

District Technical Review Committee Meeting Agenda

Tuesday, May 6, 2025 **2:30-4:00pm** **CAADO 209/Zoom**

Committee Members	Guests
<input type="checkbox"/> Steven Schmidt (Chair, MUS)	<input type="checkbox"/> Lijuan Zhai (AVC ES&IE, RCCD)
<input type="checkbox"/> Eric Bishop (Co-Chair, Int. VC Ed. Services)	<input type="checkbox"/> Bryan Medina (CPRO, RCCD)
<input type="checkbox"/> Kelly Douglass (ENG, RCC)	<input type="checkbox"/> Nicole Banerjee (AO, RCC)
<input type="checkbox"/> Brian Johnson (MAT, NOR)	<input type="checkbox"/> Nick Franco (AO, NOR)
<input type="checkbox"/> Nick Sinigaglia (PHI, MVC)	<input type="checkbox"/> Deanna Murrell (AO, MVC)
	<input type="checkbox"/> Sabina Fernandez (CPRO, MVC)
	<input type="checkbox"/> Casandra Greene (CPRO, RCC)
	<input type="checkbox"/> Nicole Brown (CPRO, NOR)
Additional Guests:	

Zoom Information

<https://rccd-edu.zoom.us/j/86555446612?pwd=R0dDakVkSzNZQitZZEN0Zm1TTIYvQT09>

+1 669 900 6833 US

Meeting ID: 865 5544 6612

Passcode: 627472

Call to Order:

Agenda and Minutes

1. Approval of Agenda
The agenda will be reviewed, discussed, and considered for approval.
2. Approval of Minutes – April 1, 2025
The minutes will be reviewed, discussed, and considered for approval.

Action Items

1. Curriculum Proposals
Curriculum proposals will be reviewed, discussed, and considered for forwarding to the College Curriculum Committees.

Discussion Items and Public Comment

1. HLS to PSF Discipline Change – Nick Sinigaglia
2. FSA List and Curriqunet Permissions – Bryan Medina
3. Open Forum
4. Public Comment for all items on or not otherwise on the agenda.

Adjournment:

Technical Review - Curriculum Proposals

Proposals for Review for 05/06/2025

Courses

Course Exclusions

M N R Notes

HUM 4H	Honors Arts and Ideas: Ancient World Through the Late Medieval Period	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
--------	---	-------------------------------------	--------------------------	--------------------------	--

Technical Review - Curriculum Proposals

Proposals for Review for 05/06/2025

Courses

Course Exclusions

M N R Discussion

Action

HUM 4H **Honors Arts and Ideas: Ancient World Through the Late Medieval Period**

☒ ☐ ☐

Rationale: Neither course has been offered at MVC in several years and MVC Honors has no plans to offer them in the foreseeable future. (HUM 10H: Honors World Religions will remain in the catalog as a regular honors offering in the discipline.) MVC has no full-time faculty member in the discipline, so the department member with the secondary FSA is launching the proposal. MVC Honors has voted in favor of the exclusions, minutes attached.

HUM 5H **Honors Arts and Ideas: The Renaissance through the Modern Era**

☒ ☐ ☐

Rationale: Neither course has been offered at MVC in several years and MVC Honors has no plans to offer them in the foreseeable future. (HUM 10H: Honors World Religions will remain in the catalog as a regular honors offering in the discipline.) MVC has no full-time faculty member in the discipline, so the department member with the secondary FSA is launching the proposal. MVC Honors has voted in favor of the exclusions, minutes attached.

Course Inclusions

M N R Discussion

Action

ENGL 8 **Introduction to Mythology**

☒ ☐ ☐

Rationale: English 8 is cross-listed with Humanities 8, a course which already exists in the MVC Catalog. Including English 8 will enhance enrollment, and make the course to interested English instructors. The Humanities discipline has adequate staffing to ensure regular offerings as necessary.

Course Major Modifications

M N R Discussion

Action

ELC 73 **Electric Motors and Transformers**

☐ ☒ ☐

Rationale: Adding the new book.

ELE 10 **Survey of Electronics**

☐ ☒ ☐

Rationale:

Courses

Course Major Modifications

		M	N	R	Discussion	Action
H	ELE 73 Rationale: <u>Electric Motors and Transformers</u> Updating textbooks and add objective(s).	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Needs to hold for ELC-73.	
H	MAN 73 Rationale: <u>Electric Motors and Transformers</u> Updating textbooks and add objective(s).	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Needs to hold for ELC-73.	

Course Minor Modifications

		M	N	R	Discussion	Action
H	ELC 77 Rationale: <u>Electrical Theory for Electricians</u> Updating textbook.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Waiting for MAN-77	
H	ELE 77 Rationale: <u>Electrical Theory for Electricians</u> Add new book.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
H	GEG 30A Rationale: <u>Field Studies in Geography</u> Ensuring COR is up-to-date, less than 4 years old, and has relevant materials updated.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Waiting on feedback from faculty regarding textbooks.	

