AREND FLICK’S
SABBATICAL LEAVE REQUEST
FOR 2007-2008
RIVERSIDE COMMUNITY COLLEGE DISTRICT
SABBATICAL LEAVE REQUEST FORM

FACULTY MEMBER____ Arend Flick________________________________________

DEPARTMENT _____ Communications/Norco _________________________________

DATES AND DURATION OF SABBATICAL LEAVE REQUESTED:
(Review Article XIII, Section M of the Agreement between the Riverside Community College District and the Riverside Community College Chapter CTA/NEA for details.)

__X__ FULL YEAR’S LEAVE FOR __2007-08________________________________ (70% REGULAR SABBATICAL LEAVE)

__ FULL YEAR’S LEAVE FOR ___________________________________________ (100% SPECIAL SABBATICAL LEAVE)

__ SEMESTER LEAVE FOR _____________________________________________ (100% SEMESTER SABBATICAL LEAVE)

__RETURN TO INDUSTRY LEAVE FOR ____________________________________

ABSTRACT OF PURPOSE OF SABBATICAL LEAVE:

My primary purpose is to conduct a thorough investigation into general education assessment practices in higher education today, with particular emphasis on the use of electronic portfolios (e-portfolios) as a method of documenting and improving student learning. E-portfolios are beginning to be used at other colleges and universities throughout the country for outcomes assessment purposes, though not yet (as far as I know) successfully in California. (Palomar College attempted to develop what it called a virtual portfolio system ten years ago, but it seems not to have been fully implemented.) Through my work in outcomes assessment over the last seven years (I am district assessment coordinator and faculty co-chair of the district assessment committee), I am convinced that RCCD needs to develop degree- and program-level assessment methodologies that are more effective than reliance on standardized tests or common institutional data. I have some secondary purposes for this sabbatical that I sketch below, but my primary purpose is to produce a comprehensive report on how the District can implement a successful e-portfolio assessment system for assessment and improvement purposes—and then to help lead that implementation.

Complete this form and the top section of the Sabbatical Leave Request form along with your draft per the Sabbatical Leave Proposal Guidelines. (See attached page).

Submit to the Office of Institutional Effectiveness by February 15 for the following academic year and by May 15 for the following spring semester only. A “Certificate of Health” signed by physician must accompany this application (Article XIII, M,3,d). Please be aware that a Sabbatical Leave Bond will be required following Board approval.
I. OVERVIEW OF PURPOSE & CONTENT

This is my sixteenth year as a full-time English instructor at RCCD. I have never before requested a sabbatical leave, but I ask for one now, for academic year 2007-8 at 70% release time. To provide an overview of my rationale for this request will take several paragraphs.

I have been actively involved in RCCD’s learning outcomes assessment efforts since the District Assessment Committee (DAC) was formed in fall, 2000. Since fall, 2004, I have been faculty co-chair of the committee and district assessment coordinator. In compliance with the ACCJC accreditation standards, DAC has developed guidelines that require disciplines undergoing program review to develop and implement course-based (and/or program-based) assessment plans. Also in accordance with the standards, we have begun to define and assess institution-wide outcomes, specifically those pertaining to general education.

It’s no exaggeration to say that the accreditation standards particularly emphasize the critical role of general education in defining a college’s identity. It’s also no exaggeration to say that nearly all colleges and universities in the U.S. today are struggling with developing procedures to measure GE outcomes effectively. Ralph A. Woolf, executive director of WASC, said recently that “In the last 10 or 20 years, all of us have put more significance in assessing learning outcomes. The area that is most challenging is general-education outcomes.” Many institutions employ standardized tests to assess institutional competencies like critical thinking, writing, and even global awareness. But considerable problems arise from the use of nationally normed exams to assess core institutional competencies. They are expensive. Students often don’t take them seriously. These exams don’t necessarily measure the particular competencies taught at a particular college. And perhaps most importantly, faculty are often not inclined to use the results of external tests to improve teaching and learning.

I believe that a better way to assess institution-wide learning is likely to be through the use of portfolios, specifically electronic portfolios (e-portfolios). Perhaps as a condition of graduation, students would be expected to develop and maintain an e-portfolio, containing digitalized samples of their best class work—work that would also map to each of the RCCD core competency areas. Besides being of great benefit to students themselves (they could provide these portfolios as evidence of their achievement to prospective employers, universities, etc.), RCCD could routinely sample student artifacts from these portfolios and assess them against rubrics. That would enable us to demonstrate more tangibly than grades or test scores can ever do that significant forms of learning are taking place at the college. It would also let us identify areas where our students are not achieving the level of competency we want them to, thereby allowing us to improve our pedagogies, our curricula, and/or our support areas.

I have several ancillary goals for this sabbatical, though each follows from my main one. I also want to improve my understanding of institutional research practices and active learning strategies (especially problem-based learning), both of
which should contribute to my skill as a teacher/assessment specialist. But my chief object is to research thoroughly the state of general education assessment in the U.S. today and to investigate more particularly the use of e-portfolios as a likely best practice in conducting that assessment. I have cared passionately about general education since my own undergraduate years, and in many ways this is a natural culmination of nearly a life’s work.

Over the past few years, I have developed a small but growing reputation for my work in and knowledge of assessment theory and practice. I have written several pieces for the RP Group listserv on outcomes assessment. I have presented at a number of assessment conferences, and I coordinate the English strand of the annual California community college assessment conference, *Strengthening Student Success*. I have also consulted with and done workshops at other colleges and universities on how to develop a systematic institutional assessment plan. Besides augmenting my skills as an assessment specialist, a sabbatical would free me to work more intensively than I am able to do now on the assessment issues that most directly affect, and would most directly benefit, RCCD.

A. GOALS OF SABBATICAL LEAVE

My goals for the leave are as follows:

- To conduct sustained research in general education assessment and in the use of electronic portfolios as a way of assessing institutional core competencies.
- To write a comprehensive report to the district, and specifically to DAC, on how to implement successfully a district-wide e-portfolio system.
- To write and publish several articles on outcomes assessment theory and methodology arising from this research.
- To become more knowledgeable about the practices of institutional research, including the use of SPSS software, IPEDS data, and the like.
- To learn more about problem-based learning, and specifically the way this kind of active learning can be successfully adapted to the English classroom.

B. ACTIVITIES TO MEET THE GOALS

My activities would include, but not be limited to:

- Attending a number of national assessment conferences, including the Association of Institutional Research forum in Kansas City (June, 2007), the Indiana University-Purdue University conference in Indianapolis (October, 2007), and others.
- Researching general education assessment strategies, particularly the use of e-portfolios, partly through a program of reading and partly by visiting
a number of colleges and universities that have successfully implemented these strategies. I would also research some of the corporate vendors who have developed e-portfolio software. I would plan, finally, to network with my counterparts at other California community colleges to explore the feasibility of forming a consortium of e-portfolio users, thereby driving down costs.

- Writing a comprehensive report on my findings and recommendations to RCCD, specifically to DAC.
- Working with the RCCD Grants & Contracts Office to see if we can secure external funding to support the implementation of an e-portfolio system.
- Writing and publishing at least two pieces on assessment theory and practice arising from my research.
- Becoming clearer about the work of institutional research, with help from RCCD institutional researchers who have agreed to provide me with training and by taking several online courses toward a certificate in institutional research from Penn State University.
- Learning more about problem-based learning—a pedagogy whose value is suggested by the assessment data already in existence.

II. OUTCOMES OF THE SABBATICAL LEAVE

By summer, 2008, I will have researched the theory, methodology, and logistics of e-portfolios thoroughly, and this will have resulted in both published papers and in a report to the District, with specific suggestions for how to implement an e-portfolio system. I expect to be active in bringing about the implementation of this system (or one comparable to it) in 2008 – 10. Once this system is in operation, it will be of significant benefit to the District and to its students. For the District, it will provide an opportunity to sustain and even increase its reputation as a leader among California community colleges in outcomes assessment. My most audacious hope is that my work will help RCCD become a model for how to “do” assessment that other colleges will choose to emulate. But the chief value of this sabbatical will be to RCCD students, who will be able to provide tangible and credible evidence of their own learning through the portfolios they maintain. Students will also benefit because our assessment of general education will result in improvements in teaching and learning that target especially problematic areas in our achievement of outcomes.

The institutionalizing of e-portfolios will also have a trickle-down effect, I believe, on assessment at the program and course level, since this form of embedded assessment will permit us to do more localized assessment cycles with relative ease. As a teacher, I also expect to benefit personally from the renewed energy that comes from change; my specific work on assessment and on problem-based learning should make me a better teacher and thus my students better learners. As for my colleagues, I will do as many workshops on these methodologies as discipline facilitators and professional development coordinators at RCCD are willing to schedule.

ABSTRACT OF PURPOSE OF SABBATICAL LEAVE:

I propose to develop a handbook for actors regarding how to perform elevated verse in acting texts. Metered verse, such as in Shakespeare, requires specialized skills in text analysis, scansion, meter, rhythm, antithesis, imaging, stressing, inflections, word meanings and structure. In teaching acting for elevated text, most students struggle when trying to apply the techniques of realistic acting to elevated verse. The text is dense, archaic, layered with multiple images. My handbook would lay out a systematic plan to develop the necessary skills through the use of work pages, exercises, reading and practical application. (See Attached Proposal)

Complete this form and the top section of the Sabbatical Leave Request form along with your draft per the Sabbatical Leave Proposal Guidelines. (See attached page).

Submit to the Office of Institutional Effectiveness by February 15 for the following academic year and by May 15 for the following spring semester only.

A “Certificate of Health” signed by physician must accompany this application (Article XIII, M,3,d). Please be aware that a Sabbatical Leave Bond will be required following Board approval.
I. OVERVIEW OF PURPOSE AND CONTENT

I propose to develop a workbook for student actors on how to perform elevated verse in acting classes. Elevated verse, such as in Shakespeare, requires specialized skills in text analysis, scansion, meter, rhythm, antithesis, imaging, stressing, inflections, word meanings and structure. Elevated verse or heightened text is poetic in nature and is built on rhythmic structure with a compression of imagery, as opposed to prose, where the structure is built on a logical progression of ideas and where the dialogue is rooted in everyday speech patterns. In teaching acting for elevated verse, students struggle when trying to apply the techniques of realistic acting to elevated verse. The text is dense, archaic, layered with multiple images. Their training in realistic acting and modern text, which is prose based, does not prepare them for the demands of acting in elevated verse. My proposed workbook would provide a systematic plan to develop the necessary skills through the use of work pages, acting exercises, reading and practical application to understand and perform elevated verse.

There are excellent textbooks on elevated verse, such as Cicely Berry’s “The Actor and the Text” or John Barton’s “Playing Shakespeare”. However, these textbooks approach the subject from a literary viewpoint, discussing and detailing elevated verse, but give few practical exercises in how to perform elevated verse. My students who are required to perform elevated verse for Theatre 34, Theatre 35, Theatre 38, and in some cases, Theatre 5 and 6, have difficulty bridging the gap from reading the textbook and implementing that material when acting in monologues, scenes and productions of elevated verse. I am unaware of any acting text or workbook that teaches students how to perform elevated verse in a realistic manner through practical acting exercises.

A. GOALS OF THE SABBATICAL LEAVE

1. Develop acting exercises in the following areas:
   a. Text analysis
   b. Scansion
   c. Meter/Rhythm
   d. Imaging
   e. Stressing
   f. Inflections
   g. Word and line meanings
   h. Personalization of text
   i. Antithesis
   j. Historical Background
   k. Addition topics as needed
After doing the necessary research on the above topics, I would then develop new acting exercises and/or worksheets to help students implement those concepts through a practical approach in the acting environment.

Example: When performing elevated verse students must be aware of the scansion (rhythm) of the verse. Most elevated verse is written in Iambic Pentameter. An iambic foot is two beats, the first unstressed (^) and the second stressed (-). Pentameter is five sets of these iambs, such as:

```
^   -     ^    -     ^   -      ^    -     ^     -       ^
```

Two house/holds, both/ a like/in dig/i ty,

My workbook would take this information and develop acting exercises to help students feel the rhythm of the verse and how it effects the acting of the material. Where does the rhythm naturally break or change and what clue does this give to the actor regarding how they should perform the verse, as in this line from Hamlet:

```
^ _ ^ _ ^ _ ^ _ ^
To be/ or not/ to be/, that is/ the ques/tion.
```

The line has an extra beat at the end, which breaks the natural rhythm of the Pentameter. I could explore the use of various rhythms in music to develop an acting exercise to help students find the natural rhythm of this speech from Hamlet, regular and irregular rhythms. This goes beyond the academic discussions of known textbooks and implements the learned material in acting exercises that help the student perform the verse. When completed, this workbook would enable any acting student to understand the requirements of elevated verse and how to perform that verse in a realistic way.

2. Development of the workbook in the sequence that will build the essential skills necessary to handle elevated text.

B. ACTIVITIES TO MEET THE GOALS OF THE SABBATICAL

1. Research:
   Although I have a strong background in acting and the study of elevated verse, I will need more extensive training in these areas in order to formulate the workbook. The first semester of the sabbatical leave will cover research in the following areas:
   a. Analyze acting texts to gain information in developing acting exercises specifically for elevated verse.
   b. Analyze texts and documents for historical data on the time period. This will provide information to develop exercises/material on how society/history etc., influenced the elevated verse.
c. Analyze texts and documents regarding the structure of poetry and elevated verse for the information necessary to formulate acting exercises in these areas.

With the outstanding theatre collections at UCSD, USD and CSUF, I should have the necessary resources for my research.

2. Attend classical acting classes with master teachers to gain information for formulating acting exercises specifically in elevated verse. Attendance of classes in Shakespearean acting and text analysis at either Ashland Shakespeare Festival in Ashland, Oregon, or Utah Shakespeare Festival in Cedar City, Utah. Both festivals are nationally renowned and offer classes and college credit for educators.

Second semester of the sabbatical leave will cover:

a. Development of acting exercises in the following areas:
   - Text analysis
   - Scansion
   - Meter/rhythm
   - Imaging
   - Stressing
   - Inflections
   - Imaging
   - Word and line meanings
   - Personalization of text
   - Antithesis
   - Vocal requirements of verse
   - Historical background and its influence on verse
   - Other exercises as needed

b. Formulation of the workbook in the sequence that will build the essential skills necessary to handle elevated text.

Proposed Chapters:

- Heighten verse verses naturalistic text (10 pages approx.)
- Meter/Rhythm (20 pages approx.)
- Scansion (20 pages approx.)
- Text Analysis (20 pages approx.)
- Word/line meanings (20 pages approx.)
- Historical background (15 pages approx.)
- Imaging (15 pages approx.)
- Stressing (10 pages approx.)
- Inflections (5 pages approx.)
- Personalization of text (20 pages approx.)
- Vocal requirements of verse (15 pages approx.)
Antithesis (5 pages approx.)

Workbook (approx. 175 pages)

3. Other Pertinent Activities:
   a. Plan to attend workshops at American College Theatre Festival in elevated text and acting workshops.
   b. Contact outside faculty and experts on Shakespearean verse. The Old Globe in San Diego has several experts in Shakespearean acting.

II. OUTCOMES OF THE SABBATICAL LEAVE

1. This handbook would provide the beginning actor with the skills necessary to analyze and understand elevated verse.
2. This handbook would provide students with practical exercises to develop acting techniques in elevate verse. Currently there is no such workbook for use in the classroom.
3. This handbook would provide students with an understanding of the historical background, and societal influences that helped shape elevated verse. Students would understand the outlook of the time-period, status of the characters, etc.
4. Faculty member would gain a stronger understanding and knowledge of the area of study, which in turn would benefit students.
5. Students would have a printed handbook to keep and use for future reference.

Benefits to the District:

1. Faculty member could present FLEX workshops in elevated verse for members of the discipline and others in the district.
2. Workbook could be published and used throughout the district for students enrolled in classes involving elevated verse. In addition, instructors in related disciplines could use the workbook as added resource material.
3. The District could offer specialty workshops to members of the community interested in elevated verse.
4. Workbook could be presented at regional conferences, such as the American College Theatre Festival.

SABBATICAL LEAVE PROPOSAL
for
2007-08

Ingrid P. Wicken
Associate Professor, Physical Education

I. INTRODUCTION

I have been involved in the sport of skiing, both recreationally and professionally, for more than 30 years. I began skiing in the winter of 1974 and became proficient enough to begin teaching others in 1984. I served as the head ski school Instructor at Green Valley Lake Cross Country Ski Center from 1984 through the 1990s. In the winter of 1989 I earned an associate certification for Nordic ski instruction through the Professional Ski Instructors of America. Since becoming employed at Riverside Community College, I created two ski related courses: cross-country skiing and ski conditioning.

In the late 1970s, I began collecting books on skiing. This collection has grown to more than 2,200 titles, plus thousands of periodicals and photographs.

In 1994 I realized that no one had ever documented the history of skiing in Southern California. During my 1999-2000 sabbatical, I wrote Pray for Snow: The History of Skiing in Southern California and self-published it in 2002. That same year, I was awarded the Western Ski Heritage Award by the Far West Ski Association for my book, and in 2003, Pray for Snow garnered the Skade Award from the International Skiing History Association. I was again awarded the Western Ski Heritage Award in 2005 for founding the California Ski Library (www.skilib.com).

Through my continued ski history studies, I have again discovered an area of the sport that has received sparse historical attention in the United States, ski jumping. Ski jumping was one of the earliest forms of skiing in the U.S. and in the 1930s commanded the interest and recognition that brought the sport to the front pages of many metropolitan newspapers. California has a rich history of ski jumping and many well-publicized ski jumping meets were held at Mt. Shasta, Truckee, Lassen, Big Pines (near Wrightwood,) Lake Arrowhead, Big Bear Lake, the Los Angeles Coliseum, the Hollywood Bowl, Treasure Island in San Francisco, and other locations. The history and impact of California ski jumping has never been documented. While I recorded some of the history of ski jumping in Southern California in Pray for Snow, I would now like to record the history of the sport throughout the state.

II. GOALS

1. To write a manuscript, approximately 80 pages in length, that will present a thorough and concise history of ski jumping in California. This book will serve historians, physical
educators, ski industry professionals, historical societies, recreational skiers, and communities with an interest in skiing and local history.

