

Outstanding Corporate Partner

Tilden-Coil Constructors, Inc.

The Riverside Community College District Foundation values partnerships and understands that without support from business partners the opportunities for RCCD students and community would be limited.

The RCCD Foundation is proud to recognize its longtime partnership with Tilden-Coil Constructors, Inc. For many years, Tilden-Coil has been actively involved with numerous initiatives in the Riverside Community College District. Tilden-Coil has been especially generous to RCC Athletics and continues to play an integral role in the success of the Starting Blocks swim program, which provides disadvantaged elementary students in the Riverside Unified School District free swimming, water safety, and nutritional instruction. Most recently, the company established the Tilden-Coil Constructors, Inc. Foster Youth Scholarship Fund to provide much needed financial assistance to current and former foster youth who are enrolled at RCCD's three colleges.

"Tilden-Coil Constructors has shown a true commitment to education, community service, and economic development in our region," said RCCD Foundation Executive Director Launa Wilson. "We are grateful for their ongoing partnership."
