective contracts.

### Moreno Valley College

The "delay of three days of a quarterly year-to-date expenditure and progress report" was filed late because a budget augmentation was needed and had to be approved by the California Community Colleges Chancellor's Office, significantly delaying the certification of the report.

The District has a continuing WIA grant with the Chancellor's Office. The District will enhance oversight procedures to ensure quarterly year-to-date-expenditure, and progress reports and monthly invoices are submitted to each funding agency within the contract agreement terms, and needed budget revisions will be requested and completed well ahead of time.

### 2011-2 Finding - Compensation for Personnel Services

Programs Affected: Southern California Logistics Tech Collaborative and Title V: Hispanics Serving Institutions (HSI)
CFDA #: 17.275, 84.013
Fiscal Year: 2010-2011
Compliance Requirement: Allowable Cost/Cost Principles
Questioned Costs: \$17,575 related to CFDA #84.013

### Criteria

OMB Circular A-21, Cost Principles for Educational Institutions, Part J, General Provisions for Selected Items of Cost, No. 10, Compensation for Personnel Services.

### FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

### Condition

Documentation to support the salary charges for the Southern California Logistics Tech Collaborative through the Office of Economic Development was not provided until after a request was made for the signed documents. The final documents met reporting requirements, but had not been prepared during the year.

Personnel activity reports related to individuals charged to the Title V: Hispanics Serving Institutions did not match the documentation for distribution of charges for personnel services. The variances are noted below under questioned costs.

### **Questioned Costs**

Award Number: P031S060080 Administered at the Moreno Valley College - \$8,072

• Two time accounting reports certified an individual was funded 50 percent by Title V: Hispanic Serving Institutions and 50 percent by TRIO; however, the general ledger noted that the individual was charged 90 percent to Title V: Hispanic Serving Institutions.

Award Number: P031C080046 Administered at the Riverside College Campus - \$9,503

• It was noted the District made the appropriate adjustments to the general ledger to reflect only 50 percent of the individual's salary was charged to the CCRAA grant. However, one month's time accounting report was not prepared to support the charges to the CCRAA grant.

### **Isolated Instance or Systemic**

Systemic - Written guidance provided by Cost Allocation OMB Circulars describing appropriate methodologies for allocation of time have not been consistently followed within the program grants. Review and monitoring of actual time certified to what is recorded within the general ledger has not been performed consistently.

### Effect

Without consistent application and monitoring of the requirements of OMB Circular A-21, the District and the various Federal programs are at risk of misapplying the payroll costs for employees working within multiple Federal programs.

### Recommendation

The District should review the requirements of the OMB Circular A-21 and develop specific written procedures that will provide for an acceptable method for documenting the distribution of charges for personal services. Program directors should review and monitor the actual personnel activity reports to ensure that charges to the general ledger are appropriate for the actual work performed.

### FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

### Management Response and Planned Corrective Action

### **Department of Economic Development**

Per the auditor's recommendations, the Grant Director and appropriate staff have attended the District's training workshops defining policies and procedures for maintaining grant documentation in support of compensation of personnel services in accordance with OMB Circular A-21.

Written procedures are being developed that will provide methods of documentation of the distribution of charges for personnel services. This documentation will be prepared and maintained in grant records as soon as changes are made to compensation of personnel services and reviewed monthly to ensure proper reporting.

### Moreno Valley College

We agree with the auditor's findings that specific time allocation reports and the general ledger differed in the instances noted. However, the annual statements are correct and completed for both the District fiscal year and the U.S. Department of Education's Title V HSI fiscal year.