2. To acquire additional personal knowledge of local sport history and apply it to the courses that I currently teach. By means of research on the growth, development, and impact of ski jumping throughout the state and the social factors that shaped this development – immigration, the Great Depression, World War II, technological advances – the effect of these same social forces on other sporting and recreational activities will be realized.

3. To contribute to the literature in the field of sport history and California history by compiling and writing a history that has not yet been told.

III. ACTIVITIES TO MEET THE GOALS

Independent Study and Research

HUNTINGTON LIBRARY, San Marino, CA. Research library archives and photographs for information regarding ski jumping at the Hollywood Bowl and other Southland locations.

Writing will take place throughout the semester as information and resources are acquired.

2008 SPRING SEMESTER

WRITING. Some portions of the book will already be written from work in the previous semester. This time period will be used to complete any unfinished portions and finalize the manuscript.

EDITING/PROOF READING. Cheryl Nassar, freelance editor and proof reader with extensive experience will read, edit, and assist with the creative and grammatical aspects of the book. The book will also be reviewed by Doug Pfeiffer, author of many ski books and former editor of SKI magazine for accuracy of content. Once the manuscript has passed the scrutiny of the editorial team, a final copy will be submitted to the Professional Growth and Sabbatical Leave Committee.

IV. OUTCOMES.

At the completion of my sabbatical leave, I will have:

- Written a comprehensive history of the development and decline of ski jumping in California.
- Broadened the literature of the history of skiing by providing historians, educators, athletes, and others with a print and online resource for California’s ski jumping history.
- Contributed to increased exposure for RCC’s traditions of professionalism, innovation, and teaching excellence via the completion of a manuscript and a heightened presence on the internet.

At the end of my sabbatical leave, the finished manuscript will be just one of many positive outcomes of my extensive independent study and research. In 2002, when Pray for Snow was published, it was, and continues to be, the only book documenting the history of skiing in Southern California. It has served as a primary source of information for Mammoth: The Sierra Legend (2005) by Marty Forstenzer as well as a resource for many ski clubs and other ongoing ski history projects. Scholars, graduate students, and
historians have utilized information from *Pray for Snow* and used archives and materials held in my collection to further their research. At the completion of my 2007-08 sabbatical, I hope to publish *Scandifornia: The History of Ski Jumping in California*. This will be the first publication to record the history of ski jumping in California and will contribute to an area of skiing history that is sorely lacking documentation and historical study. It is only because of the time afforded by a sabbatical leave that I was able to complete *Pray for Snow* and will be able to complete the current proposed project.

The hours spent researching and writing this project also reflects my continued commitment to increase personal knowledge in my Faculty Service Area. The discovery and exchange of information and ideas with colleagues, researchers, and sport historians inspires a continued commitment to teaching excellence.

Last, and most importantly:

- Students enrolled in my classes will benefit as a result of my research experience. The knowledge of a local sport history, the impact of an ethnic group on that history, and exposure to year round physical activity potential in the surrounding mountain areas can influence students in a broad variety of courses.
- The Moreno Valley Campus benefits by having in their employment a faculty member who is a published author, a noted researcher, and an authority on skiing history in California.
- Riverside Community College District benefits by gaining educational exposure of a published faculty and therefore an academic and scholarly faculty.

Subject: Award of Bid – District Modular Projects - Moreno Valley and Norco Campuses

Background: On February 20, 2007 the Riverside Community College District Board of Trustees approved the Lovekin Modulars Redistribution Project. On March 20, 2007 the Board approved the District Modular Projects and Budget for movement and installation of the modular buildings.

These projects involve the transfer and installation of twenty (20) modulars from the Riverside Campus to Moreno Valley, Norco and Ben Clark as well as the purchase of at least six (6) new modular buildings. One (1) of the existing modulars will be returned and three (3) will be demolished. Currently the District has sixty one (61) modulars in its inventory. With the completion of these projects the District expects to have an inventory of sixty three (63) modular buildings (see attached inventory).

The District solicited an Invitation for Bid for the District Modular Projects at the Moreno Valley and Norco Campuses. This bid was for the transfer and installation of the modulars only. On April 10, 2007, bids were received from three (3) vendors. The results were as follows:

Based upon review, District staff recommends awarding the total bid, in the amount of $1,950,000.00 to Hinkley and Associates, Inc. from Highland. References for Hinkley and Associates, Inc. were checked and found to be satisfactory. Source of funds: Measure C.

Recommended Action: It is recommended that the Board of Trustees award a bid for the District Modular Projects at the Moreno Valley and Norco Campuses in the amount of $1,950,000.00 to Hinkley and Associates, Inc. and authorize the Vice Chancellor, Administration and Finance to sign the agreement.

GRANT PROPOSAL FOR COPERNICUS SUMMER SCIENCE CAMP
RIVERSIDE COMMUNITY COLLEGE
JUNE 25-29, 2007

Program Description

This year's program, funded by the University of California, Riverside Copernicus Project grant, is designed to give students both a complete yet broad spectrum of science experience using technology, math, and discussion about pedagogy, inquiry based learning, and learning styles. After 14 hours of science lab experiences that relate to the field trip the students and faculty will go to Upper Newport Bay Ecological Reserve. An additional special feature will be the math / astrophysics workshops for three afternoons. The best way to describe the program is to go through the program agenda so that one can see what is being offered.

There will be 25 hours of fabulous instruction for 40 students. Students will be given binders with notebooks, activity sheets, a pencil pouch with supplies inside such as RCC pencils and pens, but also a USB 1G drive, scientific calculators, and dictionaries. Students will be asked to evaluate lessons both in written and oral forms daily. Also, they will be surveyed and asked to give an evaluation of the entire experience.

Meeting the Goals of the Grant

This Copemicus Project Summer Science Camp provides learning opportunities for high school students with hands on experience in college science labs with highly qualified faculty. It helps them to focus on possibilities for future career choices in science and particularly in education. It is a use of collaborative resources that raises the level of these students science achievement by inspiring them to see that science is fun, meaningful, and achievable.

The collaboration between the high school counselors and the Copemicus advisor and the high school science / math faculty with college faculty strengthens relationships. Further, it facilitates the smooth and seamless transition for students from high school through the education pathway all the way through higher education and into profession.

The science camp experience is a good recruitment and retention tool that allows a diverse student population a memorable experience in science and in the belief that higher education is possible and necessary for their futures. This program will have a counseling feature with advisement and guidance that could lead them to successful science student transfer to community college or four-year institutions.

The program is designed to integrate technology, curricula, and pedagogy that are California Teaching Commission's standard based. The labs for the science curriculum modules use technology based systems and tools, ties in with the field trip that is also standards based, and provides developmental field experiences in science education.

It is anticipated that the students who participate may be teaching science or math in the California school system or may become scientists in other working environments. This is an opportunity to set them on their way to a successful future, by providing the science experience, but also a chance to meet role models, be on a college campus, and meet peers and college students with similar interests.

Field Trip Description

The Upper Newport Bay School Kayak Tour is offered by Newport Bay Naturalists and Friends on behalf of the California Department of Fish and Game and other government agencies. The students will be divided into two groups: one group will go on a two hour naturalist lead kayak or twelve person outrigger canoe trip on the estuary; the other group will go on a two hour walking field trip with a naturalist guide. After lunch the groups will trade places.

Some topics will include:
- Wetlands and coastal salt marsh
- Estuary and Tidal Action
- Pacific Flyway and Migration
- Watershed
- Habitat
- Birds
- Marine life
- Food Chain
- Upper Newport Bay Ecological Reserve and Preserve

Attached is a complete description of the field trip offered by the Upper Newport Bay Ecological Reserve with information about the reserve itself and its programs.
UPPER NEWPORT BAY
SCHOOL KAYAK TOUR INFORMATION

TOUR ORGANIZATION

The Upper Newport Bay school kayak tour program is organized by the Newport Bay Naturalists and Friends (NBNF) on behalf of the California Department of Fish and Game (DFG), the County of Orange Harbors, Beaches and Parks Department (HBP), and the California Coastal Commission (CCC). This tour is part of an integrated set of K–12 Life Science Programs provided at the Upper Newport Bay (UNB) Ecological Reserve and Nature Preserve. Other programs are offered by HBP at the Peter and Mary Muth Interpretive Center, by DFG at the Back Bay Science Center (BBSC) and by the California Coastal Commission.

UNB is managed jointly by DFG and HBP in cooperation with the City of Newport Beach and the U. S. Fish and Wildlife Service. The Ecological Reserve was created in 1975 as a result of the purchase of 527 acres of land in and around the bay from the Irvine Company and the transfer of 214 acres of tidal wetlands from the County of Orange to the State of California. An additional 11 acres of land in Big Canyon was added in 1982 bringing the total acreage of the Ecological Reserve to 752 acres. In 1990 the County acquired 140 acres of bluffs on the north side of the bay for the creation of a Regional Park. The Park was rededicated as a Nature Preserve in 2000. Many visitors come each year to hike, cycle, canoe, kayak, fish or simply enjoy nature. Please remember that you will be in a protected wildlife area. Collection of souvenirs/specimens and feeding of wildlife is not permitted. Students should be reminded to stay on the marked trails and not sit or climb on the trail fences.

Kayak tours are conducted by trained volunteer naturalists on weekdays at 10:00 a.m. from the Newport Aquatic Center (NAC), a public boating facility. The tours last approximately two hours. Students paddle double kayaks or twelve man outrigger canoes in the Ecological Reserve. The naturalist guides give an introductory talk and then paddle alongside the students and provide more information about the estuary during the tour.

We can accommodate a maximum of 30 students per session. Large classes need to be divided into separate days to meet this requirement. We can make arrangements to give the tours over several consecutive days to handle a large class. The teacher needs to supply sufficient adult supervision for the students; one adult per 15 students is suggested. There are three options that are available from which the teacher may choose:

- A kayak tour on a weekday morning. This has a maximum of 30 students.
- A kayak tour on a weekday morning followed by a field study exercise in the afternoon. This has a maximum of 30 students. The study program is based on the high school activity guide called “Our Wetlands, Our World” developed by the California Coastal Commission. This guide provides teachers with information they can use to conduct their own classes about wetlands. If this option is selected, the participating teacher(s) are given the activity guide prior to the field trip. The teacher selects an activity to be performed and prepares to.
UPPER NEWPORT BAY
SCHOOL KAYAK TOUR INFORMATION

conduct the program. If this option is selected, we suggest that students bring a
"brown bag" lunch to be eaten at the NAC after the kayak trip. The NAC is
outside the reserve, so picnic facilities are available. Following lunch, the teacher
conducts an estuary activity at the NAC. NBNF may be able to provide
volunteers to help with the activity if necessary or desired. (See Attachment A for
an outline of the “Our Wetlands, Our World” activity guide.)

- Parallel sessions of a kayak tour and a field exercise. This has a maximum of 60
students on one day. The students will be divided into two groups of 30 students.
One group of students will kayak in the morning while the other group will
participate in the field study. After lunch, the groups will exchange places. The
teacher needs to supply sufficient adult supervision to handle both groups of
students.

This is an outdoor program and the possibility of cancellation due to rain exists. Two
days before the date(s) of the program, the NBNF tour coordinator will contact the
teacher to see if the teacher has any last minute questions about location, time, etc. If
there is a possibility of bad weather on the day of the tour, a decision to cancel the
program must be made by the teacher and NBNF at least twenty four hours before the
scheduled start of the program. Remember that, at some times of the year, fog/drizzle
will clear by 10:00 a.m.

NBNF charges $15 per student to conduct this program. Some of the money is used to
cover the costs of using the kayaks; the remainder is a donation to NBNF, a non-profit
501(c)3 organization. Some schools have applied for a grant to cover the costs. NBNF
can assist a teacher with applying for such a grant if desired.

We look forward to your tour and hope that your students will be both enriched and
enlightened by it.

THE IMPORTANCE OF UPPER NEWPORT BAY

Wetlands are defined as areas of land that are saturated or covered by fresh, brackish
(slightly salty) or salt water at least part of the year. Wetlands include marshes, swamps,
bogs, mudflats and vernal pools. It is the presence of water that is so important to life.
Many creatures that spend most of their lives elsewhere, including many fish and insects,
were born and raised in wetlands. Because of the abundance of food and shelter provided
by the wetland vegetation most wetlands are rich with diverse species. Wetlands also act
as natural pollution, flood and erosion protection mechanisms.

Coastal salt marsh vegetation has been found to be up to twice as productive as corn,
three times as productive as wheat and twenty times as productive as ocean vegetation.
The food provided by the decomposing plant tissue provides nourishment for many
micro-organisms and ultimately for the fish that come to spawn and the migrating birds
that stop there. Unfortunately most of southern California’s coastal wetlands have been
lost to development. Some have been totally destroyed. Most have been drastically
UPPER NEWPORT BAY
SCHOOL KAYAK TOUR INFORMATION

reduced in size. As of 1980 only about 20 square miles of coastal wetland remained
between Point Conception (Santa Barbara) and the Mexican border. This is estimated to
be only 25% of the area prior to the arrival of the first European settlers. This loss has
endangered many species of plants, birds, fish and other wetland wildlife. Throughout
the USA it is estimated that one third of all threatened and endangered species are found
in wetlands.

Upper Newport Bay is a particular type of wetland called an estuary – a place where
seawater and freshwater mix. Estuaries are typically found at the mouths of rivers and
streams. Some of the most fertile areas of the world, such as the Nile delta, are the flood
plains and estuaries of the great rivers. The following characteristics make estuaries like
Upper Newport Bay particularly fertile:

- The freshwater sources that feed the estuary bring nutrient-rich sediments that
  accumulate in the estuary instead of being washed out to sea.
- The ebb and flow of the tide causes a continual mixing of the water that
distributes food and nutrients throughout the Bay and maintains a high level of
oxygen in the water to support demands.
- The duration and intensity of sunlight in areas like southern California coupled
  with the shallow water in the estuary provide ideal conditions for photosynthesis
  by the microscopic algae.

Upper Newport Bay is one of only a few remaining estuaries in southern California and is
the home of nearly 200 species of birds, including several endangered species, as well as
numerous species of mammals, fish, other critters and native plants. The Bay is an
important stopover for migrating birds on the Pacific Flyway and up to 30,000 birds can
be seen here on any day during the winter months. The Bay is home to six threatened or
endangered species.

Following are key concepts that the student can expect to hear about during a school
kayak tour:
- Wetlands and coastal salt marsh
- Estuary (freshwater, salt water, tidal action)
- Upper Newport Bay Ecological Reserve and Nature Preserve
- Pacific flyway
- Migration
- Watershed
  o San Diego Creek
  o Delhi Channel
  o 150 square miles of Orange County of Orange
  o Urban runoff and pollution
- Habitat
  o Tidal mud flats – 1000 worms per cubic foot
  o Cord grass
  o Pickle weed
- Birds
UPPER NEWPORT BAY
SCHOOL KAYAK TOUR INFORMATION

- 150 bird species
- Endangered species
- Beak and feet adaptations
- Marine life
  - Plankton
  - Filter feeders
  - 70 species of fish
- Food chain
- Other habitats near the bay
  - Riparian (Big Canyon)
  - Coastal sage scrub (bluffs)
“Our Wetlands, Our World” is a high school activity guide to Upper Newport Bay. It was developed by staff members of the California Coastal Commission as a project of their Community-Based Restoration and Education Program. The guide “provides information and activities to help high school students learn about the importance of wetlands and to become involved in restoration of these valuable, unique environments. It also helps bring State Content Standards to life by linking science concepts to local resources. The focus of the guide is on Upper Newport Bay in Orange County; however, much of the information is applicable to other wetlands sites.”

The guide provides activities that can be conducted in the classroom or in the field. The guide is divided into three sections. Each section begins with information on that topic written for the student. Following the text are activities to provide students with classroom field experiences to bring the concepts to life. The sections in the guide and the activities they contain are as follows:

I. Watershed and Wetlands
   - Mapping Your Watershed
   - Wetland Habitats
   - Explore a Wetland (field study)
   - Wetland Webs
   - Wetland Soil (field study)
   - Measuring Decomposition (field study)

II. Human Impacts
   - Changes Over Time
   - Nonpoint Source Pollution
   - Water Quality (partial field study)
   - Pollution Observation
   - Space for Species (field study)
   - Species in Peril
   - Castaways Park

III. Taking Action
   - Seed Experiments (field study)
   - Plant Monitoring (field study)
   - Wetland Tradeoffs
   - Stewardship (field study)

ALL RESERVATIONS AND THIS AGREEMENT are subject to the rules and regulations of hotel and the following conditions:

1. Based on the estimated number of guests set forth above, you will be required to spend a minimum of $8400.00 in food and beverage charges for the function ("Minimum Anticipated Food and Beverage Revenue"). This Minimum Anticipated Food and Beverage Revenue does not include taxes or service, room rental, labor or audio/visual charges, or any other miscellaneous charges incurred for your event. If your final attendance count should fall below the estimated number of guests listed above, we will be happy to advise you as to alternatives in food and beverage selections which may provide you with services equivalent in value to the agreed upon minimum Anticipated Food and Beverage revenue figures for your function.

Because of the Hotel's large capacity to prepare and serve food, the parties recognize that it is exceptionally unlikely that the Hotel would be able to mitigate any losses caused by under utilization (attrition) or cancellation of the program. The parties agree that prospectively calculating the damages Hotel would suffer as the result of cancellation or attrition would be exceptionally difficult. The amounts due for under utilization or cancellation set forth herein are intended as liquidated damages.