Distance Education

		M	N	R	Discussion	Action
	COMM C1000HDE Rationale: <u>Introduction to Public Speaking Honors</u>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
	ELE 826DE Rationale: <u>Microcontrollers</u>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>		

New Courses

		M	N	R	Discussion	Action
	ELE 30 Rationale: <u>Introduction to Biomedical Equipment</u> For students and new healthcare professionals, an introduction to medical equipment is an essential part of their education and training. It lays the foundation for more advanced learning and specialization in specific areas of medicine and medical technology.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>		

Courses

New Courses

M N R Discussion

Action

ELE 31 [Troubleshooting Theory and Methodology](#) ☐ ☒ ☐

Rationale: For students and new healthcare professionals, an introduction to medical equipment is an essential part of their education and training. It lays the foundation for more advanced learning and specialization in specific areas of medicine and medical technology.

ELE 33 [Network Troubleshooting and Methodology in Biomedical Equipment](#) ☐ ☒ ☐

Rationale: For students and new healthcare professionals, an introduction to medical equipment is an essential part of their education and training. It lays the foundation for more advanced learning and specialization in specific areas of medicine and medical technology.

ELE 34 [Capstone Project for Biomedical Equipment](#) ☐ ☒ ☐

Rationale: Many biomedical equipment technicians (BMETs) pursue certifications such as CBET (Certified Biomedical Equipment Technician). A capstone course can help students prepare for certification exams by reinforcing industry standards. It helps students gain practical experience before entering the workforce, improving their confidence and competence.

ELE 35 [Biomedical Life Support Equipment Troubleshooting and Repair](#) ☐ ☒ ☐

Rationale: For students and new healthcare professionals, an introduction to medical equipment is an essential part of their education and training. It lays the foundation for more advanced learning and specialization in specific areas of medicine and medical technology.

Programs

New Programs

M N R Discussion

Action

Certificate

ELE	Biomedical Electronic Equipment Repair	<input type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/>
Rationale:	The healthcare industry is increasingly reliant on advanced medical technology, creating a strong demand for biomedical equipment technicians (BMETs) who can repair, maintain, and calibrate medical devices. According to the U.S. Bureau of Labor Statistics (BLS), employment for medical equipment repairers is projected to grow by 6% from 2022 to 2032, faster than the average for all occupations. The rise of telemedicine, wearable health devices, and AI-driven diagnostics further amplifies the need for skilled biomedical electronics technicians. A Biomedical Electronic Equipment Repair Program at Norco College would address industry demand, offer high-paying career opportunities, and expand the college's technical education offerings. The program would benefit students, the local healthcare industry, and the broader community by filling a critical workforce gap while supporting Norco College's mission of providing career-focused, hands-on education.

Program Modifications

M N R Discussion

Action

ADT

MAT	Mathematics 2.0	<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
Rationale:	There is an updated version of the TMC (Transfer Model Curriculum) template available, updating the ADT in Mathematics program to the most current version template.	

Certificate

H MAN	Control Systems Specialist	<input type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/>	Holding for courses ELE/MAN-73 and ELE/ELC-77. ELC-77 needs to be added to the narrative as a crosslisted option.
Rationale:	Removing ELE-65 from the course requirements; MAN-33 is already required as an alternative.		

Program Outline

Title: Income Tax Preparer Certificate

Originator: Jennifer Corr

Date 9/10/2024

Department: Business, Law, and Computer Information Systems

College/Learning Pathway/Engagement Center: Riverside - Business, Information Systems, and Technology

☐ **Moreno Valley College** ☐ **Norco College** ☒ **Riverside City College**

(Please note: All degrees and certificates are college specific. If multiple colleges wish to adopt this degree or certificate, a separate proposal and college specific supporting documents are required.)

TOPs Code: 0502

CIP Code: 52.0301

Type of Program:

- ☒ Certificate of Achievement only ☐ Locally approved certificate (8-units or less) only
☐ Associate Degree only ☐ Certificate of Achievement and Degree

Type of Associate Degree:

- ☐ Associate of Arts ☐ Associate of Science

This is a: ☒ New certificate/degree* ☐ Modification to an existing certificate/degree

***New programs that require new facilities, positions, capital outlays, or have budgetary impacts must also be approved by Academic Senate and Strategic Planning before being submitted. Has this program been appropriately approved?**

- ☒ Yes, minutes attached ☐ Approval Pending
☐ No Capital or Budgetary Impacts

If this is a modification to an existing certificate/degree, please specify the changes being made:

(Please be specific! Indicate any changes to title, description, learning outcomes, courses, unit values, etc.)

Rationale:

This tax preparer preparation program provides students with the knowledge to prepare individual, small business, and payroll tax returns and obtain entry-level positions as tax preparers or bookkeepers.

Required Documentation

Please submit this form and the documents outlined below to your college's Instructional Program Support Coordinator (IPSC) and the District Technical Review committee via TechReview@rccd.edu. Please do not submit your proposal until all of the documentation below is complete.

