COURSE DESCRIPTIONS
COURSE DESCRIPTIONS
Riverside Community College District offers a comprehensive program of instruction for students who wish to transfer to four-year institutions, complete an associate degree, train for specific occupations, or develop skills and knowledge. The information listed on courses and transferability is accurate as of the catalog publication date, but from time to time this varies based on changes that occur at four-year institutions. It is always advisable to check with a counselor and the four-year transfer institution for current updates. The following section includes a description of courses which the Board of Trustees has authorized the District to offer. The complete course outlines of record including student learning outcomes can be found at www.curriculum.com/RCCD.

The program of instruction is divided into major categories:

TRANSFER
College and university parallel courses are generally numbered 1 through 49. There are, however, many exceptions. See a counselor for information.

IGETC
Intersegmental general education transfer curriculum is a series of courses that RCCD students may use to satisfy lower division general education requirements at any CSU or UC campus. IGETC provides an option to the California State University general education requirements and replaces the University of California Transfer Code Curriculum.

UC/CSU
These designated courses are transferable to the campuses of the University of California and the California State University System. Those courses that are not marked UC are not transferable to University of California campuses. Those courses marked UC* indicate there are transfer credit limitations. Copies of the UC transfer course list indicating credit unit limitations are available in the Transfer/Career Center on all three colleges. When in doubt, students are advised to confer with a counselor.

DELIVERY METHODS
A variety of delivery methods are used to offer classes a Riverside Community College District, including face-to-face classroom instruction and distance delivery methods such as hybrid classes and online classes (taught entirely online utilizing computer and Internet technology). Enrollment in online classes is limited to students who have demonstrated competency in working in the online environment. Please see the Open Campus section of the class schedule for details on meeting the limitation on enrollment for online classes.

NON-DEGREE CREDIT
Courses indicated as non-degree credit earn credit, but the credit is not counted toward the associate degree. These courses (Computer Applications and Office Technology 99 ABCDE; English 60AB, 60A1, 60A2, 60A3, 60A4, 85, 90B; English as a Second Language 51, 52, 53, 65, 71, 72, 90 A-K, 91, 92, 95; Mathematics 52, 63, 64, 65, 90 A-F, 98; Nursing - Continuing Education 81, and Reading 81, 82, 83, 86, 87, 95;) are intended to help students develop skills necessary to succeed in college level degree-applicable courses. Non-degree credit courses can be used toward the following: athletic eligibility, work study, financial aid, social security benefits, veteran’s benefits, associated student body office, and full-time status.

NON-TRANSFER
Several general education, occupational, vocational and technical courses are numbered 50 and above. Since these courses are not offered at four-year colleges and universities, they are not designed for transfer credit. Some exceptions do exist. Students are advised to confer with a counselor regarding possible transferability.

NON-CREDIT
These courses are numbered in the 800’s and are non-credit classes. No unit credit is earned in these courses.

REPEATING A COURSE
Some courses, particularly in performance areas such as music, theater, and athletics where significant skill improvement is an important objective, may be repeated regardless of the grade earned. In these instances, for example, the student may repeat the course three times, for a maximum of four (4) total enrollments in the same activity. Beginning tennis, intermediate tennis, advanced tennis, for example, are considered the same activity, and a student may enroll in the activity for a total of four (4) times.

LIMITATIONS ON ENROLLMENT
Please check course description carefully to see if there are any prerequisites, corequisites, advisory or other limitations on enrollment.

Prerequisite - When a course has a prerequisite, it means that the corresponding discipline has determined that the student must have certain knowledge to be successful in the course. The prior knowledge may be a skill (type 40 WPM), and ability (speak and write French fluently), a preparation score (placement test and prior academic background), or successful completion of a course (grade of C or better, P or CR). Completion of the prerequisite is required prior to enrolling in the class. Successful completion of a prerequisite requires a grade of C or better, P (Pass). C-, D, F, FW, NP (No Pass), or I are not acceptable. Students currently enrolled in a prerequisite course at Riverside Community College District (i.e. Math 52) will be allowed to register for the succeeding class (i.e. Math 35). However, if the prerequisite course is not passed with at least a C grade, the student will be dropped from the succeeding class.

Corequisite - When a course has a corequisite, it means that a student is required to take another course concurrent with or prior to enrollment in the course. Knowing the information presented in the corequisite course is considered necessary for a student to be successful in the course. (Completion of, or concurrent enrollment in, Math 1A is required for Physics 4A.)

