Action Items

1. Curriculum Proposals

Discussion Items

1. AB1111 Plan – Kelly Douglass
 - a. Previous at Tech Review we discussed a possible plan for addressing AB 1111. Are we ready to present that information to the curriculum committees? Should the one-sheet that was prepared be distributed?

- b. The committee agreed to distribute the one-sheet to the curriculum committees, with some minor edits.
2. Program Course Sequence Layout – Bryan Medina
 - a. In Curriqnet, when courses are grouped together there is a slight indent that appears in the course sequencing. For the purposes of readability and to ensure the course requirements are clear to students, can coordinators rearrange the order of courses in programs?
 - b. Casandra Greene – For additional context, the hope is that the district will implement the Curriqnet catalog module for catalog production. This means what is in Meta will ultimately be what students see in the catalog.
 - c. The committee agreed the courses can be arranged so that the requirements are clear for students.
3. Program Form – Ann Pfeifle
 - a. On the program form, there is an area that directs faculty to submit program documentation to the ‘coordinator’. Can this be updated to specifically state “Instructional Programs Support Coordinator”?
 - b. Bryan Medina will make the edits to the form.

	Is a limitation on enrollment of GPA of 2.0 or higher possible? Page 22 of handbook specifies areas where limitation is appropriate. But perhaps the GPA can be placed onto the program itself. May need to refer to Board Policy 2106. Faculty have stated that accreditation requires that prereqs are in place that ensure student success. If that is the case, there are other mechanism for prerequisites. The purpose of having a prerequisite on a course is to show a student is highly unlikely to pass the course without the prerequisite, and the student can obtain certain entrance skills by taking that course. If faculty submit a program modification to the next TR, Morneo Valley can call a special meeting the fifth week of November, and the program could proceed to the January Board. This course will be moved forward with the GPA restriction removed.

APP	Apprenticeship	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Approved	Y	Y	Y
<p>Based on the PCAH, it appears that to have an apprenticeship program, there must be a signed letter from the Division of Apprenticeship Standards, which is not an RCCD guideline, it is a state guideline. Charles Henkels stated that there already is the approval from DAS and paperwork can be shared with the committee. The signed letter does contain program standards. APP 450 is a good solution to ensure that the work based learning solution is present to serve the students. RCC has several that are active, IT, Cyber, EAR, Auto, Culinary. Committee has requested the paper work be forwarded to Kelly Douglass and Tech Review.</p>