A. ATTRITION / UNDER UTILIZATION POLICY

You may reduce the Minimum Anticipated Food and Beverage Revenue amount by 5% at any time between the date of the contract and fourteen days prior to the date of the event. Should your event generate less Food and Beverage Revenue (excluding taxes or service, labor or audio/visual charges, or any other miscellaneous charges incurred for your event) than 95% of the Minimum Anticipated Food and Beverage Revenue, a charge in the amount of 75% of any deficit (plus taxes and applicable service charges) will be charged to you.
B. CANCELLATION POLICY

If you should cancel your reservation or function, the Hotel shall be entitled to collect, as liquidated damages fifty percent (50%) of the sum of the Minimum Anticipated Food and Beverage Revenue and meeting room rental, if canceled from the date of contract to ninety (90) days before the date of your function; and seventy-five percent (75%) of the sum of the Minimum Anticipated Food and Beverage Revenue and the meeting room rental, if canceled within ninety (90) days to ten (10) days before the date of your function, and ninety percent (90%) of Minimum Anticipated Food and Beverage Revenue plus meeting room rental to be charged if canceled within ten (10) days. Taxes and applicable service charges will be added to all amounts.

Liquidated damages resulting from cancellation shall be due and payable at the time of cancellation.

2. Though this number will not affect the Minimum Anticipated Food and Beverage Revenue figure noted above, the final attendance for your function must be received in writing by the catering/conference services office NO LATER THAN 12:00PM, three (3) working days before the date of the function. This will be the number for whom the Hotel will prepare food for the function. The Hotel cannot be responsible for service or guaranteeing the same menu items for more than five percent over guarantee. If a guarantee is not given to the Hotel by the specified time and date, the original estimated attendance would be considered the final guarantee. Your final menu selections must be made no later than 7 days prior to your arrival.

3. All federal and local taxes are charges related to the services rendered by the Hotel for your function in addition to the prices herein agreed upon, and you agree to pay them in accordance with the payment terms set forth herein.

4. No food or beverages of any kind can be brought into the Hotel by you or any of your guests, invitees or attendees.

5. No damages shall be due for a failure of performance due to Acts of God, war, terrorist act, government regulation, riots, disaster or strikes, any one of which make performance impossible, or due to restrictions on commodities or supplies. If, for any reason, the space reserved hereunder is not available for the Event, Hotel may substitute other space, and Group agrees to accept such substitutions. In no event will Hotel be liable for consequential damages of any nature for any reason. Further, if in the event the Hotel shall have any liability to you (whether under this contract or otherwise), the amount of such liability shall not exceed the amount of your deposit, plus fifty percent (50%) of the Minimum Anticipated Food and Beverage Revenue amount.
6. A first deposit of $1000.00 of the Minimum Anticipated Food and Beverage Revenue is due when Group signs the contract. Payment of an additional amount which, when added to the first deposit, will equal 50% of the Minimum Anticipated Food and Beverage Revenue, is to be made 90 days prior to Event and any remaining balance is to be made in cash, by certified or bank check or credit card, one week prior to Event. If any such payment is not made, Hotel may, at its option, deem the Event to be canceled, in which case cancellation charges will apply as noted above and the Hotel will retain any deposits on hand and apply them to the cancellation charges. Interest will accrue on any unpaid balance or deposit paid late at the rate of 1.5% per month or 18% per annum. For your convenience, we enclose a credit authorization form. If you wish to pay by credit card, please complete the enclosed form and return it to us with a clear, legible copy of both sides of your credit card.

7. A 20% service charge will be assessed to all of your bills from the Hotel to offset administrative expenses for supervisory, sales and other banquet personnel. On any event where the guaranteed number is less than 25 persons, a $35.00 labor charge will be added to the Event.

8. The Hotel reserves the right to assign another room for your function in the event the room originally designated for your function shall be unavailable or inappropriate, in the Hotel's sole opinion. In the event of increased costs of commodities or menu items, the Hotel may, at its option, make reasonable substitutions in menu items.

9. This contract is made and to be performed in Riverside, CA and shall be governed by and construed in accordance with California law. By executing this agreement, Riverside Community College consents to the exercise of personal jurisdiction over it by the courts of the State of California, which shall be where any litigation relating to this contract in any way shall occur. This contract is the entire agreement between the parties, superseding all prior proposals both oral and written, negotiations, representations, commitments and other communications between the parties, and may only be supplemented or changed in writing, signed by a representative of the group and the hotel’s Director of Catering. No representative of the Hotel has been or is authorized to make any representation, which varies from the express terms of this contract, though this contract may be supplemented or amended in writing. Group may not assign any benefits arising under or associated in any way with this contract without prior written consent of Hotel. No food and/or beverage of any kind will be permitted to be brought into the hotel, or any suite used as a hospitality suite, by the group or any of the group’s guests. Additionally, should the Hotel, in its sole discretion, deem collection action necessary, whether prior to, during or subsequent to litigation, the entire cost of collection, including attorneys' fees, costs, shall be paid by Group. In the event of litigation, the prevailing party therein shall recover its attorneys’ fees and costs.

10. All displays and/or decorations proposed by Group will be subject to the prior written approval of Hotel in each instance. Any personal property of Group or Group’s guests or
invitees brought onto Hotel premises and left thereon, either prior to or following the Event, will be at sole risk of the Group and Hotel will not be liable for any loss of or damage to this property for any reason. Group acknowledges that the Hotel does not maintain insurance covering Group’s property and that it is the sole responsibility of Group to obtain business interruption, and property damage, and other potentially applicable, insurance covering such losses by Group.

11. If required, at the sole judgment of Hotel, in order to maintain adequate security measures in light of the size and nature of the Event, Group shall provide, at its expense, security personnel for the Event supplied by a reputable licensed guard or security agency doing business in the city or county in which the Hotel is located, which agency shall be subject to the prior approval of Hotel. Security personnel provided by Group shall not carry weapons and are to coordinate with Hotel’s regular security force and will concern themselves only with access to the space reserved hereunder (or substituted therefore), restricting their presence to those areas of the Hotel premises.

12. Group agrees to conduct the Event in an orderly manner in full compliance with applicable laws, regulations, and Hotel rules, copies of which are available from the Catering Department.

13. Hotel’s on-site Audio-Visual Company offers state-of-the-art equipment and technical support staff for all conference needs. Use of any audio-visual/production companies other than Hotel is prohibited without consent. Where an outside company is used, there will be a fee of no less than N/A to compensate the hotel for its internal supervisory requirements.

14. The Hotel offers all services necessary for a successful event. However, if Group finds it necessary to use outside services, any companies, firms, agencies, individuals and groups hired by or on behalf of Group shall be subject to prior written approval of the Hotel. The Hotel reserves the right to advance approval of all specifications, including electrical requirements, form all outside contractors, and to charge a fee for outside services brought into the Hotel. Upon prior reasonable notice to the Hotel from Group, Hotel shall cooperate with such contractors and provide them with facilities at the premises to the extent that the use and occupancy of the facilities by the contractor does not interfere with the use and enjoyment of the Hotel premises by other guests and members of the Hotel. Group’s contracts with its contractors will all specify that contractor and the group will indemnify and hold the Hotel harmless from any and all damages or liabilities which may arise by such Contractors or through their use. Any contracted company working at Hotel is required to carry and maintain workers’ compensation insurance in statutory amounts; comprehensive general public liability insurance covering automobile, personal injury and property damage with single limits of not less than one million dollars per person per occurrence. All such policies (except workers’ compensation) shall specifically state “Hotel is named as an additional insured under the above policy. Such insurance shall be primary and not contributory with Hotel.”
Group bears all responsibility for the payment of any charges incurred at the Hotel by its contractors.

15. Group agrees to carry and maintain and provide evidence of liability and other insurance in amounts sufficient to provide coverage against any claims arising from any activities arising out of or resulting from the obligations which may arise or be incurred pursuant to or associated with this contract, and not less than the amounts set forth in the preceding section. Group’s insurance policy shall name the Hotel as an additional insured.

Damage to the Hotel premises by the Group or appointed contractors will be the Group’s responsibility. Group will accept full responsibility for any damages resulting from any action or omission of their individual attendees in conjunction with organized group activities. The Hotel is not responsible for any loss or damage no matter how caused, to any samples, displays, properties, or personal effects brought into the Hotel, and/or for the loss of equipment, exhibits or other materials left in meeting rooms.

The Hotel reserves the right to approve all outside contractors hired for use by the Group in the Hotel, and may have a list of approved contractors and vendors. The Hotel must be notified in advance of any proposed vendor. The Hotel reserves the right to advance approval of all specifications, including electrical requirements, form all outside contractors, and to charge a fee for outside services brought into the Hotel. FACILITY AUTHORIZATION & VENDOR AGREEMENT
Premier Purchasing Partners, L.P. (“Purchasing Partners”) Council Connections (“Council”) and Riverside Community College District, Health Services (“Facility”) hereby agree as follows:

PURCHASING AGENT FOR PURPOSES OF PARTICIPATING IN GROUP PURCHASING PROGRAMS
Purchasing Partners and Council are authorized to act as purchasing agents for Facility;

ADMINISTRATIVE FEE
Facility is hereby notified that (a) vendors pay to Purchasing Partners or Council an administrative fee of three percent (3%) or less of the purchase price of goods and services that such vendors provide under contracts with Purchasing Partners or Council. Notwithstanding the foregoing, Council currently is a party to three (3) contracts with vendors that provide for the payment of administrative fees to Council in excess of three percent (3%) of the purchase price of goods and services that the vendors provide under such contracts (the “Over 3% Contracts”). Council acknowledges and agrees that, in accordance with applicable law, it will disclose to Facility in a separate disclosure statement the percentage of administrative fees Council receives under the Over 3% Contracts. Council and Facility further acknowledge that Purchasing Partners receives no portion of the administrative fees resulting from the Over 3% Contracts. The aggregate administrative fees received from vendors under certain group purchasing agreements other than the Over 3% Contracts will be apportioned between Purchasing Partners and Council pursuant to a separate written agreement between Purchasing Partners and Council (the “Purchasing Partners/Agreement”).

ANNUAL DISCLOSURE OF ADMINISTRATIVE FEES
On an annual basis, Purchasing Partners and Council shall provide Facility written notice of the amount of administrative fees which Purchasing Partners and Council have received from vendors with respect to purchases made by or on behalf of Facility.

LIABILITY ISSUES
Purchasing Partners and Council shall not be responsible for any act or omission by their contracted suppliers or any agent or vendor of such suppliers. Facility hereby releases Purchasing Partners and Council from any liability or responsibility arising from such acts, omissions or non-performance. As a condition of participation in Purchasing Partners and Council group purchasing programs, Facility agrees that it shall look solely to contracted suppliers, and not Purchasing Partners or Council, for performance of such suppliers’ obligations as specified in the applicable group purchasing agreement. Purchasing Partners and Council make no representations or warranties, express or implied, written or oral, as to the value, absence of defect, absence of infringement, or the absence of any obligation based on strict liability in tort, or any other representation or warranty whatsoever, express or implied, with respect to the products and services provided by their contracted suppliers (collectively, the “Products”). Purchasing Partners and Council specifically and expressly disclaims all warranties, express or implied, written or oral, including but not limited to those of merchantability and fitness for a particular purpose regarding the Products. Facility acknowledges that Purchasing Partners and Council have made no such representations or warranties, written or oral, express or implied, about the Products or of their fitness for any purpose and in no event shall Purchasing Partners or Council be liable for any direct, special, incidental or consequential damages in connection with the Products. Accordingly, Facility agrees that Purchasing Partners and Council, their affiliated companies, and the directors, officers, shareholders, partners and agents of each will not be liable to Facility for any liability, claim, loss, damage (consequential or otherwise) or expense of any kind caused, directly or indirectly, by (i) the inadequacy of the Products for any purpose, (ii) any deficiency or defect of the Products, (iii) any delay in providing the Products, (iv) failure to provide the Products, or (v) death or bodily injury which may be caused by the Products. Without limiting the foregoing, Facility shall indemnify, defend and hold Purchasing Partners and Council, their affiliated companies and the directors, officers, employees, partners, shareholders and agents of each harmless with respect to any claims arising directly or indirectly out of Facility’s use and/or operation of any Products or the provision of medical or other services by Facility.

Pursuant to the Agreement ("Quest Agreement") between Council Connections and Quest Diagnostics, ("Contractor"), the following terms and conditions govern the relationship between Contractor and Purchasers, subject to amendment by agreement between Council Connections and Contractor. In such event, Council Connections shall send Purchaser a new or amended Contractor Term Sheet and Purchaser shall have thirty (30) days, or such other time as Council Connections may determine, to execute and return a copy of the new or amended Contractor Term Sheet.

1. Contractor shall provide the tests listed on its Program Fee Schedule at the prices listed thereon. The Program Fee Schedule will be provided to Purchaser upon Council Connections’ receipt of this signed Term Sheet. Prices shall remain firm for the initial term of the agreement.

2. For tests not listed on the Program Fee Schedule, Contractor shall provide a sixty five percent (65%) discount from its current published Fee Schedule.

3. The charges for laboratory tests specified in this Agreement shall include all laboratory supplies that are integral to and used exclusively for ordering testing performed solely by Contractor, to the extent reasonably required in connection with normal testing volume and consistent with industry practice and applicable state and federal law. In addition, such charges shall cover Contractor’s routine pick-up, packaging etc., except to the extent that Purchaser requests and agrees to pay for an extraordinary or special service.

4. No charges will be incurred by Purchaser except as provided in this Agreement or as otherwise agreed upon in writing by the parties.

5. Purchaser shall commit to sending at least eighty percent (80%) of laboratory tests to Quest, unless otherwise required by an existing agreement with a managed care/health plan contract.

6. Contractor shall provide in-service training and instruction to Purchaser’s personnel, in such areas as the training of phlebotomists in proper specimen collection technique. Contractor shall further assure, and shall include in such training, the availability of a Client Service Coordinator for solving problems on an on-going basis, the availability of written educational material, and the availability of loaner staff at fair market value to cover emergencies, vacations, etc. for laboratory specimen collection services.

7. Contractor agrees that routine test results will normally be reported within twenty-four (24) hours.

8. Contractor agrees to maintain a list of panic values on tests deemed life-threatening, and furnish it to Purchasers. Results above or below these levels will be phoned as soon as possible. Purchaser shall be required to agree to provide Contractor with an updated list of persons and phone numbers for use in calling results after hours. In addition, Contractor will telephone any result, normal or abnormal, at the request of Purchaser, by the indication of “please call” on the request form.

9. Contractor will provide Pathologist telephone consultation Monday through Friday during normal business hours and will provide on-call services after regular business hours. In addition, all inquiries regarding cytology and histology are automatically directed to the Pathologist as required.

10. Contractor shall report laboratory results to Purchaser in a timely manner, in accordance with industry standards, by Contractor’s courier. In the event reports cannot be delivered in a timely manner, Contractor shall provide a teleprinter at no additional charge to Purchaser, for the purpose of transmitting test results. Purchaser shall be responsible for providing the telephone line for printer connection. Contractor shall be responsible for all printer costs, including maintenance and line transmission costs.

11. Purchaser shall be entitled to a three percent (3%) discount on all tests that are submitted via Quest’s online
application, Care360, provided that ninety percent (90%) of all tests are ordered via the application. Contractor shall provide any necessary hardware (excluding DSL line installation/maintenance) and training to purchaser, and may require an Equipment Loan Agreement.

12. Contractor will provide STAT service to the extent feasible, and shall assist Purchaser in obtaining STAT testing coverage when Contractor is unable to provide such service. STAT billing charges by other laboratories will be handled in one of the two following ways, based upon Purchaser’s preference and subject to applicable law:

   (a) The STAT laboratory providing coverage may bill Contractor and Contractor shall pass on these charges to Purchaser.

   (b) The laboratory providing STAT coverage may bill Purchaser directly and Purchaser shall be responsible for providing payment directly to the STAT laboratory.

13. Contractor shall provide daily pickup of laboratory specimens Monday through Friday, excluding holidays. Saturday pickup and lock box accommodations shall be provided upon request, at an additional fee.

14. Contractor shall provide as part of its services included in the fees specified herein (i.e., at no additional charge), centrifuge equipment on loan to Purchaser, where feasible. This is contingent upon Purchaser agreeing to Contractor’s local laboratory procedures, which may include, but are not limited to entering into a separate Equipment Loan Agreement for such equipment.

15. Purchaser shall pay Contractor for services rendered within thirty (30) days of the invoice date.

16. Purchaser shall be entitled to a five percent (5%) discount for early payment within 25 days of the invoice date.

17. In the event any account is sixty (60) days in arrears, at the discretion of Contractor, Purchaser may be suspended from the Program until the past due balance which is sixty (60) days in arrears has been paid. In addition to the foregoing, Contractor may, in its discretion, place Purchaser on a cash basis, and require full payment or installments on past due balances. Further, Contractor may invoice Purchaser at its published list price in lieu of suspension. Contractor shall notify Council Connections, in writing, thirty (30) days prior to taking action against Purchaser.

18. Medicaid, Medi-Cal, and Medicare patients for which Contractor does not receive proof of eligibility, as well as additional information required on Medicare/Medi-Cal/Medicaid patients, will be billed to and paid by the Purchaser after a reasonable attempt has been made to receive such information. “Reasonable attempt” shall mean one (1) written notice to Purchaser. Purchaser has thirty (30) days in which to respond, after which Contractor may bill Purchaser. Contractor agrees to credit Purchaser and re-bill the appropriate payor if Purchaser provides adequate billing information to Contractor prior to the applicable payor’s submission deadline.

19. Purchaser shall bill all patients in compliance with licensing laws set forth in Section 1204 of the Health and Safety Code, and Title 22 of the California Code of Regulations, and/or other State regulations as applicable.

20. Contractor agrees to promptly resolve service issues experienced by Purchaser and ensure that the affected system has been evaluated and corrected. All Purchaser concerns with respect to services provided by Contractor are to be initially responded to within twenty-four (24) hours by Contractor. This requirement will include concerns about test quality and technical procedures including but not limited to, microbiology and cytology.

21. All tests furnished under this Contract shall meet or exceed the standards established by California’s Department of Health, Laboratory Field Services and its regulations, where applicable, and shall conform to the requirements of CLIA.

22. Contractor agrees to provide in-service training and instruction to Purchaser where necessary, in such areas as the training of phlebotomists in proper specimen collection technique. Contractor shall further assure, and shall include in such training, the availability of a Client Service Coordinator for solving problems on an ongoing basis, the availability of written educational material, and the availability of loaner staff at fair market value to cover emergencies, vacations, etc., for laboratory specimen collection services.

