#### FINANCIAL AUDIT OF MEASURE C, MARCH 2004 GENERAL OBLIGATION BOND FUNDED CAPITAL OUTLAY PROJECTS

#### INDEPENDENT AUDITORS' REPORT

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District (the District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the General Obligation Bond Funded Capital Outlay Projects of the District as of June 30, 2020, and the change in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 1, the financial statements present fairly only the General Obligation Bond Funded Capital Outlay Projects and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2020 or the change in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 12, 2020 on our consideration of the District's internal control over the General Obligation Bond Funded Capital Outlay Projects financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over the General Obligation Bond Funded Capital Outlay Projects financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over the General Obligation Bond Funded Capital Outlay Projects financial reporting and compliance.

#### NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2020

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Accounting Policies**

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.

#### **Financial Reporting Entity**

The financial statements include only the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District used to account for Measure C, March 2004, projects. This fund was established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds Election of 2004. These financial statements are not intended to present fairly the financial position and results of operations of the Riverside Community College District in compliance with accounting principles generally accepted in the United States of America.

#### **Fund Structure**

The Statement of Revenues, Expenditures and Change in Fund Balance is a statement of financial activities of the General Obligation Bond Funded Capital Outlay Projects related to the current reporting period. Fund expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, these statements do not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

#### **Basis of Accounting**

The General Obligation Bond Funded Capital Outlay Projects is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

Cash in the county treasury is recorded at cost, which approximates fair value.

#### NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2020

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Fund Balance Classification**

The governmental fund financial statements present fund balance classifications that comprise a hierarchy based on the extent to which the District is bound to honor constraints on the specific purposes for which amounts can be spent. Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation are considered restricted. The fund balance of the General Obligation Bond Funded Capital Outlay Projects is therefore classified as restricted.

#### Capital Assets and Long-Term Debt

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the General Obligation Bond Funded Capital Outlay Projects are determined by its measurement focus. The General Obligation Bond Funded Capital Outlay Projects is accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of "available spendable resources". Thus, the capital assets and long-term liabilities associated with the General Obligation Bond Funded Capital Outlay Projects are accounted for in the basic financial statements of the District.

#### **Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### NOTE 2: <u>DEPOSITS – CASH IN COUNTY TREASURY</u>

In accordance with *Budget and Accounting Manual* and Education Code Section 15146(g), the District maintains substantially all of its cash in the Riverside County Treasury as part of the common investment pool. These pooled funds are carried at amortized cost which approximates fair value. The fair value of the District's deposits for the General Obligation Bond Funded Capital Outlay Projects in this pool as of June 30, 2020, as provided by the County Treasurer, was approximately 100.36% of amortized cost and is based upon the District's prorate share of the fair value for the entire portfolios (in relation to the amortized cost of the portfolio). The District's deposits in the fund are considered to be highly liquid.

The county is authorized to deposit cash and invest excess funds by California Government Code

#### NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2020

#### NOTE 2: <u>DEPOSITS – CASH IN COUNTY TREASURY</u>

Sections 53534, 53601, 53635, and 53648. The county is restricted to invest in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The funds maintained by the county are either secured by federal depository insurance or are collateralized. The county investment pool is not required to be rated. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

The county investment pool is not registered as an investment company with the Securities and Exchange Commission (SEC) nor is it an SEC Rule 2a7-like pool. California Government Code statutes and the County Board of Supervisors set forth the various investment policies that the County Treasurer follows. The method used to determine the value of the participant's equity withdrawn is based on the book value, which is amortized costs, of the participant's percentage participation on the date of such withdrawals.

The pool sponsor's annual financial report may be obtained from the County of Riverside Treasurer-Tax Collector Capital Markets, 4080 Lemon Street, 4<sup>th</sup> Floor, Riverside, CA 92502.

#### NOTE 3: BONDED DEBT

On March 2, 2004, the voters of Riverside Community College District approved Measure C, a \$350 million bond measure designed to provide funds to improve facilities and safety at the Moreno Valley, Norco, and Riverside City Colleges.

#### Series D and D-1

In October 2010, the District issued General Obligation Bonds, Series D and D-1 in the amount of \$109,999,278. These bonds consisted of \$7,699,278 tax-exempt Series D bonds and \$102,300,000 in federally taxable Build America Bonds Series D-1. The Build America Bonds program was created by the American Recovery and Reinvestment Act to assist state and local governments in financing capital projects at lower borrowing costs and to stimulate the economy and create jobs.

The District elected to treat the Series D-1 bonds as "Build America Bonds" under Section 54AA of the Tax Code, and the Series D-1 Bonds be "qualified bonds" under Section 54AA(g)(2) of the Tax Code which make the District eligible for a cash subsidy payment from the United States Treasury equal to 35% of the interest payable on the Series D-1 Bonds. The Series D-1 Bonds were fully defeased as of June 30, 2020.

