**Adjournment:**

## **Proposal for temporary/annual exceptions to regular Curricunet originator roles:**

### **Current Origination permissions rules:**

- Full-time faculty hired into a discipline have origination rights to that discipline.
- If there are no full-time faculty in a discipline, faculty with the secondary FSA may originate in that discipline.
- Originators can add co-contributors at their discretion.

### **Exceptions that require various consultations or approvals:**

- Disciplines in which the full-time faculty hired in the discipline want to give origination permissions to faculty not hired in that discipline have two avenues:
  - o For work on a specific proposal(s), the full-time hired-in-the-discipline originator can grant full access to the secondary FSA holder by adding that person as a co-contributor. If there are any difficulties with this, the Tech Review Chair or District Curriculum Analyst can help set up.
  - o For the faculty member with the secondary FSA to be given blanket origination permissions outside their hire discipline(s), the full-time **district or college (?)** faculty hired in the discipline should vote to approve that origination permission and provide that to Tech Review for implementation. This would need to be renewed annually.

**H** **COMM 85B**     **Communication Studies Clinic II**    

Rationale: COMM-85B - Communication Studies Clinic II, has not been taught since Spring 2020. The department discussed if this course would be taught in the near future, and decided against it given less than ideal enrollment. Further, our students are served by ILA 800. As a department, we voted to delete this course. This is a riv only course.

**H** **CUL 842**     **International Cuisine**    

Rationale: This course is no longer being offered.

**H** **EDU 200**     **Education Work Experience**    

Rationale: This class is no longer offered, instead will be cross- disciplined with EAR 200

**H** **ESL 810**     **IT Workplace Language Support**    

Rationale: These courses were developed prior to the pandemic when language learners were struggling to access technology. ESL 810 and ESL 811 were originally developed prior to the COVID-19 pandemic to serve beginning-level ESL students who lacked basic computer skills. The primary objectives of these courses were to introduce fundamental digital literacy concepts and essential computer-related vocabulary (e.g., “keyboard,” “Tab,” “indent”) within the context of early language acquisition and to help ESL students explore computer related CTE fields. In the post-pandemic academic environment, incoming ESL students—regardless of English proficiency level—demonstrate a markedly higher degree of digital literacy. The widespread adoption of remote learning during the pandemic significantly accelerated students’ familiarity with computers and related technologies. Consequently, the original intent of these courses no longer aligns with the current skill levels and educational needs of the ESL student population. Given this shift, ESL 810 and ESL 811 are no longer pedagogically necessary, and their continued offering does not reflect the present realities of the student body. For these reasons, it is recommended that both courses, and the corresponding noncredit certificate be formally discontinued.

**H** NVN 52 **Introductory Concepts of Vocational Nursing - Nursing Fundamentals**

Rationale: Needed to redistribute hours and units in order to conform to the District's summer session calendar and change in regulatory allowable hours. The Spring courses were too many units and students needed to have override clearance each year. In addition, in preparing for the BVNPT 4-year continued approval self-study, it was determined that there was duplication of course content and content needed to be better distributed across the program curriculum. Took the VN program from 6 required courses in the program to 4 required courses. The VN curriculum was changed and re-numbered.

<b>H</b>	<b>ENGL 16</b> Rationale: While Norco had hoped to offer ENGL-16 as a collaboration between ENGL and ESL, the college has never actually offered the course. <b>H</b>	<b>GEG 30D</b> Rationale: GEG-30D is the 4th course in a series of repeatable, similar courses, all titled "Field Studies in Geography". <b>H</b>	<b>POLS 3</b> Rationale: MVC has made efforts to maintain degree pathways per regulations of the California Community College Chancellor's Office, and will implement a sunseting policy for courses that have not been offered for the prior three academic years. These courses have not been offered in that time, or if attempted to be offered by discipline faculty they were cancelled for low enrollment. Following discussion with the discipline faculty and the MVC Honors Program, based on enrollment needs and degree pathways, the discipline faculty have elected not to offer POLS-2H or POLS-4H to focus on POLS-C1000H Honors American Politics which does meet enrollment numbers and is transferable to many programs. These courses will still be offered at other Colleges in the District, and the college will teach non-Honors sections of POLS-2 & POLS-4 on a regular basis which does fulfill the ADT Political Science and other degree program pathways.			<input checked="" type="checkbox"/>

<b>H</b>	<b>PSYC 42</b> Rationale: This course is intended to serve as an additional elective course for psychology students. Roles that psychologists play in the field and how the law influences psychology will be examined. The course will highlight how psychological science (e.g., theory, methods, results, and practice) can inform the legal system. There is California precedent for including Forensic and Legal Psychology as a lower-division, community college level class. ### **Bachelor of Science**

**H** **PSF**      [Emergency Management](#)

Rationale: The Riverside Community College District and Moreno Valley College are recognized throughout the region as leaders in public safety education and in addition to Administration of Justice, Fire Technology, Emergency Medical Services, and Crime Analysis, MVC's School of Public Safety currently offers associate's degrees in Emergency Management and Homeland Security. However, despite the fact over 80% of California public agencies that employ Emergency Managers require a bachelor's degree for entry level positions, there are no public institutions in California offering a Bachelor's degree in Emergency Management. The lack of a baccalaureate program limits the ability of both new and experienced professionals to gain the necessary academic credentials to advance in their careers and serve their communities effectively. Additionally, AB-89, passed by the legislature in 2021, will require California Peace Officers to hold a bachelor's degree. As demonstrated by the attached Labor Market Analysis from the Inland Empire/Desert Center of Excellence for Labor Market Research, there is a demonstrated need both regionally and statewide for Emergency Management professionals, and this degree will fill that need, leading to high paying jobs.