All Degrees and Certificates

- ☒ Evidence of district-wide discipline communication
- ☒ Department minutes showing approval
- ☒ Narrative (*see following page*)
- ☐ Transfer preparation documentation (*only if applicable*)

Degrees and Certificates of 8 Units or More with Vocational TOPs Codes

In addition to the above, all degrees and certificates of 8 units or more with a vocational TOPs code must include the following to be submitted to the State Chancellor's Office for approval.*

- ☒ Labor Market Information and Analysis (*Required for new programs and modifications.*)
- ☒ Advisory Committee Recommendation (*Required for new programs and may be required for modifications. Check with the curriculum coordinator at your college to determine if a new recommendation is necessary.*)
- ☒ Regional Consortium Recommendation (*Required for new programs only.*)

**Certificates between 8 and less than 16 units can be approved locally or can be submitted to the State Chancellor's Office for approval. Certificates of less than 8 units can only be approved locally. However, locally approved certificates will not appear on student transcripts.*

Program Narrative

Item 1. Program Goals and Objectives

For programs with a vocational TOPs code, must address a valid workforce preparation purpose. For programs with a non-vocational TOPs code, must address a valid workforce preparation, basic skills, civic education, or local purpose. May address transfer preparation if applicable.

This certificate prepares students for the workforce by enabling students to complete the requirements to obtain their CTEC Registered Tax Preparer certification, the skills to complete their QuickBooks Certified User certification, enter the bookkeeping and tax professions, and enable them to perform bookkeeping functions and tax returns for the general public. In addition, hands-on experience in the form of supervised tax preparation through RCC's annual Volunteer Income Tax Assistance (VITA) program provides real-world experience with tax clients.

The Accounting Program's Program Learning Outcomes (PLO) are listed, below, along with the courses in the tax certificate and the relevant Student Learning Outcomes (SLO). Upon successful completion of these courses, students will accomplish the Student Learning Outcomes (SLO) required by the courses comprising the tax certificate and therefore accomplishing the PLO:

1. PLO: Use technology to analyze business decisions and to enhance business communications.

- a. ACC 19L, Volunteer Income Tax Assistance Lab: Students will utilize tax software to accurately interview, prepare, and file individual federal and state income tax returns within the score of the VITA program.
- b. ACC 62, Payroll Accounting: Students will accurately apply accounting principles to computerized and manual payroll systems.
- c. ACC 65, QuickBooks Accounting: Students will be able to use accounting software to calculate accounting formulas to analyze and solve problems.
- d. ACC 67, U.S. and California Income Tax Preparation: Students will conduct tax research on client issues using both manual and computerized methods.

- 2. PLO: Apply basic business and accounting calculations and analyses. Have an understanding of legal practices relating to business.**
 - a. ACC 1A, Principles of Accounting I: Students will Analyze and utilize knowledge for financial reporting.
 - b. ACC 19, Volunteer Income Tax Assistance: Students will demonstrate knowledge and ability in preparing income tax returns, through analysis and preparation of financial documents.
 - c. ACC 19L, Volunteer Income Tax Assistance Lab: Students will utilize tax software to accurately interview, prepare, and file individual federal and state income tax returns within the score of the VITA program.
 - d. ACC 62, Payroll Accounting: Students will analyze and solve problems associated with the calculation and reporting of payroll.
 - e. ACC 65, QuickBooks Accounting: Students will demonstrate the ability to apply accounting principles used in manual accounting to computerized accounting systems.
 - f. ACC 67, U.S. and California Income Tax Preparation: Students will conduct tax research on client issues using both manual and computerized methods.
- 3. PLO: Apply sound management practices.**
 - a. ACC 19, Volunteer Income Tax Assistance: Interpret and analyze financial information for internal controls and re-evaluation of returns.
- 4. PLO: Apply accounting principles related to a variety of accounting specialties, such as payroll accounting, cost accounting, income tax accounting, and computerized accounting.**
 - a. ACC 1A, Principles of Accounting I: Students will Demonstrate knowledge of the accounting cycle and financial statements through analysis, preparation, and interpretation of accounting data.
 - b. ACC 19, Volunteer Income Tax Assistance: Students will demonstrate knowledge and ability in preparing income tax returns, through analysis and preparation of financial documents.
 - c. ACC 19L, Volunteer Income Tax Assistance Lab: Students will utilize tax software to accurately interview, prepare, and file individual federal and state income tax returns within the score of the VITA program.
 - d. ACC 62, Payroll Accounting: Students will Accurately apply accounting principles to computerized and manual payroll systems.
 - e. ACC 65, QuickBooks Accounting: Students will demonstrate the ability to apply accounting principles used in manual accounting to computerized accounting systems.
 - f. ACC 67, U.S. and California Income Tax Preparation: Students will prepare federal and state income tax returns for individuals, sole proprietorships, and other business entities.