23. The term of this new Quest Agreement is from January 1, 2007 until December 31, 2008. In addition, there are two (2) twelve (12) month extensions possible, upon mutual consent of Quest and Council Connections.
24. This Contractor Term Sheet shall be subject to the additional terms and conditions specified in the Agreement to Participate. In the event of any inconsistency between this Contractor Term Sheet and the Agreement to Participate, the Agreement to Participate shall control and take precedence.

25. Purchaser acknowledges that the terms specified in this Contractor Term Sheet are the terms on which Contractor has agreed to perform services to participants in Council Connection’s Group Purchasing Program. Council Connections shall not be liable for any failure of Contractor to perform or for any injury to Purchaser or Purchaser’s patients or employees, and Purchaser agrees to indemnify and hold Council Connections harmless from and against any such failure or injury.
The undersigned hereby agrees to participate in the contract outlined above.

Subject: Surplus Property

Background: Education Code Section 81450 permits the Board of Trustees to declare District property as surplus if the property is not required for school purposes; is deemed to be unsatisfactory or not suitable for school use; or if it is being disposed of for the purposes of replacement. Education Code section 81452 permits surplus property to be sold at private sale, without advertising, if the total value of the property does not exceed $5,000. The District has determined that the property on the attached list does not exceed the total value of $5,000. To help defray disposal costs and to generate a nominal amount of revenue, the staff proposes that we consign the surplus property identified in the attachment to The Liquidation Company for disposal.

Recommended Action: It is recommended that the Board of Trustees by unanimous vote: (1) declare the property on the attached list to be surplus; (2) find that the property does not exceed the total value of $5,000; and (3) authorize the property to be consigned to The Liquidation Company to be sold on behalf of the District.

Parking was created to capture the financial activities of the parking operations at each campus. The primary revenue source is parking permit fees. Parking also receives revenue from parking meters and parking citations. Expenditures are for 75% of the operational costs of College Safety and Police and 100% of capital outlay costs, such as parking lot lighting, that directly benefit parking operations.

RESOLUTION NO. 41-06/07

RESOLUTION OF THE BOARD OF TRUSTEES OF RIVERSIDE COMMUNITY COLLEGE DISTRICT AUTHORIZING THE ISSUANCE OF THE RIVERSIDE COMMUNITY COLLEGE DISTRICT (RIVERSIDE COUNTY, CALIFORNIA) ELECTION OF 2004 GENERAL OBLIGATION BONDS, SERIES 2007C

WHEREAS, a duly called municipal election (the “Election”) was held in the Riverside Community College District (the “District”), Riverside County (the “County”), State of California, on March 2, 2004 at which the following proposition (“Measure C”) was submitted to the qualified electors of the District:

“To improve local student access to job training and four-year college preparation classes, improve campus safety, add and upgrade science, health, technology academic classrooms/laboratories; expand public safety, police, firefighting, paramedics and healthcare training facilities; repair, acquire, construct, equip buildings, sites, classrooms; shall Riverside Community College District issue $350,000,000 in bonds, at legal rates, with no proceeds going to the State, all funds remaining locally, independent citizen oversight, guaranteed annual audits, and no money for administrators’ salaries?”

WHEREAS, at such election, Measure C received the affirmative vote of more than fifty-five percent of the voters of the District voting on the proposition, as certified by the Registrar of Voters of the County in the official canvassing of votes;

WHEREAS, the Board of Supervisors of Riverside County (the “County”) has issued on behalf of the District (i) an aggregate principal amount of $55,205,000 of Riverside Community College District (Riverside County, California) General Obligation Bonds, Election of 2004, Series 2004A, and (ii) an aggregate principal amount of $9,795,000 of Riverside Community College District (Riverside County, California) General Obligation Bonds, Election of 2004, Series 2004B, both authorized pursuant to Measure C;

WHEREAS, at this time this Board of Trustees of the District (the “Board”) has determined that it is necessary and desirable to issue the third series of such bonds in an aggregate principal amount not to exceed $ to be styled as “Riverside Community College District, Riverside County, California Election of 2004 General Obligation Bonds, Series 2007C” (the “Bonds”);

WHEREAS, pursuant to Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the “Act”), the Bonds are authorized to be issued for the purposes set forth in the ballot submitted to voters at the Election;

WHEREAS, all acts, conditions and things required by law to be done or performed have been done and performed in strict conformity with the laws authorizing the issuance of general obligation bonds of the District, and the indebtedness of the District, including this proposed issue of Bonds, is within all limits prescribed by law;
NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE
RIVERSIDE COMMUNITY COLLEGE DISTRICT, RIVERSIDE COUNTY, CALIFORNIA,
AS FOLLOWS:

SECTION 1. Purpose. To raise money for the purposes authorized by voters of the
District at the Election and to pay all necessary legal, financial and contingent costs in connection
with the issuance of the Bonds, this Board hereby authorizes the issuance of the Bonds in one or
more series and orders such Bonds sold at one or more negotiated sales such that the Bonds shall
bear interest at rates not to exceed that authorized at the Election, shall be payable upon such terms
and provisions as shall be set forth in the Bonds, and shall be in an aggregate principal amount not to
exceed $__________________.

SECTION 2. Paying Agent. This Board does hereby appoint the Paying Agent as the
authenticating agent, bond registrar, transfer agent and paying agent for the Bonds on behalf of the
District.

SECTION 3. Approval of Purchase Contract The form of Purchase Contract (the
"Purchase Contract") by and between the District and UBS Securities LLC and Piper Jaffray & Co.,
as underwriters (collectively, the "Underwriters"), for the purchase and sale of the Bonds,
substantially in the form on file with the Secretary of the Board, is hereby approved and the
Chancellor of the District, the Vice Chancellor, Administration and Finance of the District and such
other officers or employees of the District as the Chancellor may designate (each, an "Authorized
Officer"), each alone, are hereby authorized, for and in the name and on behalf of the District, to
execute and deliver the Purchase Contract, but with such changes therein, deletions therefrom and
modifications thereto as the Authorized Officer executing the same may approve, such approval to be
conclusively evidenced by his or her execution and delivery thereof; provided, however, that the
maximum interest rate on the Bonds shall not exceed the maximum rate permitted by law, and that
the Underwriters’ discount, excluding original issue discount and costs of issuance paid by the
Underwriters, shall not exceed 0.8% of the aggregate of principal amount of Bonds issued, plus
reimbursement of reasonable out-of-pocket expenses of the Underwriters. The Board hereby
authorizes the sale of the Bonds at a negotiated sale, which is determined to provide more flexibility
in the timing of the sale, an ability to implement the sale in a shorter time period, an increased ability
to structure the Bonds to fit the needs of particular purchasers, and a greater opportunity for the
Underwriters to pre-market the Bonds to potential purchasers prior to the sale, all of which will
contribute to the District’s goal of achieving the lowest overall cost of funds. The Board estimates
that the costs associated with the issuance of the Bonds, including compensation to the Underwriters
and any such costs which the Underwriters agree to pay pursuant to the Purchase Contract, will equal
approximately 2.0% of the principal amount of the Bonds. The Authorized Officers, each alone, are
further authorized to determine the principal amount of the Bonds to be specified in the Purchase
Contract for sale by the District up to $____________ and to enter into and execute the Purchase
Contract with the Underwriters, if the conditions set forth in this Resolution are satisfied.

The Bonds will be initially registered to “Cede & Co.”, the Nominee of the Depository Trust Company, New York, New York.

Each Capital Appreciation Bond shall be dated, and shall accrete interest from, its date of initial delivery. Capital Appreciation Bonds will not bear interest on a current basis.
Each Current Interest Bond shall be dated the date of initial delivery or such other date as shall appear in the Purchase Contract or the Official Statement (the “Dated Date”), and shall bear interest from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated as of a day during the period from the 16th day of the month next preceding any Bond Payment Date to that Bond Payment Date, inclusive, in which event it shall bear interest from such Bond Payment Date, or unless it is authenticated on or before July 15, 2007, in which event it shall bear interest from the Dated Date.

The Bonds shall bear interest or accrete interest at a rate or rates such that the interest rate shall not exceed the maximum rate permitted by law. Interest shall be payable on the respective Bond Payment Dates and shall be computed on the basis of a 360-day year of twelve 30-day months.

(b) Redemption.

(i) Optional Redemption. The Bonds are subject to optional redemption prior to their stated maturity dates as provided in the Purchase Contract.

(ii) Mandatory Redemption. Unless otherwise provided in the Purchase Contract, the Term Bonds are subject to mandatory redemption from moneys in the Debt Service Fund established in Section 11 hereof prior to their stated maturity date, at the Principal Amount or Accreted Value thereof without premium, on each August 1, as set forth in the Purchase Contract and in the Official Statement described below.

(iii) Selection of Bonds for Redemption. Whenever provision is made in this Resolution for the optional redemption of Bonds and less than all Outstanding Bonds are to be redeemed, the Paying Agent identified below, upon written instruction from the District, shall select Bonds for redemption as so directed by the District and if not directed, in inverse order of maturity. Within a maturity, the Paying Agent shall select Bonds for redemption by lot. Redemption by lot shall be in such manner as the Paying Agent shall determine; provided, however, that the portion of any Current Interest Bond to be redeemed in part shall be in the Principal Amount of $5,000 (except for one odd denomination, if any) or any integral multiple thereof and the portion of any Capital Appreciation Bond to be redeemed in part shall be in integral multiples of the Accreted Value per $5,000 Maturity Value thereof (except for one odd denomination, if any).

(iv) Notice of Redemption. When redemption is authorized or required pursuant to Section 5(b) hereof, the Paying Agent, upon written instruction from the District, shall give notice (a “Redemption Notice”) of the redemption of the Bonds. Such Redemption Notice shall specify: the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, the date of redemption, the place or places where the redemption
will be made, including the name and address of the Paying Agent, the redemption price, the CUSIP numbers (if any) assigned to the Bonds to be redeemed, the Bond numbers of the Bonds to be redeemed in whole or in part and, in the case of any Bond to be redeemed in part only, the Principal Amount of such Bond to be redeemed, and the original issue date, interest rate or Accretion Rate and stated maturity date of each Bond to be redeemed in whole or in part. Such Redemption Notice shall further state that on the specified date there shall become due and payable upon each Bond or portion thereof being redeemed at the redemption price thereof, together with the interest accrued or accreted to the redemption date, and that from and after such date, interest with respect thereto shall cease to accrue or accrete.

The Paying Agent shall take the following actions with respect to such Redemption Notice:

(a) At least 30 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given to the respective Owners of Bonds designated for redemption by registered or certified mail, postage prepaid, at their addresses appearing on the Bond Register.

(b) At least 30 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given by (i) registered or certified mail, postage prepaid, (ii) telephonically confirmed facsimile transmission, or (iii) overnight delivery service, to the Securities Depositories.

(c) At least 30 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given by (i) registered or certified mail, postage prepaid, or (ii) overnight delivery service, to one of the Information Services.

Neither failure to receive or failure to publish any Redemption Notice nor any defect in any such Redemption Notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds. Each check issued or other transfer of funds made by the Paying Agent for the purpose of redeeming Bonds shall bear or include the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

(v) Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Paying Agent shall execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in Transfer Amounts to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner and the District shall be released and discharged thereupon from all liability to the extent of such payment.

(vi) Effect of Notice of Redemption. Notice having been given as aforesaid, and the moneys for the redemption (including the interest to the applicable date of redemption) having been set aside in the District’s Debt Service Fund, the Bonds to be redeemed shall become due and payable on such date of redemption.

If on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in Section 5(b)(i) and (ii) hereof, together with interest accrued or accreted to such redemption date, shall be held by the Paying Agent so as to be available therefor on such redemption date, and if notice of redemption thereof shall have been given as aforesaid, then from and after such
redemption date, interest with respect to the Bonds to be redeemed shall cease to accrue or accrete and become payable. All money held by or on behalf of the Paying Agent for the redemption of Bonds shall be held in trust for the account of the Owners of the Bonds so to be redeemed.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of this Section 5 shall be cancelled upon surrender thereof and be delivered to or upon the order of the District. All or any portion of a Bond purchased by the District shall be cancelled by the Paying Agent.

(vii) **Bonds No Longer Outstanding.** When any Bonds (or portions thereof), which have been duly called for redemption prior to maturity under the provisions of this Resolution, or with respect to which irrevocable instructions to call for redemption prior to maturity at the earliest redemption date have been given to the Paying Agent, in form satisfactory to it, and sufficient moneys shall be held by the Paying Agent irrevocably in trust for the payment of the redemption price of such Bonds or portions thereof, and, in the case of Current Interest Bonds, accrued interest with respect thereto to the date fixed for redemption, all as provided in this Resolution, then such Bonds shall no longer be deemed Outstanding and shall be surrendered to the Paying Agent for cancellation.

(c) **Book-Entry System.**

(i) **Definitions.** As used in this Section, the terms set forth below shall have the meanings ascribed to them:

“Participants” means those broker-dealers, banks and other financial institutions from time to time for which the Depository holds book-entry certificates as securities depository.

(ii) **Election of Book-Entry System.** The Bonds shall initially be delivered in the form of a separate single fully-registered bond (which may be typewritten) for each maturity date of such Bonds in an authorized denomination (except for any odd denomination Bond). The ownership of each such Bond shall be registered in the Bond Register (as defined below) in the name of the Nominee, as nominee of the Depository, and ownership of the Bonds, or any portion thereof may not thereafter be transferred except as provided in Section 5(c)(ii)(4).

With respect to book-entry Bonds, the District and the Paying Agent shall have no responsibility or obligation to any Participant or to any person on behalf of which such a Participant holds an interest in such book-entry Bonds. Without limiting the immediately preceding sentence, the District and the Paying Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of the Depository, the Nominee, or any Participant with respect to any ownership interest in book-entry Bonds, (ii) the delivery to any Participant or any other person, other than an owner as shown in the Bond Register, of any notice with respect to book-entry Bonds, including any notice of redemption, (iii) the selection by the Depository and its Participants of the beneficial interests in book-entry Bonds to be prepaid in the event the District redeems the Bonds in part, or (iv) the payment by the Depository or any Participant or any other person, of any amount with respect to Accreted Value, Principal of, premium, if any, or interest on the book-entry Bonds. The District and the Paying Agent may treat and consider the person in whose name each book-entry Bond is registered in the Bond Register as the absolute owner of such book-entry Bond for the purpose of payment of Accreted Value or Principal of and premium and interest on and to such
Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Paying Agent shall pay all Accreted Value or Principal of and premium, if any, and interest on the Bonds only to or upon the order of the respective owner, as shown in the Bond Register, or his or her respective attorney duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of Accreted Value or Principal of, and premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No person other than an owner, as shown in the Bond Register, shall receive a certificate evidencing the obligation to make payments of Accreted Value or Principal of, and premium, if any, and interest on the Bonds. Upon delivery by the Depository to the owner and the Paying Agent, of written notice to the effect that the Depository has determined to substitute a new nominee in place of the Nominee, and subject to the provisions herein with respect to the Record Date, the word Nominee in this Resolution shall refer to such nominee of the Depository.

1. Delivery of Letter of Representations. In order to qualify the book-entry Bonds for the Depository’s book-entry system, the District and the Paying Agent shall execute and deliver to the Depository a Letter of Representations. The execution and delivery of a Letter of Representations shall not in any way impose upon the District or the Paying Agent any obligation whatsoever with respect to persons having interests in such book-entry Bonds other than the owners, as shown on the Bond Register. By executing a Letter of Representations, the Paying Agent shall agree to take all action necessary at all times so that the District will be in compliance with all representations of the District in such Letter of Representations. In addition to the execution and delivery of a Letter of Representations, the District and the Paying Agent shall take such other actions, not inconsistent with this Resolution, as are reasonably necessary to qualify book-entry Bonds for the Depository’s book-entry program.

2. Selection of Depository. In the event (i) the Depository determines not to continue to act as securities depository for book-entry Bonds, or (ii) the District determines that continuation of the book-entry system is not in the best interest of the beneficial owners of the Bonds or the District, then the District will discontinue the book-entry system with the Depository. If the District determines to replace the Depository with another qualified securities depository, the District shall prepare or direct the preparation of a new single, separate, fully registered bond for each maturity date of such book-entry Bond, registered in the name of such successor or substitute qualified securities depository or its Nominee as provided in subsection (4) hereof. If the District fails to identify another qualified securities depository to replace the Depository, then the Bonds shall no longer be restricted to being registered in such Bond Register in the name of the Nominee, but shall be registered in whatever name or names the owners transferring or exchanging such Bonds shall designate, in accordance with the provisions of this Section 5(c).

3. Payments to Depository. Notwithstanding any other provision of this Resolution to the contrary, so long as all outstanding Bonds are held in book-entry form and registered in the name of the Nominee, all payments by the District or the Bond Register with respect to Accreted Value or Principal of and premium, if any, or interest on the Bonds and all notices with respect to such Bonds shall be made and given, respectively to the Nominees, as provided in the Letter of Representations or as otherwise instructed by the Depository and agreed to by the Paying Agent notwithstanding any inconsistent provisions herein.
4. Transfer of Bonds to Substitute Depository.

(A) The Bonds shall be initially issued as described in the Official Statement described herein. Registered ownership of such Bonds, or any portions thereof, may not thereafter be transferred except:

(1) to any successor of DTC or its nominee, or of any substitute depository designated pursuant to Section 5(c)(ii)(4)(A)(2) (“Substitute Depository’’); provided that any successor of DTC or Substitute Depository shall be qualified under any applicable laws to provide the service proposed to be provided by it;

(2) to any Substitute Depository designated by the District, upon (1) the resignation of DTC or its successor (or any Substitute Depository or its successor) from its functions as depository, or (2) a determination by the District that DTC (or its successor) is no longer able to carry out its functions as depository; provided that any such Substitute Depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(3) to any person as provided below, upon (1) the resignation of DTC or its successor (or any Substitute Depository or its successor) from its functions as depository, or (2) a determination by the District that DTC or its successor (or Substitute Depository or its successor) is no longer able to carry out its functions as depository.

