Note: First time students were identified by using SB15=1 in MIS referential files.

SB15=This element indicates the student's current standing with respect to attendance at the reporting college.

Definition according to data element dictionary: SB15=1=A Student enrolled in college for the first time after High School. The first time a student enrolls in a primary term, this element should be coded as '1', even if the student was previously enrolled in a summer or winter intersession. For example, if a student enrolls at the college for the first time during a summer term and subsequently enrolls during a fall term, the student should be coded as '1' for both terms.

Notes: Grades included to determine enrollment were the following: A, B, C, D, DR, F, FW, IB, IC, ID, IF, NP, P, W.

Note: Total number of First Time Students vary from Launch Board (9/27/17)

Note: Fall 2016 not included in KPI outcome data (tab 2)