#### NOTES TO THE FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2020

#### NOTE 3: BONDED DEBT

#### Refunding

In May 2014, the District issued General Obligation Refunding Bonds, Series A (Tax Exempt) in the amount of \$29,130,000 to advance refund all or a portion of the outstanding principal amount of the District's General Obligation Series A Bonds, 2005 Refunding Bonds and General Obligation Series C Bonds and to pay costs of issuance associated with the Bonds. General Obligation Refunding Bonds, Series B (Federally Taxable) in the amount of \$43,960,000 were also issued to advance refund a portion of the outstanding principal amount of the District's 2005 Refunding Bonds and to pay costs of issuance associated with the Bonds.

#### Series E and Refunding

In July 2015, the District issued General Obligation Bonds, Series E in the amount of \$45,004,145 to finance the repair, acquisition, construction, and equipping of certain district facilities, and to pay all legal, financial, and contingent costs in connection with the issuance of the Bonds. General Obligation Refunding Bonds were also issued in the amount of \$43,920,000 to advance refund the outstanding principal amount of the District's General Obligation Series C Bonds, and to pay costs of issuance associated with the Bonds.

#### Series F and Refunding

In November 2019, the District issued General Obligation Bonds, Series F in the amount of \$39,995,000 to finance the repair, acquisition, construction, and equipping of certain district facilities, and to pay all legal, financial, and contingent costs in connection with the issuance of the Bonds. General Obligation Refunding Bonds were also issued in the amount of \$100,295,000 to advance refund the outstanding principal amount of the District's General Obligation Series D-1 Bonds, and to pay costs of issuance associated with the Bonds.

The outstanding general obligation bonded debt of the District at June 30, 2020 is:

#### **Accreted Interest**

Capital appreciation bonds were issued as part of the 2010 Series D and 2015 Series E issuances. Prior to their applicable maturity dates, each capital appreciation bond will accrete interest on the principal component, with all interest accreting through the applicable maturity date and payable only upon maturity or prior payment of the principal component. Accreted interest accrued has been reflected in the long term debt balance on the District's general purpose financial statements.

#### **Debt Repayment**

The repayment of debt related to the general obligation bonds is accounted for in the District's Bond Interest and Redemption Fund which is part of the District's basic financial statements. The recognition of premiums on bonds is recorded as long-term liabilities in the basic financial statements of the District.

#### NOTE 4: COMMITMENTS AND CONTINGENCIES

#### **Purchase Commitments**

As of June 30, 2020 the District was committed under various capital expenditure purchase agreements for bond projects totaling approximately \$2.5 million to be funded through general obligation bond proceeds.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District
Riverside, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the General Obligation Bond Funded Capital Outlay Projects financial statements of the Riverside Community College District (the District), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's General Obligation Bond Funded Capital Outlay Projects financial statements, and have issued our report thereon dated October 12, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's General Obligation Bond Funded Capital Outlay Projects internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's General Obligation Bond Funded Capital Outlay Projects financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### SCHEDULE OF FINDINGS AND RESPONSES June 30, 2020

There were no findings related to the financial audit of the General Obligation Bond Funded Capital Outlay Projects for the year ended June 30, 2020. In addition, there were no findings related to the financial audit of the General Obligation Bond Funded Capital Outlay Projects for the year ended June 30, 2019.

PERFORMANCE AUDIT OF MEASURE C, MARCH 2004

#### INDEPENDENT AUDITORS' REPORT

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District

We have conducted a performance audit of the Riverside Community College District (the District) Measure C General Obligation Bond funds for the year ended June 30, 2020.

We conducted our performance audit in accordance with generally accepted *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 16 of this report which includes determining the District's compliance with the performance requirements for the Proposition 39 Measure C General Obligation Bond funds under the applicable provisions of Section 1(b)(3)(C) of Article XIIIA of the California Constitution. Management is responsible for the District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal control of the District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution. Accordingly, we do not express any assurance on internal control.

The results of our tests indicated that, in all significant respects, the District expended Measure C General Obligation Bond funds for the fiscal year ended June 30, 2020, only for the specific projects developed by the District's Board of Trustees, and approved by the voters in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIIIA of the California Constitution.

#### RIVERSIDE COMMUNITY COLLEGE DISTRICT PERFORMANCE AUDIT OF MEASURE C, MARCH 2004

June 30, 2020

#### **BACKGROUND INFORMATION**

In November 2000, the voters of the State of California approved Proposition 39 authorizing the issuance of general obligation bonds by California public school districts and community colleges under certain circumstances and subject to certain conditions.

On March 2, 2004, the voters of Riverside Community College District approved Measure C, a \$350 million bond measure designed to provide funds to improve facilities and safety at the Moreno Valley, Norco, and Riverside campuses.

