Meeting ID: 941 6379 9272; Passcode: 053911

### Agenda and Minutes

1. Approval of Agenda
  - a. 1<sup>st</sup> A. Pfeifle; 2<sup>nd</sup> B. Johnson
  - b. Approved, Unanimous
2. Approval of Minutes – April 5, 2022
  - a. 1<sup>st</sup> A. Pfeifle; 2<sup>nd</sup> B. Johnson
  - b. Under 1E – Language clarification. Students are placed into MAT-9 or MAT-9/109.
  - c. Approved, Unanimous

### Action Items

1. Curriculum Proposals

### Discussion Items

1. Curricunet Awareness
  - a. Kelly Douglass – We are increasingly seeing errors on proposals as they arrive at Tech Review. Faculty may not be aware of all of the requirements, the format needed for the proposals, or how to ‘clean up’ proposals when there are issues.

- b. Ann Pfeifle – There are times where the chairs are inputting more information than the originators. The chairs may need to send proposals back to draft with more frequency and then the chair can work through one proposal with the originator as opposed to all of them.
- c. Kelly Douglass – Do we need a district-wide fix? Do we need to become more diligent? For the spring, should we be more willing to return proposals to draft?
- d. Brian Johnson – The curriculum committee representatives should be leading other faculty members when people in their department have questions.
- e. Ann Pfeifle – Faculty should have the training and understanding to launch their own courses in Meta, barring any technical glitches.
- f. Steven Schmidt – Most of the faculty may also have the proper training, but in instances where a single faculty member is launching several courses, the issues become more apparent. If courses are arriving at Tech Review and they are not up to the committee’s standards, the proposal will be further delayed. It is in the faculty’s best interest to understand the process.
- g. Kelly Douglass – Will alert curriculum committee this issue. The members may need to take lead.
- h. Ann Pfeifle – Thank you to Sabina Fernandez who has organized a presentation for curriculum members to help with training.
- i. Brian Johnson – At Norco, a training is done in September where an example of a poorly done outline is provided for the committee to review. In the past, Norco also hosted a Curriculum Bootcamp for faculty to come and ask any questions.
- j. Kelly Douglass – May also need to remind the committee that they should not be ‘rubber stamping’ curriculum without properly reviewing it.

### **Program Documentation**

1. New Programs
  - a. Norco – Data Analytics
  - b. Moreno Valley – Early Childhood Education School Age
  - c. Norco – Data Science
  - d. Norco – Noncredit Essential 3D Tour
