These procedures are intended to promote safe and orderly movement of traffic within District property, and parking of vehicles and bicycles.

Parking of motor vehicles and bicycles is limited to specially designated areas. Vehicles or bicycles parked in violation of the provisions of this code are subject to fines, towing, or impoundment.

All persons who enter District property in a vehicle are charged with knowledge of the provisions of this procedure and are subject to the penalties for violations of such provisions. Said persons will be responsible to abide by, and be subject to, the California Vehicle Code and any permanent/temporary signs and/or postings regarding parking. All parking regulations are posted on the District's website, at http://www.rccd.edu/administration/board/Pages/BoardPolicies.aspx. However, when two (2) family members work for the District on separate shifts, but share one vehicle, they may share one permit. If both employees work the same shift and each drives a separate vehicle, both employees are required to purchase a permit.

Consultants, interim employees and temporary/substitute employees shall be required to purchase a parking permit, or use metered parking. The Chancellor, Vice Chancellors or Presidents may waive this requirement, but will then have to provide the individuals with a temporary permit approved/obtained through Parking Services.

The College will be required to work with Parking Services to determine which parking lot(s) will be designated for the special event parking, if applicable. College Presidents may waive parking enforcement for special events at their college. No District/College Department shall issue any parking permit without having authorization from Parking Services.

Individuals defined as student or staff members of the District, who are using a valid disabled placard or license plate, must also possess a valid District parking permit when parking in District lots.

Any staff, students or visitors who possess a valid disabled placard or license plate and conform to the information herein, may use any student, staff, metered (without paying the meter), or disabled parking space within the District. This includes those parking spaces designated for specific individuals.

Disabled spaces shall be marked in such a way as to conform to all State and Federal guidelines defining the marking of disabled spaces.

VII. Motorcycles (including mopeds and scooter-type motorized vehicles) and Displaying of Parking Permits

A current parking permit is to be displayed on the left front fork. If this is not possible, then the permit must be placed in such a manner that it is clearly visible to enforcement personnel.

Motorcycles must be parked in marked motorcycle parking areas only.

Only motorcycles, including mopeds and scooters, may park in marked motorcycle parking areas.

Motorcycle permits are not valid on any other type of vehicle.

For the employee or student who owns both an automobile and a motorcycle and may drive either to work/school, the individual must purchase the automobile permit. XIV. Abandoned Vehicles

Pursuant to California Vehicle Code 22651(k), vehicles parked or abandoned on District property longer than 72 hours, will be subject to being towed and stored, at owners expense if not removed.

The 72 hours will begin to run once District Police place a Notice on said vehicle, giving the date and time of the notice. If the vehicle cannot be removed within the 72 hours, the owner is to immediately notify District Police at 951-222-8171.

XV. Contesting Citations

The District follows a three step appeals process, set forth in California Vehicle Code Sections 40215 and 40230. This process may not be waived or modified.

A. First Level Appeal

Within 21 days from the date of issuance of a notice of parking violation, a person may request, in writing, in person, or by email, an initial Administrative review form by Parking Services of the notice, stating the reasons they feel the parking violation should not have been issued. If Parking Services is satisfied that the violation did not occur, that the registered owner was not responsible for the violation, or that extenuating circumstances make dismissal of the citation appropriate, Parking Services shall cancel the notice of parking violation.

Results of the decision shall be mailed to the person contesting the notice. In cases where a violation is cancelled based on the violators own negligence (i.e. forgot to display the permit), Parking Services has the authority to charge a \$10.00 administrative fee. If said fee is charged, it must be paid within 21 days of the decision.

B. Second Level Appeal

If the person is dissatisfied with the results of the initial review, they may request an administrative hearing of the violation within 21 days following the mailing of the results of the initial review. The request may be made in writing, or in person. The person requesting the hearing shall deposit the amount of the parking penalty with the Accounting Services Department/Cashier at any of the colleges if paying by cash or check. If paying by credit card, the payment must be made at the Riverside City College cashier. Deposits can be made in the form of a personal check or money order, made payable to the Riverside Community College District and sent to: Riverside City College, Attn: Cashier, 4800 Magnolia Ave., Riverside, CA 92506. If the person is financially unable to deposit the amount of the penalty, they may request, in writing, at the time of the request for initial review, a waiver of said deposit. The request for waiver shall include evidence of financial hardship or inability to make the deposit.

An administrative hearing shall be held within 90 calendar days following the receipt of a request for hearing. The person requesting the hearing may request one continuance, not to exceed 21 calendar days.

The person requesting the hearing shall have the choice of a hearing by written declaration sent in by the person appealing the citation, with a review and a written response by the person hearing the appeal, or a hearing in person. In some cases, the person hearing the appeal may allow for the hearing to be conducted by telephone, or other electronic means. If the person requesting the hearing is a minor, that person shall be permitted to appear at a hearing or admit responsibility for the parking violation without

the necessity of a guardian being appointed. The District will proceed against the minor in the same manner as against an adult.

The hearing shall provide an independent, objective, fair and impartial review of the contested parking violations. The District shall contract with an administrative hearing provider that employs qualified individuals (hearing officers) to conduct the hearing.

The officer or other individual designated by the District Police Department who issued the notice of parking violation shall not be required to participate in the hearing. The District is not required to produce any evidence other than the notice of parking violation and any information received from the DMV identifying the registered owner of the vehicle.

The hearing officer's decision following the hearing may be personally delivered to the person by the hearing officer or sent by U.S. mail. In those instances where the deposit of the penalty was waived, the person, if it is found that they committed the violation, has 15 calendar days to pay the full amount of the penalty, however, late fees will continue to accrue and DMV holds will remain in place until payment is made in full. Upon written request, the District may extend that time or allow the person to make installment payments until the penalty is paid in full.

C. Third Level Appeal

Within 30 calendar days after the personal delivery or mailing of the final decision by the hearing officer, the person may seek review by filing an appeal to be heard by the Superior Court of the County of Riverside. A Notice of Appeal form can be obtained from the clerk's office of the Riverside Superior Court, 4050 Main St., Riverside, CA, or from Parking Services. Fees for filing the appeal are set by the Superior Court. The District's file shall be used as evidence in the case and a copy shall be made available to the Court. The person filing the notice must serve the notice on Parking Services, either in person or by U.S. mail.

In the event the violator is successful at appeal, and upon confirmation of the Court, Parking Services will notify Auxiliary Business Services who will refund any monies due the violator.

XVI. Refunds and Replacement of Parking Permits

- A. Should a class be cancelled and it is the only class for the student, a 100% refund of the permit fee will be made.
- B. Students who officially withdraw from all classes in which they were enrolled prior to the start of a term, or prior to the refund deadline date.

- C. Prior to the refund deadline date, and upon request, staff members and students who inadvertently pay for a permit which is not needed may have the fee refunded in full.
- D. Students who drop on-campus and retain off-campus classes will receive no refund.
- E. If a parking permit is lost or stolen, an Affidavit of Lost or Stolen Parking Permit may be submitted to Parking Services for consideration.
- F. Meter permits and/or time purchased at a meter are non-refundable, unless it can be shown that the meter is malfunctioning.

In accordance with Section 21113a of the California Vehicle Code, it shall be a misdemeanor for any person to do any act forbidden, or fail to perform any act required, in these procedures.