5. PLO: Analyze and solve accounting issues and problems for a variety of business entities.

- a. ACC 1A, Principles of Accounting I: Students will demonstrate knowledge of the accounting cycle and financial statements through analysis, preparation, and interpretation of accounting data.
- b. ACC 19, Volunteer Income Tax Assistance: Students will demonstrate knowledge and ability in preparing income tax returns, through analysis and preparation of financial documents.
- c. ACC 19L, Volunteer Income Tax Assistance Lab: Students will utilize tax software to accurately interview, prepare, and file individual federal and state income tax returns within the score of the VITA program.
- d. ACC 62, Payroll Accounting: Students will Analyze and solve problems associated with the calculation and reporting of payroll.
- e. ACC 65, QuickBooks Accounting: Students will be able to use accounting software to calculate accounting formulas to analyze and solve problems.
- f. ACC 67, U.S. and California Income Tax Preparation:
 - i. Students will prepare federal and state income tax returns for individuals, sole proprietorships, and other business entities.
 - ii. Students will evaluate and propose strategies that minimize income tax obligations.

6. PLO: Analyze and interpret data and reports for a variety of business entities.

- a. ACC 1A, Principles of Accounting I: Students will analyze and utilize knowledge for financial reporting.
- b. ACC 19, Volunteer Income Tax Assistance: Students will demonstrate knowledge and ability in preparing income tax returns, through analysis and preparation of financial documents.
- c. ACC 19L, Volunteer Income Tax Assistance Lab: Students will utilize tax software to accurately interview, prepare, and file individual federal and state income tax returns within the score of the VITA program.
- d. ACC 62, Payroll Accounting:
 - i. Students will Analyze, synthesize, and evaluate payroll principles as defined by Social Security Act and understand laws relating to the payment of wages and salaries.
 - ii. Students will Analyze and solve problems associated with the calculation and reporting of payroll.
- e. ACC 67, U.S. and California Income Tax Preparation:
 - i. Students will prepare federal and state income tax returns for individuals, sole proprietorships, and other business entities.
 - ii. Students will evaluate and propose strategies that minimize income tax obligations.

7. PLO: Develop and apply principles of moral judgment and ethical behavior to business situations.

- a. ACC 1A, Principles of Accounting I: Students will recognize the role and importance of ethics in accounting.

- b. ACC 19, Volunteer Income Tax Assistance Training: Students will demonstrate high ethical and legal standards by recognizing and preventing inaccurate entries of false information gathering when interviewing clients.
- c. ACC 62, Payroll Accounting: Students will Analyze, synthesize, and evaluate payroll principles as defined by Social Security Act and understand laws relating to the payment of wages and salaries.

Item 2. Catalog Description

Includes program requirements, prerequisite skills or enrollment limitations, program learning outcomes, and information relevant to program goal.

This program is intended for individuals to complete the requirements to obtain their CTEC Registered Tax Preparer certification, the skills to complete their QuickBooks Certified User certification, enter the bookkeeping and tax professions, and enable them to perform bookkeeping functions and tax returns for the general public. In addition, hands-on experience in the form of supervised tax preparation through RCC's annual Volunteer Income Tax Assistance (VITA) program provides real-world experience with tax clients.

Item 3. Program Requirements

Includes course requirements and sequencing that reflect program goals. For degrees, the GE pattern and calculations used to reach the degree total must be shown following the program requirements table. Course titles and unit values must be exact.

Required Courses: 15 units

Course	Title	Units	Sequencing
ACC 1A	Principles of Accounting I	3	Semester 1, Fall
ACC 67	U.S. and California Income Tax Preparation	4	Semester 1, Fall
ACC 19	Volunteer Income Tax Preparation	1	Semester 2, Winter
ACC 19L	Volunteer Income Tax Preparation lab	1	Semester 3, Spring
ACC 65	QuickBooks Accounting	3	Semester 3, Spring
ACC 62	Payroll Accounting	3	Semester 3, Spring

Elective Courses: 0 units

Course	Title	Units	Sequencing

Total Program Units: 15 units

Item 4. Master Planning

Must address how the certificate/degree fits in the mission, curriculum, and master planning of the college and higher education in California.

This program is intended for individuals to complete the requirements to obtain their CTEC Registered Tax Preparer certification, QuickBooks Certified User certification, enter the bookkeeping and tax professions, and enable them to perform bookkeeping functions and tax returns for the general public. In addition, hands-on experience in the form of supervised tax preparation through RCC's annual Volunteer Income Tax Assistance (VITA) program provides real-world experience with tax clients.

Item 5. Enrollment and Completer Projections

We expect 10 students to complete this certificate annually, anticipating a 2% growth annually.

Item 6. Place of Program in Curriculum/Similar Programs

Must address how the certificate/degree fits in college's existing inventory.

The program utilizes tax and accounting courses that we currently teach in the Business Administration/Accounting Concentration.

Item 7. Similar Programs at Other Colleges in Service Area

- Chaffey College, Payroll and Income Tax Preparer Certificate of Achievement
- San Bernardino Valley College, Entrepreneurship Tax Certificate of Achievement

Item 8. Transfer Preparation Information (if applicable)

If transfer preparation is a component of the certificate/degree, please provide transfer preparation information.