It is the student’s responsibility to know and meet the course prerequisites and corequisites. These are stated in the course descriptions of the schedule of classes and the current college catalog. A student may be required to file proof of prerequisite and corequisite requirements.
Advisory - When a course has an advisory, it means that a student is recommended to have a certain preparation before entering the course. The preparation is considered advantageous to a student’s success in the course. Since the preparation is advised, but not required, the student will not be blocked from enrolling in a class if he/she does not meet the advisory.

Verifying Prerequisites/Corequisites - It is the student’s responsibility to know and meet the course prerequisites and corequisites. These are stated in the course descriptions within the Schedule of Classes and the college catalogs.

If you have met the prerequisites at another accredited college or university, you must provide verification through one of the following:

- Submit official transcript(s) and complete a Prerequisite Validation form.
- Submit unofficial transcript(s) or grade reports and complete a Matriculation Appeals petition. Petitions approved on an unofficial transcript will be approved for one semester only. This will provide time for the student to request official transcripts.
- Coursework must be listed on the original transcript. Coursework listed on a secondary transcript is not acceptable documentation.
- If you wish to challenge a prerequisite for courses other than English, ESL, math or reading on the basis of knowledge or ability or because of the unavailability of the prerequisite, submit a Matriculation Appeals petition at any of our campus’s counseling offices.
- Successful completion of some high school courses are accepted by the discipline as an appeal to existing prerequisites and/or corequisites. For more information about these acceptable courses, please call the prerequisite hotline at (951) 222-8808.

Petitions to challenge a prerequisite are available in the Counseling Offices on all three colleges.

CREDIT COURSES
Credit courses can be degree or non-degree applicable. Unlike non-credit courses, they do carry units based on the number of hours of lecture, lab, or both that are required in the official course outline for the course. These courses are in a wide variety of areas; each requires critical thinking, reading and writing, and assignments that are completed outside of class that require the student to study and work independently. Credit courses are approved by the district and college Curriculum Committees and the Board of Trustees.

The Associate Degree Nursing Program is accredited by the California Board of Registered Nursing (BRN) and the National League for Nursing Accrediting Commission (NLNAC). The Vocational Nursing Program is accredited by the California Bureau of Vocational Nursing and Psychiatric Technicians (BVNPT). Information concerning nursing education can be obtained from these agencies. You may write the BRN at 1625 Market Street, Sacramento, CA 95834-1924, Website: www.rm.ca.gov, or the BVNPT at 2535 Capitol Oaks Dr. Sacramento, CA 95833, Website: www.bvnpt.ca.gov, or the NLNAC at 61 Broadway New York, NY 10006 or call (800) 699-1656 Ext. 153; Website: www.nlnac.org.

HEALTH EXAMINATION AND CPR CERTIFICATION

Health Exam and CPR Certification are not required at the time of application.

BACKGROUND CHECK AND DRUG SCREEN
All new and readmitting students are required to demonstrate a clear background check and clear drug screen prior to enrollment in clinical courses. This is a mandatory requirement of the clinical facilities where students do clinical training and cannot be waived. A valid U.S. social security number is required to complete the background check.

CITIZENSHIP AND IMMIGRATION STATUS
VERIFICATION REQUIRED FOR VN/RN LICENSURE
The Federal Personal Responsibility and Work Opportunity Reconciliation Act requires government agencies to eliminate “public benefits” to individuals who cannot provide proof of their legal status in the United States. “Public benefit” has been interpreted to include a license issued by a state. This means that all applicants for licensure as vocational/registered nurses will be required to submit verification of citizenship or legal residence status in the United States. A license will not be issued until legal status in the United States has been confirmed by the Immigration and Naturalization Service.

Disclosure of Social Security Number
Disclosure of one’s social security number is mandatory for licensure by the BRN and BVNPT in accordance with Section 30 of the Business and Professions Code of Public Law 94-455 (42 USCA 405 (c) (2) (C)).

The Riverside Community College District Board of Trustees has adopted policies and procedures and has endorsed practices which provide for the District and its employees and students to be in compliance with all the applicable laws relating to prohibition of discrimination on the basis of gender, age, race, color, national-
origin, religion, disability or sexual orientation.

**Fingerprint Requirement**

One requirement to qualify for the licensing examination is the submission of Live Scan fingerprints. These are evaluated by the California Department of Justice and the FBI.