To strengthen control procedures over its activities allowed and ensure time accounting reports adequately reflect an after-the-fact distribution of the actual activity of each employee as required in OMB Circular A-21, we will:

- Improve the time allocation reporting system by ensuring time allocation reports and assignments will be appropriately updated and revised to reflect correct funding and time allocations for all grant assigned professional, academic, and classified personnel.
- Grant assignments will be reviewed, at a minimum, each academic term to ensure the accuracy of percentages assignments related to position funding and time allocation to specific projects and programs.
- Increased time monitoring will occur at the Project Director level on a monthly basis and throughout the fiscal year at the request of the Vice President of Business Services.
- Additionally, the detailed reports for all positions funded out of grants under our unit will be reviewed quarterly, if not monthly, to ensure accuracy.

### **<u>Riverside City College</u>**

The percentage charged to the CCRAA grant for one individual was incorrectly reported in the Fall 2010 semester. The error was corrected at a later date to reflect the proper percentage and charges to the program. To prevent this from occurring in the future, time and effort reporting will be completed on a monthly basis and compared to payroll information. If an error is discovered, it will be reported immediately.

### FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

### 2011-3 Finding - Subrecipient Monitoring

Programs Affected: Higher Education - Institutional Aid CFDA #: 84.031 Award Year: 2010-2011 Compliance Requirement: Subrecipient Monitoring Questioned Costs: None

#### **Programs Affected**

Title V: Hispanic Serving Institution Cooperative, U.S. Department of Education (CFDA #84.031) Award Number: P031S100123

### **Criteria or Specific Requirement**

OMB Circular A-133 Compliance Supplement, Audits of State and Local Governments and Not-for-Profit Organizations, subpart D - Federal agencies and pass-through entities states the following regarding pass-through entity responsibilities:

A pass-through entity is responsible for identifying and notifying the Subrecipient of the Federal Award information including the proper CFDA title and number, the award name and number, the Federal awarding agency, and all applicable compliance requirements.

### Condition

In our sample of Subrecipient contracts, we noted one contract provided through the Norco College reflected inaccurate award information. The information provided to the Subrecipient included the incorrect CFDA number of 10.223 which is administered under the provisions of the U.S. Department of Agriculture. The correct CFDA number for this subaward is 84.031 which is administered under the provisions of the U.S. Department of Education.

#### **Isolated Instance or a Systemic**

Isolated Instance - Of the two grants passed through to a Subrecipient, one was noted to have incorrectly identified the awarding agency's CFDA number.

### Effect

By not providing the accurate award information to the Subrecipient, there is the possibility that the program will not be administered within the appropriate compliance requirements.

### Recommendation

Control procedures over the contracts with Subreceipients should be enhanced to include a secondary monitoring of the grant requirements to reduce the possibility that inaccurate information is included within the grant subaward.

# FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

#### Management Response and Planned Corrective Action

The incorrect Catalog of Federal Domestic Assistance (CFDA) program number was listed on the cover page of a subcontract award. This mistake occurred because a previously approved contract template was used and the CFDA number was not changed. Even though the contract underwent extensive review, the error went unnoticed. However, it should be noted that the language in the actual contract referenced the correct awarding agency (U.S. Department of Education) and grant award number. Management will enhance contract review processes to prevent this mistake from reoccurring in the future.

### STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

The following findings represent instances of noncompliance and/or questioned costs relating to State program laws and regulations.

### 2011-4 Finding - Full-Time Equivalent Students (FTES) Misreporting

**Programs Affected:** Apportionment Funding System **Fiscal Year:** 2010-2011

#### **Criteria or Specific Requirement**

Title V Regulations California Community Colleges Chancellor's Office Student Attendance Accounting Manual (SAAM)

#### Condition

During the audit of weekly student contact hour procedures, the following discrepancy related to contact hours was noted:

• BIO-1-47238: Contact hours under reported by 104.32 contact hours

During the audit of actual hours of attendance procedures - contact hour procedures, we noted the following discrepancies resulted in a total of 5,520.60 over reported contact hours and calculated 10.31 over reported FTES:

- NRN-7 courses over reported 383.2 contact hours
- NRN-8 courses over reported 412.0 contact hours
- NRN-9 courses over reported 673.0 contact hours
- PHT-12 courses over reported 3,024.0 contact hours
- PHT-13 courses over reported 672.0 contact hours
- PHT-19 courses over reported 896.0 contact hours
- JOU-20 courses under reported 540.0 contact hours

#### **Questioned FTES**

Total FTES questioned are 10.31. The District is currently over the funding cap by 2,258.16.