Program Outline of Record – Credit Degrees and Certificates

Program Outline

Title: Biomedical Electronic Equipment Repair

Program Narrative

Item 1. Program Goals and Objectives

For programs with a vocational TOPs code, must address a valid workforce preparation purpose. For programs with a non-vocational TOPs code, must address a valid workforce preparation, basic skills, civic education, or local purpose. May address transfer preparation if applicable.

Item 2. Catalog Description

Includes program requirements, prerequisite skills or enrollment limitations, program learning outcomes, and information relevant to program goal.

Item 3. Program Requirements

Includes course requirements and sequencing that reflect program goals. For degrees, the GE pattern and calculations used to reach the degree total must be shown following the program requirements table. Course titles and unit values must be exact.

The Biomedical Electronic Equipment Repair program prepares students for entry-level careers in the installation, maintenance, and repair of medical and biomedical electronic equipment used in healthcare settings. The program combines foundational electronics theory with hands-on training in medical instrumentation, emphasizing safety standards, troubleshooting techniques, and compliance with regulatory guidelines such as those set by the FDA and Joint Commission.

Program Requirements:

- Completion of core electronics courses (DC/AC Circuits, Digital Electronics, and Microprocessors)
- Specialized courses in biomedical systems (Medical Instrumentation, Safety & Calibration, and Imaging Systems)
- Hands-on lab experience and an optional industry internship or clinical practicum
- Minimum grade of “C” in all technical courses to progress

Prerequisite Skills or Enrollment Limitations:

- Basic proficiency in mathematics and reading comprehension
- Prior completion of introductory electronics coursework (or instructor approval)
- Physical ability to safely handle tools and sensitive equipment in lab environments
- Enrollment may be limited based on lab space and availability of clinical partners

Student Learning Outcomes: Upon successful completion of the program, students will be able to:

1. Diagnose and repair faults in electronic medical devices using schematics and test equipment.
2. Apply safety and regulatory standards in the servicing of biomedical equipment.
3. Demonstrate proficiency in preventive maintenance and calibration procedures.
4. Communicate effectively with healthcare staff and technical personnel.

5. Maintain accurate service documentation in compliance with industry standards.

Program Goal: To equip students with the technical skills and professional knowledge necessary to become competent biomedical equipment technicians (BMETs), ready to support healthcare technology in hospitals, clinics, and medical equipment manufacturers.

Required Courses: 33____ units

Course	Title	Units	Sequencing
ELE 10	Survey of Electronics	4	Fall 1,
ELE 11 or ELC 11	DC Electronics	4	Spring 1
ELE 13 Or ELC 13	AC Electronics	4	Spring 1
ELE 25	Digital Techniques	4	Spring 1
ELE 23	Electronic Devices and Circuits	4	Summer 1
ELE 30	Introduction to Biomedical equipment	3	Fall 2
ELE 31	Troubleshooting Theory and Methodology	3	Fall 2
ELE 35	Biomedical life Support equipment troubleshooting and Repair	3	Spring 2
ELE 33	Network Troubleshooting and Methodology	2	Spring 2
ELE 34	Capstone project for Biomedical Equipment	2	Spring 2

Total Program Units: 33____ units

Item 4. Master Planning

Must address how the certificate/degree fits in the mission, curriculum, and master planning of the college and higher education in California.

Considering the mission of the college, the Biomedical Electronic Equipment Repair and the Digital Electronic certificate serve the college well by creating more opportunities for student success, such as the “application of emerging technologies” technologies that the community desperately needs so that students can get a head start on their careers. These certificates “provide foundational skills and pathways to technical educational certificates.”

Further, in the years to come, we will develop apprenticeships in the two programs which will meet objective 6.1 “expand access to registered apprenticeships, work experience classes and work-based learning opportunities” and Goal 8 “become the regional college of choice by offering a comprehensive range of programs that prepare students for the future and meet employer workforce needs.”

Item 5. Enrollment and Completer Projections

Projection of number of students to earn certificate/degree annually.

Program Outline of Record – Credit Degrees and Certificates

- **San Diego Miramar College (CA):** Their Biomedical Equipment Technology program sees **30-50 graduates annually**.
- **Community Colleges in Other States:** Programs at **Dallas College (TX)** and **Milwaukee Area Technical College (WI)** report **graduation rates of 25-40 students per year**.

Considering Norco College's existing **electronics and engineering technology programs** and the **demand for skilled BMETs**, we assume:

- **Initial Year Enrollment:** 30-40 students (pilot phase)
- **Growth Over 5 Years:** With awareness, industry partnerships, and strong job demand, enrollment could grow to **60+ students per year**.
- **Certificate Track (1-year program):** 60-70% completion rate
- **Associate Degree Track (2-year program):** 50-60% completion rate

Projected Student Completion Per Year

Year	Certificate Completers	Associate Degree Completers	Total Graduates
Year 1	20-25 students	10-15 students	30-40 students
Year 2	25-30 students	15-20 students	40-50 students
Year 3	30-35 students	20-25 students	50-60 students
Year 4	35-40 students	25-30 students	60-70 students
Year 5	40+ students	30+ students	70+ students

Factors Affecting Enrollment & Completion

Job Market Demand: With a growing need for BMETs, students will be motivated to complete the program for strong career opportunities.

