Courses

Course Major Modifications

		M	N	R	Discussion	Action	
H	PSY 48 Rationale: PSY/SOC-48 is modified to be a 4-credit instead of a 3-credit hour course. UCs (e.g., UCR) and CSUs (e.g., CSUSB) devote more credit hours for their behavioral science statistics courses than their other (non-methods) psychology/sociology courses. The content of the PSY/SOC-48 COR was originally designed, in part, to reflect the behavioral science statistics courses offered in UCs and CSUs. The course is more likely to be transferable to these schools if it is increased from 3 to 4 units. Course materials and advisories have also been updated.	Statistics for the Behavioral Sciences	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Course is crosslisted with SOC 48, not yet at Tech Review. The content of the course should be further expanded in order to justify the unit increase. Areas of possible expansion include use of technology and report writing.

Courses

Course Minor Modifications

M N R Discussion Action

PHI 36 **Asian Philosophy**
 Rationale: Update to Course Materials.

New Courses

M N R Discussion Action

H AHS 60 **Special Topics in Art & Visual Culture**
 Rationale: Art history and visual culture are constantly evolving; a rotating, special themed class enables faculty to continually craft the classroom experience and curriculum to foreground new critical perspectives, areas of research and scholarship, and emerging trends. A special themed class also provides a venue for faculty to share their own areas of particular expertise, research, and other professional talents with students. The content of the course is by design flexible; it will be selected and approved by the department. The direction of the course will be determined by current needs and interests of students and faculty. The organization of the course and material will vary from semester to semester, and instructor to instructor.

List unlimited repeatability. Unclear how AHS 60 is different from ART 4 and 6. No sample assignments. One unit listed with no hours.

H AHS 61 **Directed Study in Art & Visual Culture**
 Rationale: To provide students with the opportunity to complete research projects and/or other scholastic/creativity in art history, as a means to further advance their academic and/or career goals.

Needs clarity on how this is different from an independent study course.

H PSY 60 **Independent Study in Psychology**
 Rationale: Psychology majors want to gain experience in performing research studies.

Board Policy is currently with legal waiting to go to the faculty association.

General Education

General Education Modifications

M N R Discussion Action

H MAT 70A **Foundations of Data Science**
 Rationale: The Math Discipline has developed courses to serve students wanting to pursue a path to Data Science. In addition, new courses were added to the STEM and Elementary Teacher Preparation Pathways.

Course is crosslisted with CIS 70A, which would also need to come forward for review. Brian will work with faculty.

Degree

H	ENP Rationale: Documents:		<input checked="" type="checkbox"/>	<input type="checkbox"/>	Presently, students are able to earn three stackable certificates in Entrepreneurship but they are unable to earn an associate degree. This program would allow students to complete an Associate Degree of Science in Entrepreneurship. The entrepreneurship program provides students broad, intellectual, practical skills that demonstrate the ability to apply knowledge and concepts related to identifying business opportunities, evaluating ideas, assessing the markets, and exploring risks and rewards. Additionally, students will develop a business model canvas and pitch their business idea. Through a series of courses that include hands-on and experiential learning, students develop knowledge and skills that serve as a springboard to start, run, and grow their own business.
