INDEPENDENT AUDITORS' REPORT ON PROPOSITION 39 GENERAL OBLIGATION BOND FUNDED CAPITAL OUTLAY PROJECTS

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District
Riverside, California

We have audited the accompanying Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance and Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual for the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District as of and for the fiscal year ended June 30, 2009. These statements are the responsibility of the District's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit of the General Obligation Bond Funded Capital Outlay Projects in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements for the General Obligation Bond Funded Capital Outlay Projects are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the General Obligation Bond Funded Capital Outlay Projects financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations for the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District as of June 30, 2009, in conformity with accounting principles generally accepted in the United States of America.

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District

September 30, 2009

In accordance with Government Auditing Standards, we have also issued our report dated September 30, 2009 on our consideration of the Riverside Community College District's internal control over the General Obligation Bond Funded Capital Outlay Projects financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over the General Obligation Bond Funded Capital Outlay Projects financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

ACCOUNTING POLICIES

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and Audits of State and Local Governmental Units issued by the American Institute of Certified Public Accountants.

FUND STRUCTURE

The Statement of Revenues, Expenditures, and Change in Fund Balance is a statement of financial activities of the General Obligation Bond Funded Capital Outlay Projects related to the current reporting period. Fund expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, these statements do not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

BASIS OF ACCOUNTING

The General Obligation Bond Funded Capital Outlay Projects is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

During the year, Cash in the County Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

BUDGET

The Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual includes a column entitled "Budget". The amounts in this column represent the budget adopted by the Board and all amendments throughout the year.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

CAPITAL ASSETS AND LONG-TERM DEBT

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the General Obligation Bond Funded Capital Outlay Projects are determined by its measurement focus. The General Obligation Bond Funded Capital Outlay Projects are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of "available spendable resources". Thus, the capital assets and long-term liabilities associated with the General Obligation Bond Funded Capital Outlay Projects are accounted for in the basic financial statements of the Riverside Community College District.

NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS:

There were no excesses of expenditures over appropriations, by major object accounts.

NOTE 3 – BONDED DEBT:

On March 2, 2004, the voters of Riverside Community College District approved Measure C, a \$350 million bond measure designed to provide funds to improve facilities and safety at the Moreno Valley, Norco, and Riverside campuses.

The outstanding related bonded debt for the Riverside Community College District at June 30, 2009 is:

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District
Riverside, California

We have audited the Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance and Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual for the General Obligation Bond Funded Capital Outlay Projects of the Riverside Community College District as of and for the fiscal year ended June 30, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Riverside Community College District's internal control over the General Obligation Bond Funded Capital Outlay Projects financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the fund financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's General Obligation Bond Funded Capital Outlay Projects financial statements that is more than inconsequential will not be prevented or detected by the District's internal control.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the General Obligation Bond Funded Capital Outlay Projects financial statements will not be prevented or detected by the District's internal control.

Our consideration of internal control over General Obligation Bond Funded Capital Outlay Projects financial reporting was for the limited purpose described in the first paragraph of this section and could not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be a material weakness, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Riverside Community College District's General Obligation Bond Funded Capital Outlay Projects financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests of the General Obligation Bond Funded Capital Outlay Projects disclosed no instances of noncompliance and other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the District's Board of Trustees, the Citizens' Bond Oversight Committee and District management. It is not intended to be and should not be used by anyone other than these specified parties.

PERFORMANCE AUDIT OF THE GENERAL OBLIGATION BOND FUNDED CAPITAL OUTLAY PROJECTS

INDEPENDENT AUDITORS' REPORT ON PROPOSITION 39 GENERAL OBLIGATION BOND FUNDED CAPITAL OUTLAY PROJECTS COMPLIANCE REQUIREMENTS

The Board of Trustees
The Measure C Citizens' Bond Oversight Committee
Riverside Community College District
Riverside, California

We have examined the Riverside Community College District's compliance with the performance requirements for the Proposition 39/Measure C General Obligation Bonds for the period ended June 30, 2009, under the applicable provisions of Section 1(b)(3)(C) of Article XIIIA of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for the Riverside Community College District's compliance with those requirements. Our responsibility is to express an opinion on the Riverside Community College District's compliance with such requirements thereof based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Riverside Community College District's compliance with specified requirements.

