The Community for Academic Progress (CAP) Program is an exciting program designed to allow students to enroll in grouped or paired courses that share common themes, activities, and assignments. Since the courses are linked, students take these classes as a group, allowing faculty and students to work and learn together. Whether you are transitioning from high school or are a continuing college student, CAP has a learning community for you! While college may seem overwhelming, CAP addresses your needs in an environment of caring faculty, staff, and administrators. In addition to learning communities, CAP offers math courses that are only open to CAP students, which means everyone in a math CAP class is part of the CAP program.

The CAP Program Offers:

- An academic program that combines courses in one convenient schedule;
- “Priority” registration so that registering for college is not difficult;
- A personal orientation to introduce you to the program and to the college;
- Counselors who assist with your Student Educational Plan (SEP) and provide personal counseling and career development;
- Access to technology, both in and out of the classroom;
- Supplemental Instructional (SI) Leaders who provide review sessions and teach effective learning and study strategies;
- Field trip opportunities to CSUs, UCs, and private universities that give glimpses of university life;

Next Steps for Spring 2012:

1. If you have not completed an RCCD application, please complete it online at www.rcc.edu
2. If you have not taken the English, reading and math placement tests, please call the Assessment Center at 951-222-8451 for available testing hours.
3. If you have not completed the RCCD Orientation, please log on to WebAdvisor and complete the online orientation. You must also submit your One-Semester Educational Plan via WebAdvisor.
4. Come in beginning January 6, 2011* or call the CAP office at 951-328-3820 so that we can work on your “priority” registration, and sign you up for a mandatory CAP orientation. Space is limited.

*Priority will be given to students who come in.

Reading the Word and the World
Explore the world’s great religions and seek answers to life’s questions such as “Why are we here?” and “What happens after death?” without ever leaving RCC. See how a myriad of religious ideas can respond to the world’s ecological crises, economic justice, war, equality, and capital punishment. As you attempt to gain perspective from these complex worldly issues through reading about the religions of the world, you will be supported in a collegial environment which assists you in reading the course content. There is no better way to “read” the Word and the World.