#### Effect

Without control systems over the automatic calculations of contact hours and FTES, the District has misreported FTES to the State Chancellor's Office. The District's internal calculating system did not block or limit the amount of actual hours once a student had achieved their maximum allowed.

#### Recommendation

We recommend the District review and revise the reporting controls over the automatic calculation of contact hours and FTES to ensure accurate reporting.

# STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

## Management Response and Planned Corrective Action

The apportionment report for 2010-2011 recalculation has been revised to address the issue of over reported hours due to scheduling and positive attendance hours reporting.

Scheduling guidelines and tools have been established for census classes to standardize and ensure that classes are not under or over scheduled. Training sessions have been conducted throughout the District to follow the *Student Attendance Accounting Manual (SAAM)*.

Positive attendance is collected through multiple resources including a customized software and data entry through various entities throughout the District. A customized solution has been developed to ensure that all positive attendance hours that exceed the maximum hours will only be reported as the maximum hours allowed.

#### 2011-5 Finding - Instructional Material Fees

**Programs Affected:** Instructional Material Fees **Fiscal Year:** 2010-2011

#### **Criteria or Specific Requirement**

CCR, Title V, section 59402 defines "Required instructional and other materials" as "any instructional or other materials which a student must procure or possess as a condition of registration, enrollment or entry into a class; or any such material which is necessary to achieve those required objectives of a course which are to be accomplished under the supervision of an instructor during class hours."

The Student Fee Handbook provided by the California Community Colleges State Chancellor's Office states, "*Districts may only require students to provide instructional materials which are of a continuing value to the students outside of the classroom setting, is tangible personal property that is owned or primarily controlled by the student, and the material must not be solely or exclusively available from the district. Such materials include, but are not limited to, textbooks, tools, equipment, clothing, and those materials which are necessary for a student's vocation training and employment."* 

## Condition

Material fees related to Administration of Justice and Fire Technology Instructional Services Agreements (ISAs) administered through the Ben Clark Training Center were charged to students that did not meet the criteria for fees as defined in the Student Fee Handbook noted above. In courses relating to Administration of Justice, fees included coordination, clerical, indirect costs, and other intangible material fees. In courses relating to Fire Technology, fees included administration costs and other fees that could not be identified. Subsequently, the District has terminated the ISA with the Riverside County Training Officers' Association which the courses for Fire Technology were offered through. The Riverside Community College District did not assess or collect these fees.

# STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

#### **Questioned Costs**

The fees noted above were assessed and collected by the ISA contractors, and the total fees collected have not been calculated.

#### **Isolated Instance or Systemic**

Isolated Instance - The Instructional Materials Fees that were inappropriately assessed and charged were limited to the Instructional Services Agreements noted above through the Ben Clark Training Centers.

## Effect

Students enrolling in classes through the Instructional Services Agreements noted above have been overcharged Instructional Material Fees during the 2010-2011 academic year.

#### Recommendation

We recommend that the District review and monitor the Instructional Services Agreements to ensure that fees charged to students are allowed under both Title V and the State Chancellor's Office published Student Fee Handbook.

#### **Management Response and Planned Corrective Action**

Regarding the auditor's findings about the Fire Technology and Administration of Justice/Law Enforcement Training Programs, we agree with the findings of the audit.

We have already corrected the instructional material fee charges in the Fire Technology Programs. These issues were identified in early October 2010 and were related to a process where students enrolled in courses through the Riverside County Training Officers' Association (RCTOA). In November 2010, the District conducted an internal audit, which confirmed our concerns. Based upon the findings of the internal audit, we took the following actions:

- Cancelled the agreement with RCTOA.
- Developed and implemented an enrollment management plan at Moreno Valley College/the Ben Clark Training Center to enroll students in the courses in question and currently charge fees only allowable by the Student Fee Handbook, published by the Legal Affairs Division of the California Community Colleges Chancellor's Office.
- Posted on Moreno Valley College's website of the Fire Technology Program all allowable fees for each course offered in the Fire Technology Program.

# STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

We have reviewed the instructional material fees for the Administration of Justice/Law Enforcement Training Program courses and agree with the auditor's finding that some fees assessed by the Riverside County Sheriff are not allowable and will be discontinued. However, some of the identified fees relate to issuing POST certificates (California Commission on Peace Officers Standards and Training) and STC certificates (California Standards and Training for Corrections), which may be allowable under Section 3.20 of the Student Fee Handbook (Fees for Providing Special Certificates).

The staff of the POST Program at Moreno Valley College/the Ben Clark Training Center will continue to enhance internal controls for all courses in which material fees are charged to ensure that those fees have continuing value to the student outside the classroom setting and/or are tangible personal property that is owned or primarily controlled by the student. Instructional material fees will be periodically reviewed to ensure compliance with CCR Title V Section 59402 and the Student Fee Handbook.

## 2011-6 Finding - CARE Advisory Committee Meeting

**Programs Affected:** CARE **Fiscal Year:** 2010-2011

#### **Criteria or Specific Requirement**

*Education Code* Section 79150-79155 CARE Program Guidelines Information System's Data Element Dictionary (data elements SE01-SE10)

#### Condition

Required CARE advisory committee meetings at each of the District's three College campuses were held only one time during the year. The CARE Program guidelines note the advisory committees are to meet at least twice during each academic year.

#### **Questioned Costs**

None.

#### **Isolated Instance or Systemic**

Systemic - The condition noted above was applicable to each of the three College campuses.

## Effect

The advisory committees may not be able to properly mange and oversee the CARE Program and budget by not meeting as noted in the guidance.

# STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

#### Recommendation

We recommend that the CARE Program directors ensure the advisory committee is in place and meets as required by the program guidance.

#### **Management Response and Planned Corrective Action**

#### Norco College

Fiscal year 2010-2011 marked the launch of Norco College's EOPS/CARE Programs. During the Fall semester, we began reaching out to campus and community partners to form members of the EOPS/CARE joint advisory committee. Once the committee members were identified, they were officially appointed by our College President and the inaugural meeting for the advisory committee was held on March 17, 2011. At this meeting, committee members were informed that we would meet at least twice during the academic year beginning in 2011-2012. Our first meeting for the 2011-2012 academic year was held on September 21, 2011, and our Spring meeting is scheduled for March 21, 2012.

#### **Riverside City College**

The Riverside City College EOPS/CARE Programs concur with the auditors finding and will host two advisory meetings during 2011-2012. One meeting will be in January to review the program's Fall semester and one in June to review the Spring semester. The Riverside City College EOPS Director will ensure that meetings are scheduled twice a year and announced on a timely basis.

#### Moreno Valley College

The Moreno Valley College was transitioning from a centralized District EOPS/CARE Program to a college based EOPS/CARE program during fiscal year 2010-2011. Due to this transition, including the hiring of full-time EOPS/CARE Program staff in late Spring 2011, Moreno Valley College was unable to hold the required number of mandatory advisory committee meetings during the year. Advisory committee meetings have been scheduled to occur at least once each semester during fiscal year 2011-2012.

## 2011-7 Finding - To Be Arranged (TBA) Hours

**Programs Affected:** To Be Arranged Hours **Fiscal Year:** 2010-2011

#### **Criteria or Specific Requirement**

California Community Colleges State Chancellor's Office *Student Attendance Accounting Manual* requires the listing of classes conducted under the To Be Arranged hour type to be listed in the schedule of classes and described in the course outline. Additionally, the TBA hours for student participation are required to be tracked to ensure only actual hours of attendance are claimed for apportionment purposes.

