Courses

Course Deletions

		M	N	R	Discussion

CUL 42   **International Cuisine** ☐ ☐ ☑
Rationale: This course is no longer offered.
MOV: Info Item, 10/25/2022   **NOR:** Info Item, 10/25/2022   **RIV:** Approved, 10/25/2022

MAT 98   **Academic Excellence Seminar** ☐ ☐ ☑
Rationale: This course has not been offered in many years.
MOV: Info Item, 10/25/2022   **NOR:** Info Item, 10/25/2022   **RIV:** Approved, 10/25/2022

MDA 1A   **Medical Terminology 1A** ☑ ☐ ☐
Rationale: This course is being deleted as it has been replaced by MDA-10.
MOV: Approved, 10/25/2022   **NOR:** Info Item, 10/25/2022   **RIV:** Info Item, 10/25/2022

MDA 1B   **Medical Terminology 1B** ☑ ☐ ☐
Rationale: This course is being deleted as it has been replaced by MDA-10.

Course Exclusions

		M	N	R	Discussion

H ENG 50   **Basic English Composition** ☑ ☐ ☐
Rationale: Moreno Valley College would like to exclude English 50 from their course offerings. English 50, which is a below-transfer course, is no longer schedule/offered at Moreno Valley College due to AB705. Instead, students are placed directly into transfer-level English courses.
MOV: Hold, 10/11/2022   **NOR:** Info Item, 10/11/2022   **RIV:** Info Item, 10/11/2022
A Pfeifle- Continue to HOLD

H ENG 80   **Preparatory Composition** ☑ ☐ ☐
Rationale: Moreno Valley College would like to exclude English 80 from their course offerings. English 80, which is a below-transfer course, is no longer schedule/offered at Moreno Valley College due to AB705. Instead, students are placed directly into transfer-level English courses.
MOV: Hold, 10/11/2022   **NOR:** Info Item, 10/11/2022   **RIV:** Info Item, 10/11/2022
A Pfeifle- Continue to HOLD

H ENG 91   **Basic English Composition** ☑ ☐ ☐
Rationale: Moreno Valley College would like to exclude English 91 from their course offerings. With the introduction of AB705, MVC no longer offers or schedules courses that are below transfer. English 91 is a co-requisite course that was designed to support students who would have traditionally been placed in pretransfer courses (e.g., English 50 and English 80)—students take English 91 concurrently with English 1A. However, based on research from the California Acceleration Project and based on data analysis of our own MVC students, the English discipline determined that English 91 was not effective at meetings students' needs. Instead, students were seeing more success by simply mainstreaming into English 1A with supports other than English 91 (e.g., professors rethinking their course design, policies, and curriculum after professional development on antiracist and culturally responsive teaching; other embedded supports that do not require additional time and financial burdens).

ACC 67   **U.S. and California Income Tax Preparation** ☐ ☐ ☑
Rationale: This course is certified by the California Tax Education Council (CTEC) as fulfilling the 60-hour qualifying education requirement imposed by the State of California for becoming a Registered Tax Preparer. Approval by CTEC of RCC's application is required to offer the course. The application is currently under review.

Courses

Course Inclusions

		M	N	R	Discussion

ADJ 10   **Introduction to Security**   ☑ ☐ ☐

Rationale: Currently all AOJ offerings at MVC are targeted towards public sector employment. This course, which focuses on the private sector will allow MVC to prepare students for private sector employment also. ADJ-10 is also a very good complement to the HLS series of courses and a request to cross list this course to HLS will follow next academic year.

MOV: Approved, 10/25/2022   **NOR:** Info Item, 10/25/2022   **RIV:** Info Item, 10/25/2022

ADJ 9   **Law in American Society**   ☑ ☐ ☐

Rationale: ADJ-9 is offered at both of our sister colleges. It offers a broader view and coverage of American substantive and constitutional law than ADJ-3 (Criminal Law), is transferable to both UC and CSU, and increases General Education offerings.