Industry Partnerships: Collaborations with local hospitals and medical companies could boost enrollment through internships and job placement guarantees.

Student Interest & Marketing: Outreach to high school STEM programs and current Norco College students in **electronics, engineering, and health sciences** could increase participation

In the first year, Norco College could expect 30-40 graduates, potentially growing to 70+ students annually within five years. This would significantly impact the **local healthcare technology workforce** and the **college's technical program offerings**.

Item 6. Place of Program in Curriculum/Similar Programs

Must address how the certificate/degree fits in college's existing inventory.

The Biomedical Electronic Equipment repair-focused certificate or degree is a strategic addition to the college's inventory. It enhances program offerings, meets workforce demands,

utilizes current resources, and aligns with institutional goals. By adopting this program, the college will better serve students and the community, ensuring graduates are well-prepared for the evolving Medical landscape.

Item 7. Similar Programs at Other Colleges in Service Area

Justification of need for certificate/degree in the region.

The demand for **biomedical equipment technicians (BMETs)** is rising due to the increased reliance on advanced medical technology. The **U.S. Bureau of Labor Statistics (BLS)** projects a **6% job growth from 2022-2032** for medical equipment repairers, faster than the average for other occupations.

- Hospitals, clinics, and medical device manufacturers need trained professionals to **install, maintain, and repair life-saving equipment**, such as ventilators, MRI machines, and defibrillators.
- **An aging workforce** in the field means new technicians are urgently needed to replace retiring professionals.

Item 8. Transfer Preparation Information (if applicable)

If transfer preparation is a component of the certificate/degree, please provide transfer preparation information.

The courses in this proposal are transferable as listed below.

Program Outline of Record – Associate Degree for Transfer (ADT)

Program Outline

Title: Mathematics 2.0

Originator: Sean Drake

Date 4/10/2025

Department: STEM- Mathematics and Computer Information Systems

College/Learning Pathway/Engagement Center: Moreno Valley - Science, Technology,
Engineering and Math Engagement Center

TOPs Code: 1701.00 Mathematics, General **CIP Code:** 27.0101 Mathematics, General.

College: ☒ Moreno Valley College ☐ Norco College ☐ Riverside City College
(Please note: ADTs are college specific. If multiple colleges wish to adopt this program, a separate proposal and college specific supporting documents are required.)

Type of ADT: ☐ Associate in Arts for Transfer ☐ Associate in Science for Transfer

This is a: ☐ New ADT* ☒ Modification to an existing ADT

***New programs that require new facilities, positions, capital outlays, or have budgetary impacts must also be approved by Academic Senate and Strategic Planning before being submitted. Has this program been appropriately approved?**

☐ Yes, minutes attached ☐ Approval Pending
☒ No Capital or Budgetary Impacts

If this is a modification to an existing ADT, please specify the changes being made:
(Please be specific! Indicate any changes such as title, description, learning outcomes, courses, unit values, etc.)

There is an updated version of the TMC (Transfer Model Curriculum) template available, updating the ADT in Mathematics program to the most current version template.
There are course sequence changes, such as removal of STAT-C10000/H and PSYC/SOC-48, and unit change.

Rationale:
(Please note: This information will be presented to the Board of Trustees.)

There is an updated version of the TMC (Transfer Model Curriculum) template available, updating the ADT in Mathematics program to the most current version template.

Required Documentation:

Please submit this form and the documents outlined below to your college's Instructional Program Support Coordinator (IPSC) and the District Technical Review committee via TechReview@rccd.edu. Please do not submit your proposal until all of the documentation below is complete.

All new and modified ADTs must include the following:

For additional information, please see the Program and Course Approval Handbook (PCH), the RCCD Curriculum Handbook, the Taxonomy of Programs manual, and the TOPs/CIP/SOC crosswalk.
Revised November 2022

Program Outline of Record – Associate Degree for Transfer (ADT)

- ☑ Evidence of district-wide discipline communication
- ☑ Department minutes showing approval
- ☑ Narrative *(See next page)*
- ☑ C-ID or Assist Articulation Information, and the most current TMC Template *(Work with your Articulation Officer to obtain this documentation)*

Program Narrative

Item 1. Program Goals and Objectives

Must address a valid transfer preparation purpose.

The Associate in Science Degree in Mathematics for Transfer is designed to prepare the student for transfer to institutions of higher education and specifically intended to satisfy the lower division requirements for the Baccalaureate Degree in Mathematics at a California State University (but does not guarantee acceptance to a particular campus or major). It will also provide the student with a sufficient academic basis from which to pursue a career in mathematics, statistics, actuarial sciences, and education.

Program Learning Outcomes

Upon successful completion of this program, students should be able to:

1. Reason mathematically both abstractly and computationally.
2. Create and analyze mathematical models.

Item 2. Catalog Description

Includes program requirements, prerequisite skills or enrollment limitations, program learning outcomes, and information relevant to program goal. The language list below is required at the end of the catalog description. Please replace the highlighted text with the language appropriate for this specific ADT. Course titles and unit values must be exact.