(B) In the case of any transfer pursuant to Section 5(c)(ii)(4)(A)(1) or (2), upon receipt of all outstanding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent designating the Substitute Depository, a single new Bond, which the District shall prepare or cause to be prepared, shall be executed and delivered for each maturity of Bonds then outstanding, registered in the name of such successor or such Substitute Depository or their Nominees, as the case may be, all as specified in such written request of the District. In the case of any transfer pursuant to Section 5(c)(ii)(4)(A)(3), upon receipt of all outstanding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent, new Bonds, which the District shall prepare or cause to be prepared, shall be executed and delivered in such denominations and registered in the names of such persons as are requested in such written request of the District, provided that the Paying Agent shall not be required to deliver such new Bonds within a period of less than sixty (60) days from the date of receipt of such written request from the District.

(C) In the case of a partial redemption or an advance refunding of any Bonds evidencing a portion of the Maturity Value or Principal maturing in a particular year, DTC or its successor (or any Substitute Depository or its successor) shall make an appropriate notation on such Bonds indicating the date and amounts of such reduction in Maturity Value or Principal, in form acceptable to the Paying Agent, all in accordance with the Letter of Representations. The Paying Agent shall not be liable for such Depository’s failure to make such notations or errors in making such notations.

(D) The District and the Paying Agent shall be entitled to treat the person in whose name any Bond is registered as the owner thereof for all purposes of this Resolution
and any applicable laws, notwithstanding any notice to the contrary received by the Paying Agent or the District; and the District and the Paying Agent shall not have responsibility for transmitting payments to, communicating with, notifying, or otherwise dealing with any beneficial owners of the Bonds. Neither the District nor the Paying Agent shall have any responsibility or obligation, legal or otherwise, to any such beneficial owners or to any other party, including DTC or its successor (or Substitute Depository or its successor), except to the Owner of any Bonds, and the Paying Agent may rely conclusively on its records as to the identity of the owners of the Bonds.

SECTION 6. Execution of Bonds. The Bonds shall be signed by the President of the Board by manual or facsimile signature and countersigned by the manual or facsimile signature of and the seal or facsimile seal of the District, if any, affixed thereto by the Clerk of the Board or the Secretary to the Board, all in their official capacities. No Bond shall be valid or obligatory for any purpose or shall be entitled to any security or benefit under this Resolution unless and until the certificate of authentication printed on the Bond is signed by the Paying Agent as authenticating agent. Authentication by the Paying Agent shall be conclusive evidence that the Bond so authenticated has been duly issued, signed and delivered under this Resolution and is entitled to the security and benefit of this Resolution.

SECTION 7. Paying Agent; Transfer and Exchange. So long as any of the Bonds remain outstanding, the District will cause the Paying Agent to maintain and keep at its principal office all books and records necessary for the registration, exchange and transfer of the Bonds as provided in this Section. Subject to the provisions of Section 8 below, the person in whose name a Bond is registered shall be regarded as the absolute owner of that Bond for all purposes of this Resolution. Payment of or on account of the Accreted Value of or Principal of and premium, if any, and interest on any Bond shall be made only to or upon the order of that person; neither the District nor the Paying Agent shall be affected by any notice to the contrary, but the registration may be changed as provided in this Section. All such payments shall be valid and effectual to satisfy and discharge the District’s liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of like tenor, maturity and Transfer Amount upon presentation and surrender at the principal office of the Paying Agent, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. A Bond may be transferred on the Paying Agent only upon presentation and surrender of the Bond at the principal office of the Paying Agent together with an assignment executed by the Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. Upon exchange or transfer, the Paying Agent shall complete, authenticate and deliver a new Bond or Bonds of like tenor and of any authorized denomination or denominations requested by the Owner equal to the Transfer Amount of the Bond surrendered and bearing or accruing interest at the same rate and maturing on the same date. Capital Appreciation Bonds and Current Interest Bonds may not be exchanged for one another.

If any Bond shall become mutilated, the District, at the expense of the Owner of said Bond, shall execute, and the Paying Agent shall thereupon authenticate and deliver, a new Bond of like series, tenor and Transfer Amount in exchange and substitution for the Bond so mutilated, but only upon surrender to the Paying Agent of the Bond so mutilated. If any Bond issued hereunder shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Paying Agent and, if such evidence is satisfactory to the Paying Agent and indemnity for the Paying Agent,
the District (including the Board of Trustees, and its officials, officers, agent and employees) satisfactory to the Paying Agent shall be given by the Owner, the District, at the expense of the Bond Owner, shall execute, and the Paying Agent shall thereupon authenticate and deliver, a new Bond of like tenor in lieu of and in substitution for the Bond so lost, destroyed or stolen (or if any such Bond shall have matured or shall have been called for redemption, instead of issuing a substitute Bond the Paying Agent may pay the same without surrender thereof upon receipt of indemnity satisfactory to the Paying Agent and the District). The Paying Agent may require payment of a reasonable fee for each new Bond issued under this paragraph and of the expenses which may be incurred by the District and the Paying Agent.

If manual signatures on behalf of the District are required in connection with an exchange or transfer, the Paying Agent shall undertake the exchange or transfer of Bonds only after the new Bonds are signed by the authorized officers of the District. In all cases of exchanged or transferred Bonds, the District shall sign and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All fees and costs of transfer shall be paid by the requesting party. Those charges may be required to be paid before the procedure is begun for the exchange or transfer. All Bonds issued upon any exchange or transfer shall be valid obligations of the District, evidencing the same debt, and entitled to the same security and benefit under this Resolution as the Bonds surrendered upon that exchange or transfer.

Any Bond surrendered to the Paying Agent for payment, retirement, exchange, replacement or transfer shall be cancelled by the Paying Agent. The District may at any time deliver to the Paying Agent for cancellation any previously authenticated and delivered Bonds that the District may have acquired in any manner whatsoever, and those Bonds shall be promptly cancelled by the Paying Agent. Written reports of the surrender and cancellation of Bonds shall be made to the District by the Paying Agent on or before February 1 and August 1 of each year. The cancelled Bonds shall be retained for two years, then destroyed by the Paying Agent.

Neither the District nor the Paying Agent will be required (a) to issue or transfer any Bonds during a period beginning with the opening of business on the 15th business day next preceding either any Bond Payment Date or any date of selection of Bonds to be redeemed and ending with the close of business on the Bond Payment Date or any day on which the applicable notice of redemption is given or (b) to transfer any Bonds which have been selected or called for redemption in whole or in part.

SECTION 8. Payment. Payment of interest on any Current Interest Bond on any Bond Payment Date shall be made to the person appearing on the registration books of the Paying Agent as the Owner thereof as of the Record Date immediately preceding such Bond Payment Date, such interest to be paid by check mailed to such Owner on the Bond Payment Date at his or her address as it appears on such registration books or at such other address as he may have filed with the Paying Agent for that purpose on or before the Record Date. The Owner in an aggregate Principal Amount or Maturity Value of $1,000,000 or more may request in writing to the Paying Agent that such Owner be paid interest by wire transfer to the bank and account number on file with the Paying Agent as of the Record Date. (Form of Legal Opinion)
SECTION 10. **Delivery of Bonds.** The proper officials of the District shall cause the Bonds to be prepared and, following their sale, shall have the Bonds signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Bonds, to the original purchaser upon payment of the purchase price therefor.

SECTION 11. **Deposit of Proceeds of Bonds.** The proceeds from the sale of the Bonds, to the extent of the Denominational Amount and the Principal Amount thereof, shall be paid to the County to the credit of the fund hereby created and established and to be known as the “Riverside Community College District Election of 2004 General Obligation Bonds, Series 2007C Building Fund” (the “Building Fund”) of the District, shall be kept separate and distinct from all other District and County funds, and those proceeds shall be used solely for the purpose for which the Bonds are being issued and provided further that such proceeds shall be applied solely to authorized purposes which relate to the acquisition or improvement of real property. The accrued interest and any premium received by the County from the sale of the Bonds shall be kept separate and apart in the fund hereby created and established and to be designated as the “Riverside Community College District Election of 2004 General Obligation Bonds, Series 2007C Debt Service Fund” (the “Debt Service Fund”) for the Bonds and used only for payment of Accreted Value or Principal of and interest on the Bonds. Interest earnings on moneys held in the Building Fund shall be retained in the Building Fund. Interest earnings on moneys held in the Debt Service Fund shall be retained in the Debt Service Fund. Any excess proceeds of the Bonds not needed for the authorized purposes set forth herein for which the Bonds are being issued shall be transferred to the Debt Service Fund and applied to the payment of Accreted Value or Principal of and interest on the Bonds. If, after payment in full of the Bonds, there remain excess proceeds, any such excess amounts shall be transferred to the General Fund of the District.

Subject to federal tax restrictions, moneys in the funds created hereunder shall be invested in any lawful investment permitted by Sections 16429.1 and 53601 of the Government Code of the State of California (the “Government Code”) or in shares in a California common law trust established pursuant to Title 1, Division 7, Chapter 5 of the Government Code which invests exclusively in investments permitted by Section 53635 of the Government Code, in LAIF, or in a guaranteed investment contract with a financial institution or insurance company which has at the date of execution thereof one or more outstanding issues of unsecured, uninsured and unguaranteed debt obligations or a claims paying ability rated not lower than the second highest rating category (without regard to subcategories) by Standard & Poor’s Ratings Services and Moody’s Investors Service.

Except as required below to satisfy the requirements of Section 148(f) of the Internal Revenue Code of 1986, as amended (the “IRS Code”), interest earned on the investment of moneys held in the Debt Service Fund shall be retained in the Debt Service Fund and used to pay the Accreted Value or Principal of and interest on the Bonds when due.

SECTION 12. **Rebate Fund.**

(a) The District shall create and establish a special fund designated the “Riverside Community College District Election of 2004 General Obligation Bonds, Series 2007C Rebate Fund” (the “Rebate Fund”). All amounts at any time on deposit in the Rebate Fund shall be held in trust, to the extent required to satisfy the requirement to make rebate payments to the United States (the “Rebate Requirement”) pursuant to Section 148 of the IRS Code, and the Treasury Regulations
promulgated thereunder (the “Treasury Regulations”). Such amounts shall be free and clear of any lien hereunder and shall be governed by this Section and by the Tax Certificate to be executed by the District.

(b) Within forty-five (45) days of the end of each fifth Bond Year (as such term is defined in the Tax Certificate), (1) the District shall calculate or cause to be calculated with respect to the Bonds the amount that would be considered the “rebate amount” within the meaning of Section 1.148-3 of the Treasury Regulations, using as the “computation date” for this purpose the end of such Bond Year, and (2) the District shall deposit to the Rebate Fund from amounts on deposit in the other funds established hereunder or from other District funds, if and to the extent required, amounts sufficient to cause the balance in the Rebate Fund to be equal to the “rebate amount” so calculated. The District shall not be required to deposit any amount to the Rebate Fund in accordance with the preceding sentence, if the amount on deposit in the Rebate Fund prior to the deposit required to be made under this subsection (b) equals or exceeds the “rebate amount” calculated in accordance with the preceding sentence. Such excess may be withdrawn from the Rebate Fund to the extent permitted under subsection (g) of this Section. The District shall not be required to calculate the “rebate amount” and shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b), with respect to all or a portion of the proceeds of the Bonds (including amounts treated as proceeds of the Bonds) (1) to the extent such proceeds satisfy the expenditure requirements of Section 148(f)(4)(B) or Section 148(f)(4)(C) of the IRS Code or Section 1.148-7(d) of the Treasury Regulations, whichever is applicable, and otherwise qualify for the exception to the Rebate Requirement pursuant to whichever of said sections is applicable, (2) to the extent such proceeds are subject to an election by the District under Section 148(f)(4)(C)(vii) of the IRS Code to pay a one and one-half percent (1 1/2%) penalty in lieu of arbitrage rebate in the event any of the percentage expenditure requirements of Section 148(f)(4)(C) are not satisfied, or (3) to the extent such proceeds qualify for the exception to arbitrage rebate under Section 148(f)(4)(A)(ii) of the IRS Code for amounts in a “bona fide debt service fund.” In such event, and with respect to such amounts, the District shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b).

(c) Any funds remaining in the Rebate Fund after redemption of all the Bonds and any amounts described in paragraph (2) of subsection (d) of this Section, or provision made therefor satisfactory to the District, including accrued interest, shall be remitted to the District.

(d) Subject to the exceptions contained in subsection (b) of this Section to the requirement to calculate the “rebate amount” and make deposits to the Rebate Fund, the District shall pay to the United States, from amounts on deposit in the Rebate Fund,

(1) not later than sixty (60) days after the end of (i) the fifth (5th) Bond Year, and (ii) each fifth (5th) Bond Year thereafter, an amount that, together with all previous rebate payments, is equal to at least 90% of the “rebate amount” calculated as of the end of such Bond Year in accordance with Section 1.148-3 of the Treasury Regulations; and

(2) not later than sixty (60) days after the payment of all Bonds, an amount equal to one hundred percent (100%) of the “rebate amount” calculated as of the date of such payment (and any income attributable to the “rebate amount” determined to be due and payable) in accordance with Section 1.148-3 of the Treasury Regulations.
(e) In the event that, prior to the time any payment is required to be made from the Rebate Fund, the amount in the Rebate Fund is not sufficient to make such payment when such payment is due, the District shall calculate (or have calculated) the amount of such deficiency and deposit an amount equal to such deficiency into the Rebate Fund prior to the time such payment is due.

(f) Each payment required to be made pursuant to subsection (d) of this Section shall be made to the Internal Revenue Service Center, Ogden, Utah 84201, on or before the date on which such payment is due, and shall be accompanied by Internal Revenue Service Form 8038-T, such form to be prepared or caused to be prepared by the District.

(g) In the event that immediately following the calculation required by subsection (b) of this Section, but prior to any deposit made under said subsection, the amount on deposit in the Rebate Fund exceeds the “rebate amount” calculated in accordance with said subsection, the District shall withdraw the excess from the Rebate Fund and credit such excess to the Debt Service Fund.

(h) The District shall retain records of all determinations made hereunder until six years after the complete retirement of the Bonds.

(i) Notwithstanding anything in this Resolution to the contrary, the Rebate Requirement shall survive the payment in full or defeasance of the Bonds.

SECTION 13. Security for the Bonds. There shall be levied on all the taxable property in the District, in addition to all other taxes, a continuing direct ad valorem tax annually during the period the Bonds are outstanding in an amount sufficient to pay the Principal and Accreted Value of and interest on the Bonds when due, which moneys when collected will be placed in the Debt Service Fund of the District, which fund is irrevocably pledged for the payment of the Principal and Accreted Value of and interest on the Bonds when and as the same fall due.

The moneys in the Debt Service Fund, to the extent necessary to pay the Principal and Accreted Value of and interest on the Bonds as the same become due and payable, shall be transferred by the Treasurer-Tax Collector to the Paying Agent which, in turn, shall pay such moneys to DTC to pay the Principal of and Accreted Value of and interest on the Bonds. DTC will thereupon make payments of Principal and Accreted Value and interest on the Bonds to the DTC Participants who will thereupon make payments of Principal and Accreted Value and interest to the beneficial owners of the Bonds. Any moneys remaining in the Debt Service Fund after the Bonds and the interest thereon have been paid, or provision for such payment has been made, shall be transferred to the General Fund of the District, pursuant to the Education Code Section 15234.

SECTION 14. Arbitrage Covenant. The District covenants that it will restrict the use of the proceeds of the Bonds in such manner and to such extent, if any, as may be necessary, so that the Bonds will not constitute arbitrage bonds under Section 148 of the IRS Code and the applicable regulations prescribed under that Section or any predecessor section. Calculations for determining arbitrage requirements are the sole responsibility of the District.

SECTION 15. Legislative Determinations. The Board determines that all acts and conditions necessary to be performed by the Board or to have been met precedent to and in the issuing of the Bonds in order to make them legal, valid and binding general obligations of the District
have been performed and have been met, or will at the time of delivery of the Bonds have been performed and have been met, in regular and due form as required by law; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

The Board further finds and determines that as a result of the issuance of the Bonds under the provisions of the Act, the overall outstanding general obligation bond debt of the District will be amortized in a more level manner.

SECTION 16. Official Statement. The Preliminary Official Statement relating to the Bonds, substantially in the form on file with the Secretary of the Board is hereby approved and the Authorized Officers, each alone, are hereby authorized and directed, for and in the name and on behalf of the District, to deliver such Preliminary Official Statement to the Underwriters to be used in connection with the offering and sale of the Bonds. The Authorized Officers, each alone, are hereby authorized and directed, for and in the name and on behalf of the District, to deem the Preliminary Official Statement “final” pursuant to 15c2-12 of the Securities Exchange Act of 1934, prior to its distribution and to execute and deliver to the Underwriters a final Official Statement, substantially in the form of the Preliminary Official Statement, with such changes therein, deletions therefrom and modifications thereto as the Authorized Officer executing the same shall approve. The Underwriters are hereby authorized to distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Bonds and is directed to deliver copies of any final Official Statement to the purchasers of the Bonds. Execution of the Official Statement shall conclusively evidence the District’s approval of the Official Statement.

SECTION 17. Insurance. In the event the District purchases bond insurance for the Bonds, and to the extent that the Bond Insurer makes payment of the Principal of, interest or Accrued Interest on the Bonds, it shall become the owner of such Bonds with the right to payment of Principal, interest or Accrued Interest on the Bonds, and shall be fully subrogated to all of the Owners’ rights, including the Owners’ rights to payment thereof. To evidence such subrogation (i) in the case of subrogation as to claims that were past due interest components, the Paying Agent shall note the Bond Insurer’s rights as subrogee on the registration books for the Bonds maintained by the Paying Agent upon receipt of a copy of the cancelled check issued by the Bond Insurer for the payment of such interest to the Owners of the Bonds, and (ii) in the case of subrogation as to claims for past due Principal or Accrued Value, the Paying Agent shall note the Bond Insurer as subrogee on the registration books for the Bonds maintained by the Paying Agent upon surrender of the Bonds by the Owners thereof to the Bond Insurer or the insurance trustee for the Bond Insurer.