# STATE AWARDS FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

## Condition

It appears that classes noted in the schedule of classes as including hours subject to TBA requirements at the Moreno Valley College may not have segregated the lecture hours and the laboratory hours that were noted as TBA. This is related specifically to classes needing the Language Laboratory. We have been unable to determine if the additional lab hours were included within the lecture hours.

# **Questioned Costs**

None. The District is over the funded FTES.

# **Isolated Instance or Systemic**

Isolated Instance - This condition is noted specifically at the Moreno Valley College.

# Effect

The District is at risk of misreporting the attendance hours and related FTES for classes with TBA components.

## Recommendation

The College Academic Department should review the courses noted with TBA lab hours and determine if there is sufficient lab space to allow for the proper classification of the attendance methodology.

## Management Response and Planned Corrective Action

The Moreno Valley College Educational Services Division will work with the affected instructors to make sure the information regarding the TBA/lab requirement in the class is clearly communicated to students. The information regarding the location of the room to be used for lab work, the hours of operation, and the requirement to attend the lab is already in the course syllabus, but it will be restated to eliminate any possible confusion.

# SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2011

The following findings represent significant deficiencies and/or instances of noncompliance including questioned costs that are required to be reported by OMB Circular A-133.

**Program:** WIA Cluster **CFDA #:** 17.258, 17.259, 17.260 **Award Year:** 2009-2010 **Compliance Requirement:** Reporting **Questioned Costs:** None

## 2010-1 Finding - Reporting

## **Programs Affected**

WIA Cluster, U.S. Department of Labor, pass through the California Community Colleges Chancellor's Office:

- WIA Funds for Allied Health Programs Contract #08-115-14 (CFDA #17.258)

If the tenth day of the month falls on a weekend, then the invoice is due the Friday before the tenth.

# SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2011

Riverside County, Economic Development Agency (EDA) Contract #SWEP 2009-179-107-R-RCCD, Article III. Compensation, Section 3.01 Contractor's Compensation, Subsection (e) Invoicing and Documentation states the contractor shall invoice the County on or before the tenth calendar day of each month for all contract costs incurred during the previous month. If the tenth day of the month falls on a weekend, then the invoice is due the Friday before the tenth. Article IV. Reporting and File Records, Section 4.01 Reporting Requirements, subsection (b) Final Invoice, states within 45 calendar days following the termination of this agreement that contractor shall report and submit to the County all final claims for funds under the agreement.

# Condition

In our sample of quarterly year-to-date expenditure and progress reports submitted to the California Community College Chancellor's Office, we noted that two (2) quarterly reports were not submitted within the specified time frame as noted in the Program-Specific Legal Terms and Conditions.

- One (1) from the WIA Funds for Allied Health Program Contract #08-115-14 and
- One (1) from the ARRA Allied Health Program Stimulus Phase II Expansion Contract #09-127-01.

In our sample of monthly invoice reports submitted to Riverside County, we noted eight (8) invoices were not submitted within the specified time frame as noted in the contract agreements.

- Four (4) invoices noted in the ARRA Community College Class Size Training Program Contract #2009/2011-179-201-501 and
- Three (3) monthly invoices and one (1) final invoice noted in the ARRA Summer Work Experience Program Contract #SWEP 2009-179-107-R-RCCD.

## **Isolated Instance or Systemic**

Systemic - We noted two (2) of the quarterly year-to-date expenditure and progress reports were submitted approximately 45 days late. The eight (8) monthly invoices submitted late ranged between 4 and 101 days late.

# Effect

Submitting quarterly year-to-date-expenditure and progress reports late to the State cause the District to be out of compliance with Program-Specific Legal Terms and Conditions and could result in not being fully reimbursed for all program related costs. For monthly invoices submitted late to Riverside County, the County reserves the right for them to unilaterally prepare and finalize financial reports, using the latest paid invoices and MIS documents on file at the County which could result in not being fully reimbursed for all program related costs.