**APPLICATION TO THE PROGRAM**

Applications are available at www.rcc.edu/academicPrograms/nursing/process.cfm during the application filing periods (see below). The applicant is responsible for ensuring that all official transcripts (high school and college) and other necessary information have been received by the School of Nursing at the time of application. Note: Admission is denied to applicants who earned a grade of “C-” or less in a nursing program at another college. Students who have earned a grade of “C-“ or less in any nursing program more than 10 years ago, and have since demonstrated a satisfactory academic record, may submit a petition to the Nursing Enrollment Committee for an exception to this policy.

Foreign transcripts must be evaluated (Detailed Evaluation) prior to submission. Further information can be obtained from the Counseling Department. Students with prerequisite courses in progress must turn in a grade verification form to the School of Nursing as soon as the final grade is available. Students must have applied to the college prior applying to the RN Program. Meeting minimum requirements of the program does not guarantee admission into the program.

**APPLICANT SELECTION**

Applicants to the first semester of the RN program will be selected based on a multicriteria point system. Due to changes in legislation, enrollment criteria has been changed to include use of multicriteria, such as: general education GPA, pre-requisite course GPA, TEAS test scores, degrees/work experience, life experiences, and second language proficiency.

Applicants for the LVN to RN: Advanced Placement program will be admitted based on prioritization and random selection. First priority LVN to RN applicants who have completed all pre-requisites with a minimum 2.3 GPA, completed general education coursework with a 2.0 GPA, passed Nursing 17 and the Advanced Placement/HESI test. LVN to RN applicants who have not met all of these criteria, or submit any documents late will be lower priority. First priority applicants will be put into random selection for the available spaces.

None of the RCC Nursing programs have a waiting list. Applicants not selected must re-apply in subsequent application periods to be reconsidered for the program.

**APPLICATION FILING PERIOD**

VOCATIONAL NURSING (VN) PROGRAM

The Vocational Nursing program is a certificate program that prepares graduates to qualify for the national licensing examination (NCLEX-PN) to become a Licensed Vocational Nurse. The 12 month full-time and 24 month part-time curricula provide student-centered instruction that conforms to regulations of the California Board of Vocational Nursing and Psychiatric Technicians. Classroom instruction is offered concurrently with clinical practice to assist the student in the application of nursing theory to actual nursing situations. To receive a certificate, a minimum grade of “C” must be earned in each nursing course, Anatomy and Physiology 10, and Psychology 9. New classes are admitted every fall. The program is 51 semester units. Information on Vocational Nursing program admission/selection policies and procedures may be obtained by contacting the School of Nursing, (951) 222-8405 or by viewing the website.

MINIMUM REQUIREMENTS FOR ELIGIBILITY

NOTE: Meeting minimum criteria for the program does not guarantee admission to the program.

1. The following must be met prior to the application deadlines.

Therefore, nursing applicants that have taken Anatomy and Physiology 2A and 2B at two separate colleges are required to receive approval for these courses by requesting a “Prerequisite Validation” from the Counseling or Evaluations departments.

3. Application to the VN program. CITIZENSHIP AND IMMIGRATION STATUS

VERIFICATION REQUIRED FOR VN/RN LICENSURE

The Federal Personal Responsibility and Work Opportunity Reconciliation Act requires agencies to eliminate “public benefits” to individuals who cannot provide proof of their legal status in the United States. “Public benefit” has been interpreted to include a license issued by a state. This means that all applicants for licensure as vocational/registered nurses will be required to submit verification of citizenship or legal residence status in the United States. A license will not be issued until legal status in the United States has been confirmed by the Immigration and Naturalization Service.

Disclosure of Social Security Number

Disclosure of one’s social security number is mandatory for licensure by the BVNPT in accordance with Section 30 of the Business and Professions Code of Public Law 94-455 (42 USCA 405 (c) (2) (C)).

The Riverside Community College District Board of Trustees has adopted policies and procedures and has endorsed practices which provide for the District and its employees and students to be in compliance with all the applicable laws related to prohibition of discrimination on the basis of gender, age, race, color, national-origin, religion, disability or sexual orientation.

Failure to do so may indicate lack of serious purpose. Students who fail to attend the first class meeting and/or week may be dropped from the class. Religious observances and military duty, however, are excused. The student should inform their instructors prior to such an absence.”“Work missed for unavoidable cause may be made up with the instructor’s approval.
