Proposals for Review for 10/18/2022

Courses

Course Deletions

		M N R	Discussion	Action

ACC 38 — **Managerial Accounting**   ☐ ☐ ☑

Rationale: ACC 61 covers cost accounting and ACC 40 will cover accounting for non-financial managers. Students who have taken ACC 38 taught the cost accounting course in the past would not be able to take the course if it is modified to be solely accounting for non-financial managers. As a result, the course deletion is recommended.

ACC 38DE — **Managerial Accounting**   ☐ ☐ ☑

Rationale: ACC 61 covers cost accounting and ACC 40 will cover accounting for non-financial managers. Students who have taken ACC 38 taught the cost accounting course in the past would not be able to take the course if it is modified to be solely accounting for non-financial managers. As a result, the course deletion is recommended.

ADJ 15 — **Narcotics**   ☑ ☐ ☑

Rationale: This course has not been taught for several years. It is not a requirement for any RCCD certificates and is not a core course in any CSU transfer curriculum.

ADJ 6 — **Patrol Procedures**   ☑ ☑ ☐

Rationale: This course has not been taught for several years. It is not a requirement for any RCCD certificates and is not a core course in any CSU transfer curriculum.

CSC 21 — **Introduction to Operating Systems**   ☐ ☐ ☑

Rationale: This course has only been offered as CIS for the past 7 years so the cross listing of CSC is no longer needed.

CSC 25 — **Information and Communication Technology Essentials**   ☐ ☐ ☑

Rationale: This course was automatically cross-listed years ago but the discipline believes the cross-listing is not warranted. The course has only been offered as CIS for the past 7 years.

CSC 27 — **Information and Network Security**   ☐ ☐ ☑

Rationale: This course was automatically cross-listed years ago but the discipline believes the cross-listing is not warranted. The course has only been offered as CIS for the past 7 years.

CSC 27A — **Computer Forensics Fundamentals** ☐ ☐ ☑
Rationale: This course was automatically cross-listed years ago but the discipline believes the cross-listing is not warranted. The course has only been offered as CIS for the past 7 years.

CUL 42 — **International Cuisine** ☐ ☐ ☑
Rationale: This course is no longer offered.

MAT 98 — **Academic Excellence Seminar** ☐ ☐ ☑
Rationale: This course has not been offered in many years.

MDA 1A — **Medical Terminology 1A** ☑ ☐ ☐
Rationale: This course is being deleted as it has been replaced by MDA-10.

MDA 1B — **Medical Terminology 1B** ☑ ☐ ☐
Rationale: This course is being deleted as it has been replaced by MDA-10.

Course Inclusions

		M	N	R	Discussion	Action

ACC 67 — **U.S. and California Income Tax Preparation** ☐ ☐ ☑
Rationale: This course is certified by the California Tax Education Council (CTEC) as fulfilling the 60-hour qualifying education requirement imposed by the State of California for becoming a Registered Tax Preparer. Approval by CTEC of RCC's application is required to offer the course. The application is currently under review.

ADJ 10 — **Introduction to Security** ☑ ☐ ☐
Rationale: Currently all AOJ offerings at MVC are targeted towards public sector employment. This course, which focuses on the private sector will allow MVC to prepare students for private sector employment also. ADJ-10 is also a very good complement to the HLS series of courses and a request to cross list this course to HLS will follow next academic year.

ADJ 9 — **Law in American Society** ☑ ☐ ☐
Rationale: ADJ-9 is offered at both of our sister colleges. It offers a broader view and coverage of American substantive and constitutional law than ADJ-3 (Criminal Law), is transferable to both UC and CSU, and increases General Education offerings.

