

Meeting	October 18, 2022 - Regular
Item Title	Other Items Adoption of Education Protection Account Funding and Expenditures
Suggested Action	Recommend approving the proposed use of the estimated \$48,420,557 of Education Protection Account proceeds resulting from the passage of Proposition 30 to partially fund the instructional salaries and benefits that were approved by the Board of Trustees in September 2022.
Item Type	Other Items
Agenda Sections	Other Items
Prepared By	Aaron S. Brown, Vice Chancellor, Business and Financial Services Misty Griffin, Director, Business Services
College/District	District
Funding	N/A
Background Narrative	Proposition 30, The Schools and Local Public Safety Protection Act of 2012, passed in November 2012. This proposition temporarily raised the sales and use tax by .25 cents and raised the income tax rate for high income earners (\$250,000 for individuals and \$500,000 for couples) to provide continuing funding for local school districts and community colleges. Per Proposition 30, a community college district has the sole authority to determine how the moneys received from the Education Protection Account (EPA) are spent, provided that the governing board shall make these spending determinations in open session of a public meeting of the governing board and shall not use any of the funds from the EPA for administrative salaries and benefits or any other administrative costs. Furthermore, each entity receiving funds shall annually publish on its internet website an accounting of how much money was received from the EPA and how that money was spent. Additionally, the annual independent financial and compliance audit required of community colleges shall ascertain and verify whether the funds provided from the EPA have been properly disbursed and expended as required by law. This agenda item is being submitted to comply with the Proposition 30 provision requiring the governing board to make the spending determination in an open session of a public meeting of the Board of Trustees. The total estimated EPA funds that our District will receive, as of the advance principal apportionment for FY 2022-23, is \$48,420,557 and the entire amount will be spent on instructional salaries and benefits. The EPA funds are NOT additional funds but rather are components of the apportionment "total computational revenue" calculation. The attached form identifying this \$48,420,557 as proceeds from the EPA and the District's intent to use these funds to partially fund the District's total instructional salaries and benefits, will be posted to the District's internet website to meet the website posting requirements. This form will be audited as part of the District's annual financial and compliance audit.
