 - b. Kelly Douglass will continue working on some items that were discussed last year, including interdisciplinary disciplines.
 - c. Question: According to our program approval process, when Senate approves a new program, are they approving the concept of the program, or the specifics of the program itself? Riverside is proposing a new anesthesiology and public health program that will be housed under the nursing department. Is it correct that the Senate provides concept approval?
 - i. The committee agreed this is correct.
 - d. Question: Colleagues in ASL would like to determine where to begin to push the state for a TMC for ASL. Does anyone know where they begin?
 - i. Try contacting ASCCC and Julie Bradley at Mt. SAC.

Action Items

1. Curriculum Proposals
Curriculum proposals will be reviewed, discussed, and considered for forwarding to the Board of Trustees.

Discussion Items and Public Comment

1. Math Noncredit Basic Skills Courses – Brian Johnson
 - a. Brian Johnson – Math faculty are looking at developing noncredit basic skills courses in math. Are there any immediate concerns regarding this?
 - b. Kelly Douglass – At the Curriculum Institute, this topic was discussed regarding noncredit basic skills courses for English. We learned that students are required to be concurrently enrolled in a credit course due to AB 1705. You can list any math course as a corequisite option, but we must show we are not circumventing AB 1705.
2. Public Comment for all items on or not otherwise on the agenda.
 - a. None

Adjournment: 5:25pm by Ann Pfeifle