SECTION 18. Defeasance. All or any portion of the outstanding maturities of the Bonds may be defeased prior to maturity in the following ways:

(a) Cash: by irrevocably depositing with an independent escrow agent selected by the District an amount of cash which together with amounts then on deposit in the Debt Service Fund (as hereinafter defined) is sufficient to pay all Bonds outstanding and designated for defeasance, including all Principal and interest and premium, if any; or

(b) Government Obligations: by irrevocably depositing with an independent escrow agent selected by the District noncallable Government Obligations together with cash, if required, in such amount as will, in the opinion of an independent certified public
accountant, together with interest to accrue thereon and moneys then on deposit in the Debt Service Fund together with the interest to accrue thereon, be fully sufficient to pay and discharge all Bonds outstanding and designated for defeasance (including all Principal and interest represented thereby and prepayment premiums, if any) at or before their maturity date;

then, notwithstanding that any of such Bonds shall not have been surrendered for payment, all obligations of the District with respect to all such designated outstanding Bonds shall cease and terminate, except only the obligation of the Paying Agent or an independent escrow agent selected by the District to pay or cause to be paid from funds deposited pursuant to paragraphs (a) or (b) of this Section, to the owners of such designated Bonds not so surrendered and paid all sums due with respect thereto.

For purposes of this Section, Government Obligations shall mean:

Direct and general obligations of the United States of America (which may consist of obligations of the Resolution Funding Corporation that constitute interest strips), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, or “prerefunded” municipal obligations rated in the highest rating category by Moody’s Investors Service or Standard & Poor’s. In the case of direct and general obligations of the United States of America, Government Obligations shall include evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations. Investments in such proportionate interests must be limited to circumstances where (i) a bank or trust company acts as custodian and holds the underlying United States obligations; (ii) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (iii) the underlying United States obligations are held in a special account, segregated from the custodian’s general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed “AAA” by Standard & Poor’s or “Aaa” by Moody’s Investors Service.

SECTION 19. Request to County to Levy Tax. Subject: Selection of an External Auditor to Perform District and Foundation Annual Audit Services

Background: The staff engaged in an RFP process for the purpose of selecting an audit firm to conduct the annual District and Foundation audits. The agreement is for a term not to exceed four years and allows for cancellation upon notification by either party prior to January 15 each year. RFP’s were sent to ten firms which had expressed an interest in providing these services or were known to have relevant Community College auditing experience. An RFP was also sent to one firm responding to an advertisement in the Press-Enterprise. The following four proposals were received by the District:

Following review of the proposals, District staff recommends entering into an agreement with Vavrinek, Trine, Day & Co., LLP, based on the firm’s Community College auditing experience, prior audit experience with the District and the Foundation and the total four year cost of the proposal.
Subject: Selection of an External Auditor to Perform District and Foundation Annual Audit Services (continued)

Recommended Action: It is recommended that the Board of Trustees approve entering into agreement with Vavrinek, Trine, Day & Co., LLP to perform the annual audit services for the District and the Foundation for FY 2006/2007 through FY 2009/2010.

District Controller
Subject: Permission to Issue a Request for Proposal (RFP) for Computer System Hardware

Background: The Riverside Community College District utilizes the Datatel Colleague software package for its enterprise resource system, which includes packages for Admissions and Records, Student Financial Services, Web Advisor, Academics, Student Accounts, Matriculation, Alumni Foundation, and Human Resources. Currently the District is running version 17 of the software package. This version will not be supported by Datatel after December of 2007. This is a mandatory release upgrade required of all Datatel clients, as regulatory updates such as those listed below and others in the future will not be made to any prior versions of the Colleague software:

- Financial Aid Common Line Improvements (September 2007)
- FAFSA 2008-2009 Updates (October 2007)
- California State Reporting Regulatory Updates (December 2007)
- ISIR Processing for 2008-2009 Updates (December 2007)
- W2 Year End Regulatory Update (US) (December 2007)
- Year-End Regulatory Updates for T4A, 1099s, 1098, and T2202A. (December 2007)
- PELL Grant Schedule Revisions for 2008-2009 (February 2008)

The hardware requirements for version 18 of the software far exceed the processing power of the current system hardware configuration, thus requiring a complete replacement of the current system. It is anticipated that the cost of the new system hardware will not exceed $800,000.

Source of Funds: Measure C.

Recommended Action: It is recommended that the Board of Trustees approve the issuance of a Request for Proposal (RFP) from qualified hardware vendors for the provision and configuration of the required hardware for release 18 of the Datatel Colleague software.
Subject: Proposed Amendment to Agreement with Security By Design, Inc.

Background: On June 20, 2006, the Board approved and the District entered into an agreement with Security By Design, Inc. to conduct an alarm system review and a feasibility study and to develop a preliminary draft Security Master Plan. This work has been completed. In order to determine what infrastructure upgrades will be needed to accommodate the facility needs identified in the draft Security Master Plan and to create a baseline system at the March Education Center, staff recommends that the June 20, 2006 agreement with Security By Design be amended to include the following additional scope of work:

- Document the current conditions on each of the three campuses to determine the requirements for planning infrastructure upgrades to meet the recommended results in the Security Master Plan.
- Continue as a participant on the Facilities, Planning, Design, and Construction Infrastructure Committee Team.
- Create a security system design bid package for March Education Center and the reconfiguration of the monitoring capabilities at the RCCD Police Department Dispatch Center to support a “Proof of Concept” for future infrastructure plans. (The basis for the selection of MEC is that MEC and the RCCD PD Dispatch Center currently have part of the necessary equipment and software, which will lower the cost for the Proof of Concept implementation).

The contract term of the amended agreement would be from April 18, 2007 to December 31, 2007, with the provision that this date may be extended at the discretion of the Vice Chancellor, Administration and Finance or his designee without a formal amendment to this agreement. Payment in consideration of this amended scope of work would be $37,320, including reimbursable expenses. Funding Source: Measure “C”.

Recommended Action: It is recommended that the Board of Trustees approve the attached amended agreement between Riverside Community College District and Security by Design, Inc. in the amount of $37,320 and the use of Measure C as the funding source and authorize the Vice Chancellor, Administration and Finance to sign the agreement.

AMENDMENT TO AGREEMENT

DATED JUNE 20, 2006

BETWEEN

SECURITY BY DESIGN
AND
RIVERSIDE COMMUNITY COLLEGE DISTRICT

(Utility Infrastructure Project)

The Agreement shall be amended this date, April 18, 2007, as follows:

The term of this amended agreement shall be from April 18, 2007, to December 31, 2007, with the provision that the Vice Chancellor of Administration and Finance or his designee may extend the date without a formal amendment to this agreement with the consent of Security By Design.

The Scope of Work for the Amended Agreement will include:

Facilities Planning, Design and Construction Infrastructure Committee Team Participation

1. Participating in the bi-weekly Infrastructure Committee meetings. Based on a review of the calendar, there are 11 potential bi-weekly Tuesday meetings between the projected April 18, 2007 and December 31, 2007.

2. Provide project management services related to the scope of this project to stay within budget and scope over the duration of this project. A half hour per week has been allocated for overall management and coordination of project activities.

Security Infrastructure Planning

1. Meet with Steve Gilson and Kathy Paschke to discuss the interface points between security and IT at RCCD. The subjects include:
   a. Coordination required for security servers to reside within the RCCD managed network environment. This approach would ensure that the OS and other “normal” IT portions of the security system would be incorporated into the regular program to receive version and other system related updates. Additionally, it could provide a standardized process for backing up data files, etc.
   b. Utilization of the RCCD network and IP telephone infrastructure.
   c. Discussions regarding the envisioned bandwidth utilization by Security and identification of limitations and opportunities.
   d. Discussions of storage locations and requirements for security applications.
   e. Definition of space requirements for co-location of equipment.
f. Requirements that will need to be addressed for WiFi access from RCCD patrol vehicles to view video and communicate with the RCCD Police Dispatch Center. This discussion would include the parameters envisioned for VPS access.
g. Discussions regarding protection of IT physical infrastructure from a physical security approach. Areas that may need to be addressed are the rooms containing equipment, such as data centers, NOCs, MDF, and IDF. Also considered for physical security measures are generators or other back-up equipment and manholes where fibers could be accessed.

2. The current initiative for the Infrastructure Committee is to obtain site plans showing the current status of the RCCD infrastructure for use during the planning process. Security By Design’s role in this process would be to document the current security infrastructure and identify those areas where the infrastructure needs to be enhanced for the Moreno, Norco, and Riverside campuses. The field work would include:
   a. Coordinating with the current radio system supplier and RCCD to have the supplier provide either the existing data collected at the time the equipment was proposed or to provide the signal measuring equipment and technical assistance to measure the signal strength patterns on each of the campuses. The security infrastructure plans would be noted wherever dead spots were identified, so that additional antenna or other measures could be identified to eliminate the dead spots during future planning. *Any fee charged by the service provider for this activity is not included within this amended agreement.*
   b. Coordinating with the RCCD Police Department and, if necessary, the current cellular service provider for the RCCD Police Department, the dead spots for cellular reception would be noted on the campus plans. *Any fee charged by the service provider for this activity is not included in this amended agreement.*
   c. Identification of the approximate location where the network point of presence for each building is located, if existing, that would be the source for Security network connectivity.
   d. Identification of the projected location where future security controllers would be located and the present location of security panels or collection points for those buildings currently containing security equipment. This activity is not intended to map each of the security field points for the existing alarm systems within each building, but rather to identify the campus infrastructure conditions.
   e. During the hours of darkness, SBD will take lighting measurements on a light meter at various locations around each campus to generally assess the level of site lighting from a security standpoint and identify areas where the lighting needs to be enhanced. This is not intended to be a photometric mapping of each of the campuses. However, if photometric plans are available for review and comparison with the measurements taken, it would be a useful portion of this effort.
   f. Note on the plans where generators or other emergency back-up equipment is located and provide a legend identifying what is being serviced by these pieces of equipment. Types of areas or services that need to be served by emergency back-up equipment from a security/life-safety standpoint, but are not, will be identified.
3. SBD will review any existing RCCD standards for lock hardware and lighting coverage, type, and schedules for the impact on infrastructure conditions.

4. The security infrastructure for Moreno, Norco, and Riverside campuses will be documented on site plans to depict the data collected during the fieldwork using the new backgrounds that are being created for each campus by the Infrastructure Committee team members. These plans will utilize the standards that have been selected by the Infrastructure Committee. These plans will be provided on CD and will be available via SBD’s ftp site. It is assumed that RCCD will produce any hard copy plots, in keeping with a decision during a recent Infrastructure Committee meeting.

Proof of Concept

1. Based on the existence of a robust access control and alarm system (ACAMS) and integrated CCTV equipment at March Education Center and at the RCCD Police Dispatch Center, SBD will document the actual model of each piece of equipment and software version that has been installed. Coordination with the Manufacturer’s representatives for their participation during the fieldwork will be provided.

2. SBD will evaluate, in coordination with the RCCD Police Department and March Education Center personnel, what equipment, software, installation, and programming is required to connect the existing alarm points to the ACAMS and configure the system to be effectively monitored at the RCCD Police Dispatch Center. A block diagram, floor plans, and specifications will be created to create a bid package for obtaining the equipment and services for implementation of this configuration.

3. Based on a meeting with campus representatives regarding security upgrades for the Moreno ECDC, SBD will evaluate what equipment, software, installation, and programming is necessary for the expansion of the system in that facility. The Moreno ECDC will be used as a model for security at all RCCD ECDC.

4. SBD will define the requirements for allowing remote surveillance from a RCCD Police response vehicle, using a laptop computer. The viability of the infrastructure to accomplish this feature will determine whether it will be included in the Proof of Concept or not.

5. SBD will facilitate the process of implementing the Proof of Concept by identifying manufacturer certified security contractors, working with RCCD to issue the bid documents, conducting a pre-bid meeting, and monitoring the progress of the installation through commissioning.

On January 16, 2001, the Board of Trustees approved the hiring of HMC Architects for the development of the Center for Primary Education/Teacher Training Project (The Learning Center). HMC Architects was the architectural choice by Alvord Unified School District to ensure consistency of design throughout the entire project.

The staff in the Early Childhood Studies Department has now identified their final needs and is requesting to amend the original agreement with HMC Architects for the following:

- Information Technology (IT) Network/Observation System and Audio Visual (AV) System Consulting and Design of Construction Documents; Bid Process Assistance, Project Management, Quality Assurance Services and Site Visits/Meetings.
  - Fee is $173,000, including reimbursable expenses.

- Assisting the District with the selection of Furniture, Fixtures and Equipment (FF&E) for the classrooms and offices in approximately 25,000 square feet of the Learning Center. Services include selecting furniture based on the District’s criteria, preparing furniture plans, a cost estimate and bid or pricing documents.
  - Fee is $23,000, including reimbursable expenses.

Staff proposes the District amend the agreement with HMC Architects for the listed services. Amendment is not to exceed $196,000 including reimbursable expenses.

Recommended Action: It is recommended that the Board of Trustees approve the attached amendment to the January 16, 2006 agreement between the District and HMC Architects relative to the Learning Center. It is further recommended that the Board of Trustees approve using Measure C funds for the amendment with HMC Architects in the amount of $196,000 for IT/AV design and assistance with selection of FF&E and authorize the Vice Chancellor, Administration and Finance to sign the amendment.

Report No.: VI-D-1

Subject: Reports to the Board on RCCD International Education Programs

Background: Riverside Community College District has a long history of commitment to international education, which is reflected in a variety of areas, including curriculum based international education, study abroad programs, an international students program, a Model United Nations program, world languages study, an International Trade Center, and affiliation with the World Affairs Council. The Board currently has in place Board Policy 5100, which supports the concept of international education; that policy is undergoing revision to reflect the district-wide nature of international education at RCCD.

Reports presented tonight for the Board’s consideration focus on RCCD’s International Education Program, coordinated by Jan Schall, Associate Professor of Sociology, and RCCD’s Center for International Students and Programs, directed by Marylin Jacobsen.

Information Only: Reports are submitted as information only.

I want to thank you for allowing me to share with you some excerpts of a program that is a rarity among community colleges—an International Education/Study Abroad program.

Seventeen years ago, we were absolute novices. We wrote a policy, established a minimal budget, and forged ahead with our first full semester in an English speaking country, which we considered a good first choice. We added a summer session in Guanajuato, Mexico, went to Austin, Texas the following May to do a presentation on our study abroad program at NISOD the National/International Staff and Organizational Development conference attended then by about 1700 community college administrators and faculty. Our workshop had the largest attendance—we returned for the next four years were deemed The Riverside Model.

Philosophy: At the Riverside Community College District, International Education is designed in its broadest sense to include all programs, projects, studies, and activities that encourage an individual to learn, understand and care about the world beyond his or her community – and to transcend culturally conditioned, ethnocentric perspectives, perceptions and behaviors. Our District posits that a meaningful “institutional district stance” should demand that International Education not only increase one’s knowledge; it should also enhance one’s wisdom and affinity with humanity. To this end, the Riverside Community College District supports a global curriculum, the exchange of Californians
in our International Education/Study Abroad Program and international students and scholars.

Study Abroad Program Scope and Process

Program Description: The International Education Study Abroad Program allows the student to follow a course of study that is enhanced both academically and culturally by living and studying in a foreign study site. “The Riverside Model”.

Governance: This is a District program under the Vice Chancellor of Academic Affairs who provides administrative support for the Coordinator of the Study Abroad program (at present a faculty member) who is responsible for Program Development, the central point of access faculty and students, and the full implementation of the program.

Contractors: All programs will use Educational Services Contractors for provision of non-instructional services, licensed and insured for providing services for, and experienced in, working with college-level educational travel/study programs. All contractors’ proposals are reviewed by the Office of International Education/Study Abroad, the Vice Chancellor of Academic Affairs, and district legal counsel. The final agreement between the District and the Contractor is approved by the District Board of Trustees as required by the California Education Code.

Faculty Selection: A memo inviting instructors to apply for the position of instructor in the International Education Program is sent to all full-time District faculty and faculty Emeriti. Instructors eligible to apply must be tenured, and teach in an academic area offering general education transferable courses. The academic expertise of the candidate and his/her willingness and ability to assume the necessary duties of the program will be considered in the selection of the instructor. Instructors of a study abroad program must understand their expanded role in relationship to the program participants. The instructors must be capable of dealing with problem behavior, medical emergencies, travel disruptions, unforeseen expenses and other situations not normally encountered in a regular classroom context.

Faculty Selection Committee: The Faculty Selection Committee will consist of at least five members and shall include a representative of the Academic Senate, a representative of the Curriculum Committee, representatives from all three colleges in the district, and preferably at least two faculty who have prior study abroad program experience. They will have the responsibility of reviewing the detailed proposals, interviewing all applicants, and making recommendations to the Coordinator of the Office of International Education/Study Abroad.

Courses: Academic offerings must be general education Riverside Community College District courses transferable to UC, CSU, and in as many cases as possible, IGETC patterned.
Program Information: Disseminated to the college community and students throughout the District through the RCCD Website, Flyers, Brochures, and advertisements and announcements community-based newspapers in Riverside, Moreno Valley and Norco.

Students: Students who participate in the study abroad programs are from all three of our campuses/colleges, now and then, a couple from other colleges and universities.

Orientations: Two orientation/information meetings are planned for each program. The first is for the college. Packets are disseminated to students and faculty to increase their awareness of logistical issues concerning travel, appropriate clothing, housing, money exchange, weather, customs, packing, local mores, etc. thus giving the instructors, as well as student participants, the opportunity to better adjust to, and prepare for, the travel experience. We include student addresses and phone numbers brief papers on culture shock, safe travel abroad, and of course entertain questions. Faculty advise the students on course expectations and hand out syllabi. Closer to departure, we have a pre-departure orientation with our contractor. Again packets are supplied for the students. Emergency information forms are collected. Booklet on local environs is distributed. Parents are invited to both meetings.

Program Evaluation: At the conclusion of each program, students and faculty fill out evaluation forms. The Office of International Education/Study Abroad reviews the program evaluations and, in conjunction with the participating faculty, makes recommendations for improvement of effectiveness.

Financial Aid: Financial aid offices and advisors are available on all three campuses. However, a financial aid specialist is assigned to complete processing of financial aid for the study abroad students who maintains contact with our academic travel contractors and understands the process, time-lines, and paperwork that must be submitted to the Educational Services Contractors.