Holding for courses. The catalog description states "interdisciplinary" but this is a PSF degree.

Rationale: The Global Studies Certificate of Achievement is a high-impact, equity-minded initiative that leverages existing general education offerings to provide students with a coherent, transcript-noted credential in global learning. It supports transfer, enhances career readiness, demonstrates students' acquisition of skills such as cross-cultural communication and adaptability, and aligns with RCCD's mission to serve the educational and workforce needs of its diverse student population while preparing graduates to navigate and contribute to an interconnected world. By rewarding students with a certificate to recognize their interest and success in internationalized courses, the program expands equitable access to global education to all students in the district. Finally, the certificate distinguishes RCCD as a leader in internationalizing the curriculum.

It supports transfer, enhances career readiness, demonstrates students' acquisition of skills such as cross-cultural communication and adaptability, and aligns with RCCD's mission to serve the educational and workforce needs of its diverse student population while preparing graduates to navigate and contribute to an interconnected world. By rewarding students with a certificate to recognize their interest and success in internationalized courses, the program expands equitable access to global education to all students in the district. Finally, the certificate distinguishes RCCD as a leader in internationalizing the curriculum.

### Certificate

**H** **HMS** **Behavioral Therapist**

Rationale: The reason for requested program modification is to align with CAADE accreditation requirements.

Is the word "Therapist" appropriate in this title? You get a certificate in a field.

**NNA** **Acute Care Nursing Assistant**

Rationale: Update course hours/units for new SAAM regulation. NNA-86 remains at 2 units, but the lecture and lab hours had to be adjusted. This certificate is being revised as NNA-80 has gone from 5 to 5.5 units as a result of SAAM.

**NNA** **Home Health Aide**

Rationale: Update course hours/units for new SAAM regulation. NNA-81 increased from 1 unit to 1.5 units (20 lecture hours, 21 lab hours). This certificate is also being revised as NNA-80 has gone from 5 to 5.5 units because of SAAM.

**NNA** **Nursing Assistant**

Rationale: Update course hours/units for new SAAM regulation. Course units have been adjusted from 5 units (60 hours lecture, 100 hours lab) to 5.5 units (60 hours lecture, 117 hours lab). According to CDPH, students must have a minimum of 100 hours direct patient care and thus approved this change. This will still ensure compliance with Title IV Department of Education 34 CFR 668.14(b)(26)(ii).

**H** **BUS** **Business Administration: Accounting Concentration**    States ACC-19/19L should be added, but they are not in the program.

Rationale: This program modification accomplishes attaching all accounting courses to the Business Administration: Accounting Concentration – Associate of Science Degree and Certificate of Achievement. Course Deletion: The material in the course that we are deleting, ACC 61 – Cost Accounting is already covered by one of the required courses for this program, Principles of Accounting II (ACC 1B). Course Additions: ACC 55 is a course attached to our Small Business Accounting certificate (CE859) and Small Business Payroll Accounting certificate (CE860). This course should also be an elective in the Accounting Concentration program. ACC 19, ACC 19L, ACC 40, and ACC 68 are all recently developed and approved courses that need to be attached to the Accounting Concentration degree and certificate. ACC 67 was adopted into RCC inventory and needs to be associated with the Accounting Concentration degree and certificate.

**H** **BUS** **Business Administration: Marketing Concentration**    Minutes appear to be missing.

Rationale: Change of name of MKT 25 from current name “Marketing for Professionals” to new name “Marketing for Workplace Success”.

**HCA** **Anesthesia Technology**

Rationale: This is modification to an existing certificate/degree as the units needed to be increased to be in compliance with the new SAAM. HCA-5 and HCA-6 are increasing from 4.5 units to 5 units (256 hours to 270 hours). Regulation for AT programs requires a minimum of 500 clinical hours in the program and, therefore, the only solution was to increase the hours of the course.

**H** **PHO** **Entrepreneurial Photography**    Hold for minutes.

Rationale: This is an update to an existing Entrepreneurial Photography Certificate and degree (AS1037/AS1037B/AS1037C/CE1037) that adds the new class PHO-68 Self-Promotion for Photographers and updates the name of PHO 18 to Photoshop, Lightroom, and Editing for Photographers.

**H** **PHO** **Photography**    Hold for minutes.

Rationale: The Photography department is adding 8 new classes and creating two new certificates. One of the new classes is being added the Photography Certificate/Associates to strengthen the education that students will receive.

**THE** **Acting**

Rationale: Changing from a Certificate program to an AA in Acting.

**THE** **Musical Theatre**

Rationale: Program is being updated to remove course that are no longer in the inventory. Adding an additional music course option. Adding a degree counterpart.

**WEL** **Welding Technology**
