Reports from Colleges

1. Moreno Valley
    a. The Moreno Valley Curriculum Committee is finalizing a local policy to sunset courses that have not been offered in a significant period of time. The policy language will be voted on at the next meeting. If a course has not been taught for three years, the course will be sunset. If the procedure is passed, it would not go into effect until the following year, allowing faculty a grace period to make any

adjustments to courses needed. Once the language is finalized, Ann Pfeifle is willing to share it with the other colleges.
2. Riverside
    a. Discussion regarding communication to students regarding ETS is continuing. One question includes how students will be informed about the Area F changes. Information pages in the catalog and schedule of classes will be needed, but this is work for spring. For Nursing, students need to be GE certified before they start the BN program.
    b. Sociology is opting out of crosslisting SOC-10 and SOC-10H at this time.
    c. There has been robust conversation at the committee regarding equity. The committee members are sharing resources and starting book clubs and communities of practice. A question regarding the tools available for reviewing curriculum with an equity mindset has been raised. The State Plenary will have panels that Kelly Douglass will be attending that may provide resources.
    d. The interest form for Competency Based Education is due at the end of the week, and RCC may choose not to submit and interest form at this time.