Countries: Riverside Community College District has sent faculty and students to Guanajuato, Mexico (3 years), San Jose, Costa Rica (2 years), Riverside’s sister city, Sendai, Japan (2 years), Salamanca, Spain (3 years), Paris, France (2 years), Oxford, England (16 years), (7) Florence, Italy (12 years), Budapest, Hungary, and Prague in the Czech Republic (3 years), and Greece (summer 2007).

For the past three summers, we have really placed the “community” paramount for inclusion in our District programs. The new summer venues are journeys that are designed for about sixteen days, so vacation time easily matches. For the past three summers, our Budapest/Prague program has included ages 18 through 92.

A study abroad experience greatly enhances the lives of our students. They begin to develop as global citizens as they compare the values, attitudes and behaviors of differing cultures. They become far more politically astute, view their own society far differently, both more appreciatively and more critically. Many of our students have returned to their study abroad sites and continued their education.
We presently have five students at the University of Rome, two who have received Master’s Degrees from Oxford University, another who returned to Prague to do his upper division work at Charles University, four young women who returned to Florence, attended a school for art restoration, and are now working restoring Art throughout Italy. And we are especially proud of one of our own employee, Ignacio Alvarez, a former study abroad student in Italy, an Educational Advisor with our district.

The Study Abroad Program has served as a staff development opportunity for Riverside Community College District faculty, adding value to their district courses for years after their participation as faculty in our foreign study sites. Number of faculty participants by campus is proportionate to the numbers of full-time faculty on each campus. As well, five faculty emeriti have been chosen as study abroad participants.

Staff: Jan Schall, Coordinator and Bill Despres, Assistant

Summary for Governance Committee

The International office, which began in 1989, promotes the development of educational programs, projects and exchanges that will help increase the enrollment of international visa students at RCCD and bring opportunities for students and staff to achieve global perspectives. Cultural programs, social interaction, and discussion of international topics are promoted.

The International office enrolls about 250 or more visa students, from 50-plus countries, each semester for fields of study offered district-wide and/or disciplines unique to each campus. With the combination of courses, the district is competitive with other community colleges in California and around the United States. International education is a very competitive arena, with Australia, Great Britain, New Zealand and Canada seeing to increase their international student numbers. RCCD advertises and recruits students, and works closely with UC Riverside Extension and UCR in joint promotion of study in Riverside. Students may take courses at one or all three colleges.

RCCD is approved by the U.S. government to issue the I-20 document which a student takes to the U.S. consulate in his/her country and to receive a student visa allowing study in the United States. The SEVIS Student and Exchange Visitor Information Service required reporting is done by the RCCD international office. International students meet academic and financial requirements, including ability to pay international fees, which are not subsidized. The largest number of visa students is from Asian countries including Japan, Korea, and China. Popular majors include business, nursing, art, computer information systems and television production.

The International office promotes and supports exchanges and partnerships with universities in other countries, such as with Soonchunhyang University in Korea.
Background and Detail

International Center services

The International Center at RCCD began in 1989. Marylin Jacobsen visited several campuses, and checked international programs at colleges and universities, before beginning the office at RCCD. The office is a “one stop shopping” model, so students from other countries can get most of their services in one place.

Staff includes:

Marylin Jacobsen, Director
Annette Meneses, International Students and Programs Specialist
Aya Saito, International Students and Programs Specialist
Ann Chambers, Secretary

Rhonda Aycock, Counselor (new part-time position which was critically needed)

Student workers (hourly)

The Center performs many activities and services, including:

Advertising, recruiting, by mail, email and internet, and student fairs
Accepting and monitoring applications
Issuing I-20 and welcome letter
Orientation and assessment testing for new students
Counseling
Registration in classes

Support for

Guidance 45 College Success (required class)
Support for ESL 65 American Classroom Culture (required class)

Assistance with finding housing
Assistance with immigration questions

The Center plans

Welcome Reception each semester

Field trips open to all international students (beach, Hollywood television taping)
Soccer games

International Education Week (at each college)

End-of-year Graduation and Transfer Party (May)
An International Students/Programs Specialist is an adviser to the International Club

Aya Saito, and two faculty members are advisers for the club, which meets weekly on campus, and also has weekend get-togethers. The club includes American, local resident students as well as visa students.

The club is active in ASRCC activities, from Halloween Town throughout the year.

The club participates in the city Multicultural Festival, this year representing seven countries.

In March 2007 the club sent four students to the International Student Leadership Conference at James Madison University in Virginia, and the group also visited Washington, D. C. and toured the U.S. Capitol. The club hopes to send a group again next year.

Promote International Awareness: Being “Interconnected”

Students, faculty, staff and members of the community need to develop the global awareness and competencies needed in this increasingly interdependent world. All students need to be able to work and communicate with people from other cultures and other nations in order to be successful in their future careers.

The International office assists in developing partnerships with institutions in the U.S. and other countries for students and faculty to further their educational and career objectives in fields such as health sciences, business, computer information systems, languages, hospitality and tourism management, and government, to name a few.

Requests have come from China and Peru for partnerships in health sciences. An online program could be developed that would be a model, and receive grant support.

Expand ties to Sister Cities

Build on RCCD – UCR Riverside International Transfer Track program for promotion of enrollment from Jiangmen, China. UCR Extension International Education Programs and RCCD work together in Jiangmen to bring students to Riverside. Students may start at ESL or if qualified begin at RCCD colleges, and then transfer to UC Riverside.

Consider utilizing dormitories and classrooms at the university in Jiangmen for short-term study abroad for language, culture, art and so on.
Community forum participation

Speakers on world affairs are presented throughout the year, free for all college and university students. The World Affairs Council invites students as guests and provides community involvement. The Council has sponsored an annual Town Meeting on American Foreign Policy, held on the RCC campus, attended by several hundred students with distinguished speakers from Washington, D. C.

International Students Inc.

ISI International Student Inc. organization offers parties in homes and outings for international students to meet local families and practice their English.

Continuing Professional Education

The Director and Specialists in the International Center participate in regional and national conferences of NAFSA Association of International Educators, and get the e-newsletters and other materials from NAFSA which are indispensable in this field.

Note: This is just a partial listing of programs and plans for the International Center. One hope is for the International Center and the Study Abroad offices to be located together, so students who wish to go abroad, and those here from other countries, can have a place to become acquainted.

Please request more information, if desired.

Subject: New and Updated Board Policies and Procedures for Accreditation

Background: In spring 2006, Ms. Cindra Smith of the Community College League of California (CCLC) came and spoke to the Board regarding the CCLC’s Model Policies and Procedures Service available to all community colleges in the state. The Riverside Community College District does subscribe to this service. In June 2006, the Board approved hiring a consultant through the CCLC to assist the District with the process of updating all Board policies and procedures to be in line with the Model Policies and Procedures suggested by the CCLC. These policies and procedures are based upon current laws (Ed Code, Government Code, Title 5, etc.) that govern education and, particularly, community colleges in California. They were developed by the League in collaboration with Mary Dowell of the law firm of Liebert Cassidy Whitmore.

Since early fall 2006, the District has worked with the consultant, Jane Wright, to develop new, and update our current, policies/procedures. Because Accreditation is taking place in October, and it is the Board’s charge to make policy for the District, we wanted to bring all policies necessary for accreditation to the Board first. There are twenty-six (26) new or revised policies attached for your review and acceptance for first reading.

It is Administration’s job to put the procedures in place that carry out the policies. However, five (5) procedures pertain specifically to the Board of Trustees and we are requesting approval of those as well.

Please be advised that not all policies will have a corresponding procedure and vice versa, and that all of these documents for accreditation are legally required.

Recommended Action: It is recommended that the Board of Trustees accept for first reading, the twenty-six (26) policies and five (5) procedures attached.

SECTION ONE – THE DISTRICT

Policy No. 1200 – District Mission

This document states the missions of the District, the Riverside City College, the Moreno Valley Campus and the Norco Campus, all adopted in 2006. No changes are suggested to these statements, with the exception of the last line, which has been added regarding evaluation and revisions.

SECTION TWO – BOARD OF TRUSTEES

Policy No. 2200 – Board Duties, Responsibilities and Privileges

With the exception of the first few lines on the first page, this language is from our current policy 1040, which was last updated in 2005. It has been edited and updated here, as needed. There is no corresponding procedure for this policy.

Policy and Procedure No. 2410 – Policy and Administrative Procedure

POLICY - Except for the last couple of lines on page one, the language in bold is recommended by the CCLC. It is felt that this language is much more complete and therefore the language from our current policy 2010 (2nd page) is not necessary.

PROCEDURE – Much of the language from our current regulation 2010 has been used, with some slight updating. Additional language has been added by staff.

Policy and Procedure No. 2430 – Delegation of Authority to Chancellor

POLICY - It is felt that the language suggested by the CCLC (in bold) more accurately captures what this policy should state and incorporates what our current policy 2005 states. Therefore, the language from our policy is being deleted.

PROCEDURE – The language suggested by CCLC (bold, page 1) has already been stated in the Policy, so it is not needed here. Language from our current regulation 2005 has been updated. NOTE: All of the specific duties of the chancellor have been deleted and the reader is referred to Diversity and Human Resources (DHR) to review the Chancellor’s job description. It is acceptable to do this, but if the Board prefers, we can list all of the Chancellor job duties in this document and not refer the reader to DHR. Referring the reader to DHR alleviates the need to revise this Procedure whenever a change or addition occurs to the job description.

Policy and Procedure No. 2431 – Chancellor Selection

POLICY - This is a new policy for the District and the language in bold is suggested by CCLC.
PROCEDURE – It is felt that, since a Chancellor selection typically takes place every 10 years or so on average, a written procedure might not be appropriate, as it would likely be obsolete by the time the next selection came around. However, if the Board would like to have a basic procedure in place, one can be provided.

Policy and Procedure No. 2435 – Evaluation of Chancellor

POLICY - The language in bold is recommended by CCLC and will replace the language in our current policy 1043.

PROCEDURE – Our current regulation 1043 was last updated in 2005, so it is proposed to use that language with a few revisions as noted.

Policy and Procedure No. 2510 – Participation in Local Decision-Making

POLICY - This is a new policy for the District and the language in bold is largely taken directly from Title 5.

PROCEDURE – As noted in paragraphs 2 & 3, more detailed language on issues involving the Academic and Student Senates is stated in new policies/procedures 4005 and 5400, respectively. These two policies will come to the Board at a later time. However, the basic statements in bold are taken from various current policies and procedures (6010, 3010, 1016 and 1011).

Policy and Procedure No. 2715 – Code of Ethics/Standards of Practice

POLICY – the language in bold on page 1 is suggested by CCLC. The remaining four paragraphs are taken from our current regulation 1045, which was updated in 2005, and should still be good language today.

PROCEDURE – This language is all directly from current regulation 1045, with the exception of the last four paragraphs, which now appear in the Policy.

Policy No. 2740 – Board Education

This is a new policy for the District. It is recommended that you adopt the language recommended by the CCLC. There is no procedure for this policy.

Policy No. 2745 – Board Self-Evaluation

The initial sentence is language suggested by the CCLC, however, as noted, the remainder of the language is from current RCC regulation 1044, with some slight editing. There is no procedure for this policy.
SECTION THREE – GENERAL INSTITUTION

Policy No. 3050 – Institutional Code of Professional Ethics

This is a new policy for the District. The language needs no explanation. This policy concerns professional ethics for all employees of the District.

Policy No. 3200 – Accreditation

This is a new policy for the District, although we do have a statement about accreditation in our Catalog. The language provided is recommended by the CCLC. It is recommended that this be approved as is.

Policy No. 3250 – Institutional Planning

This is a new policy for the District. The language for this policy is recommended by CCLC and it is recommended that this be approved as is.

Policy No. 3410 – Non-Discrimination

The language in bold is recommended by the CCLC, based on legal requirements. The language in our current policies 3100/4100/6100 and 6200, which have not been updated since the mid-80’s, will not be used – it is better stated in the recommended language.

SECTION FOUR – ACADEMIC AFFAIRS

Policy No. 4020 – Program and Curriculum Development

This is a new policy for the District. The language in bold is suggested by the CCLC, based on current laws.

Policy No. 4025 – Philosophy and Criteria for Associate Degree and General Education

This is a new policy for the District, although we do have a statement regarding this topic in our Catalog. The language in bold is recommended by the CCLC and is taken from Title 5.

Policy No. 4030 – Academic Freedom

This is a new policy for the District. In 2003, the Board had some lengthy discussions at Board meetings regarding the District’s policy on Academic Freedom. The Board chose to adopt the American Association of University Professors (AAUP) statement of Academic Freedom. This was affirmed by memo to the then Academic Senate President, Virginia McKee-Leone on March 6, 2003.
Policy No. 4040 – Library and Other Instructional Support Services

The language in bold is a more appropriate statement for this policy, therefore, the language from our current policy 7036 will not be used.

Policy No. 4050 – Articulation

Language from the District’s current policy 5110 is retained and language recommended by the CCLC is added.

SECTION FIVE – STUDENT SERVICES

Policy No. 5500 – Standards of Student Conduct

The language provided is a combination of the District’s current policy 6080, language recommended by the CCLC and additional language added by Student Services staff. Our current policy 6080 contained both the standards of conduct, discipline and grievances. This will now be split into two documents – this new policy, which states the standards and a new procedure (5520), which will address the discipline and grievance issues.

SECTION SIX – BUSINESS AND FISCAL AFFAIRS

Policy 6200 – Budget Preparation

The language in bold is recommended by CCLC and it is recommended that this language be approved. This also incorporates language from our current policy 7080.

Policy 6300 – Fiscal Management

This is a new Policy for the District. The language in bold is recommended by CCLC and it is recommended that this language be approved.

Policy 6520 – Security for District Property

The language in bold is recommended by CCLC and it is recommended that this language be approved. The language from our current policy 7065 will be incorporated into the procedure.

SECTION SEVEN – HUMAN RESOURCES

Policy No. 7120 – Recruitment and Hiring

The language in bold is recommended by CCLC and will take the place of the language in our current policy 3001/4001 and 3099/4099.
Policy No. 7150 – Employee Evaluations

This is a new policy for the District. The stated language needs no explanation.

Policy No. 7160 – Professional Growth

The language provided is taken from District policies 3080 and 4042, with some additional language provided by staff.

I. Standards of Conduct Duties

A. Exercising Authority as a Trustee

1. Support the mission and philosophy of community colleges,

2. Understand the fiscal and legal aspects of the operation of community colleges,

3. Provide leadership in making policy for the District,

The Board of Trustees of a district legally can function only as a group. Individual acts of a Trustee in relation to district matters are considered those of a private citizen. D. Using Appropriate Channels

Board members should channel all concerns, complaints, and requests for information through the Chancellor of the District.

E. Maintaining Appropriate Conduct at Board Meetings

Conduct at Board meetings should foster respect and consideration for other Board members, citizens, students, and District staff. This will provide an atmosphere to facilitate effective decision-making in which controversial issues can be presented fairly and the dignity of each individual maintained.

F. Conducting Board Business

All District business should be conducted in open public meetings except for those matters specifically cited under the provisions of the Brown Act that are appropriately discussed in a closed session. Confidentiality of all Board discussions held in closed session shall be strictly maintained.

The following language is taken from current RCCD Regulation 1044, titled Board of Trustees Self-Assessment Process:

To assess whether it is effective in meeting this fiduciary responsibility, the Board adopts a Board Effectiveness approach to guide its self-assessment process. The approach is grounded in four key principles:

A. Learner Centeredness: The Board recognizes its fiduciary responsibility to meet learner needs and act in the interest of learners in the communities served by the District.

B. Continuous Assessment: Particularly in terms of rapid change, organizations must continuously assess their effectiveness to maintain and improve their alignment with environmental trends and changing learner needs. As a consequence, the Board agrees to continuously assess and review its effectiveness and that of the institution.

C. Evidence Based Assessment. The Board commits to open, evidence-based institutional and community dialogue.
D. Commitment to Act: The Board agrees to act on its assessments to improve both Board and institutional effectiveness.

In keeping with these principles the Board of Trustees establishes a continuous quarterly self-assessment process to both consider its effectiveness and model its commitment to continuous improvement. The process is intended to assist the Board in the assessment of its performance as a whole body. It is not intended to evaluate or assess the performance of individual Board members.

Initially, the Board will review and discuss its record of performance periodically on a quarterly basis in open session—ended conversation. Staff will inventory and assist the Board in the preparation of its record. Dialogue will be structured around the following seven dimensions of Board Effectiveness. It is anticipated that the Board will calendar discussions regarding a specific set of the dimensions each year—quarter. More formal measurement tools may be incorporated into the process over time.

A. Commitment to Learners: The Board assesses its role in ensuring that the focus remains on the learner and that processes are in place to maintain that focus. For example, the Board might discuss its use of institutional and student research and its efforts to encourage inquiry about learner populations that may not be adequately served by the District.

B. Constituency Interface: The Board assesses its constituency interface by discussing its relationship with District constituencies. Questions might include: What mechanisms and processes are in place for the Board to listen to, respond to, and communicate with its constituency? Do the mechanisms and processes promote input from diverse interests? How should the Board represent and advocate for the District in the community?

C. Community College System Interface: The Board assesses its Community College System interface by evaluating its interaction with the California Community College System and other community college organizations. Questions might include: Does the Board engage in activities to support the District’s position within the system? What are the appropriate advocacy roles to be played – learner advocacy, college advocacy?

D. Economic/Political System Interface: The Board assesses its economic and political system interface by assessing its interaction with local, state and federal economic and political processes, institutions and personnel. Here questions might include: How does, and should, the Board advocate District interest and learner interests to local, state and federal government agencies and legislators?

E. District Policy Leadership: The Board assesses policy leadership by examining its role in the District policy process. Questions might include: What is the appropriate role of the Board in addressing issues confronted by the District and learners? What issues occupy the attention of the board? What is the
relationship of the issues to the District’s mission? Was the Board appropriately engaged in defining the District’s mission, strategies, and goals? Is the Board informed of and appropriately engaged in the setting of District policies?