Pursuant to the requirements of Proposition 39, and related state legislation, the Board of Trustees of the District established a Citizens' Bond Oversight Committee and appointed its members. The principal purpose of the Citizens' Bond Oversight Committee, as set out in state law, is to inform the public as to the expenditures of the proceeds of the bonds issued pursuant to the Measure C bond authorization. The Citizens' Bond Oversight Committee is required to issue at least one report annually as to its activities and findings.

Section 1(b)(3)(C) of Article XIIIA of the California Constitution requires the District to conduct an annual independent performance audit to ensure that the proceeds of the bonds deposited into the General Obligation Bond Funded Capital Outlay Projects – Measure C Bond Program have been expended only for the authorized bond projects.

#### **OBJECTIVES**

The objectives of our performance audit were to:

- Determine the expenditures charged to the District Measure C General Obligation Bond Funded Capital Outlay Projects.
- Determine whether expenditures charged to the Measure C General Obligation Bond Funded Capital Outlay Projects have been made in accordance with the bond project list approved by the voters through the approval of Measure C in March 2004.

#### SCOPE OF THE AUDIT

The scope of our performance audit covered the fiscal period from July 1, 2019 to June 30, 2020. The sample of expenditures tested included object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other state or local funding sources, other than the proceeds of the bonds, were not included within the scope of our audit. Expenditures incurred subsequent to June 30, 2020, were not reviewed or included within the scope of our audit or in this report.

#### RIVERSIDE COMMUNITY COLLEGE DISTRICT PERFORMANCE AUDIT OF MEASURE C, MARCH 2004

June 30, 2020

#### PROCEDURES PERFORMED

- We identified the expenditures and projects charged to the general obligation bond proceeds by obtaining the general ledger and project listing for the Measure C General Obligation Bond Funded Capital Outlay Projects.
- We selected a judgmental sample of expenditures for supplies, services and capital outlay considering all projects for the Measure C General Obligation Bond Funded Capital Outlay Projects for the year ended June 30, 2020. Our sample included 19 non-salary expenditures totaling \$2,034,484, which is 68% of the total non-salary expenditures of \$2,987,135.
  - We reviewed the actual invoices and supporting documentation to determine that expenditures charged to projects were:
    - Supported by invoices with evidence of proper approval and documentation of receipt of goods or services;
    - Supported by proper bid documentation, as applicable;
    - Were properly expended on the authorized bond projects as listed on the voter-approved bond project list.
- Our testing of expenditures of the \$88,016 for salaries and benefits included an analysis of the employees charged to the Measure C General Obligation Bond Funded Capital Outlay Projects funds.
  - We reviewed the payroll activity and job descriptions to determine that the amounts expended on salaries and benefits were only to the extent employees perform work associated with the Measure C General Obligation Bond Funded Capital Outlay Projects funds as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

#### **CONCLUSION**

The results of our tests indicated that, in all significant respects, the District has properly accounted for the expenditures of the funds held in the Measure C General Obligation Bond Funded Capital Outlay Projects funds and that such expenditures were made on authorized bond projects. Further, it was noted that the funds held in the Measure C General Obligation Bond Funded Capital Outlay Projects funds and expended by the District were used for salaries and benefits only to the extent allowable.

## PROPOSITION 39 PERFORMANCE AUDIT SCHEDULE OF BOND PROJECT SUMMARY June 30, 2020

The District has identified the following projects to be funded with proceeds from the general obligation bonds. The District incurred costs of \$400,630,367 through June 30, 2020 for these construction projects. Capital outlay and other financing expenditures were as follows:

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District
Riverside, California

We have audited the financial statements of the General Obligation Bond Funded Capital Outlay Projects of Riverside Community College District for the year ended June 30, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

#### Qualitative Aspects of Accounting Practices

#### Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

#### Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were accruals of receivables and liabilities. We evaluated that these estimates are reasonable in relation to the financial statements taken as a whole.

#### Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures. The financial statement disclosures are neutral, consistent, and clear.

Riverside Community College District October 12, 2020 Page 2

#### Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our financial and performance audits.

#### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements

#### Disagreement with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the audit report. We are pleased to report that no such disagreements arose during the course of our audit

#### **Management Representations**

We have requested certain representations from management that are included in the management representation letter dated October 12, 2020.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants related to the General Obligation Bond Funded Capital Outlay Projects.

#### Significant Issues Discussed with Management Prior to Engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these

Riverside Community College District October 12, 2020 Page 3

discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### Restriction on Use

This information is intended solely for the information and use of the Board of Trustees, Measure C Citizens' Bond Oversight Committee, and management of the District and is not intended to be, and should not be used, by anyone other than these specified parties.

#### Closing

We will be pleased to respond to any questions you have about the foregoing. If you would like any information or would like to discuss any of the matters raised, please do not hesitate to contact Renee Graves or Heather McGee at (626) 857-7300. We appreciate the opportunity to continue to be of service to Riverside Community College District.