Technical Review Proposals for 10/18/2022

CUL 36   **Introduction to Culinary Arts**   ☐ ☐ ☑

Rationale: After careful review of our current culinary SLO's, PLO's, the Culinary Program review and faculty and student's responses, we feel the need to adjust the lecture and lab hours for Culinary 36, 37 & 38 that better reflect the actual learning and teaching time already listed in the COR's for each course. The previous time was inaccurate and arbitrary set by a previous director decades ago to 45 hours of lecture and 307 hours of lab. We just want to meet the standards we have set and accurately reflect what is truly happening in lecture and in the labs by setting the lecture hours to 66 and the lab hours to 284. This will also change our units to 8.5 from 8. After reviewing current materials for 36, 37 & 38, there are no revisions necessary. All skills and techniques are still current and relevant, including the textbook. Again, the rationale for the additional time is to merely reflect what is truly happening in lecture and in the labs because that information is already in the COR. Our goal is to meet the highest standards set by our industry. In addition, if we change the units earned for the culinary classrooms, all programs that list those courses need to be changed as well; these include our Culinary Arts & Foundational Culinary Arts Certificate Programs. Culinary 36, 37 & 38 courses are tied to these programs.

CUL 37   **Intermediate Culinary Arts**   ☐ ☐ ☑

H **DEA 10** — **Introduction to Dental Assisting and Chairside Assisting**   ☑ ☐ ☐

Prerequisites cannot contain a GPA requirement. GPA does not relay necessary skills or concepts. Ann will discuss with faculty.

Rationale: The current pre-requisite for this course, "qualification for ENG-1A is no longer valid due to Title V and AB 705. This is a proposal for changing the pre-requisite to: "previous academic GPA of 2.0 or higher". This change is necessary for compliance with both state legislature and discipline accreditation standards and to ensure student success in the Dental Assistant Program. This pre-requisite was determined in collaboration with faculty discipline, English Department faculty and Institutional Effectiveness.

EAR 30 — **Practicum in Early Childhood Education**   ☑ ☑ ☑

Rationale: In our recent COR update in spring, we missed some language in the course content that is needed to align us with the CAP. The language includes Instructional Technology in section Environments for Teaching and Learning, and Supporting Home Languages in Section Family Engagement. This is the only modification to this COR in this proposal.

ENG 14   **American Literature I: Pre-Contact through Civil War**   ☑ ☑ ☑

Rationale: Update Course Description, Objectives, SLO, Course Content, Methods of Instruction to reflect emphasis on multiple perspectives and previously minoritized authors, as well as to cover various narrative threads and points of contention within and among diverse racial and cultural groups in American literature during this period. Update Methods of Instruction, Methods of Evaluation, and Assignments to enhance equity-minded pedagogy.

ENG 15   **American Literature II: 1865 to the Present**   ☑ ☑ ☑

Rationale: Update Course Description, Objectives, SLO, Course Content, Methods of Instruction to reflect emphasis on multiple perspectives and previously minoritized authors, as well as to cover various narrative threads and points of contention within and among diverse racial and cultural groups in American literature during this period. Update Methods of Instruction, Methods of Evaluation, and Assignments to enhance equity-minded pedagogy.

ENG 17A   **Literary Magazine Production: Beginning**   ☐ ☑ ☑

Rationale: This is the 5-year major modification, which reflects changes in the discipline focus toward equity. This modification updates entrance skills, course objectives, and learning outcomes. Some parts of course content, methods of instruction, methods of evaluation, assignments and resources have also been updated.

ENG 17B   **Literary Magazine Production: Intermediate**   ☐ ☑ ☑

Rationale: This is the 5-year major modification, which reflects changes in the discipline focus toward equity. This modification updates entrance skills, course objectives, and learning outcomes. Some parts of course content, methods of instruction, methods of evaluation, assignments and resources have also been updated.

ENG 18   **Survey of Native American Literature**   ☑ ☑ ☑

Rationale: The English and Ethnic Studies disciplines have determined that it is best, at this time, to unlink (un cross-link) this currently cross-listed literature course. Rationale for unlinking: In fall 2021, CSU reviewers did not approve ENG 18 to satisfy requirements for Area F (Ethnic Studies). Therefore, maintaining the cross-listing with Ethnic Studies will result (and has already resulted) in confusion and frustration for students who intend to take the course to satisfy the new Area F requirement. This major modification returns the course to a survey of literature course that aligns solely with the English C-ID for the course, and while these major modifications removed language pertaining to ethnic studies, the revised COR still maintains the most salient anti-racist and equity-minded theory, practices, and procedures, all which were gleaned as a result of the English discipline's collaboration with our colleagues in Ethnic Studies for the earlier cross-listing of the course. Major modifications have been made to Course description (long); Course objectives; Methods of Instruction; Methods of Evaluation; Assignments