The Associate in Science Degree in Mathematics for Transfer is designed to prepare the student for transfer to institutions of higher education and specifically intended to satisfy the lower division requirements for the Baccalaureate Degree in Mathematics at a California State University (but does not guarantee acceptance to a particular campus or major). Rationale:

(Please note: This information will be presented to the Board of Trustees.)

SACA certifications are industry-driven, developed for industry by industry. They are developed through a rigorous process that begins with the creation of truly international skill standards, endorsed by leading experts in Industry 4.0 technologies throughout the world. Certification examinations are created based on these standards, pilot tested, and statistically analyzed to ensure quality. Each certification includes a proctored hands-on evaluation and an online test to ensure that candidates for certification can "do" as well as "know." SACA uses an annual review process for all certifications to ensure that standards and examinations remain current and relevant in the fast-changing world of Industry 4.0.

Experts from well-known industry leaders, such as Rockwell Automation, FANUC, Ashley Furniture, Kohler, Foxconn, Boeing, and Hershey, were instrumental in making sure SACA's Industry 4.0 certifications reflect the competencies that industry needs. A list of companies that SACA and Amatrol

worked with to develop the certification is included on this website: <https://www.saca.org/about-us-smart-automation-certification-alliance/acknowledgments/>

SACA sits at the forefront of the effort to certify students and workers who demonstrate the required knowledge and hands-on smart automation skills employers so desperately need. SACA's certifications were developed in conjunction with industry partners who could speak from experience about their needs when it comes to workers able to work alongside a variety of advanced automation technologies.

SACA offers a wide variety of certifications in popular industrial skill areas, including certifications at the Associate, Specialist, and Professional level. For those wishing to focus on building a strong foundation of skills employers need, SACA also offers many micro-credentials that allow students and workers to add certifications as they master new areas.

For workers, SACA certifications can help market their smart automation skills to potential employers. For those employers, SACA certifications represent confirmation that a worker has the skills to hit the ground running in the workplace. To learn more about Industry 4.0 certifications and how SACA can help both future workers and industrial employers begin the task of bridging the Industry 4.0 skills gap, contact SACA for more information.

Required Documentation

Please submit this form and the documents outlined below to your college's Instructional Program Support Coordinator (IPSC) and the District Technical Review committee via TechReview@rccd.edu. Please do not submit your proposal until all of the documentation below is complete.

All Degrees and Certificates

- ☒ Evidence of district-wide discipline communication
- ☒ Department minutes showing approval
- ☐ Narrative (*see following page*)
- ☐ Transfer preparation documentation (*only if applicable*)

Degrees and Certificates of 8 Units or More with Vocational TOPs Codes

In addition to the above, all degrees and certificates of 8 units or more with a vocational TOPs code must include the following to be submitted to the State Chancellor's Office for approval.*

- ☒ Labor Market Information and Analysis (*Required for new programs and modifications.*)
- ☒ Advisory Committee Recommendation (*Required for new programs and may be required for modifications. Check with the curriculum coordinator at your college to determine if a new recommendation is necessary.*)
- ☐ Regional Consortium Recommendation (*Required for new programs only.*)

**Certificates between 8 and less than 16 units can be approved locally or can be submitted to the State Chancellor's Office for approval. Certificates of less than 8 units can only be approved locally. However, locally approved certificates will not appear on student transcripts.*

Program Narrative

Item 1. Program Goals and Objectives

For programs with a vocational TOPs code, must address a valid workforce preparation purpose. For programs with a non-vocational TOPs code, must address a valid workforce preparation, basic skills, civic education, or local purpose. May address transfer preparation if applicable.

Item 2. Catalog Description

Includes program requirements, prerequisite skills or enrollment limitations, program learning outcomes, and information relevant to program goal.

Upon successful completion of this program, students should be able to:

- **Demonstrate knowledge of control systems used in industry and manufacturing environments.**
- **Apply problem-solving and analytical thinking in the maintenance, testing, troubleshooting, and repair of industrial mechanical/electrical equipment, industrial controls systems and robotics.**
- **Describe basic electrical circuits and PLC/VFD control theory.**
- **Apply technical math skills to solve problems involving electrical loads/wire sizing, gear ratios.**

Item 3. Program Requirements

Includes course requirements and sequencing that reflect program goals. For degrees, the GE pattern and calculations used to reach the degree total must be shown following the program requirements table. Course titles and unit values must be exact.

Required Courses: 31 units

Course	Title	Units	Sequencing
MAN 10	Manufacturing Basic Operations	4	Fall 1
MAN/ELE 64	Programmable Logic Controllers	3	Winter 1
ELE/ELC 77	Electrical Theory for Electricians	3	Spring 1
ELE/MAN 73	Electric motors and transformers	4	Spring 1
MAN 27	Variable Frequency Drive Systems	2	Summer 1
MAN 28	Motor Control Troubleshooting 1	3	Fall 2
ELE/ELC/MAN 74	Industrial Wiring and Controls	4	Fall 2
ELE/ELC 75	Solid State Devices and Lighting Controls	3	Fall 1
MAN 15	Industry 4.0 Total Productive Maintenance	2	Winter 2
MAN 33	Programmable Controller Troubleshooting 1	4	Spring 2

--	--	--	--

Total Program Units: 32_ units

Item 4. Master Planning

Must address how the certificate/degree fits in the mission, curriculum, and master planning of the college and higher education in California.