## Recommendation

We recommend that the District enhance internal controls to ensure quarterly year-to-dateexpenditure and progress reports and monthly invoices are submitted to each funding agency within the contract agreement terms.

VALUE THE DIFFERENCE

To the Board of Trustees Riverside Community College District Riverside, California

We have audited the basic financial statements of Riverside Community College District (the District) for the year ended June 30, 2011, and have issued our report thereon dated November 28, 2011. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

#### Our Responsibilities Under U.S. Generally Accepted Auditing Standards and OMB Circular A-133

As stated in our engagement letter dated February 21, 2011, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major Federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with OMB Circular A-133, we examined, on a test basis, evidence about the District's compliance with the types of compliance requirements described in the "U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement" applicable to each of its major Federal programs for the purpose of expressing an opinion on the District's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the District's compliance with those requirements.

#### Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters.

## Significant Audit Findings

#### Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year.

We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the cost of capital assets net of accumulated depreciation. Depreciation is the recognition of the use of the capital assets over time. Conditions may exist that result in assets having a longer or shorter useful life than is reflected within these statements. We evaluated the key factors and assumptions used to develop depreciation in determining that it is reasonable in relation to the financial statements taken as a whole.

Additionally, the estimate of the future costs of postemployment benefits provided to retirees is based upon current information about the District's employees, benefit plans, and health care rates. These factors are considered by the actuary in determining both the estimated liability and the current year required contribution to the Plan. Note 11 to the financial statements provides additional information about the actuarial methods and assumptions, and the Required Supplementary Information provides the schedule of progress toward funding this liability.

#### Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

## Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Subsequent to the closing of the books, management identified certain post-closing adjustments which have been included in the audited financial statements. The following material misstatements, detected as a result of audit procedures, were corrected by management: accounts payable of \$125,235 was recognized in the period when a liability was not incurred. Under the modified accrual basis, expenditures are recognized when a liability is incurred, regardless of when the receipt or payment of cash takes place.

#### Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

To the Board of Trustees **Riverside Community College District** Page 3

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 28, 2011.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

VALUE THE DIFFERENCE

To the Board of Trustees and Dr. Gregory Gray, Chancellor Riverside Community College District Riverside, California

In planning and performing our audit of the financial statements of Riverside Community College District (the District) for the year ended June 30, 2011, we considered the District's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements, that is more than inconsequential, will not be prevented or detected by the District's internal control. However, during our audit, we noted matters that are opportunities for strengthening internal controls and operating efficiency. We consider the following deficiencies to be control deficiencies in internal controls. Management has provided responses to the comments below. We have not audited the responses and, therefore, express no opinion.

#### CURRENT YEAR MANAGEMENT COMMENTS

#### Load Banking Policies

As noted in our prior year comments, the District's contract with the faculty bargaining unit allows instructors to teach over their regularly assigned load and 'bank' the excess workload to be used in a future period as time off. This benefit has been part of the contract between said bargaining unit and the District for a number of years. While reviewing contract language for taking banked time and the instances when the time can be paid out in cash, we noted language that merits further review by the District. When an employee can control the actual payment of the banked time as a cash payout, the Internal Revenue Code (Reg. 1.451-2(a)) has ruled the decision point creates a 'constructive receipt' of the compensation and payroll taxes must be withheld.

#### Recommendation

We recommend the District review current contract language and actual practice and ensure compliance with Internal Revenue Code Regulations. Until the issue is resolved, we continue to suggest the banked load time be limited to usage of time off.

#### Management Response

The District has provided a Draft Side Letter of Agreement to the California Teachers Association bargaining unit for review and approval. It is anticipated this draft will be approved and placed into effect prior to June 30, 2012.