F. Management Oversight: The Board assesses its management oversight primarily through the assessment of its relationship with the Chancellor and senior administrative staff. Therefore, much of this conversation is reflected in the Board’s Chancellor assessment process.

G. Process Guardianship: The Board assesses its role in assuring that the District engages in appropriate budgeting, planning, institutional assessment and other processes. If it desired, the Board could discuss its own structure, policies, practices and procedures.

BP 4025 PHILOSOPHY AND CRITERIA FOR ASSOCIATE DEGREE AND GENERAL EDUCATION

Courses that are designated to fulfill the general education and depth requirements shall meet the following philosophy.

The awarding of an Associate degree is intended to represent more than an accumulation of units. It is to symbolize a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively both orally and in writing; to use mathematics, to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems, and to develop the capacity for self-understanding.

Central to an Associate degree, general education is designed to introduce students to the variety of means through which people comprehend the modern world. It reflects the conviction of colleges that those who receive their degrees must possess in common certain basic principles, concepts and methodologies both unique to and shared by the various disciplines. College educated persons must be able to use this knowledge when evaluating and appreciating the physical environment, the culture, and the society in which they live. Most important, general education should lead to better understanding.

In the establishing or modifying a general education program, ways shall be sought to create coherence and integration among the separate requirements. It is also desirable that general education programs involve students actively in examining values inherent in proposed solutions to major society problems.

The Chancellor shall establish procedures to assure that courses used to meet general education and associate degree requirements meet the standards in this policy. The procedures shall provide for appropriate Academic Senate involvement.

BP 4030   ACADEMIC FREEDOM

References:
   Title 5 Section 51023;
   Accreditation Standard II.A.7

Academic Freedom, in its teaching aspect, is fundamental for the protection of the right of the teacher in teaching and of the student's freedom in learning. Academic professionals need the freedom to explore ideas that may be strange or unpopular, endeavors proper to higher education; while also maintaining the responsibility of related subject matter to the classroom.

College and university teachers are citizens, members of a learned profession and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As scholars and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence, they should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not speaking for the institution.

4. “Temporary Suspension”: This suspension is invoked by a classroom instructor due to student misconduct in the classroom. The student may be removed from class the day of the occurrence and the subsequent class period. If such suspension occurs, the instructor will immediately notify the appropriate Department Chairperson and/or College Dean of Instruction who will in turn notify the College Dean of Student Services.
5. Interim Suspension: Interim suspension may be invoked prior to a hearing to protect the safety and welfare of the District. This is an interim suspension from all District privileges including class attendance. Interim suspension is limited to that period of time necessary to resolve the problems that originally required the interim suspension, and in any case, no more than a maximum of ten (10) instructional days. The student will be afforded the opportunity for a formal hearing within ten (10) instructional days of imposition of the interim suspension.

6. Restitution: This is financial reimbursement to the District for damage or misappropriation of property. Reimbursement may also take the form of appropriate service to repair or otherwise compensate for damage.

7. Disciplinary Suspension: Disciplinary suspension is a suspension of all District privileges including class attendance and may be imposed by the Chief Executive Officer of the College, or designee, following a formal hearing for misconduct when other corrective measures have failed or when the seriousness of the situation warrants such action. Disciplinary suspension will not be more than ten (10) instructional days.

8. Extended Suspension: The Chief Executive Officer of the College, or designee, may suspend a student for good cause from all classes and activities of the District for one or more terms.

9. Expulsion: An expulsion is a long term or permanent denial of all District privileges including class attendance. The Board of Trustees may expel a student upon recommendation of the Chief Executive Officer of each College.

C. In cases of academic dishonesty by a student, a faculty member may take any one of the following actions:

1. The faculty member may reduce the score on test(s) or assignment(s), reduce the grade in the course, fail the student in the course and/or recommend to the College Dean of Instruction that the student be suspended from the course. If course suspension is recommended, the College Dean of Instruction will review the information regarding the charge of academic dishonesty, notify the student, and prescribe appropriate due process procedures.
2. If the suspension is upheld, the College Dean of Instruction will make note of the offense in the student’s educational records. A second instance of academic dishonesty may result in expulsionary proceedings. Any enrollment, tuition, and other applicable fees will not be refunded as a result of disciplinary action for academic misconduct.

III. Student Grievance Procedure

The purpose of a student grievance procedure is to provide a process by which student-related issues may be resolved in a fair and efficient manner following due process. The procedure is intended to achieve an equitable solution to an issue with due regard for the rights of the student, the faculty, the student body, and the District.

A. Procedure Relating To Disciplinary Action

In all cases when the Chief Executive Officer of the College, or designee, has initiated disciplinary action, the student, within five (5) instructional days following notification of the action, may convey to the appropriate Chief Instructional Officer or Chief Student Services Officer, in writing:

1. Concurrence with the decision, or

2. A grievance challenging the action.

Absence of any communication after the five-day limit from the student indicates concurrence with the decision.

B. General Grievance Process

Student grievances (other than for discipline) will be processed in the following manner:

1. Consultation Process

   a. Prior to any formal hearing, a student will be encouraged to contact the appropriate faculty or staff member and attempt, in good faith, to resolve the concern through the consultative process. If a student is unsure of the appropriate faculty or staff member to contact, he or she should contact the College Dean of Instruction, or College Dean of Student Services for nonacademic matters, who will direct the student to the appropriate staff member. In cases where either the student or faculty/staff member prefers to meet in
the presence of a third party, he/she will contact the above mentioned administrators. The College Dean of Instruction or the College Dean of Student Services will either serve as the third party or designate someone for this purpose.

b. If the issue is not resolved by the affected parties, the student may request an informal consultation with the appropriate department chairperson, dean or director.

c. If the issue is not resolved with the appropriate department chairperson, dean or director, the student may request an informal consultation with the College Dean of Instruction or College Dean of Student Services.

d. If the issue is not resolved with the appropriate dean, the student may request an informal consultation with the appropriate administrator.

(1) For academic matters, the conference will be with the College Chief Instructional Officer.

(2) For nonacademic matters, the conference will be with the College Chief Student Services Officer.

e. The College Chief Instructional Officer or Chief Student Services Officer will convey a decision to all affected parties.

f. If the issue is not resolved at the informal consultation, the student may file a formal, written grievance requesting a formal hearing within thirty (30) instructional days of hearing from the College Chief Instructional Officer or Chief Student Services Officer. The student will direct this letter to the appropriate College Chief Instructional Officer or Chief Student Services Officer. The time limit for students to file a formal written grievance will be 120 days from the date of the incident giving rise to the grievance.

2. Formal Hearing

a. Upon receipt of a written request for a formal hearing, the College Chief Instructional Officer or Chief Student Services Officer will arrange for the hearing within a reasonable time period not to exceed twenty (20) instructional days. The written request should contain a statement detailing the grievance to be resolved, and the action or remedy requested. The College Chief Instructional Officer or Chief
Student Services Officer will forward signed copies of all written grievances to the faculty member being grieved within seven (7) instructional days.

b. A grievance withdrawn from the formal hearing stage will be deemed without merit and cannot be refilled.

c. The formal hearing will be conducted before the College Student Grievance Committee. This committee will be composed as follows:

(1) Two students appointed by the ASRCC College President.

(2) Two faculty members appointed by the College Academic Senate President.

(3) Two managers appointed by the Chief Executive Officer of the College.

(4) The Chief Executive Officer or his/her designee—a person who has received training in proper procedures—will serve as chair of the committee.

d. The College Student Grievance Committee will:

(1) Set a reasonable time limit for the hearing.

(2) Receive signed written statements from both student and faculty involved in the grievance specifying all pertinent facts relevant to the case in question, a copy of which will be given to the other party with due notification of rights and responsibilities in the procedure for disposing of the case.

(3) Transmit to all parties a written list of intended areas of inquiry to be asked at hearings or interviews at least 72 hours in advance of the hearing.

(4) Allow each party the right to be assisted at the hearing by a student or staff member of the College whose participation will be limited to directly advising the student or staff member. If there is a need for accommodation for a disability, the student must notify the appropriate College Chief Instructional Officer or the Chief Student Services Officer at least
72 hours in advance of the hearing. The advisor may not enter into the proceeding of the grievance committee. In addition, each party has the right to question witnesses and testimony.

(5) Judge the relevancy and weight of testimony and evidence. The committee will make its findings of fact, limiting its investigation to the formal allegations. It will also make recommendation for disposition of the case.

(6) Maintain a transcript of the proceeding which will be kept in a confidential file but be available for review by either party.

(7) Submit its findings of fact and recommended action to each party and the appropriate College Chief Instructional Officer or Chief Student Services Officer within ten (10) instructional days of the completion of the formal hearing.

e. The formal hearing will be closed to the public.

f. Upon receipt of the College Student Grievance Committee’s recommendation, the appropriate College Chief Instructional Officer or Chief Student Services Officer, within ten (10) instructional days, will transmit, in writing, his/her decision to all involved parties.

g. The student, within five (5) instructional days of receipt of the College Chief Instructional Officer or Chief Student Services Officer’s decision, may appeal the decision to the Chief Executive Officer of the College. The Chief Executive Officer of the College may:

(1) Concur with the Chief Instructional Officer or Chief Student Services Officer’s decision;

(2) Modify the recommended decision;

(3) Recommend action to the Board of Trustees.

3. Appeals

In all cases, final appeal will rest with the Board of Trustees.

Subject: Naming of the Digital Library and Learning Resource Center

Background: In 2002, a nomination to name the Digital Library and Learning Resource Center located on the Riverside City College campus in honor of RCCD Chancellor Salvatore G. Rotella was submitted to the District Facilities Naming and Recognition Committee. After the required waiting period, the Committee reviewed the nomination in June 2003 and voted to send forward its recommendation for approval to the Board of Trustees for consideration at such time as Chancellor Rotella announced his retirement from Riverside Community College District. Now is the appropriate time to forward that recommendation to the Board of Trustees.

Recommended Action: Board consideration is requested to approve the naming of the Digital Library and Learning Resource Center in honor of retiring Chancellor Salvatore G. Rotella; the Committee recommends that the building be named “The Salvatore G. Rotella Digital Library and Learning Resource Center.”

NOMINATION OF CHANCELLOR SALVATORE G. ROTELLA
ACCT 2007 CEO AWARD -
What has the CEO initiated or helped to develop in the area of innovative programs used in two-year postsecondary institutions?

As leader of the 32,000 student Riverside Community College District (RCCD), Chancellor Salvatore G. Rotella is credited with initiating several innovative projects that emphasize early college awareness and intersegmental partnerships between community colleges, K-12 districts, and public and private colleges and universities. These include:

- The Innovative Learning Center (a planned center for primary education and early teacher training).
- The Riverside School for the Arts (a $53.7 million facility designed to blend an education in performance and fine arts with liberal arts and sciences with direct connection to industry and industry best practices).
- The corporate automotive technology programs: Ford ASSET, Toyota T-Ten, and General Motors A.S.E.P.
- Six Early and Middle High School programs serving each of RCCD’s K-12 feeder districts, including the Gateway to College Charter School, which addresses the issue of high school dropouts and was the first Bill and Melinda Gates Foundation program funded at a community college in California.
- The C4 (California Community College Collaborative) with the University of California (a program that provides professional development, leadership training, and policy research for the community college system).
- RCCD Foundation Industry Clusters (created to bring area CEOs to the education/business table to discuss workforce development needs and brainstorm new occupational education programs).

Common to all of these projects is Dr. Rotella’s advocacy for the development of seamless curricula between California’s public high schools and colleges.

Dr. Rotella is a leader for today and the future. He has been extremely concerned about the low college-going rate in the Riverside area (34% - far below the state average of 54%). As a result he conceptualized and implemented a community-based early outreach initiative, Passport to College, which guaranteed each of the 11,500 members of the class of 2004 free tuition to attend college at RCC upon graduation from high school if they stayed in school and participated in the program’s activities. In partnership, California Baptist University, La Sierra University, Loma Linda University, the University of Redlands, and the University of California, Riverside, agreed to offer additional scholarship support for Passport to College students to complete their undergraduate degrees after completing two years at RCC. The program had key components such as parental involvement and study skills training for students. Students focused on a future that included college and its many possibilities. RCC, through its Foundation, successfully raised $1.5 million locally for this model program. More than 4,500 students completed the eight-year Passport program with approximately 1,800 students attending RCC.
In February 1998, Passport to College was recognized at the White House as one of 10 exemplary early outreach initiatives that were having a significant impact in preparing students early for college. PTC served as inspiration for the federal GEAR UP program, which is now in place at colleges and universities nationwide. “Passport to College is about putting higher education on the horizon in a lot of young lives. Let enough kids grow up with that vision, and the great expectations may just take care of themselves” (Dr. Salvatore G. Rotella, *The Press-Enterprise*, February 3, 1998).

As president and then chancellor of the Riverside Community College District, Dr. Rotella also guided the development and expansion of two new campuses in Norco and Moreno Valley—which today are larger than several other community colleges in California—and laid the groundwork for the evolution of RCCD from a three-campus institution to a three-college higher education system – a change that will be completed in 2007/08.
How has the CEO served on technical or special committees serving two-year postsecondary education, and how did this effort affect the college program in the community, state or nation?

**International**
As a trained political scientist, one of Dr. Rotella’s interests is globalization and its impact on higher education systems. He has worked with the University of Asmara and the Eritrean government in 2003 to develop a system of community colleges tied to economic development and workforce preparation. The project, which is funded by a USAID grant, also involves faculty, curriculum, and technology changes. In addition, he worked on the acquisition of books for the University of Asmara Library.

**National**
Dr. Rotella has provided national leadership in the development of a volunteer education program for military personnel.

**Regional**
Dr. Rotella is a member of the Presidential Summit – a group of CEO’s from two- and four-year public colleges in Southern California, which convenes several times each year to discuss issues germane to both two and four-year institutions and how community colleges can better prepare students for transfer to four-year institutions.
How has the CEO demonstrated a “caring attitude” toward the board of trustees, administrators, faculty and students?

Dr. Rotella is frequently identified as a “man with a vision.” Mr. Mark Takano, past president of the RCCD Board of Trustees, states, “Dr. Rotella is one of the Inland Empire’s ‘wise men.’ He is truly a visionary whose legacy in our region is unparalleled.”

Dr. Rotella’s integrity in dealing with colleagues, faculty and the community is widely recognized. His principles and integrity help to build confidence between employees and management. He supports his management team and responds to faculty issues in a direct manner.

In 1992, Dr. Rotella initiated Board of Trustees committees: Personnel and Labor, Finance, Legislative, Planning and Development, and Academic and Student Affairs. These committees meet prior to Board meetings in order to provide full disclosure and discussion of Board agenda items. This allows all interested parties to ask questions and share objections or support. This process is unusual among local education boards.

Dr. Rotella is committed to shared governance. He has demonstrated this by setting up a faculty-selected system of department chairs, and he works closely with the Academic Senate president and its officers on District concerns. He promotes face-to-face dialogue between administration and faculty, which exemplifies his philosophy of open dialogue.

Dr. Rotella values people and it shows in his administration of the District. He has often requested the Board to extend benefits to critically ill faculty and staff who have exhausted their leaves.

Outspoken in his support of diversity, Dr. Rotella has publicly stated his opposition to legislation that would adversely affect student welfare. He believes in and promotes an inclusive atmosphere.

As a leader for today and the future, Dr. Rotella understands people and human conditions. He works across cultural and ethnic differences. He understands that the best work comes from ownership and empowerment. In addition, he has the self confidence to make bold decisions and sustain a direct course in the face of opposition when he is convinced his course of action is in the best interest of students. Yet he encourages reasoned discourse on issues.
How has the CEO been active in developing, organizing, or supporting state and/or national two year postsecondary education associations?

Dr. Rotella is a strong supporter of the Inland Valleys’ Community College Trustee and CEO Association, which was created in 2000. The Association is made up of 11 community college districts which meet regularly with their legislators in Sacramento, CA. During the past seven years, the group has addressed statewide topics such as equalization, compensation for goods and services, general obligation bonds for community college facilities, and venture fund proposals. The Association was one of the first leadership groups organized in California to give political voice to education issues affecting Inland California community colleges.

Dr. Rotella and RCCD Board of Trustee members are also active in the American Association of Community Colleges (AACC) – Dr. Rotella served on the International Education Committee, the Association of Community College Trustees (ACCT), the California Community College Trustees (CCCT), the American Council on Education, and the Chief Executive Officers of the California Community Colleges (CEOCCC). Mr. Mark Takano, past president of the RCCD Board and current member, has served on the CCCT Board for the past 10 years.

What outstanding characteristics motivated you to nominate this CEO?

One of Chancellor Rotella’s outstanding characteristics is his “vision” for the College and his ability to make that vision a reality. Many people are capable of coming up with great ideas, but few are successful at bringing others to the table to make sure the idea becomes a reality. Dr. Rotella has always been successful at coming up with a “vision,” articulating it so that others see what he sees and join forces to make things happen. And unlike many people, he is not a “one idea wonder.” Over the course of 15 years, he consistently has brought forward innovative ideas.

A case in point is Passport to College. There was much speculation at the onset as to this happening at all—questions about the magnitude of the project and the feasibility of raising $1.5 million, a feat never before attempted. Yet, Dr. Rotella convinced people that RCC and the Foundation could accomplish the task, and he led the charge. This is the true measure of a visionary leader. In fact, that Passport to College concept did not end with the graduation of Passport students from RCC; Dr. Rotella is still working to expand similar programs to the entire community.

Riverside School of the Arts is another vision that never would have come this far had it not been for Dr. Rotella. Though the project will not evolve into brick-and-mortar until after his retirement, the vision was his…he brought the players to the table early on…got the initiative rolling by securing federal earmarks, and continued to push until now RSA is poised to unfold in downtown Riverside.

Throughout these years, Dr. Rotella’s leadership has been paramount to his ability to bring about the success of his visions. If people had not been confident in his leadership, had he not been seen as a man of quality, distinction, ability, cause, passion, intelligence, worldliness, and inspiration, then he would not found success, either in Riverside or as chancellor of Chicago’s community college system. It was because of those qualities that people decide they can, and will, partner with him and the higher education institutions he represents.