In our opinion, the Riverside Community College District complied, in all material respects, with the aforementioned requirements for the fiscal year ended June 30, 2009.

PROPOSITION 39 PERFORMANCE AUDIT June 30, 2009

OBJECTIVES

The objectives of our performance audit were to:

- Document the expenditures charged to the Riverside Community College District General Obligation Bond Funded Capital Outlay Projects.
- Determine whether expenditures charged to the General Obligation Bond Funded Capital Outlay Projects have been made in accordance with the bond project list approved by the voters through the approval of Measure C in March 2004.
- Note any incongruities or system weaknesses and provide recommendations for improvement.
- Provide the District Trustees and the Measure C Citizens' Bond Oversight Committee with a performance audit as required under the provisions of the California Constitution and Proposition 39.

SCOPE OF THE AUDIT

The scope of our performance audit covered the period of July 1, 2008 to June 30, 2009. The expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than the proceeds of the bonds, were not included within the scope of our audit. Expenditures incurred subsequent to June 30, 2009 were not reviewed or included within the scope of our audit or in this report.

PROPOSITION 39 PERFORMANCE AUDIT June 30, 2009

BACKGROUND INFORMATION

In November, 2000, the voters of the State of California approved Proposition 39 authorizing the issuance of general obligation bonds by California public school districts and community colleges under certain circumstances and subject to certain conditions. On March 2, 2004, the voters of Riverside Community College District approved Measure C, a \$350 million bond measure designed to provide funds to improve facilities and safety at the Moreno Valley, Norco, and Riverside campuses.

Pursuant to the requirements of Proposition 39, and related State legislation, the Board of Trustees of the District established a Citizens' Bond Oversight Committee and appointed its members. The principal purpose of the Citizens' Bond Oversight Committee, as set out in State law, is to inform the public as to the expenditures of the proceeds of the bonds issued pursuant to the Measure C bond authorization. The Citizens' Bond Oversight Committee is required to issue at least one report annually as to its activities and findings.

Section 1(b)(3)(C) of Article XIIIA of the California Constitution requires the District to conduct, an annual independent performance audit to ensure that the proceeds of the bonds deposited into the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program have been expended only for the authorized bond projects.

PROPOSITION 39 PERFORMANCE AUDIT June 30, 2009

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure summary reports and detail prepared by the District for the period of July 1, 2008 to June 30, 2009, for the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program. Within the period audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Proposition 39 and Measure C as to the bond projects. We performed the following procedures:

- We reviewed the projects listed to be funded with general obligation bond proceeds as set out in the Measure C election documents.
- We selected a sample of expenditures for the period under audit and reviewed supporting documentation to ensure that such funds were properly expended on the authorized bond projects.
- We verified that funds from the General Obligation Bond Funded Capital Outlay Projects
 — Measure C Bond Program were generally expended for the construction, reconstruction, acquisition, furnishing and equipping of District facilities constituting the authorized bond projects and we verified that funds held in the General Obligation Bond Funded Capital Outlay Projects Measure C Bond Program were not used for salaries of school administrators or other operating expenses of the District.

PROPOSITION 39 PERFORMANCE AUDIT June 30, 2009

CONCLUSION

Based upon our procedures performed, we found that for the items tested, the Riverside Community College District has properly accounted for the expenditures of the funds held in the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program and that such expenditures were made for authorized bond projects. Furthermore, it was noted that the funds held in the General Obligation Bond Funded Capital Outlay Projects — Measure C Bond Program, and expended by the District, were not expended for salaries of school administrators or other operating expenditures.

We did not have any findings and recommendations as a result of our audit.