To the Board of Trustees and Dr. Gregory Gray, Chancellor Riverside Community College District Page 2

#### **Compensation for Personal Services**

Payroll transactions related to Federal programs noted inconsistencies with the method for documenting the distribution of charges for personal services. In some cases, the after-the-fact confirmation method was used to document the distribution of charges for personal services and, in other cases, the plan-confirmation method was used to document the distribution of charges for personal services. Even though these methods are acceptable methods for payroll distribution, they each required unique compliance requirements. To ensure compliance within all programs, the District should evaluate each method and determine the methodology level to be used by the District. Programs using unapproved methods for documenting the distribution of charges for personal services.

#### Recommendation

The District should review the requirements of the OMB Circular A-21, *Cost Principles for Education Institutions*, and develop specific written procedures that will provide for an acceptable method for documenting the distribution of charges for personal services. There is no single best method for documenting the distribution of charges for personal services; however, the method must recognize the principle of after-the-fact confirmation or determination so the costs distributed represent actual costs. Since different methods required unique compliance requirements, the District should consider implementing one method to ensure all compliance requirements are met.

#### Management Response

In review of OMB Circular A-21 and Criteria for Acceptable Methods in this corrective action, the District acknowledges that it understands the problem and the need for consistency in documenting personnel costs system-wide. The District is working to resolve the issue for all OMB Circular A-133 compliant programs. Corrective action will be addressed through training, holding project directors and grant-funded staff accountable, and by comparing time and effort reports to District financial records.

The District will work with the colleges to implement review processes that will lead to comparing time and effort reporting to financial records. The Grants Office and Administration and Finance and District Budget Office will provide technical assistance related to grant implementation and personnel matters.

# PRIOR YEAR MANAGEMENT COMMENTS

## **Riverside Community College District Foundation's Debt Obligation**

As noted in our prior year comments, the Riverside Community College District Foundation (the Foundation) entered into an agreement with the District to undertake a Major Gift Campaign to support targeted initiatives of the District and campuses. Under this agreement, the District would advance funds of up to \$1.3 million to the Foundation to cover costs associated with the Campaign. Funds drawn under this agreement to cover campaign costs, coupled with negative returns on investments, has resulted in the unrestricted fund of the Foundation incurring operating deficits in each of the past four years that have created a net deficit ending balance. Management has taken action to raise additional unrestricted income and to reduce operating expenses, but a deficit remains. Repayment of advances totaling \$794,735 is set to begin in 2011-2012. The District and the Foundation have reached an agreement to defer the repayment starting period to 2012; however, the Foundation currently has no unrestricted funds to pay the obligation to the District. All cash and cash equivalents are restricted to temporarily and permanently restricted funds.

Backup December 13, 2011 Page 109 of 109

To the Board of Trustees and Dr. Gregory Gray, Chancellor **Riverside Community College District** Page 3

#### Recommendation

The District management should work closely with the Board and the Foundation to address the repayment of the borrowed funds. Additionally, a plan should be developed to provide for unrestricted contributions that will enable the Foundation to repay the District and restore the unrestricted fund to a positive position.

#### **Current Status**

The recommendation has been implemented.

#### Load Banking Policies

The District's contract with the faculty bargaining unit allows instructors to teach over their regularly assigned load and 'bank' the excess workload to be used in a future period as time off. This benefit has been part of the contract between said bargaining unit and the District for a number of years. While reviewing contract language for taking banked time and the instances when the time can be paid out in cash, we noted language that merits further review by the District. When an employee can control the actual payment of the banked time as a cash payout, the Internal Revenue Code (Reg. 1.451-2(a)) has ruled the decision point creates a 'constructive receipt' of the compensation and payroll taxes must be withheld.

#### Recommendation

We recommend the District review current contract language and actual practice and ensure compliance with Internal Revenue Code Regulations. Until the issue is resolved, we suggest the banked load time be limited to usage of time off.

#### **Current Status**

The recommendation is currently in progress; see current year management letter comment.

We appreciate the time and assistance the staff of the District has provided during our audit. We will follow up on each of the areas noted above during the early stage of our fieldwork for the 2011-2012 fiscal year.