ENG 20   **Survey of African American Literature**   ☑ ☑ ☑

Rationale: The English and Ethnic Studies disciplines have determined that it is best, at this time, to unlink (un cross-link) this currently cross-listed literature course. Rationale for unlinking: In fall 2021, CSU reviewers did not approve ENG 20 to satisfy requirements for Area F (Ethnic Studies). Therefore, maintaining the cross-listing with Ethnic Studies will result (and has already resulted) in confusion and frustration for students who intend to take the course to satisfy the new Area F requirement. ACC 19L	**Volunteer Income Tax Assistance Tax Preparation**	☐☐☑
Rationale:	This course is the second course in a sequence of two courses designed for students who volunteer in the IRS Volunteer Income Tax Assistance (VITA) program. Students will use the IRS-required Tax Slayer software to prepare and file individual federal and state income tax returns within the scope of the VITA program requirements. Students will also learn how to implement and participate in a system of review, which reinforces the ethics and quality controls taught in the prerequisite VITA training course. Students will also develop their interview, communication, and at times, conflict resolution, skills by working with community members on their tax returns.	
ACC 40	**Accounting for Managers**	☐☐☑
Rationale:	Entrepreneurial students need to understand the basics of financial and managerial accounting and a broad overview and analysis of financial and managerial reports without the "debits and credits" covered in detail in a basic accounting course. This course can be used as a recommended prerequisite to Accounting 1A.	
ACC 819L	**Volunteer Income Tax Assistance Tax Preparation**	☐☐☑
Rationale:	This course is the second course in a sequence of two courses designed for students who volunteer in the IRS Volunteer Income Tax Assistance (VITA) program. Students will use the IRS-required Tax Slayer software to prepare and file individual federal and state income tax returns within the scope of the VITA program requirements. ADM 69B	**Motion Graphics and Special Effects with After Effects, Advanced**	☐☐☑
Rationale:	Currently, the Applied Digital Media department has one course (ADM69) that covers the topic of motion graphics design. In order to align our curriculum more strategically to the demands and needs of the industry, the ADM department is proposing to expand and split the one ADM69 course into ADM69A and ADM69B. This expansion will allow students to gain a more well-rounded foundation in motion graphics. Once ADM69A and ADM69B are approved, ADM69 will go through a course deletion CurricuNET process.

BUS 73 **Exploring the Entrepreneurial Mindset** ☐ ☐ ☑
Rationale: This new course will transfer as a GE to CSUSB

CIS 100 **IT Workplace Readiness** ☑ ☐ ☑
Rationale: RCC and MVC have robust IT internship and apprenticeship programs. Discussion with our advisors and employer partners has guided the creation of this course that will provide students with basic workplace fundamental skills. We have found that, while students are learning IT skills in the classroom to make them job ready, they are lacking skills like workplace communication, timekeeping, documentation, interviewing and other skills that are IT specific. This course will allow faculty to interact with students preparing for internships or apprenticeships to ensure they are ready.

APP   **Apprenticeship**   ☐ ☐ ☑

Rationale: The expanded role of the community colleges in apprenticeship prospects in conjunction with workforce development has resulted in an expansion of the apprenticeship discipline and articulated with CSU, UC, and California Independent Colleges and Universities. Extensive partnerships with industry partners, CSU's, UC's, and unified school districts have expanded coursework in our colleges that prepares students for apprenticeship opportunities.

H   **CDL**   **Commercial Driver's License**   ☑ ☐ ☐   Academic Senate approval minutes are needed. Faculty with FSA need to be included on the proposal form, an updated form is needed.