MOV: Approved, 10/25/2022   **NOR:** Info Item, 10/25/2022   **RIV:** Info Item, 10/25/2022

ADJ 9H   **Honors Law in American Society**   ☑ ☐ ☐

Rationale: ADJ-9H is offered at both of our sister colleges. It offers a broader view and coverage of American substantive and constitutional law than ADJ-3 (Criminal Law), is transferable to both UC and CSU, and increases General Education and Honors offerings.

CUL 36   **Introduction to Culinary Arts**   ☐ ☐ ☑

Rationale: After careful review of our current culinary SLO's, PLO's, the Culinary Program review and faculty and student's responses, we feel the need to adjust the lecture and lab hours for Culinary 36, 37 & 38 that better reflect the actual learning and teaching time already listed in the COR's for each course. The previous time was inaccurate and arbitrary set by a previous director decades ago to 45 hours of lecture and 307 hours of lab. We just want to meet the standards we have set and accurately reflect what is truly happening in lecture and in the labs by setting the lecture hours to 66 and the lab hours to 284. This will also change our units to 8.5 from 8. After reviewing current materials for 36, 37 & 38, there are no revisions necessary. All skills and techniques are still current and relevant, including the textbook. Again, the rationale for the additional time is to merely reflect what is truly happening in lecture and in the labs because that information is already in the COR. Our goal is to meet the highest standards set by our industry. In addition, if we change the units earned for the culinary classrooms, all programs that list those courses need to be changed as well; these include our Culinary Arts & Foundational Culinary Arts Certificate Programs. Culinary 36, 37 & 38 courses are tied to these programs.

EAR 30   **Practicum in Early Childhood Education**   ☑ ☑ ☑

Rationale: In our recent COR update in spring, we missed some language in the course content that is needed to align us with the CAP. The language includes Instructional Technology in section Environments for Teaching and Learning, and Supporting Home Languages in Section Family Engagement. This is the only modification to this COR in this proposal.

ACC 19L — **Volunteer Income Tax Assistance Tax Preparation**   ☐ ☐ ☑
Rationale: This course is the second course in a sequence of two courses designed for students who volunteer in the IRS Volunteer Income Tax Assistance (VITA) program. Students will use the IRS-required Tax Slayer software to prepare and file individual federal and state income tax returns within the scope of the VITA program requirements. Students will also learn how to implement and participate in a system of review, which reinforces the ethics and quality controls taught in the prerequisite VITA training course. Students will also develop their interview, communication, and at times, conflict resolution, skills by working with community members on their tax returns.

ADM 69B — **Motion Graphics and Special Effects with After Effects, Advanced**   ☐ ☐ ☑
Rationale: Currently, the Applied Digital Media department has one course (ADM69) that covers the topic of motion graphics design. In order to align our curriculum more strategically to the demands and needs of the industry, the ADM department is proposing to expand and split the one ADM69 course into ADM69A and ADM69B. This expansion will allow students to gain a more well-rounded foundation in motion graphics. Once ADM69A and ADM69B are approved, ADM69 will go through a course deletion CurricuNET process.

CDL — **Commercial Driver's License** — ☑ ☐ ☐

Rationale: According to "Commercial Truck Driving in the Inland Empire/Desert Region (IEDR), September 2020, as prepared by the Centers of Excellence, "employment for heavy and tractor-trailer drivers is expected to increase 10% between 2019 and 2024. A total of 4,347 job openings will be available over the five-year timeframe. The 50th percentile, median-level, hourly wage for this occupation is $22.56, above the $19.94per hour self-sustainable hourly wage estimate for a single adult with one child."

"The Centers of Excellence recommends creating new truck and bus driving programs to meet the regional need for more workers." The Centers of Excellence for Labor Market Research Top 100 Middle-Skill Occupations report lists Heavy and Tractor-Trailer Truck Drivers as the occupation with the highest projected demand. In addition, the report estimates 482 openings for Bus Drivers, School or Special Client and an additional 471 openings for Bus and Truck Mechanics and Diesel Engine Specialists, many of whom will also need a Commercial Drivers License (CDL) to perform their normal work assignments. While not specifically required for the job, other occupations on this list (such as Electrical Power-Line Installers and Repairers) may find potential employees with a CDL highly desirable candidates.