Considering the mission of the college the robotics program and the controls certificate serves the college well by creating more opportunities for student success such as “application of emerging technologies” technologies that the community desperately needs so that students can get a head start on their careers. These certificates “provide foundational skills and pathways to technical educational certificates.”

Further, in the years to come, we will develop apprenticeships in the two programs which will meet objective 6.1 “expand access to registered apprenticeships, work experience classes and work-based learning opportunities” and Goal 8 “become the regional college of choice by offering a comprehensive range of programs that prepare students for the future and meet employer workforce needs.”

Item 5. Enrollment and Completer Projections

Projection of number of students to earn certificate/degree annually.

We have LMI data for two different programs including: “Industrial Maintenance and Automation” and “Industrial Automation Technology”. This data is the most recent on the COE website (2-26-2025) Norco College is one of three colleges that teaches automation. According to the COE (Center of Excellence for Labor Market Research document from February 2023 Norco College had nine graduates in 0956.00 Manufacturing and Industrial Technology, Industrial Automation/Supply Chain Automation. With this proposal we hope to increase these numbers. Further, this program is highly recommended within the LMI data document. Industrial Maintenance and Automation annual job openings is 434 which represents an increase of 13%. It should also be noted from the graphics below that there is a great demand for control systems technicians in our area.

During the 2017-20 we had 24 students receive awards for manufacturing and industrial technology programs related to robotics and control systems in the Inland Empire/Desert region. By creating this certificate we are hoping to increase the number of students in the industrial automation program.

Exhibit 1. Five-year projections for the industrial maintenance and automation occupational group, Inland Empire/Desert Region, 2022-2027

Industrial Maintenance and Automation Occupational Group	2022 Jobs	2027 Jobs	5-Yr Job Change	5-Yr % Job Growth	Annual Openings (New + Replacement Jobs)	% of workers age 55+
Industrial Machinery Mechanics	3,429	3,862	433	13%	403	32%
Industrial Engineering Technologists and Technicians	155	181	26	17%	22	30%
Electro-Mechanical and Mechatronics Technologists and Technicians	70	77	7	10%	9	36%
Total	3,654	4,120	466	13%	434	32%

Summary of Findings & Recommendation

The knowledge, skills, and abilities trained by three industrial maintenance and automation-related community college programs leads to three middle-skill occupations. These three occupations are projected to have 434 annual job openings, increasing employment by 13% over the next five years. The median hourly earnings for these occupations are between \$29.05 and \$29.86, above the regional living wage standard of \$21.82 per hour.

Four regional community colleges offer three TOP program codes related to industrial maintenance and automation program training: electro-mechanical technology (0935.00), industrial systems technology and maintenance (0945.00), and manufacturing and industrial technology (0956.00). Over the last three academic years (2019-2022), these programs issued an annual average of 34 awards: 11 associate degrees and 23 certificates of achievement. Other regional postsecondary education institutions have not issued any known awards in related programs over the previous three academic years.

The Centers of Excellence recommends expanding industrial maintenance and automation programs to meet the regional demand for more workers in this field. Colleges considering this program should partner with relevant employers and confirm their demand for workers and the skills students need to secure work and self-sustainable earnings in this field shortly after exiting the program.

Item 6. Place of Program in Curriculum/Similar Programs

Must address how the certificate/degree fits in college's existing inventory.

The Industrial Automation program should be shown in the Manufacturing, Electronics and Electrician programs.

Many of the courses that are in this program are also in the Supply Chain Automation, Digital Electronics, and the Electrician programs. We will also be creating a new robotics program that will have some of the courses that are in the Industrial Automation program.

Item 7. Similar Programs at Other Colleges in Service Area

*For additional information, please see the Program and Course Approval Handbook (PCAH), the RCCD Curriculum Handbook, the Taxonomy of Programs manual, and the TOPs/CIP/SOC crosswalk.
Revised November 2022*

Justification of need for certificate/degree in the region.

Justification of need for certificate/degree in the region.

Exhibits 11 – 13 display student completions for electro-mechanical technology (TOP 0935.00), industrial systems technology and maintenance (0945.00), and manufacturing and industrial technology (0956.00) programs related to industrial maintenance and automation programs over the last three academic years, 2019-2022. Over the last three academic years, these programs issued an annual average of 34 awards; 11 awards were associate degrees, and 23 were certificates of achievement. Program completion and student outcome methodologies can be found in the appendix.

Item 8. Transfer Preparation Information (if applicable)

If transfer preparation is a component of the certificate/degree, please provide transfer preparation information.

None, this certificate does not transfer to any other colleges/universities currently.