Rationale: According to "Commercial Truck Driving in the Inland Empire/Desert Region (IEDR), September 2020, as prepared by the Centers of Excellence, "employment for heavy and tractor-trailer drivers is expected to increase 10% between 2019 and 2024. A total of 4,347 job openings will be available over the five-year timeframe. The 50th percentile, median-level, hourly wage for this occupation is $22.56, above the $19.94per hour self-sustainable hourly wage estimate for a single adult with one child."

"The Centers of Excellence recommends creating new truck and bus driving programs to meet the regional need for more workers." The Centers of Excellence for Labor Market Research Top 100 Middle-Skill Occupations report lists Heavy and Tractor-Trailer Truck Drivers as the occupation with the highest projected demand. In addition, the report estimates 482 openings for Bus Drivers, School or Special Client and an additional 471 openings for Bus and Truck Mechanics and Diesel Engine Specialists, many of whom will also need a Commercial Drivers License (CDL) to perform their normal work assignments. While not specifically required for the job, other occupations on this list (such as Electrical Power-Line Installers and Repairers) may find potential employees with a CDL highly desirable candidates.

CIS   **Cyberpreneurship**   ☑ ☐ ☐

Rationale: The Cyberpreneurship program is the culmination of 3 years of work funded by the NSF-ATE. The program has been developed with the support and guidance of our Business and Industry Leadership Team made up of 30 local business owners, cybersecurity professionals and internship and apprenticeship partners and K-12 leaders. There is currently a huge gap in the cybersecurity labor market. There are currently 714,548 cyber jobs open in the US and 77,141 in California according to http://cyberseek.org . This labor market information does not account for the small to mid-sized businesses that do not have the ability to have a full-time IT/Cyber employee. In fact, only 14 % of small to mid-sized businesses have a cybersecurity employee yet 43% of all breaches in 2019 were at these businesses. Clearly, the security of these companies and the nation demands that we develop additional contract workers who can help these businesses secure their systems without incurring the cost of a full-time cyber team. Every business is impacted by cyber risk and is required by federal and state regulations and payment card standards to take steps to secure the data they process ex. Customer records, credit card information and data privacy policies. The Cyberpreneurship program will train individuals to become cybersecurity professionals. However, being a skilled cybersecurity professional does not mean an individual knows how to run a business. Therefore, through a cross discipline approach students in this program will also learn entrepreneurship skills such as how to create a business plan and build a business, manage finances, marketing, IT project management, and applicable cyber laws. The outcome will be individuals that work as independent contractors to help these small to mid-sized businesses manage their cybersecurity and reduce cybersecurity risks to the organization, their customers and the nation.

H   **CUL**   **Foundational Culinary Arts**   ☐ ☐ ☑   Holding for courses to arrive at Tech Review.

Rationale: After careful review of our current culinary SLO's, PLO's, the Culinary Program review and faculty and student's responses, we feel the need to adjust the lecture and lab hours for Culinary 36, 37 & 38 that better reflect the actual learning and teaching time already listed in the COR's for each course. This will also change our units to 8.5 from 8. After reviewing current materials for 36, 37 & 38, there are no revisions necessary. All skills and techniques are still current and relevant, including the textbook.

Rationale:

H   **HMS**   **Social Work Administration Studies**   ☑ ☐ ☐

Rationale:

   KIN   **Fitness Professionals**   ☑ ☐ ☐

Rationale: There are several reasons for the modifications to the Fitness Professionals certificate at Moreno Valley College. KIN 44 Yoga Instructor Training is out of compliance. We will remove it from our certificate, and we hope to create a new program specifically for students or community members who want to get certified to teach Yoga. By decreasing the total units for the certificate, we hope to give students the opportunity to find employment within an expedited, yet reasonable time frame. We would like to make the certificate more appealing, while still offering coursework that prepares students for employment in the fitness related fields. KIN 45 Group Fitness Instructor, removal from certificate. Many gyms offer and require their own group fitness training certification that can be completed in a day or a weekend. KIN 45 is a 54-hour lecture, and 36-hour lab and students can take the training sessions offered by the gym employers in less time. In the past, this class has been offered at the Riverside Campus and has had low enrollment.