BUS	**Business Administration: Logistics Management Concentration**	☑	☐	☐	

Rationale: To meet the demand in our geographic location, the Business Administration Logistic Management Concentration - Degree/Certification will provide a regional demand for more workers in logistics and materials transportation programs. This program will collaborate with partners of relevant employers to verify the need for these workers and ensure that students have the required knowledge, skills, abilities, and certifications.

CIS	**Cyberpreneurship**	☐	☐	☑	

Rationale: The Cyberpreneurship program is the culmination of 3 years of work funded by the NSF-ATE. The program has been developed with the support and guidance of our Business and Industry Leadership Team made up of 30 local business owners, cybersecurity professionals and internship and apprenticeship partners and K-12 leaders. There is currently a huge gap in the cybersecurity labor market. There are currently 714,548 cyber jobs open in the US and 77,141 in California according to http://cyberseek.org . This labor market information does not account for the small to mid-sized businesses that do not have the ability to have a full-time IT/Cyber employee. In fact, only 14 % of small to mid-sized businesses have a cybersecurity employee yet 43% of all breaches in 2019 were at these businesses. Clearly, the security of these companies and the nation demands that we develop additional contract workers who can help these businesses secure their systems without incurring the cost of a full-time cyber team. Every business is impacted by cyber risk and is required by federal and state regulations and payment card standards to take steps to secure the data they process ex. Customer records, credit card information and data privacy policies. The Cyberpreneurship program will train individuals to become cybersecurity professionals. However, being a skilled cybersecurity professional does not mean an individual knows how to run a business. Therefore, through a cross discipline approach students in this program will also learn entrepreneurship skills such as how to create a business plan and build a business, manage finances, marketing, IT project management, and applicable cyber laws. The outcome will be individuals that work as independent contractors to help these small to mid-sized businesses manage their cybersecurity and reduce cybersecurity risks to the organization, their customers and the nation.

Certificate

KIN   **Fitness Professionals**   ☑ ☐ ☐

Rationale: There are several reasons for the modifications to the Fitness Professionals certificate at Moreno Valley College. KIN 44 Yoga Instructor Training is out of compliance. We will remove it from our certificate, and we hope to create a new program specifically for students or community members who want to get certified to teach Yoga. By decreasing the total units for the certificate, we hope to give students the opportunity to find employment within an expedited, yet reasonable time frame. We would like to make the certificate more appealing, while still offering coursework that prepares students for employment in the fitness related fields. KIN 45 Group Fitness Instructor, removal from certificate. Many gyms offer and require their own group fitness training certification that can be completed in a day or a weekend. KIN 45 is a 54-hour lecture, and 36-hour lab and students can take the training sessions offered by the gym employers in less time. In the past, this class has been offered at the Riverside Campus and has had low enrollment.

Degree

BIO   **Sustainability in Science and Technology**   ☐ ☐ ☑

Rationale: The program goals and objectives as well as catalog description for the program need to be changed because the B.S. degree is no longer available at UCR. However, other 4-year institutions do have an appropriate transfer degree (UCI for example).

Degree & Certificate

COS   **Cosmetology**   ☐ ☐ ☑

Rationale: Per state requirements removal of Cos 60E and Cos 60E1. California State Board of Barbering and Cosmetology made modifications to licensure requirement, including hour requirements, therefore Cos 60E and Cos 60E1 are not required.

CUL   **Culinary Arts**   ☐ ☐ ☑

Rationale: After careful review of our current culinary SLO's, PLO's, the Culinary Program review and faculty and student's responses, we feel the need to adjust the lecture and lab hours for Culinary 36, 37 & 38 that better reflect the actual learning and teaching time already listed in the COR's for each course. This will also change our units to 8.5 from 8. After reviewing current materials for 36, 37 & 38, there are no revisions necessary. All skills and techniques are still current and relevant, including the textbook.
